January 28, 1963

Executive Committee met at home of Irene Moore 8:00 p.m. to discuss the P.H. on tribal lands as proposed by the officials from Chicago.

Question raised as to leasing land to build a house on, what surety would individual have to sell. Could you come under self-help if you could buy land?  
Could an individual get a loan to help remodel a building to bring it up to standard?
