Tribal members should become members of various conservation and environmental groups. The Tribe should make presentations to local labor coalition to have tribal members as apprentices. The Tribe needs to have personal contacts along with positive Public Relations.

The more informed and educated the people are, the more impact the Tribe can have

New Documentaries/Oneida History - The Tribe needs to develop its own history do its own videos on current historical events.

License Plates for Oneida - A source of pride and making money - plates cost \$2 to produce and resell at \$35. It would also be a way of asserting tribal jurisdiction.

Economic Development - Tribe assist individual members to start own business.

Furniture Refinishing/Picture Framing/Beauty Shop - Contact State Small Business Program for minorities. The Tribe could franchise some portions of tribal enterprises. Gift Shop, Restaurant, One Stop and maintain major enterprises - tobacco and Bingo.

1. Tribe needs to develop a policy to encourage tribal members to develop their own business. Tribe can develop business and bid out to tribal members.
2. Tribe can establish controls -
 - a. Lease of tribal lands/building/equipment
 - b. Outside annual audits
3. Tribe can hire a person to assist in paper work and do feasibility studies.

The Tribe should develop a vendor license to do business with Tribe. This would also include consultants.

Trees - The Tribe should plant Black Walnut Trees - low investment - high returns - protect future generations. Plant sugar maple trees for maple syrup and pine trees for Christmas sales.
