There was a lengthy discussion on the suspension/dismissal section of OTMS. Bob will draw up a chart dealing with suspension/dismissal in a simpler form.

### 260-RECORDS MANAGEMENT PROJECT - Charlene Cornelius and Burt Barnard-Consultant

Charlene introduced Burt Barnard, consultant for the records management project. An initial survey is being conducted to determine the kinds and amounts of active and inactive records. Direct examination of the records gives the most accurate information on the types (paper or film), contents (correspondence or reports), locations (office or storage), quantities (file drawer or box), arrangements (subject or alphabetical), and conditions (worn or fine), of the materials. Upon completion of the initial records survey a more complete plan of work outlining the specific goals and finite human and financial resources, and a possible timetable for task completion will be submitted for approval by the Business Committee.

Mark moved to recess at 10:30 A.M. Lloyd seconded. Motion carried.

Respectfully submitted,
