

**MEMORANDUM OF UNDERSTANDING
BETWEEN
THE WISCONSIN DIVISION OF PUBLIC HEALTH
AND
Oneida Tribe of Indians ("Client"),
Scientific Technologies Corporation
CONCERNING THE WISCONSIN IMMUNIZATION REGISTRY SYSTEM**

I. PURPOSE

The participating agencies share a common goal for the statewide implementation of an immunization registry system in Wisconsin. The Division of Public Health (DPH) in partnership with the Division of Health Care Financing has developed the Wisconsin Immunization Registry (WIR). This agreement sets forth procedures of reciprocal cooperation which are integral in meeting the objective of a successful statewide immunization registry which encompasses all public and private providers of immunization services. To meet this goal each partner will have specific responsibilities, which are stated below:

ORGANIZATION RESPONSIBILITIES

Division of Public Health

The WIR will serve as the central repository for all immunizations collected throughout the State. This would include immunizations entered directly into the WIR by participating providers or indirectly through other registries that may operate within the state. The DPH will provide SCIENTIFIC TECHNOLOGIES CORPORATION with consultation and technical assistance necessary to ensure ongoing connectivity between the WIR and Client.

Client

By way of the established interface between Client and the WIR, SCIENTIFIC TECHNOLOGIES CORPORATION will download client and immunization data to the WIR on a real-time basis.

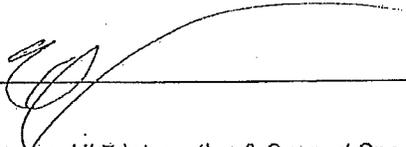

- Only updated information will be sent to the WIR.
- This immunization data will be for all patients with associated immunizations.
- Patients will be informed their data will be shared with the WIR.

II. PERIOD OF AGREEMENT

This Agreement becomes effective on the date of last signature and lasts until either party wishes to end it.
