ALCOHOL & OTHER DRUG ABUSE - Marj Stevens

Marj presented a letter of concern from Oneida Community people and also members of programs within the tribe requesting support in trying to deal with the numerous incidents occurring here on the reservation. The letter cited many examples of incidents from the past and present, as a result of drug & alcohol abuse. The letter requests that the Tribal Government put the prevention efforts on a top priority by the Tribe. Special emphasis was asked on a provision of public support to parents and community organizations. Also, to adopt a resolution regarding enforcement of existing laws to be forwarded to local law enforcement authorities of both counties and local tavern keepers, and establish an immediate plan of action to alleviate the devastating effects of alcohol and drugs in our community.

Mark made a motion to have the Chemical Dependency Director, concerned Oneida Community people, any Business Committee members, and program people draft a job description for the positions that are needed for the Chemical Dependency Program, and that also a letter be drafted to the District Attorney concerning the serving of minors on the reservation. This letter is to be reviewed with the tribal attorneys.

Six months ago the tribe was host to a meeting of IHS Directors in the alcohol field. At that meeting there were people from different tribes and they discussed the various prevention programs they had developed on these reservations. Marj has the names of these people that were in attendance at this meeting. The Business Committee feels Marj should contact these people and bring a report on what they have done on a prevention program.

Mark would include in his motion a proposal from Marj's office on a halfway house and a detoxification center. Tony seconded. Motion carried.

Alcohol & Drug Abuse (Continued) - Marj Stevens

Loretta Metoxen is the liaison person in this area. She will work with the concerned citizens and develop a report for review by November 28, 1983.
