DISCUSSION ON CONSIDERATION OF LAND PURCHASES

Discussion of the Peterson Farm at Cty. 'H' and Fish Creek Road. The Land Committee met on January 17, 1983 to discuss the possible purchase of the farm which consists of 250 acres, of which 25 acres are wooded.

One of the primary concerns of the Tribe is to have enough land for all Tribal members to be able to locate their homes on Tribal land. This property extends to the boundary lines of existing Tribal Property, known as the Site II area. Being directly next to the Lagoon System for those homes, this would afford the Tribe the ability to expand that system and increase the housing potential.

Loretta made a motion to purchase this property for the \$200,000.00, option #2 which would be an outright purchase and would be the most favorable to both parties. This would allow the Tribe to utilize it in any manner and not have to deal with contingencies placed on the property. And, a more comprehensive plan for the property be worked out, with the Land Committee, the Economic Development, the Planning Office and the Business Committee at the culmination of such purchase, and that the Law Office review the contract. Lloyd Seconded. Lois Abstained. Motion Carried.

Loretta was excused at 4:45 P.M.

Lois moved to recess at 5:00 P.M. Lloyd Seconded. Motion Carried

Respectfully Submitted,

Gordon McLester
