TO: Oneida Business Committee
FROM: O.T.D.C./I.T.A.C. Investigation Committee
DATE: March 28, 1977
RE: Final Report

Since undertaking this investigation of the management of O.T.D.C. and I.T.A.C. commencing February 11, 1977, this Committee has met over 20 times for many hours hearing testimony, reviewing written statements and documents, and discussing and evaluating the facts.

Tonight we will present in outline form the results of our inquiry. This report will be expanded in full written detail for the General Tribal Council at a meeting we will request this evening for that purpose.

Much of what we have reported to date has related to historical reasons for the inadequate management practices present in the O.T.D.C. and I.T.A.C. which led to the situation which developed with the O.T.D.C. workers at the Nursing Home Site.

Tonight we will deal specifically with current situations which exist not only with O.T.D.C. and I.T.A.C., but are characteristics of management throughout the various Tribal Programs. These deal with the responsibility of the Business Committee for all programs and Tribal affairs, particularly, and so are prospective in nature.
