Oneida Elder Services Native American Family Caregiver Program

Caregiver Definition:

An adult family member, or another individual who is an informal provider to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction. When a dependency situation emerges this person(s) performs tasks designed to assist an individual with routine activities that were previously performed without assistance.

Grandparents or relative caregivers, age 55 or older, who are the primary caregiver of a child no more than 18 years old. They must be related to the child by blood, marriage, or adoption and must live with the child.

November is National Family Caregiver Month. NAFCG through Elder Services hosts a banquet to recognize volunteer caregivers.
