Elder Abuse
By Joyce Johnson
Elder Abuse Prevention Supervisor
Oneida Elder Services

Elder Abuse is a term that makes us cringe and pull back in disbelief. Unfortunately it is a glaring reality in our existence as Tribal people in today's society.

In 2009 the Wisconsin's statistics on reports of elder abuse show that Elder-at-Risk reports received throughout the state were 5,316 cases of suspected abuse, neglect or financial exploitation. 28 of these incidents were related to death and a total of 371 incidents were life threatening.

There are more reports of financial exploitation than any other elder abuse category. As people age they may depend on their adult relatives as caregivers and those caregivers may view financial exploitation as an exchange for their future inheritance. And in today's economic downturn the loss of an elder's home may contribute to a situation where an elder's finances can be easily exploited because the elder may become more dependent on the provision of shelter by relatives.

Chapter 46.90 of Wisconsin State Statutes defines Financial Exploitation as obtaining an elder's money or property by deceiving or enticing the individual, or by forcing, compelling, or coercing the individual to give, sell at less than fair market value, or in other ways convey money or property against his or her will without his or her informed consent.

If you suspect that an elder is being abused in any way please contact the Oneida Elder Abuse Prevention Coordinator at (920) 869-2448 X 6833; 8:00 A.M. – 4:30 P.M.; Weekdays: Monday – Friday or 1-800-867-1551; 24 hr. service. If the situation is an emergency and an immediate safety issue please call the Oneida Police Department at (920) 869-2339 or 911.

National Indian Council on Aging (NICOA) Senior Community Service Employment Program (SCSEP)

January 2011 - Newsletter

Announces Important Changes:

Paid Sick Leave

New Participant Time Sheet

In accordance with new SCSEP federal regulations that require participants to be offered necessary sick leave, NICOA SCSEP has established a policy allowing paid sick leave which can be used through the end of the grant year (June 30, 2011). The numbers of hours that can be paid are 20 hours of sick leave beginning in January. **Sick leave cannot be accumulated or carried over after June 30, 2011. These hours are to be used for necessary sick time only.** Notify your supervisor in advance, if possible and at the time of your absence.

Please note: Absences of more than five days for illness require a written release to return to your training assessment.

Your supervisor also will receive the new time sheet from NICOA state program manager. It is revised to include a column for reporting hours of sick leave used. NICOA SCSEP will track hours of leave used through its database system. **No more than 20 hours will be paid from January through June 30, 2011; any sick time over 20 hours will be unpaid leave.**

Enrollment Adjustments

As you know, NICOA SCSEP is dependent on grant funds; and in some states the rate of spending has exceeded the funds available. We regret that enrollment is being reduced as well as hours in some areas to keep the project operating through June 30, 2011. When funds are available and as remaining participants leave SCSEP for employment or other reasons, those who are being exited for budgetary reasons will have the opportunity to return to SCSEP. All participants need to continue to look for outside employment that will provide better pay and hours than are available through SCSEP work experience training.

NICOA wants to hear from you!

If you have learned something new in your community service assignment or provided exceptional service to the agency where you are assigned or completed a training course on your own, we want to know! **Your accomplishments deserve to be applauded. Include the What, When Where, Why and Who benefitted in a written note.**

Please share your successes and accomplishments in writing with your NICOA SCSEP program manager. Notes from your training site supervisor are also welcome!

May you gain skills and confidence to succeed in 2011!

The goals of NICOA SCSEP are to assist you to increase your skills, knowledge, confidence, and employability; and ultimately, to help you find a job outside SCSEP and become more secure, independent and economically self-sufficient.

In the face of changes in the economy, budget limits, and challenging situations, NICOA SCSEP encourages you to set your goals, believe in yourself, your wisdom and your dreams; and to continue to work with all parts of the community to help you reach your goals.

Focus on Your Plan

NICOA staff will be focusing more this year on developing with you plans to become self-sufficient. Known as an Individual Employment Plan (IEP), an IEP is your blueprint for action and success; and it is updated with you at least twice a year. You need to set an employment goal in your first IEP; and modify your goal and targets as you accomplish the steps you have outlined for yourself with NICOA staff and the input of your supervisor.

You receive a copy of your IEP so that you can use it to motivate yourself to accomplish your target steps towards your goals. Instead of placing it in a drawer, I suggest you display it somewhere you will see it often so you can check your progress (on your refrigerator door, office wall, or bathroom mirror). NICOA staff will be checking your progress when they conduct an assessment/IEP update interview with you; and helping you to set new targets and timelines.

To be truly successful, each of us must do more than focus on a community service assignment alone. Creating an IEP will help you chart your path. Depending on your skills and interests, you may need to focus on such things as increasing your basic skills; completing a GED (if you did not graduate from high school); accepting training and referrals to job openings; learning or increasing your job seeking and interviewing skills, computer skills, and/or new skills that are needed by employers in your area.

In the words of aging advocate Senator Claude Pepper:
“Life is like a bicycle – You don’t fall off unless you stop pedaling?”

Your community service assignment is the core of your SCSEP experience because it gives you opportunity to earn a small wage while you practice some new skills or sharpen your existing abilities. Think of a community service assignment as “training wheels” for the purpose of some stability as you move toward a real job.

Greetings in the New Year from NICOA and the SCSEP Staff!
