### 110-BINGO EXPANSION BID (Economic Development) - Bruce King

There were four (4) bids on the construction of the parking lot base. The lowest was Kastars at \$27,595. This bid had been accepted by the Business Committee last week. Today, Carl Rasmussen brought in the bid from Kastars and stated that he (Kaster) had made a mistake in his calculations and has increased his bid by \$2,000.00. Discussion followed on whether or not to accept the new bid.

Kathy made a motion to go with Kastars bid increase of \$2,000.00 for the parking lot base. Loretta seconded. Four (4) voted yes: Lloyd, Loretta, Kathy and Gordon. Three (3) voted no: Mark, Tony and Rick. Motion carried.

### SACRED HEART CENTER DISCUSSION - Sr. Toni

Sr. Toni explained the programs that are at the Sacred Heart Center and sent a report to the Business Committee earlier for their review. Sr. Toni's main concern was to have the Business Committee as up to date as possible on the operation and cost of the Seminary due to the ongoing negotiations with the Bishop of the Catholic Diocese.

The question was brought up concerning the clearing of the woods at the Seminary. Sr. Toni explained this was decided a year ago and this was to provide better growth in the woods. There seemed to be some misunderstanding by a few people in the community. This misunderstanding appears to have been taken care of.

220-LAW OFFICE (TAGGING OF ANIMALS TAKEN FROM THE ONEIDA RESERVATION) - Jerry Hill

Rick Hill has picked up one-hundred (100) deer hunting tags from the DNR. These tags will permit tribal members to remove deer from the Oneida reservation. Without these tags a person will be in violation of state law and subject to citation, fines and possible arrest. Jerry recommended formal procedures be developed for the issuing of the tags.

Rick made a motion to authorize the following five (5) people: Debbie Powless, Carol Silva, Sherman Thomas, Don Denny and Jim Danforth to issue tags to tribal members for removal of deer from the Oneida Reservation. Loretta seconded. Motion carried.

220-TRAINING MONEY FOR TITLE SEARCHING/AMOUNT: \$1,000 - Jerry Hill

Jerry thought that when Vera Wilson was transferred to the Law Office there was training money for her and when she was transferred this training money was also transferred. Kathy stated that the training money was in the Land office budget and not just for Vera Wilson, but for training money in the land office.

Jerry stated that he would withdraw his request for the \$1,000 for training. Lloyd made a motion to take from the table the request of \$1,000 for training for Vera Wilson. Kathy seconded. Motion carried.

Jerry then officially withdrew his request.

VERBAL REPORT ON MEETING IN WASHINGTON, D.C. W/REPRESENTATIVES FROM GREEN BAY, ONEIDA TRIBE AND BUREAU OF INDIAN AFFAIRS

The City of Green Bay was given a half hour to state their position, then the Oneida tribe was to respond. The City of Green Bay was concerned about jurisdiction and stated if some changes could be made they would agree with putting the land into trust. The Tribe's position was that we have done everything according to the requirements to put the land in trust and that is the issue why the land is not in trust.

The City of Green Bay stated they would have their concerns ready to send to the tribe and the BIA by this week and the Tribe can review their concerns and then reply.

There were questions on how the tribe can get the BIA to do their job and put the land in trust. The City of Green Bay has Toby Roth working on their behalf. The tribe feels that we will have to get the same type of political backing. It was suggested that the Tribe invite Toby Roth here to explain his position. Mark made a motion to set up a meeting with Toby Roth at his convenience. Loretta seconded. Motion carried. Rick made a motion to set up a meeting with Senators Robert Kasten and William Proxmire at their convenience to discuss the trust issue. Mark seconded. Motion carried.

220-MEETING WITH CHD - Jerry Hill

While Jerry was in Washington, D.C. he met with the CHD people and explained the action on the tribal court and how he was preparing to close the operation down. Jerry was asked if he could seek funding from CHD in other areas. Jerry stated there are other areas for possible funding. Lois made a motion to have Jerry Hill continue to apply to CHD for funds in other areas for the Law Office and also coordinate this information with the Tribal Administrator. Tony seconded. Motion carried.

170-RNIP CHANGES/ADMINISTRATIVE RULES - Harriet Reiter

Harriet is the representative from the Oneida Tribe on the RNIP Administrative Rules Committee. The Committee met in September and October and felt impact was needed on the following terms:

1) Temporary Absence: At the Tribal Councils discretion not to exceed ninety (90) days. Under the current rule - one can be gone any given length of time; there is no set limit. As person could be in jail for a year and as long as he/she meets the work experience requirements he/she could remain on the program and receive RNIP benefits. The above definition would give the RNIP worker a time frame to use. There are also persons who go to treatment centers and there the time frame could be longer according to need.

2) Spouse: The legal husband or wife of the person who is an American Indian residing on tax free land in the same household. There were some committee members who questioned Tribal Law or customs regarding marriage whether or not the marriage partner would fit this definition.

3) WEP Requirements: A question was brought up about how many hours a person needs to put in due to the fact that some persons grants are cut quite low. Harriet has had some complaints from recipients about having to work the (15) hours. Harriet's feelings is that in order to be able to do any kind of training or work experience with them we need to continue at least the 15 hours per week. Under the new definition there would no longer be the first 10 day warning. A notice to the recipient would discontinue them if they failed to cooperate with the WEP. Harriet felt this may give recipients the incentive to comply with the Work Experience Program requirements.

4) American Indian: Means a person who is recognized by an elected Tribal governing body in this state as a member of a federally recognized Wisconsin Tribe or band of Indians.

The above definition is the exact definition that was put into law effective 10-01-83. In reading the definition, Harriet's feeling is that it is up to each tribal council to define what a "member of a federally recognized Wisconsin Tribe or Band of Indians", would be. The law has always been this way in terms of being recognized. The only thing that changed is now it needs to be a Wisconsin Tribe or band. Some tribes have taken the

RNIP CHANGES/ADMINISTRATIVE RULE (Continued)

stand, that you had to be an enrolled member of a tribe in order to be recognized as a member of the Tribe. We have always recognized our people as members of our tribe, but they did not necessarily have to be enrolled.

Harriet stated the other area of concern is the situation of the student eligibility, and this is to be addressed at the next GLITC. The Business Committee discussed the definitions on the (4) points listed. The Business Committee feels every effort has to be made on the student eligibility.

010-DRAFT FINANCE & APPROPRIATION POLICIES & PROCEDURES - Tony Utschig

Tony Utschig had put together a draft on possible changes in the Finance & Appropriation Policies & Procedures. The Business Committee reviewed the recommendations and it was suggested that Kathy take these recommendations back and make some alterations based on the comments of the Business Committee and if any of the Business Committee members requested additional input that they contact Kathy.
