040-REPORT ON INSULATION AT IRENE MOORE ACTIVITY CENTER

The plans stated BATT insulation would be used around the duct work at the start of the project. When it was time to install the BATT insulation, it was decided not to install at that time because of the moisture from the concrete curing. Blown insulation was recommended to be put in at a later time. The duct work is in now and it makes it extremely difficult to install insulation as planned. Iroquois Construction would like approval to put in blown insulation.

Lois moved to approve the request to put in blown insulation. Kathy seconded. Rick abstained. Motion carried.

Mark made a motion to name the Sacred Heart Center "The Norbert S. Hill Center". Tony seconded. Kathy opposed. Lois abstained. Motion carried.
