Minute's update- We Had 2 meeting this quarter.

Financial- With cost containment, the Board continues under budget.

Special Events and Travel – None

Comments • In the previous quarter we felt that the SEOTS hours need to evolve to meet the needs of the members. Because of the Oneida Business Committee Saturday Morning meetings – video conference at the SEOTS office – it opened the door to more availability to pick up medications_ This needs to be explored with the Oneida Pharamacy., use the computers/fax machine, or attend community meetings.

Goals and Objectives - These items continue to be of optimal importance: 1. Finalize a location for SEOTS – get a building, have a permanent home; 2. Increase participation, have open communication and hear more voices. 3. Tabled - Explore a change from an *'advisory' board to a full board with more authority* because we see, hear, and are close to our community concerns and views. More focus needs to be committed to possible By-Law revisions.

Meeting Requirements • By-Laws require 7 members, 2 meetings per month with Special and Emergency Meetings. Only 1 meeting per month is paid.
