Discussion w/Health Center Director

The discussion covered the complaints and problems that have been happening at the Health Center and the lack of cooperation between the Health Director and the Health Board. The Business Committee told Ted White that the problems that are continuing to happen may have have an effect on the services at the Health Center itself, so this can not continue. Some kind of solution will have to be arrived at because the Business Committee is not going to allow the services to be affected.

After lengthy discussion, Loretta made a motion to have Tony Utschig set-up Board training for the Health Board and that Ted White be required to attend and in the training the problems of the Board and Director be addressed. Tony is to draft a plan and bring this plan back for approval by the Business Committee. The cost of training will be included in the draft plan. Gordon seconded. Motion carried.

3:10 P.M. Norbert moved to recess. Lois seconded. Motion carried.
