EQUAL EMPLOYMENT OPPORTUNITY STATEMENT

The Oneida Nation does not discriminate on the basis of race, color, national origin, sex, religion, age or disability status in employment or the provision of services. However, individuals of Indian ancestry and Veterans will be given preference by law in initial employment or re-employment.

POSITION SUMMARY

Assess mental health issues and prescribe the proper treatment to individuals and families. Continuation of this position is contingent upon funding allocations.

DUTIES AND RESPONSIBILITIES:

1. Assess patients which include gathering required medical history and documentation. Analyze the information concerning the patients' current mental health status and take note of any experiences or behaviors that may have contributed to the current mental state; such as history of violence, trauma, sexual abuse, substance use or suicidal behaviors.
2. Assess the gathered mental health information and determine the correct treatment and care of the patient.
3. Identify specific disorders or health problems and what may be causing the psychiatric disorder.
4. Manage emergencies with psychiatric patients to determine their health risk to the patient or the community as they decide on appropriate emergency care.
5. Develop treatment plans and implement with the patient or family by conducting psychotherapy or therapeutic sessions.
6. Provide treatment plans; write appropriate orders, including those for narcotics, stimulants, and depressant drugs.
7. Secure a health and developmental history from patient or parents; record findings and formulate critical evaluations.
8. Differentiate between normal and abnormal findings to recognize early stages of serious physical, emotional or mental problems.
9. Provide consultative services to the mental health, alcohol, tobacco and other drug abuse counselors in accordance with DHS 75 and DHS 35 of the Wisconsin Administrative Codes.
10. Provide direct psychological nursing care in the presence of illness or disability in order to maintain life, provide comfort, reduce stress and enhance coping abilities.
11. Assist supervisor and designated team in assuring the quality and continuity of Behavioral Health Service to include referrals and contract care areas.
12. Assist supervisor in developing, updating protocols, policies and procedures as needed/requested.
13. Coordinate care between other health professionals and mental health facilities so the patients continue to receive care.
14. Order test for lab and ancillary services to determine cause of patient condition. Develops treatment plan for condition.
15. Follow established departmental policies, procedures, and objectives, continuous quality improvement objectives, and safety, environmental, and/or infection control standards.
16. Participate in specified health promotion, education and/or prevention programs.
17. Provides health education to patients and families.
18. Enhance professional growth and development through participation in educational programs, current literature, in-service meetings, and workshops.
