Until recently, for tribal trust lands, all surface leases were required to be individually approved by the Secretary of the US Department of the Interior. However, the federal HEARTH Act now enables tribes to approve individual surface leases for their own trust lands – provided that the tribe has adopted tribal leasing regulations that were approved by the Secretary of the Interior.

The LOC processed a new Leasing Law, and it was adopted by the OBC on May 13, 2015 and submitted for approval by the Secretary of the Interior. However, it was returned with required changes that would need to be made before the Secretary would approve the law.

The OBC removal process would not be amended.

Administrative Procedures Act Repeal

When GTC approved amendments to the APA and the adoption of the LPA on January 7, 2013, part of the APA was repealed. When the Judiciary was adopted by GTC on that same day, the intent was to repeal the rest of the APA when the Appeals Commission ceased to exist on March 1, 2015. However, portions of the APA, including the Purpose and Policy section, Adoption, Amendment, Repeal section, Definitions section and the Inspection of Agency Orders Decisions, and Opinions section were inadvertently left out of the repeal language. The intent of this item is to repeal the APA in its entirety, effective March 1, 2015.

Election Law Amendments

This item was carried over into the current term by the LOC. Amendments were initially submitted to prohibit Tribal members from running for more than one seat per election or from serving on more than one board, committee or commission at a time, to add enforcement provisions, streamline the role of the Election Board, require a Milwaukee polling site, address election observers and clarify the referendum process. Additional changes had been proposed but were removed based on the public meeting feedback and on GTC action, including proposed term limits and prohibiting Tribal employees from serving as elected or appointed officials.

Amendments to the Election Law have been adopted on an emergency basis in order to comply with the Oneida Tribal Constitutional Amendments recently passed by voters approved by the Secretary of the US Department of Interior. Specifically, the Constitutional amendments lowered the voting age to 18, but still require members to be at least 21 years old before they are eligible to serve on the OBC.

Investigative Leave Policy Amendments

Amendments to the Investigative Leave Policy were requested to delete a section of the Policy which prohibits the use of investigative leave when a complaint is filed. While the original intent of the section was to prohibit the use of investigative leave when one employee files a complaint against another, as defined under the Personnel Policies and Procedures, a decision by the Oneida Appeals Commission has interpreted the Policy to apply anytime the term “complaint” is used in an investigation. This could prohibit a supervisor from taking action to protect the Tribe in cases of misappropriation if inappropriate activities are identified based on a complaint arising out of a disciplinary or complaint process. The amendments would also reduce the time period of the investigation from 30 days to 15 days.

Marriage Law Amendments (2015)

Amendments to the Marriage Law were proposed after the U.S. Supreme Court denied certiorari to consider overruling the lower court's finding that Wisconsin's same-sex marriage ban is unconstitutional. Questions were raised since the Tribe's Marriage Law does not allow for same-sex marriage and would not recognize a marriage conducted legally in Wisconsin.

Pow-wow Committee Bylaws

The Pow-wow Committee has requested additions to the Committee bylaws which address qualifications for serving on the committee. First preference would be given to any citizen who appears on the official roll of the Tribe, with second preference to any citizen who appears to any official federally recognized Native American rolls. The qualifications would also be revised so that Committee members must have experience coordinating events. Additional amendments require Committee members to follow the Tribe's Code of Ethics and add that failure to attend 3 consecutive meetings with unexcused absences, or 5 total unexcused absences within a term are grounds for removal.

For the record: Brandon Stevens stated I oppose the motion because there's no substantive complaint here. It's just "I don't like it". So, if there was more of something the Environmental Resource Board can really say that you don't like about it and is it too much, you know those types of things? 1/25/17 OBC: Motion by David Jordan to adopt resolution # 01-25-17-B Tobacco Amendments, seconded by Lisa Summers. Motion carried with one opposed (Melinda J. Danforth)

For the record: Secretary Lisa Summers stated I also struggled with this. I'm going to support it, but for the record I need to state the reasons why I'm supporting it. I agree with a lot of what the Vice-Chairwoman has stated here. However, we know from a strategic perspective there are things coming down the road that we need to be prepared for and this allows us at least one more tool in order to get there. I think the other thing that is important to note is that Indian preference still applies in the hiring process. So that regardless of this change, Indian preference still happens so meaning Oneidas will be selected first in that process. I think that's something important to note and believe I have that accurate, correct? Okay. I just need to also include that and put that out there for my own purposes. Thank you.

For the record: Chairwoman Tina Danforth stated I think it needs to be noted that Indian preference still applies regardless of these amendments and that we are to encourage tribal members to be employed which includes the 16 year olds.

After that research was completed, it was proposed that an Administrative Court be developed which would assume the hearing body authority of each of those entities; so that all disputed administrative matters would be heard in the same forum.

The Membership Ordinance only allows for an Oneida parent to relinquish a child's membership if it is for the sole purpose of enrolling that child in another Tribe [see 10.4-1(d)(3)(B)(ii)]. The Membership Ordinance does not allow for these children to have their membership relinquished from the Oneida rolls despite the fact that the child no longer qualifies for enrollment with the Nation. Amend the Membership Ordinance on an emergency basis to allow for Oneida enrolled men who enroll their children under fraud, misrepresentation or mistake to relinquish the enrollment for these

For the record: Secretary Lisa Summers stated one of things also that we have a challenge with is that we are not provided contact information. We are to contact her through Enrollments. That's her requested contact relay and so even if we were to schedule a meeting tomorrow I have no way of notifying her except through Enrollments. By the time I would get something through Enrollments to notice to get it to her it would already go by and I don't want to be boxed if okay I don't want to be in a situation where I am being accused of not following up with the motion at this point. I'll just put it out there so I'm just going to oppose. I want those comments added for the record because I just don't feel like we are going to be in a situation where we are going to be successful because history tells us that those things can occur and we have a lot things to get done in the next week.

For the record: Secretary Lisa Summers stated that the Business Committee did clarify that the intent is to keep the petitioner updated on the progress of the team and to not hold up progress.

For the record: Chairwoman Tina Danforth stated that the motion says that she be a part of the team as a volunteer and that was the intent.

For the record: Lisa Summers stated I wanted to express my concern with the statements made by the petitioner because I believe they are unfounded at this point. We’ve been making it a priority to ensure that the Business Committee and the community are fully aware of the progress of each petition that comes forward. We do so by making sure that it’s on the Business Committee agenda as the due dates come forward. I need to express

my support of the statements made by the Chief Financial Officer. There are several petitions that are pending at this time. There is limited staff to go forward and analyze these petitions. They are working through them to best of their ability, as expeditiously as possible. I think it's really unfortunate that there is an accusation out there which is unfounded. We are continuing to work with all of the areas, whether it's the Operations, the Legislative Operating Committee, the Law Office or Finance, to make sure that the best, most accurate information associated with each one of the requests that come before General Tribal Council is completed as thoroughly and timely as possible. We also do, as a Committee, have a responsibility to make sure that all pertinent information to each topic being requested is researched accurately to ensure that General Tribal Council has as much information as they possibly can to make a good decision on behalf of the Nation. One of the things that we are also doing to try to ensure the transparency of the progress of each petition is taking a dashboard and transferring it into the website so that members, as they want to see the progress of the petitions, can go on there and see the analyses as they are completed. That's something we have been working on and should be going live in the next four weeks. Tribal members, at their leisure, can go ahead and take a look at that information that'll be posted there on a regular basis. Thank you.
