INELIGIBLE FUNDING FACTORS

The Oneida Higher Education Grant does not cover the following:

COLLEGE CREDIT FOR PRIOR LEARNING/EXPERIENCE

Students have the opportunity to earn academic credit for previous education or life experience for which credit has not already been earned. These types of credit opportunities are coordinated through the student's school.

Students must submit their original receipts and documentation of successful credit completion to be considered for reimbursement. Applicants must comply with the Oneida Higher Education grant program requirements.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights respect to their education records.

FERPA regulations protect a student's "education records," which include grades, finances, and discipline records. Your son or daughter (or spouse) can choose to release information from these records to a third party

According to FERPA, college students are considered responsible adults and are allowed to determine who will receive information about them. While parents understandably have an interest in a student's academic progress, they are not automatically granted access to a student's records without written consent of the student. Parents are encouraged to consult with the student if academic information is needed. Your child may give permission for a third party to access his/her records by filing a "FERPA Release of Information" form obtained on the Oneida Nation Higher Education web site: www.oneida-nsn.gov/highered clicking "Applications and Forms" and selecting "FERPA (Student Consent to Release)".

ACADEMIC/GRADING REQUIREMENTS

Students are required to submit a copy of their official transcripts at the end of each semester/term (refer to “Funding Process,” “Copy of Official Transcripts” for more details).

Calculating Grade Point Averages (GPA’s): Students are required to “successfully complete” all the credits/courses they were funded for within the semester/term funded. Therefore, courses that do not have associated grades or grade points averages such as, incompletes, withdrawals, audits, in progress, unsatisfactory, failing, etc., will be considered as non-passing grades. The semester or term grade point average (gpa) will then be recalculated based on the number of actual credits funded for.

- **Vocational/Technical students** must maintain a semester/term **2.0 grade point average (gpa)** on a 4.0 grading scale.
- **Undergraduate students** must maintain a semester/term **2.0 gpa** on a 4.0 grading scale.
- **Graduate students** must maintain a semester/term **3.0 gpa** on a 4.0 grading scale.
- **Doctoral students** must maintain a semester/term **3.0 gpa** on a 4.0 grading scale. (*Higher Education Office can utilize a school’s grading policies for those professional doctoral students (MD’s and JD’s) where a gpa below 3.0 is acceptable to remain in good standing*).
- **Apprenticeship/Certificate/License students** must maintain academic progress, be in good standing, and submit scheduled/monthly progress reports.

PROBATION AND SUSPENSION ACADEMIC GUIDELINES

The following guidelines will be used to determine the continuation of funding under the Oneida Higher Education Grant Program.

Note: grade point averages will be calculated by Higher Education and will be based on the number of credits funded for the semester/term (see Academic/Grading Requirements).

1. Students may be placed on either probation or suspension for failure to earn the required semester/term grade point average (gpa).
 - a. Undergraduate/technical students with a semester/term gpa of 1.0 up to and including 1.9 will be placed on **probation**. Graduate students with a semester/term gpa of 2.0 up to and including 2.9 will be placed on **probation**.
 - b. Undergraduate/technical students with a semester/term gpa that falls below 1.0 will be **suspended**. Graduate/Doctoral students with a semester/term gpa that falls below 2.0 will be **suspended**.

2. Students may be placed on either probation or suspension for failure to **successfully complete** all of the credits for which Oneida Higher Education has provided a grant award. **Note: a course is not considered successfully completed unless credits are earned.**
 - a. Students who do not complete all of the credits for which they were funded will be placed on **probation**.
 - b. Students who do not complete at least half of the credits for which they were funded will be **suspended**.
3. Students may be placed on either probation or suspension for combinations of #1 and #2 above.
 - a. If students complete at least half of the credits for which they were funded with a semester/term gpa of 1.0 or better for undergraduate/technical and 2.0 or better for graduate they will be placed on **probation**.
 - b. If students complete at least half of the credits for which they were funded but their semester/term gpa is below 1.0 for undergraduate/technical or 2.0 for graduate they will be **suspended**.
4. Students who do not meet the probation requirements listed on their Oneida Higher Education academic warning letter will be **suspended**.
5. Students who are on financial aid suspension through their school **are not eligible** for the Oneida Higher Education Grant.

PROBATION:

Students on probation will continue to receive the Oneida Higher Education Grant for their next semester or term. They are encouraged to meet with their school's advisors to develop a plan for academic improvement.

- a. During the student's probation period they must complete all the credits for which they received an Oneida grant, with a gpa of a 2.0 or better as an undergraduate/technical school student or a 3.0 or better for a graduate student.
- b. Students must send verification of their grades at the end of the semester or term to determine if they meet the program requirements.
- c. Students who do not meet the probation requirements will be **suspended**.

SUSPENSION:

Students will be denied the Oneida Higher Education Grant while on suspension. To be reinstated, students have the following options:

- a. Students must complete the same number of credits that were funded during the term of academic suspension. The student must earn a grade point average of 2.0 or better for undergraduate/technical credits and 3.0 or better for graduate credits that will count toward reinstatement. The student must rely on other funding sources during the suspension period.

- b. Students may repay the entire Oneida Higher Education grant that was awarded to them for the semester/term in which they were placed on suspension status.

(Higher Education Office can utilize a school's grading policies for those professional doctoral students (MD's and JD's) where a gpa below 3.0 is acceptable to remain in good standing).

STUDENT LOAN DEFAULT OPTIONS

Students who are in student loan default "may" have the following options available to be reconsidered for financial aid. (Please confirm options with the holder of the loan).

1. **Obtain a loan** from a personal banking institution to pay off loan default.
2. **Default Rehabilitation Program:** Consolidate loan balance into a ten-year period. After one year of timely payments, the default status will be removed (only one default rehabilitation permitted). **
3. **Income Sensitive Program:** Students are to provide documents why the client is unable to make recommended monthly loan payments. With documentation, it can be lowered for one year. After one year, it will however resume to the original monthly amount.
4. All guaranty agencies and the U.S. Department of Education (Department) will accept regular monthly payments that are both reasonable to the agency and affordable to you. Call 1-800-433-3243 and speak to a customer service representative or visit <https://studentaidhelp.ed.gov/app/home/site/fafsa>

** Commonly, after six months of successful payments on programs #2 or #3, individuals can apply and be reconsidered for other financial aid consideration (the required number of successful months could vary from lender services).
