020-INDIAN EMPLOYEE & CONTRACTOR PREFERENCE POLICY Carl Rasmussen

Carl is asking for a further definition of the Indian Employee & Contractor Preference Policy of the tribe for this project. Howard Immel is having some

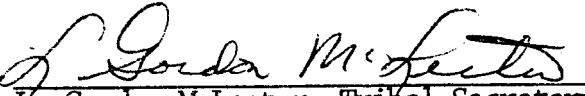

Indian Preference Clarification (Continued)

difficulty getting non-Indian firms to bid due to the preference that was used on the Health Center. The statement "first priority" for the Indian employees was further defined to be an additional 5%. An Indian owned firm with more than half of their work force being Indian could thus expect a 10% preference on their bid.

Iroquois Construction received the electrical contract on the Health Center with a 15% preference. Zeise Construction received the general contract with a 6% preference though they had indicated only a 20% Indian preference work force.

There are three areas; masonry, electrical and plumbing that have to go out for bids. After discussing the problem Carl presented, Lloyd made a motion to close the bidding on the masonry work and electrical work to only Indian contractors. Loretta seconded. Motion carried. Lloyd made a motion to have the bidding on the plumbing be opened to three (3) bids. Lois seconded. Motion carried.

7:30 P.M. Gordon made a motion to recess. Rick seconded. Motion carried.
