

## NOTICE TO THE ONEIDA COMMUNITY

March 18, 2020

As the Public Health Officer for the Oneida Nation, I wanted to express the importance of everyone in the Oneida Community doing their part to slow the spread of COVID19.

Over the past several weeks, a variety of preventive measures have been implemented across the world. As responsible community members, it is critical we ALL do our part to slow the spread of COVID19. Some prevention measures have been system changes such as limiting the number of people for social gatherings, even closing businesses for a period of time. Other prevention measures are things each individual community member can do.

- **Avoid sick people**
