Oneida Seven Generations Corporation

Narrative Report:

Explanation of the core of the Corporation's business practices:

The purpose of Oneida Seven Generations Corporation (OSGC) is to promote and enhance economic diversification on behalf of the Oneida Tribe of Indians of Wisconsin. OSGC manages commercial developments such as the Bellin facility on Commanche Avenue, the Schneider facility on Glory Road, the Badger Sheet Metal Works facility on Partnership Drive, and the West Mason and Packerland malls. As of September 2016, we have three properties with lease space available; they are half of the former Tower Foods facility (as of our December report this facility has been leased out for the Oneida Food Pantry), the restaurant space at the Travel Center, and an office / retail suite on Packerland Drive. We have talked with potential tenants on the available spaces. There are fifteen properties under OSGC's management; with over thirty leasable areas.

Explanation of the Corporation's market information:

Property Management: OSGC employs one part-time tribal elderly member who assists in managing approximately 30 tenant leases. In addition to monitoring the leases, the leasing person assists in making sure the corporation buildings are insured and that tenants insure their occupancy, implementing property management procedures, and compiling data information.

Identification of the primary goals and targets of the Corporation and progress made towards accomplishment of the same:

The vision for OSGC is to increase the profitability of the company's income real estate base by searching for development opportunities. The primary goal is to promote the benefits of the Free Trade Zone and the HUB Zone properties that are available through OSGC.

The progress we have made towards this goal: working with local Chambers of Commerce to pursue potential tenants.

We are also marketing our properties through Facebook and other social media outlets. We have seen an increase in properties being marketed through the internet which is less costly and has the ability to reach more businesses looking for space. In order to remain competitive we are moving into this market area.

Oneida Seven Generations Corporation

Summary of the assets of the Corporation, including but not limited to its financial, physical, employee, customer, brand or intellectual property, and supply assets:

Summary and status update of any pending legal action to which the Corporation is a party and any relevant government regulation to which the Corporation may be subject:
