**Re: Trust Parcels**

Dear Chairwoman Danforth:

The parcels identified in the enclosed list are identified in the Brown County tax listings as being owned by the USA in Trust for the Oneida Tribe of Indians of Wisconsin. However, a review of the relevant records show that in at least three cases the latest deed does not show that the property is even purportedly owned by the USA in Trust for the Oneida Tribe of Indians of Wisconsin. Additionally, for all of these parcels, there is no indication that the federal government ever approved or acknowledged the purported transfer of the parcel(s) into trust. Consequently, it appears that all of the parcels on the attached list should be placed back on the county's tax rolls and be subject to state and local jurisdiction.

If you have any written documentation that confirms that these parcels were truly and properly transferred into trust and that transfer was accepted by the United States, please provide me with a copy of the same. Absent the provision of such information, it is the Village's intention to treat these parcels the same as any other fee parcel within the Village boundaries.

Sincerely,  
  
Richard Heidel, President  
Village of Hobart Board of Trustees
