6. Cover Memo:

Describe the purpose, background/history, and action requested:

The BIA at the Midwest Region Branch of Roads estimates the Oneida Nation will receive \$1,040,760 in FY18 as part of the TIP updates for 2018-2020 and retained services agreement. The purpose to complete a TIP list is to anticipate workload and timely complete transportation needs and requests.

FY2017 estimate is attached.

The BIA requires the completion of a resolution on an annual basis to distribute fair share estimates to Native American Tribes in the Midwest. The Oneida Tribe currently owns 54 roads covering 12.54 miles.

Roadway evaluations is based on PASER and BIA rankings systems, drainage, estimated traffic volumes and roadway classification. Costs are based off high level estimates of projects based on length and typical bid prices that Oneida Nation has experienced over the last several years. A cost of inflation factor is included so that future projects are adjusted accordingly.

FY 2018-2020 Oneida Nation Tribal Transportation Improvement Plan (TTIP)

WHEREAS, the Oneida Nation is a federally recognized Indian government and a treaty tribe recognized by the laws of the United States of America; and

WHEREAS, the Oneida General Tribal Council is the governing body of the Oneida Nation; and

WHEREAS, the Oneida Business Committee has been delegated the authority of Article IV, Section 1, of the Oneida Tribal Constitution by the Oneida General Tribal Council; and

WHEREAS, transportation plays an integral role in serving local infrastructure and community needs; and

WHEREAS, the Oneida General Tribal Council desires to provide adequate transportation facilities to meet the needs of the residents of Oneida Nation; and

WHEREAS, the Oneida General Tribal Council has worked to develop the 2018-2020 Oneida Nation Tribal Transportation Improvement Plan, which we are using to request the Bureau of Indian Affairs to incorporate into their Control Schedule Transportation Improvement Plan as a required step to help us receive our "Tribal Shares" funding; and

WHEREAS, the Oneida Business Committee agrees with the needs and priorities presented in the 2018-2020 Oneida Nation Tribal Transportation Improvement Plan; and

NOW THEREFORE BE IT RESOLVED, that the Oneida Business Committee supports and adopts the 2018-2020 Oneida Nation Tribal Transportation Improvement Plan for the projects listed in the attached CSTIP forms that were developed between us and the BIA for Tribal Shares funding along with corresponding TTP retained services agreement (RSA).

Statement of Effect

Office of Special Trustee – Sign Off Authority

Summary

This Resolution identifies officials who are granted the authority to instruct the Office of Trust Funds Management to disburse funds and to make investments for the Nation.

Submitted by: Clorissa N. Santiago, Staff Attorney, Legislative Reference Office

Date: November 20, 2017

Analysis by the Legislative Reference Office

This Resolution states that the Office of Special Trustee for American Indians has requested the Nation to determine who is officially authorized to instruct Office of Trust Funds Management to disburse funds and to make investments for the Nation. The Resolution then goes on to approve officials for the authorization to instruct the Office of Trust Funds Management to disburse funds and to make investments for the Nation, and determines which officials are authorized to receive Oneida Trust Fund Information, to provide investment instructions, and initiate disbursements.

Conclusion

Adoption of this Resolution would not conflict with any of the Nation's laws.

MEMORANDUM

TO: ONEIDA BUSINESS COMMITTEE
CC: FINANCE COMMITTEE
FR: PATRICIA KING, TREASURER
DT: DECEMBER 4, 2017
RE: APPROVAL OF THE ACHESON ENDOWMENT

The Finance Committee has been working over the past year on the creation of the Acheson Endowment in Accordance with the Endowments Law. The Finance Committee at their November 13, 2017 meeting made the following motion:

“Motion by Jennifer Webster to adopt the Acheson Endowment Resolution with the discussed changes to the final resolved section and forward to the Oneida Business Committee. Seconded by Daniel Guzman King. Motion carried unanimously.”

The Finance Committee then asked me to send a clean corrected copy to the Business Committee for your review and approval. Also attached for your reference is the Statement of Effect as it pertains to this resolution. Thank You.

Resolution # BC-_____

Creation of Acheson Education Endowment in Accordance with the Endowments Law

WHEREAS, the Oneida General Tribal Council is the duly recognized governing body of the Oneida Nation, and

WHEREAS, the General Tribal Council has been delegated the authority of Article IV, Section I of the Constitution of the Oneida Nation, and

WHEREAS, the Oneida Business Committee may be delegated duties and responsibilities by the Oneida General Tribal Council and is at all times subject to the review powers of the Oneida General Tribal Council, and

Endowments Law

WHEREAS, the Oneida Business Committee adopted the Endowments law in February 2005 by resolution # BC-02-23-05-G which sets forth how endowments are created and managed endowment fund accounts which “are intended as a perpetual source of funding for specific purposes[, and] endowment fund accounts could be used to provide funding for areas such as health, education and support for Tribal members for burial and housing” Whereas # 6 and 7; and

WHEREAS, the Trust Enrollment Committee, which has been delegated by the General Tribal Council to manage the trust funds of the Tribe and has been given specific responsibilities under tribal laws such as the Per Capita law and the Endowments law, has identified that it is now time to begin formally creating the endowments under the Endowments law and as has been previously directed by General Tribal Council by actions such as resolution # GTC-06-30-90-A and addendum; and

Floyd Acheson Bequest

WHEREAS, in 1980 Floyd Acheson bequeathed his estate to the “Floyd Acheson Oneida Indian Foundation;” and

WHEREAS, the will was contested and all parties settled with the Oneida Nation receiving approximately \$155,000 in mortgage notes; and

WHEREAS, Floyd Acheson desired the funds to be used for “loans and scholarships for enrolled Oneida Indians and the general welfare and benefit of the Oneida Tribe of Indians of Wisconsin, Inc.” *Oneida Business Committee minutes, July 3, 1980, p. 3;* and

WHEREAS, the Oneida Business Committee had authorized some uses of the funds in the intervening years and investment of the funds such that there is now approximately \$1.05 million in current principle; and

Education and Scholarships

WHEREAS, the Oneida Nation has committed to education as a method of creating long term improvements for individuals, families and the community; and

53
54 **WHEREAS,** the General Tribal Council had directed the development of an independent k-12 school
55 system which is currently in place and operations exceed current standards for Bureau of
56 Indian Education school systems with greater numbers of students graduating and
57 attending higher education schools; and
58

59 **WHEREAS,** the General Tribal Council has created the Oneida Higher Education Scholarship which
60 provides non-needs based scholarships for members attending secondary and graduate
61 level schools; and
62

63 **WHEREAS,** the Higher Education Department has created programs to assist members in obtaining
64 technical certificates and degrees; and
65

66 **WHEREAS,** the Higher Education Department has identified that more members in high school are
67 taking advance placement and college level courses who are not eligible for the Oneida
68 Higher Education Scholarship or the departmental program but who require financial
69 assistance to offset the costs of advanced placement and college level courses; and
70

Purpose of Acheson Education Fund

71
72 **WHEREAS,** the Education and Training Department has requested the development of an
73 endowment utilizing the Floyd Acheson bequest for the purposes of assisting members in
74 creating opportunities in the vocational and trades area of study; and
75

76 **WHEREAS,** the Treasurer has identified a need to assist high school students in paying for advanced
77 placement and college level courses while in high school; and
78

79 **WHEREAS,** the Oneida Business Committee has determined that long term strategic stewardship of
80 the funds would allow all educational goals of the Nation to be met; and
81

82 **WHEREAS,** the Oneida Business Committee has recommended that the Acheson Education
83 Endowment be created to fund educational opportunities beginning with funding
84 educational opportunities for high school juniors and seniors pursuing vocation and trade
85 careers, and high school juniors and seniors pursuing advanced placement and college
86 level courses for high school students, assisting with expenses related to professional
87 exams and licensing, funding higher education scholarships and eventually all education
88 needs; and
89

Creating Endowments

90
91 **WHEREAS,** the Endowments law directs that the Oneida Business Committee shall approve or
92 disapprove an endowment recommendation made by the Finance Committee (131.4-
93 1(a)); and
94

95 **WHEREAS,** the Oneida Business Committee believes that the funds set aside for the creation of an
96 education trust from the Acheson bequest should be formally developed into an
97 endowment and that additional funds should be identified for allocation to that fund; and
98

99 **WHEREAS,** the Endowments law identifies that “the establishment of endowment fund accounts from
100 private donors shall take no more than 120 calendar days from the date of notification
101 from the Finance Committee of the donation received for the purpose of establishing an
102 endowment fund account. These endowment fund accounts shall be exempt from the
103 community meeting requirements” (131.5-1(b)); and
104

WHEREAS, the Finance Committee, at a meeting on November 13, 2017, adopted a motion recommending the creation of the Acheson Education Endowment¹; and

Endowment Created

NOW THEREFORE BE IT RESOLVED, the Oneida Business Committee does hereby establish, in accordance with section 131.4-1(a) of the Endowments law, the Acheson Education Endowment, and directs that such funds held and invested from the Floyd Acheson bequest, approximately \$1.05 million, be placed in the Acheson Education Endowment.

Purpose of Endowment

BE IT FURTHER RESOLVED, the Oneida Business Committee does hereby further direct that the Acheson Education Endowment shall be used for the purposes of creating programs and activities which shall support –

- Priority 1:² costs associated with vocational and technical trades for adult members, and advanced placement and college level courses for members who are high school students outside of the Oneida Nation School System;³ and
- Priority 2: upon generating sufficient income to pay for Priority 1 expenses, excess disbursements shall be allocated for costs associated with professional exams and licensing; and
- Priority 3: upon generating sufficient income to fund Priority 1 and Priority 2 expenses, excess disbursements shall be allocated to fund the higher education scholarship program; and
- Priority 4: upon generating sufficient income to fund Priority 1, Priority 2, and Priority 3 expenses, excess disbursements shall be allocated to fund expenses related to all educational needs.

The Trust Enrollment Committee, in accordance with sections 131.6 and section 131.8-1 of the Endowments law, shall develop the appropriate Standard Operating Procedures and necessary endowment documentation to fully implement the investment goals to fund the priorities set forth in this resolution.

Disbursements of Endowment Income

BE IT FURTHER RESOLVED, the Oneida Business Committee directs that no disbursements from the Acheson Education Endowment shall be made until Fiscal Year 2028 at which point disbursements will be made at 50%⁴ of the interest income as calculated according to section 131.8-2 of the Endowment Law. This disbursement level may be increased up to 75% or decreased down to 0% by a two-thirds vote of the total number of members of the Finance Committee and a subsequent two-thirds vote of the total number of members of the Oneida Business Committee.

BE IT FURTHER RESOLVED, the Chief Financial Officer may approve more specific Standard Operating Procedures to implement the general rules outlined in this Resolve.

1. Programs shall forward a list of adopted rules and the priority addressed to the Treasurer and Chief Financial Officer on or before November 1st of each year.
2. On or before January 31st of each year the Trust Enrollment Department shall forward to the Treasurer and Chief Financial Officer an estimated disbursement from the endowment.
3. The Treasurer and Chief Financial Officer shall notify programs which have rules adopted under the Administrative Rulemaking law in accordance with the purpose of the Acheson Education Endowment Fund of the availability of funds.
4. Programs with adopted rules under the Administrative Rulemaking law shall cooperatively identify how such funds shall be allocated within the proposed budget and forward the allocation determinations to the Chief Financial Officer on or before February 28th of each year. Failure to

¹ Motion by Jennifer Webster to adopt the Acheson Endowment Resolution with the discussed changes to the final resolved section and forward to the Oneida Business Committee. Seconded by Daniel Guzman King. Motion carried unanimously.

² Assuming this need is \$150,000.00, this priority would be reached (using a 5% return and 50% disbursement, and no additional contributions). If the tribal contribution is \$100,000.00 with a 5% return, this becomes year 32, at 6% return it becomes year 25.

submit a cooperatively developed allocation by the deadline shall result in the funds being returned to the endowment as principle.

5. The Trust Enrollment Department shall provide an update on the estimated disbursement on or before July 1st of each year to the Treasurer and Chief Financial Officer, who shall notify programs with adopted rules under the Administrative Rulemaking law of the updated estimated disbursement amount. Excess over the initial disbursement estimate shall be returned to the endowment as principle, shortages under the initial disbursement estimate shall require all programs utilizing the funds to collaboratively determine how expenses shall be reduced. No additional tribal contribution shall be made. Failure to submit a cooperatively developed reduced allocation by July 30th shall result in the funds being returned to the endowment as principle.
6. The Trust Enrollment Department shall make the authorized disbursement to the Nation's banking account(s) as identified by the Chief Financial Officer during the month of October.
7. Funds disbursed from an endowment shall not displace tribal contribution from the Nation's general fund until such time as the fund disbursements reach Priority #3. Provided that, reductions to programs based on budgeting processes shall not be prohibited.

BE IT FURTHER RESOLVED, that rules developed by programs shall specifically identify this resolution number, title of the resolution, and the specific priority being addressed by the rule.

BE IT FURTHER RESOLVED, that endowment disbursements under Rules cannot be allocated to costs associated with program delivery or personnel until Priority 4.

BE IT FURTHER RESOLVED, that in any year in which there are no programming rules approved under the Administrative Rulemaking law or in which there are insufficient specific requests based on existing programming rules approved under the Administrative Rulemaking law, or the program fails to fully utilize the funds for the purpose for which the funds were disbursed in the fiscal year the funds were disbursed, excess funds shall be returned to the endowment as principle.

Endowment Reporting

BE IT FURTHER RESOLVED, that the Trust Enrollment Committee shall report to the General Tribal Council, in the Annual meeting materials, the status of the endowment with the following minimum information.

1. *Principle*. Current principle and history of the growth of the principle in reasonable increments from the establishment of the endowment.
2. *Investment Income*. Current investment income and history of investment income in reasonable increments from the establishment of the endowment.
3. *Disbursements*. Current disbursement and history of disbursement in reasonable increments from the establishment of the endowment.
4. *Future/Trends*. Projects of estimated future growth of the principle and investment income in reasonable increments for a minimum of 20 years.
5. *Investment policy*. The investment policy and types of investments made regarding the endowment.

BE IT FURTHER RESOLVED, that the Trust Enrollment Committee shall maintain a history of the original allocation and additions to the principle with the pro rata share of gain/loss allocated to each original principle allocation for historical tracking. The original principle allocation shall be labeled Acheson bequest and any additional tribal contribution made shall be reported as a separate principle allocation titled Acheson Education Endowment - Tribal Contribution funds.

BE IT FURTHER RESOLVED, that the Treasurer shall include in the Annual Report a list of endowments and how disbursements were allocated in the budget, including a list of Rules regarding the use of the funds.

BE IT FURTHER RESOLVED, that the any program which utilizes Acheson Education Endowment Funds shall include in the quarterly reports to the Oneida Business Committee and the Annual Report a

207 list of Rules regarding the use of the funds, the amount of endowment funding allocated, and
208 disbursements made during the reporting period for quarterly reports and an aggregate reporting in the
209 Annual Report.

Funding Endowment

212 **BE IT FINALLY RESOLVED**, that the Oneida Business Committee directs the Treasurer to budget at
213 least \$100,000.00 each fiscal year to the Acheson Education Endowment for a minimum of 10 years. At
214 the end of 10 years, the Finance Committee shall review the fund to determine whether additional
215 contributions are necessary to help reach the long-term goals for education.

Statement of Effect

Creation of Acheson Education Endowment in Accordance with the Endowments Law

Summary

This Resolution creates the Acheson Education Endowment in accordance with the Endowments law.

Submitted by: Clorissa N. Santiago, Staff Attorney, Legislative Reference Office

Date: December 4, 2017

Analysis by the Legislative Reference Office

This Resolution creates the Acheson Education Endowment in accordance with the Endowments law. Floyd Acheson bequeathed his estate to the “Floyd Acheson Oneida Indian Foundation” with the desire for the funds to be used for loans and scholarships for enrolled members of the Oneida Nation and the general welfare and benefit of the Oneida Nation. The Nation received approximately one hundred and fifty five thousand (\$155,000) dollars in mortgage notes, and the fund has grown to approximately one million and fifty thousand (\$1,050,000) dollars in current principle.

The Oneida Business Committee has recommended that funds set aside for the creation of an education trust from the Acheson bequest should be formally developed into the Acheson Education Endowment to fund educational opportunities, and that additional funds should be identified for allocation to the Acheson Education Endowment. The Endowments law charges the Oneida Finance Committee with establishing all endowment fund accounts, with final approval from the Oneida Business Committee. [see *Endowments law section 131.5-1 and 131.4-1(a)*]. The Oneida Finance Committee has recommended the creation of the Acheson Education Endowment, and with the adoption of this Resolution the Oneida Business Committee approves the establishment of the Acheson Education Endowment.

The Endowments law allows a resolution creating an endowment to delegate rulemaking authority to create and enact a set of rules establishing requirements in accordance with the Administrative Rulemaking law, as authorized by the Endowments law, in order to implement, interpret and/or enforce the Endowments law. [see *Endowments law section 131.11-1*]. The delegation of rulemaking authority through this Resolution creating the Acheson Education Endowment allows programs which have adopted rules under the Administrative Rulemaking law in accordance with the purpose of the Acheson Education Endowment Fund to have the opportunity to access funding derived from the Acheson Education Endowment investments.

This Resolution discusses the purpose and priorities of the endowment, the disbursement of endowment income, requirements for rules developed for the endowment, endowment reporting and funding the endowment.

Conclusion

Adoption of this Resolution would not conflict with any of the Nation's laws.

Statement of Effect

Landlord-Tenant (Law) Amendments

Summary

This Resolution adopts Amendments to the Landlord-Tenant Law (the “Law”) which permanently adopt prior emergency amendments which included the Oneida Housing Authority’s (OHA’s) rent-to-own program in the definition of rental agreement and also include the following two other revisions to:

- 1) Include additional limitations on minimum rental eligibility requirements for the income-based rental program which do not allow consideration of prior evictions from landlords outside the Nation or debt owed except for past due utility debts in excess of \$200; and
- 2) Amend the provisions related what process should be followed when a tenant passes away, both when there are no other household members and when the tenant leaves behind household members that have a continuing housing need.

Submitted by: Krystal L. John, Staff Attorney, Oneida Law Office

Analysis by the Legislative Reference Office

This Law was originally adopted by Resolution BC-10-12-16-C. Thereafter, emergency amendments were adopted to include the income based rental program’s rent-to-own program within the Law’s definition of rental agreement. The emergency amendments were necessary because as written the Law applied to rental agreements that are defined as, “a written contract between a landlord and a tenant, whereby the tenant is granted the right to use or occupy the premises for a residential purpose for one (1) year or less.” The rental agreements in the Law were limited to one (1) year terms to fortify the policy requiring annual renewals of rental agreements and to avoid month-to-month tenancies.

After the adoption of the Law it was discovered that income-based rental program’s rent-to-own program does not fall into the definition of rental agreements provided in the Law because the rental agreement for the rent-to-own program generally has a longer term, usually fifteen (15) years, with conveyance of the home at the satisfaction of the rental agreement.

The emergency amendment to the Law maintains the policies the Law sets forth while including the income-based rental program’s rent-to-own program by revising the definition of “rental agreement” to state, “a written contract between a landlord and a tenant, whereby the tenant is granted the right to use or occupy the premises for a residential purpose for one (1) year or less, provided that the term may be longer than one (1) year in circumstances where the contract is on

a rent to own basis.” These amendments adopt the emergency amendments on a permanent basis as required by the Legislative Procedures Act.

In addition to adopting the emergency amendments on a permanent basis, these Amendments also:

- 1) Include additional limitations on minimum rental eligibility requirements for the income-based rental program which do not allow consideration of prior evictions from landlords outside the Nation or debt owed except for past due utility debts in excess of \$200; and
- 2) Amend the provisions related what process should be followed when a tenant passes away, both when there are no other household members and when the tenant leaves behind household members that have a continuing housing need.

The limitation as to what may be considered as part of applicant eligibility was added at the direction of resolution BC-03-27-17-C entitled *Repeal of Resolution BC-12-23-09-A, Oneida Housing Authority Admissions and Occupancy Policy*. In that resolution, the Oneida Business Committee repealed an existing resolution which prohibited any prior evictions or rent and utility related debts from being considered as part of eligibility for applicants to the low-income rental program and required that minimum limitation be included in the law to safeguard future tenants from any revisions that may be proposed in future rules. Specifically, the resolution stated:

NOW THEREFORE BE IT FURTHER RESOLVED, that the Legislative Operating Committee is hereby directed to amend the Landlord-Tenant law to include the following restrictions on the rules governing the income-based rental program:

1. The rules may not contain eligibility requirements that consider debt owed or evictions from entities other than the Comprehensive Housing Division; and
2. The rules may contain eligibility requirements that consider debt owed to utility providers, but may not deny eligibility for any past due debt owed to a utility provider with a balance of less than two hundred dollars (\$200).

Accordingly, the limitation as to eligibility requirements included in these Amendments is required action and satisfies the LOC’s responsibility pursuant to resolution BC-03-27-17-C.

Lastly, the revision to amend the provisions related what process should be followed when a tenant passes away, both when there are no other household members and when the tenant leaves behind household members that have a continuing housing need provide the community with additional needed clarity and extend the permissible continuation of tenancy following death from sixty (60) days to six (6) months. The amendments also add to the Law the income-based rent-to-own program’s current practice of paying out any accrued equity in the event of the termination of a rent-to-own agreement.

A public meeting was held for these amendments on October 19, 2017 for which the comment period expired on October 26, 2017 in accordance with the Legislative Procedures Act.

Conclusion

Adoption of this Resolution would not conflict with any of the Nation’s laws.

RE: **Financial Impact of the Landlord Tenant Amendments**

I. Estimated Fiscal Impact Summary

Law: Landlord Tenant Amendments		Draft 1
Implementing Agency	Oneida Housing Authority Division of Land Management Elder Services Land Commission	
Estimated time to comply	10 days from adoption	
Estimated Impact	Current Fiscal Year	10 Year Estimate
Total Estimated Fiscal Impact	\$0	\$0

II. Background

A. Legislative History

This law was adopted by the Oneida Business Committee by resolution BC-10-12-16-C. Emergency Amendments to the Law were approved by BC-1-25-17-C.

B. Summary of Content

1. Permanently adopt an emergency amendment to the Landlord-Tenant Law. The emergency amendment resolution included the following:
 - a) the Law applied to rental agreements defined as, "a written contract between a landlord and a tenant, whereby the tenant is granted the right to use or occupy the premises for a residential purpose for one (1) year or less;"

- b) the Oneida Housing Authority's rent-to-own program did not fall into the Law's definition of rental agreements because the rental agreement for the rent-to-own program generally has a fifteen (15) year term with conveyance of the home at the satisfaction of the rental agreement;
 - c) the rental agreements in the Law were limited to one (1) year terms to fortify the policy requiring annual renewals of rental agreements and to avoid month-to-month tenancies;
 - d) the emergency amendment to the Law maintained the Law's policies while including the Oneida Housing Authority's rent-to-own program by revising the definition of "rental agreement" to state, "a written contract between a landlord and a tenant, whereby the tenant is granted the right to use or occupy the premises for a residential purpose for one (1) year or less, provided that the term may be longer than one (1) year in circumstances where the contract is on a rent to own basis;"
2. Include additional eligibility requirements set by the rental program's rules, which may not be less strict than this law, but may be stricter than this Law, provided that rules developed for low-income Tribal members and families:
- a) May not contain eligibility requirements that consider debt owed or evictions from entities other than the Comprehensive Housing Division;
 - b) May contain eligibility requirements that consider debt owed to utility providers, provided that eligibility may not be denied for any debt owed to a utility provider with a past due balance of less than two hundred dollars (\$200).

C. Methodology and Assumptions

1. A "Fiscal Impact Statement" means an estimate of the total identifiable fiscal year financial effects associated with legislation and includes startup costs, personnel, office, documentation costs, as well as an estimate of the amount of time necessary for an agency to comply with the Law after implementation.
2. Finance does NOT identify the source of funding for the estimated cost or allocate any funds to the legislation.
3. The analysis was completed based on the information provided as of the date of this memo.

II. Agency

There are no startup, personnel, office, or documentation costs associated with this legislation. The amendments will become effective 10 days from adoption.

III. Financial Impact

No impact.

IV. Recommendation

Landlord-Tenant Permanent Amendments Legislative Analysis

SECTION 1. BACKGROUND

REQUESTER: Krystal L. John	SPONSOR: David P. Jordan	DRAFTER: Krystal L. John	ANALYST: Maureen Perkins
Intent of Proposed Amendments	The current amendments are proposed by the Oneida Law Office in consultation with the Oneida Housing Authority in order to ensure the rent-to-own rental agreements are covered by the law. A provision was added regarding non-Tribal tenants in rent-to-own agreements when the qualified Oneida tenant becomes deceased. Additionally minimum eligibility requirements were added under the proposed amendments as directed by Oneida Business Committee Resolution 3-22-17-C.		
Purpose of the Law	To provide mechanisms for protecting the rights of the landlords and tenants within the reservation <i>[see 611.1-1]</i> .		
Affected Entities	Comprehensive Housing Division, Land Commission, Oneida Tribal members, their spouses and occupants who rent and occupy premises under this law.		
Affected Legislation	Eviction and Termination, Administrative Rulemaking, Building Code, Zoning and Shoreline Protection Ordinance, Pardon and Forgiveness, and Real Property		
Enforcement/Due Process	The Oneida Judiciary is granted jurisdiction to hear complaints filed regarding actions taken pursuant to this law and/or a rental agreement <i>[see 611.10-1]</i> .		
Public Meeting	Public meetings were held 06/05/17 and 10/19/17.		

SECTION 2. LEGISLATIVE DEVELOPMENT

- A. The current amendments permanently adopt the emergency amendments adopted by resolution 1-25-17-C and BC-07-26-17-I to clarify the current law to specifically allow rent-to-own rental agreements to last longer than one year *[see 611.3-1(e)]*.
- B. Additional amendments were included as detailed below.

SECTION 3. CONSULTATION

- A. The Oneida Housing Authority and the Oneida Law Office recognized that the current law does not cover the rent-to-own programs because these are rental agreements that last longer than one year.
- B. The OBC has decided that it is in the best interest of Oneida families to ensure that any current or future rules developed to govern the income based rental program do not consider debt owed or evictions from entities other than the Comprehensive Housing Division or past due utility accounts of less than \$200 as part of the selection criteria. This is a policy decision of the OBC.
- C. The OBC also decided that non-Tribal members in rent-to-own agreements have the option to stay in the agreement if they sign an agreement indicating the premises and the rent-to-own agreement will be transferred to their child who is an enrolled Tribal member upon turning 18 or immediately to an adult child if the qualified Tribal member tenant becomes deceased.
- D. These changes do not require additional research.

SECTION 4. PROCESS

- 21 A. This amendment to the law permanently adopts the emergency amendment adopted by resolutions
22 BC-1-25-17-C and BC-07-26-17-I and includes additional provisions directed by the OBC. This is
23 the correct legislative process.
- 24 C. The emergency amendments were added to the Active Files List on December 21, 2016, and were
25 adopted by resolution BC-1-25-17-C and adopted by emergency extension by resolution BC-07-26-
26 17-I and expire 01-26-18.
- 27 D. The current amendments permanently adopt the emergency amendments and include the additional
28 provision related to the minimum eligibility requirements *[see 611.4-2(f)(1) and (2)]*, prior evictions
29 and debt owed from outside the Nation are not considered other than past due utility bills in excess of
30 \$200 *[see 611.4-2 (f) (1) and (2)]* and provisions related to non-Tribal member tenants that have the
31 option to remain in the rent-to-own agreement if they have a child who is a Tribal member and agree
32 to convey the property to the child upon turning 18 or immediately transfer the premises and the rent-
33 to-own agreement to an adult child who is a Tribal member if the qualifying Tribal member becomes
34 deceased prior to completing the rent-to-own agreement *[see 611.9-4(b)]*. A public meeting was held
35 6/5/17 and an additional public meeting is proposed for 10/19/2017.
- 36

37 SECTION 5. CONTENTS OF THE PROPOSED AMENDMENTS

- 38 A. The term for Comprehensive Housing Division was updated to reflect the new term for the entity
39 responsible under this law. The Comprehensive Housing Division was adopted by resolution BC-09-
40 27-17-H and means the division within the Nation under the direction of the Comprehensive Housing
41 Division Director which consists of all residential services offered by the Nation, including but not
42 limited to, all rental programs, the rent-to-own program, and the residential sales and mortgages
43 programs *[see 611.3-1]*.
- 44 B. The term for “rental agreements” is restricted to one year or less in the adopted Landlord-Tenant law.
45 This definition excludes rent-to-own contracts which are longer than one (1) year. The amendment
46 ensures rent to own contracts are covered by the definition of rental agreements by expanding the
47 definition to include rent to own contracts which are for terms longer than one year *[see 611.3-1(e)]*.
- 48 C. A definition for Tribal member was added to the law *[see 611.3-1(i)]*.
- 49 D. Minimum rental eligibility requirements were added relating to rules developed for the income-based
50 rental program which prohibits considering debt owed to or evictions from entities other than the
51 Comprehensive Housing Division but allows consideration of past due debt owed to utility providers
52 over two hundred dollars (\$200) *[see 611.4-2 (f) (1) and (2)]*.
- 53 E. If a deceased tenant was the only household member listed on the rental agreement, the tenancy is
54 terminated immediately upon the death *[see 611.9-1(a)]*.
- 55 F. If there were additional adults household members aside from the deceased tenant listed on the rental
56 agreement, the adult household members will assume tenancy responsibilities under the rental
57 agreement and can stay for six (6) months after the landlord receives notice of the tenant’s death and
58 this requires an amendment or limited term rental agreement to cover the term of the extension *[see*
59 *611.9-1(b)(1)]*.
- 60 G. If adult household members remain in a rental unit following a deceased tenant’s death, the
61 household member will assume the tenancy responsibilities according to the rental agreement *[see*
62 *611.9-2]*.
- 63 H. If a deceased tenant was a Tribal member whose death results in a non-Tribal member tenant’s
64 ineligibility for the rental agreement, the non-Tribal member tenant may remain in the premises:

- If a standard rental agreement (not a rent-to-own agreement), any extension beyond the original term of agreement requires an amendment or limited term rental agreement which covers the term of the extension may be for a maximum of 6 months *[see 611.9-4(a)]*.
- If the rental agreement was on a rent-to-own basis and the non-Tribal member tenant has no Tribal member children, the non-Tribal member tenant may remain in the premises for a maximum of 6 months from the date of the Tribal member's death. In this case, the rent-to-own agreement will be terminated upon the tenant's ineligibility to remain in the rent-to-own agreement and a new rental agreement, which may be a limited term rental agreement, will be executed. The landlord will pay the remaining co-tenant all equity the tenants have accrued according to the rental agreement *[see 611.9-4(b)]*.
- If the non-Tribal member tenant has a child who is a Tribal member living in the premises, the non-Tribal member tenant may remain in the rent-to-own agreement as long as they sign an agreement indicating that the premises and the rent-to-own agreement will be transferred to the Tribal member child upon turning 18. If the non-Tribal member tenant has an adult Tribal member child, the rent-to-own agreement may be immediately transferred to that child upon the qualifying Tribal member's death and upon the adult Tribal member agreeing to live in the premises *[see 611.9-4(b)]*.
- If the non-Tribal member tenant either has no Tribal member children or declines to enter into the agreement transferring the rent-to-own agreement to the Tribal member child, the rent-to-own agreement will be terminated upon the tenant's ineligibility to remain in the rent-to-own program and a limited term rental agreement will be executed *[see 611.9-4(b)(1)]*.
- Where a landlord is terminating a rent-to-own agreement, the landlord shall pay the remaining co-tenant all equity the tenants have accrued in accordance with the rental agreement *[see 611.9-4(b)(2)]*.

SECTION 6. EFFECTS ON EXISTING RIGHTS, PRIVILEGES, OR OBLIGATIONS

- A. The proposed amendments will permanently ensure the Landlord-Tenant law covers existing rent-to-own rental agreements and future rent-to-own rental agreements and ensures Tribal members who enter into these rental agreements have the same due process and other rights as all other rental agreements under the Landlord-Tenant law.
- B. The amendments ensure that prior evictions and debt from outside the Nation are not considered other than past due debt owed to a utility provider over two hundred dollars (\$200).
- C. The amendments ensure that non-Tribal member co-tenants in rent-to-own rental agreements are paid the equity that has accumulated in the property due to the fact that they are no longer eligible to remain in the rental agreement. Additionally, the amendments allow non-Tribal member tenants to remain in a rent-to-own agreement when the qualifying Tribal member tenant dies if they agree to transfer the premises and the rent-to-own agreement to an adult Tribal member child or a minor Tribal member child upon turning 18 years of age.

SECTION 7. OTHER CONSIDERATIONS

- A. The Landlord-Tenant law was adopted on October 12, 2016 by resolution BC-10-12-16-C and became effective on February 9, 2017. The emergency amendments to the Landlord-Tenant law were

108 adopted on January 25, 2017 by resolution BC-01-25-17-C, became effective February 9, 2017 and
109 were extended through January 26, 2018 by resolution BC-07-26-17-I. The current proposed
110 amendments permanently adopt these emergency amendments, update the definition for
111 Comprehensive Housing Division and add the provisions related to debt owed, prior evictions and
112 rental agreements related to non-Tribal member co-tenants who are no longer eligible for the rental
113 agreement when the eligible Tribal member tenant dies. The current amendments will become
114 effective December 8, 2017 in accordance with the Legislative Procedures Act *[see 109.9-3]*.

73 **611.4. Rental Programs**

74 611.4-1. *Available Rental Programs.* Consistent with available funds, the Comprehensive
75 Housing Division shall provide residential rental programs for providing housing to the
76 following types of tenants and the Oneida Land Commission and the Comprehensive Housing
77 Division shall jointly establish rules naming said programs and providing the specific
78 requirements and regulations that apply to each program:

- 79 (a) Elder tribal members;
80 (b) Low-income Oneida tribal members and families; and
81 (c) Tribal members in general.

82 | 611.4-2. Minimum Rental Eligibility Requirements. In order to be eligible for a rental
83 agreement, applicants shall meet the following conditions:

- 84 (a) Be eighteen (18) years of age at the time of the application;
85 (b) Have no felony or drug convictions within the past two (2) years from the date of
86 application, provided that a pardon or forgiveness received pursuant to the Pardon and
87 Forgiveness law may provide an exception to this condition;
88 (c) Meet the local governments’ laws’ requirements regarding residency restrictions for
89 convicted sex offenders;
90 (d) Meet the income requirements for entering the rental agreement as determined by the
91 rental program’s governing rules;
92 (e) Not hold a residential lease with the Nation; and

(f) Meet any other eligibility requirements set by the rental program's rules, which may not be less strict than this law, but may be stricter than this law-; provided that rules developed for low-income Tribal members and families:

(1) May not contain eligibility requirements that consider debt owed or evictions from entities other than the Comprehensive Housing Division; but

(2) May contain eligibility requirements that consider debt owed to utility providers, provided that eligibility may not be denied for any debt owed to a utility provider with a past due balance of less than two hundred dollars (\$200).

611.4-3. *Tenant Selection.* The Land Commission and the Comprehensive Housing Division shall jointly develop rules governing the selection of applicants for the issuance of rental agreements.

611.5. Rental Agreement Documents

611.5-1. *Severability of Rental Agreement Provisions.* The provisions of a rental agreement are severable. If any provision of a rental agreement is void or unenforceable by reason of any law, rule, regulation, or judicial order, the invalidity or unenforceability of that provision does not affect other provisions of the rental agreement that can be given effect without the invalid or unenforceable provision.

611.5-2. *Requirements of Rental Agreements and Terminations.* A rental agreement or termination of a rental agreement is not enforceable unless it meets the requirements of this law and is in writing.

(a) All rental agreements shall:

(1) Set forth the amount of rent or other consideration provided in exchange for the ability to use/occupy the premises;

(2) Set forth the required amount of security deposit and require payment of the security deposit prior to the tenant(s) taking use/occupancy of the premises;

(3) Set the time of commencement and expiration of the rental agreement;

(4) Provide a reasonably definite description of the premises;

(5) State that nothing in the agreement may be considered a waiver of the Nation's sovereign immunity, provided that tenants may seek enforcement of a rental agreement or dispute an action taken pursuant to a rental agreement with the Oneida Judiciary; and

(6) Be signed by both the landlord and the tenant(s) prior to the tenant(s) taking use/occupancy of the premises;

(A) The rental agreement is not required to be signed by all adults using/occupying the premises, provided that the rights and responsibilities contained in the rental agreement do not extend to persons that are not named as tenants in the rental agreement.

(B) Unless legally separated, if a tenant(s) is married, the landlord shall require that each spouse sign the rental agreement.

(b) Any provision of a rental agreement that does any of the following is void and unenforceable.

(1) Allows a landlord to do or threaten to do any of the following because a tenant has contacted an entity for law enforcement services, health services or safety services:

(A) Increase rent;

(B) Decrease services;

- 140 (C) Bring an action for eviction pursuant to the Eviction and Termination
141 law; and/or
142 (D) Refuse to renew a rental agreement.
- 143 (2) Except as otherwise provided in this law in regards to domestic abuse,
144 authorizes the eviction or exclusion of a tenant from the premises other than
145 through the process described in the Eviction and Termination law.
- 146 (3) Requires the tenant to pay attorney's fees or costs incurred by the landlord in
147 any legal action or dispute arising under the rental agreement except as supported
148 by a court order.
- 149 (4) States that the landlord is not liable for property damage or personal injury
150 caused by negligent acts or omissions of the landlord. This subsection does not
151 affect ordinary maintenance obligations of a tenant under 611.6-3(b) or assumed
152 by a tenant under a rental agreement or other written agreement between the
153 landlord and the tenant.
- 154 (5) Imposes liability on the tenant for any of the following:
- 155 (A) Personal injury arising from causes clearly beyond the tenant's control.
156 (B) Property damage caused by natural disasters or by persons other than
157 the tenant or the tenant's guests or invitees. This subsection does not
158 affect ordinary maintenance obligations of a tenant under 611.6-3(b) or
159 assumed by a tenant under a rental agreement or other written agreement
160 between the landlord and the tenant.
- 161 (6) Waives any obligation on the part of the landlord to deliver the premises in a
162 fit and habitable condition or to maintain the premises during the tenant's
163 tenancy.
- 164 (7) Allows for periodic tenancy, which for the purposes of this section means
165 when a tenant uses/occupies a premises without an effective and valid rental
166 agreement by paying rent on a periodic basis including, but not limited to, day-to-
167 day, week-to-week and month-to-month.

168 611.5-3. *Assignment of Rental Agreements Not Permitted.* Assignments of rental agreements
169 are not permitted under any circumstances.

171 **611.6. Rights and Duties of Landlords and Tenants**

172 611.6-1. This section governs the rights and duties of the landlord and tenant in the absence of
173 any inconsistent provision found in a valid rental agreement.

174 611.6-2. *Disposition of Personal Property Left by the Tenant.* If the tenant moves from or is
175 evicted from the premises and leaves personal property, the landlord may presume that the tenant
176 has abandoned the personal property and may dispose of said property in any manner that the
177 landlord, in his or her sole discretion, determines is appropriate, provided that:

- 178 (a) The landlord shall hold personal property for a minimum of five (5) business days
179 and the tenant may retrieve said personal property by contacting the landlord.
- 180 (b) The landlord shall keep a written log of the date and the work time that the Nation's
181 staff expends storing and/or removing personal property and/or removing/disposing of
182 debris left at the property after the expiration of the timeframe provided in the order to
183 vacate.
- 184 (c) The Land Commission and the Comprehensive Housing Division shall jointly create
185 rules further governing the disposition of personal property.

611.6-3. *Repairs; Untenability.* This section applies to all leases if there is no contrary provision in writing signed by both parties.

(a) *Duties of the Landlord.*

(1) Except for repairs made necessary by the negligence of, or improper use of the premises by the tenant, the landlord has a duty to do all of the following:

(A) Keep in a reasonable state of repair portions of the premises over which the landlord maintains control.

(B) Keep in a reasonable state of repair all equipment under the landlord's control necessary to supply services that the landlord has expressly or impliedly agreed to furnish to the tenant, such as heat, water, elevator, or air conditioning.

(C) Make all necessary structural repairs.

(D) Except as provided in section 611.6-3(b)(2), repair or replace any plumbing, electrical wiring, machinery, or equipment furnished with the premises and no longer in reasonable working condition.

(E) Comply with any laws or rules of the Nation that are applicable to the premises.

(2) If the premises are part of a building where other parts are occupied by one (1) or more other tenants, negligence or improper use by one (1) tenant does not relieve the landlord from the landlord's duty to make repairs as provided in 611.6-3(a)(1), provided that the landlord may require the responsible tenant to pay for such repairs.

(3) A landlord shall disclose to a prospective tenant, before entering into a rental agreement with or accepting any earnest money or security deposit from the prospective tenant, any violation of either the Building Code of the Oneida Nation or the Zoning and Shoreland Protection Ordinance if all of the following apply:

(A) The landlord has actual knowledge of the violation;

(B) The violation affects the dwelling unit that is the subject of the prospective rental agreement or a common area of the premises;

(C) The violation presents a significant threat to the prospective tenant's health or safety; and

(D) The violation has not yet been corrected but the landlord shall correct the violation prior to the tenant taking occupancy of the premises.

(4) If the premises are damaged by fire, water or other casualty, not the result of the negligence or intentional act of the landlord, this subsection is inapplicable and either section 611.6-3(b) or (c) governs.

(5) The landlord is responsible for all required pest control to keep the premises in a safe and healthy condition, provided that where an infestation has occurred due to the acts or inaction of the tenant the pest control costs may be assessed against the tenant.

(b) *Duties of the Tenant.*

(1) If the premises are damaged, including by an infestation of insects or other pests, due to the acts or inaction of the tenant, the landlord may elect to allow the tenant to remediate or repair the damage and restore the appearance of the premises by redecorating. However, the landlord may elect to undertake the remediation, repair, or redecoration, and in such case the tenant shall reimburse

the landlord for the reasonable cost thereof; the cost to the landlord is presumed reasonable unless proven otherwise by the tenant.

(2) The tenant shall keep plumbing, electrical wiring, machinery and equipment furnished with the premises in reasonable working order.

(3) Tenants shall comply with all laws and rules of the Nation.

(c) *Untenability.* If the premises become untenable because of damage by fire, water or other casualty or because of any condition hazardous to health, or if there is a substantial violation of section 611.6-3(a) materially affecting the health or safety of the tenant, the tenant may move from the premises unless the landlord promptly repairs, rebuilds or eliminates the health hazard or the substantial violation of 611.6-3(a) materially affecting the health or safety of the tenant.

(1) The tenant may also move and terminate the rental agreement if the inconvenience to the tenant by reason of the nature and period of repair, rebuilding or elimination would impose undue hardship on the tenant.

(2) If the tenant remains in possession, the landlord shall decrease rent for each month to the extent the tenant is deprived of the full normal use of the premises. The Land Commission and the Comprehensive Housing Division shall jointly develop rules governing how and when rent is decreased pursuant to this section. This subsection does not authorize rent to be withheld in full, if the tenant remains in possession.

(3) If the tenant justifiably moves out under this subsection, the tenant is not liable for rent after the premises become untenable and the landlord shall repay any rent paid in advance apportioned to the period after the premises become untenable. This subsection is inapplicable if the damage or condition is caused by negligence or improper use by the tenant.

(d) *Check-in sheet.* Landlords shall provide all new tenants with a check-in sheet when the tenant commences his or her occupancy of the premises that the tenant may use to make comments, if any, about the condition of the premises. The landlord shall provide the tenant with seven (7) days from the date the tenant commences his or her occupancy to complete the check-in sheet and return it to the landlord. The landlord is not required to provide the check-in sheet to a tenant upon renewal of a rental agreement.

(e) *Notice to Enter Required.* The landlord shall provide twenty-four (24) hour written notice prior to entering the tenant's premises where notice is required to either be personally served to the tenant or posted on the premises. A landlord is exempt from this notice requirement in the case of an emergency welfare check. The basis of a welfare check may include, but is not limited to the following:

(1) The landlord believes the tenant's or a child's wellbeing may be in jeopardy based on reports of child abuse or neglect, medical concerns, suspicious activity or other reported information;

(2) The landlord suspects the tenant has abandoned the premises; and/or

(3) The landlord receives notice that the premise's utilities have been disconnected.

(f) *Acts of tenant not to affect rights of landlord.* No act of a tenant in acknowledging as landlord a person other than the tenant's original landlord can prejudice the right of the original landlord to possession of the premises.

(g) *Annual Inspection Required.* In the event the tenant renews the rental agreement for additional terms, the landlord shall, at a minimum, inspect the premises once annually.

611.7. Domestic Abuse Protections

611.7-1. If a tenant notices the landlord of domestic abuse with of any of the following documentation, regardless of marital status, the landlord shall change the locks to the premises and, if the tenant is unmarried, allow the tenant to modify the rental agreement to remove the domestic abuser:

- (a) An injunction order under Wis. Stat. 813.12(4) protecting the tenant from a co-tenant;
- (b) An injunction order under Wis. Stat. 813.122 protecting a child of the tenant from a co-tenant;
- (c) An injunction order under Wis. Stat. 813.125(4) protecting the tenant or child of the tenant from a co-tenant, based on the co-tenant's engaging in an act that would constitute sexual assault under Wis. Stat. 940.225, 948.02 or 948.025, or stalking under Wis. Stat. 940.32, or attempting or threatening to do the same;
- (d) A condition of release under Wis. Ch. 969 ordering the co-tenant not to contact the tenant;
- (e) A criminal complaint alleging that the co-tenant sexually assaulted the tenant or a child of the tenant under Wis. Stat. 940.225, 948.02 or 948.025;
- (f) A criminal complaint alleging that the co-tenant stalked the tenant or a child of the tenant under Wis. Stat. 940.32; or
- (g) A criminal complaint that was filed against the co-tenant as a result of the co-tenant being arrested for committing a domestic abuse offense against the tenant under Wis. Stat. 968.075.

611.7-2. If a tenant is no longer eligible to maintain the rental agreement upon removing a co-tenant domestic abuser from the rental agreement, the landlord shall permit the tenant to remain on the premises for the longer of either the duration of the rental agreement or ninety (90) days from the date the rental agreement is modified. If the latter applies, in addition to removing the co-tenant that is the domestic abuser, the landlord shall also revise the rental agreement to extend its duration.

611.7-3. The Eviction and Termination law provides tenants that are victims of domestic abuse with a defense to eviction should the abusers actions be the cause for eviction.

611.8. Sex Offender Registry

611.8-1. Should a tenant request information about whether any other tenants are required to register as a sex offender, the landlord shall provide the tenant with written notice that he or she may obtain information about the sex offender registry and persons registered within the registry by contacting the department of corrections. The landlord shall include in such notice the appropriate telephone number and internet site of the department of corrections.

611.9. Termination of Tenancy at Death of Tenant

611.9-1. If a tenant dies, his or her tenancy is terminated ~~on the earlier of the following~~ as follows:

- (a) ~~Sixty (60) days~~ If the deceased tenant was the only household member listed in the rental agreement, immediately upon the death of the tenant;
- (b) If there were additional adult household members aside from the deceased tenant listed in the household within the rental agreement, then the later of the following, provided that an adult household member remaining in the unit shall assume the tenancy responsibilities under the rental agreement;

(1) Six (6) months after the landlord receives notice, is advised, or otherwise becomes aware of the tenant's death; provided that any extension beyond the original term of the agreement requires an amendment or limited term rental agreement which covers the term of the extension; or

(b2) The expiration of the term of the rental agreement.

611.9-2. The deceased tenant or his or her estate is not liable for any rent after the termination of his or her tenancy. A landlord may not contact or communicate with a member of the deceased tenant's family for the purpose of obtaining from the family member rent for which the family member has no liability except that if adult household members remain in the rental unit following the deceased tenant's death in accordance with section 611.9-1 or 611.9-4, an adult household member shall assume the tenancy responsibilities pursuant to the rental agreement.

611.9-3. Nothing in this section relieves another adult tenant of the deceased tenant's premises from any obligation under a rental agreement or any other liability to the landlord.

611.9-4. If the deceased tenant is a Tribal member whose death renders a co-tenant no longer eligible for a rental agreement based on Tribal member status, the non-Tribal member tenant may remain in the premises ~~for the longer of either the duration of the rental agreement or ninety (90) days from the date of the Tribal member tenant's death. If the latter applies, the landlord shall revise the rental agreement to extend its duration as follows:~~

(a) If subject to a standard rental agreement (i.e. not on a rent-to-own basis), see section 611.9-1(b) above.

(b) If the rental agreement was on a rent-to-own basis, the remaining non-Tribal member tenant may remain in the premises for a maximum of six (6) months from the date of the Tribal member tenant's death unless the non-Tribal member tenant has a child that is a Tribal member. In the event the original tenants have a Tribal member child, the non-Tribal member tenant may remain in the premises under the rent-to-own agreement so long as the non-Tribal member tenant either:

(1) Transfers the premises and the rent-to-own agreement to a child of one (1) or both of the original tenants who is a Tribal member, eighteen years or older, and agrees to live in the premises; or

(2) Signs an agreement indicating that the premises and the rent-to-own agreement shall be transferred to a minor Tribal member child when the child is eighteen (18) years old.

(c) Should the non-Tribal member tenant satisfy the payment requirements of the rent-to-own agreement prior to the Tribal member child's eighteenth (18th) birthday, the rent-to-own agreement shall be extended at no additional cost to the tenant and conveyance postponed until the Tribal member child reaches eighteen (18) years of age and the rent-to-own agreement is transferred to the child.

(d) In the event the non-Tribal member tenant either has no children living in the premises that are Tribal members or declines to enter the agreement transferring the rent-to-own agreement to a Tribal member child, the rent-to-own agreement shall be terminated upon the tenant's ineligibility to remain in the rent-to-own program and a limited term rental agreement shall be executed.

611.9-5. Where a landlord is terminating a rental agreement entered on a rent-to-own basis based on death of a Tribal member tenant, the landlord shall pay the remaining co-tenant all equity the tenants may have accrued in accordance with the rental agreement.

(i) “Tribal member” means an individual who is an enrolled member of the Nation.

(j) “Security Deposit” means a payment made to the landlord by the tenant to ensure that rent will be paid and other responsibilities of the rental agreement performed.

611.4. Rental Programs

611.4-1. *Available Rental Programs.* Consistent with available funds, the Comprehensive Housing Division shall provide residential rental programs for providing housing to the following types of tenants and the Oneida Land Commission and the Comprehensive Housing Division shall jointly establish rules naming said programs and providing the specific requirements and regulations that apply to each program:

(a) Elder tribal members;

(b) Low-income Oneida tribal members and families; and

(c) Tribal members in general.

611.4-2. *Minimum Rental Eligibility Requirements.* In order to be eligible for a rental agreement, applicants shall meet the following conditions:

(a) Be eighteen (18) years of age at the time of the application;

(b) Have no felony or drug convictions within the past two (2) years from the date of application, provided that a pardon or forgiveness received pursuant to the Pardon and Forgiveness law may provide an exception to this condition;

(c) Meet the local governments’ laws’ requirements regarding residency restrictions for convicted sex offenders;

(d) Meet the income requirements for entering the rental agreement as determined by the rental program’s governing rules;

(e) Not hold a residential lease with the Nation; and

(f) Meet any other eligibility requirements set by the rental program’s rules, which may not be less strict than this law, but may be stricter than this law, provided that rules developed for low-income Tribal members and families:

(1) May not contain eligibility requirements that consider debt owed or evictions from entities other than the Comprehensive Housing Division; but

(2) May contain eligibility requirements that consider debt owed to utility providers, provided that eligibility may not be denied for any debt owed to a utility provider with a past due balance of less than two hundred dollars (\$200).

For OBC Consideration

2017 12 13

611.4-3. *Tenant Selection.* The Land Commission and the Comprehensive Housing Division shall jointly develop rules governing the selection of applicants for the issuance of rental agreements.

611.5. Rental Agreement Documents

611.5-1. *Severability of Rental Agreement Provisions.* The provisions of a rental agreement are severable. If any provision of a rental agreement is void or unenforceable by reason of any law, rule, regulation, or judicial order, the invalidity or unenforceability of that provision does not affect other provisions of the rental agreement that can be given effect without the invalid or unenforceable provision.

611.5-2. *Requirements of Rental Agreements and Terminations.* A rental agreement or termination of a rental agreement is not enforceable unless it meets the requirements of this law and is in writing.

(a) All rental agreements shall:

(1) Set forth the amount of rent or other consideration provided in exchange for the ability to use/occupy the premises;

(2) Set forth the required amount of security deposit and require payment of the security deposit prior to the tenant(s) taking use/occupancy of the premises;

(3) Set the time of commencement and expiration of the rental agreement;

(4) Provide a reasonably definite description of the premises;

(5) State that nothing in the agreement may be considered a waiver of the Nation's sovereign immunity, provided that tenants may seek enforcement of a rental agreement or dispute an action taken pursuant to a rental agreement with the Oneida Judiciary; and

(6) Be signed by both the landlord and the tenant(s) prior to the tenant(s) taking use/occupancy of the premises;

(A) The rental agreement is not required to be signed by all adults using/occupying the premises, provided that the rights and responsibilities contained in the rental agreement do not extend to persons that are not named as tenants in the rental agreement.

(B) Unless legally separated, if a tenant(s) is married, the landlord shall require that each spouse sign the rental agreement.

(b) Any provision of a rental agreement that does any of the following is void and unenforceable.

(1) Allows a landlord to do or threaten to do any of the following because a tenant has contacted an entity for law enforcement services, health services or safety services:

(A) Increase rent;

(B) Decrease services;

(C) Bring an action for eviction pursuant to the Eviction and Termination law; and/or

(D) Refuse to renew a rental agreement.

(2) Except as otherwise provided in this law in regards to domestic abuse, authorizes the eviction or exclusion of a tenant from the premises other than through the process described in the Eviction and Termination law.

For OBC Consideration

2017 12 13

(3) Requires the tenant to pay attorney's fees or costs incurred by the landlord in any legal action or dispute arising under the rental agreement except as supported by a court order.

(4) States that the landlord is not liable for property damage or personal injury caused by negligent acts or omissions of the landlord. This subsection does not affect ordinary maintenance obligations of a tenant under 611.6-3(b) or assumed by a tenant under a rental agreement or other written agreement between the landlord and the tenant.

(5) Imposes liability on the tenant for any of the following:

(A) Personal injury arising from causes clearly beyond the tenant's control.

(B) Property damage caused by natural disasters or by persons other than the tenant or the tenant's guests or invitees. This subsection does not affect ordinary maintenance obligations of a tenant under 611.6-3(b) or assumed by a tenant under a rental agreement or other written agreement between the landlord and the tenant.

(6) Waives any obligation on the part of the landlord to deliver the premises in a fit and habitable condition or to maintain the premises during the tenant's tenancy.

(7) Allows for periodic tenancy, which for the purposes of this section means when a tenant uses/occupies a premises without an effective and valid rental agreement by paying rent on a periodic basis including, but not limited to, day-to-day, week-to-week and month-to-month.

611.5-3. *Assignment of Rental Agreements Not Permitted.* Assignments of rental agreements are not permitted under any circumstances.

611.6. Rights and Duties of Landlords and Tenants

611.6-1. This section governs the rights and duties of the landlord and tenant in the absence of any inconsistent provision found in a valid rental agreement.

611.6-2. *Disposition of Personal Property Left by the Tenant.* If the tenant moves from or is evicted from the premises and leaves personal property, the landlord may presume that the tenant has abandoned the personal property and may dispose of said property in any manner that the landlord, in his or her sole discretion, determines is appropriate, provided that:

(a) The landlord shall hold personal property for a minimum of five (5) business days and the tenant may retrieve said personal property by contacting the landlord.

(b) The landlord shall keep a written log of the date and the work time that the Nation's staff expends storing and/or removing personal property and/or removing/disposing of debris left at the property after the expiration of the timeframe provided in the order to vacate.

(c) The Land Commission and the Comprehensive Housing Division shall jointly create rules further governing the disposition of personal property.

611.6-3. *Repairs; Untenability.* This section applies to all leases if there is no contrary provision in writing signed by both parties.

(a) *Duties of the Landlord.*

(1) Except for repairs made necessary by the negligence of, or improper use of the premises by the tenant, the landlord has a duty to do all of the following:

(A) Keep in a reasonable state of repair portions of the premises over which the landlord maintains control.

For OBC Consideration

2017 12 13

(B) Keep in a reasonable state of repair all equipment under the landlord's control necessary to supply services that the landlord has expressly or impliedly agreed to furnish to the tenant, such as heat, water, elevator, or air conditioning.

(C) Make all necessary structural repairs.

(D) Except as provided in section 611.6-3(b)(2), repair or replace any plumbing, electrical wiring, machinery, or equipment furnished with the premises and no longer in reasonable working condition.

(E) Comply with any laws or rules of the Nation that are applicable to the premises.

(2) If the premises are part of a building where other parts are occupied by one (1) or more other tenants, negligence or improper use by one (1) tenant does not relieve the landlord from the landlord's duty to make repairs as provided in 611.6-3(a)(1), provided that the landlord may require the responsible tenant to pay for such repairs.

(3) A landlord shall disclose to a prospective tenant, before entering into a rental agreement with or accepting any earnest money or security deposit from the prospective tenant, any violation of either the Building Code of the Oneida Nation or the Zoning and Shoreland Protection Ordinance if all of the following apply:

(A) The landlord has actual knowledge of the violation;

(B) The violation affects the dwelling unit that is the subject of the prospective rental agreement or a common area of the premises;

(C) The violation presents a significant threat to the prospective tenant's health or safety; and

(D) The violation has not yet been corrected but the landlord shall correct the violation prior to the tenant taking occupancy of the premises.

(4) If the premises are damaged by fire, water or other casualty, not the result of the negligence or intentional act of the landlord, this subsection is inapplicable and either section 611.6-3(b) or (c) governs.

(5) The landlord is responsible for all required pest control to keep the premises in a safe and healthy condition, provided that where an infestation has occurred due to the acts or inaction of the tenant the pest control costs may be assessed against the tenant.

(b) Duties of the Tenant.

(1) If the premises are damaged, including by an infestation of insects or other pests, due to the acts or inaction of the tenant, the landlord may elect to allow the tenant to remediate or repair the damage and restore the appearance of the premises by redecorating. However, the landlord may elect to undertake the remediation, repair, or redecoration, and in such case the tenant shall reimburse the landlord for the reasonable cost thereof; the cost to the landlord is presumed reasonable unless proven otherwise by the tenant.

(2) The tenant shall keep plumbing, electrical wiring, machinery and equipment furnished with the premises in reasonable working order.

(3) Tenants shall comply with all laws and rules of the Nation.

(c) Untenability. If the premises become untenable because of damage by fire, water or other casualty or because of any condition hazardous to health, or if there is a substantial violation of section 611.6-3(a) materially affecting the health or safety of the tenant, the

For OBC Consideration

2017 12 13

tenant may move from the premises unless the landlord promptly repairs, rebuilds or eliminates the health hazard or the substantial violation of 611.6-3(a) materially affecting the health or safety of the tenant.

(1) The tenant may also move and terminate the rental agreement if the inconvenience to the tenant by reason of the nature and period of repair, rebuilding or elimination would impose undue hardship on the tenant.

(2) If the tenant remains in possession, the landlord shall decrease rent for each month to the extent the tenant is deprived of the full normal use of the premises. The Land Commission and the Comprehensive Housing Division shall jointly develop rules governing how and when rent is decreased pursuant to this section. This subsection does not authorize rent to be withheld in full, if the tenant remains in possession.

(3) If the tenant justifiably moves out under this subsection, the tenant is not liable for rent after the premises become untenable and the landlord shall repay any rent paid in advance apportioned to the period after the premises become untenable. This subsection is inapplicable if the damage or condition is caused by negligence or improper use by the tenant.

(d) *Check-in sheet.* Landlords shall provide all new tenants with a check-in sheet when the tenant commences his or her occupancy of the premises that the tenant may use to make comments, if any, about the condition of the premises. The landlord shall provide the tenant with seven (7) days from the date the tenant commences his or her occupancy to complete the check-in sheet and return it to the landlord. The landlord is not required to provide the check-in sheet to a tenant upon renewal of a rental agreement.

(e) *Notice to Enter Required.* The landlord shall provide twenty-four (24) hour written notice prior to entering the tenant's premises where notice is required to either be personally served to the tenant or posted on the premises. A landlord is exempt from this notice requirement in the case of an emergency welfare check. The basis of a welfare check may include, but is not limited to the following:

(1) The landlord believes the tenant's or a child's wellbeing may be in jeopardy based on reports of child abuse or neglect, medical concerns, suspicious activity or other reported information;

(2) The landlord suspects the tenant has abandoned the premises; and/or

(3) The landlord receives notice that the premise's utilities have been disconnected.

(f) *Acts of tenant not to affect rights of landlord.* No act of a tenant in acknowledging as landlord a person other than the tenant's original landlord can prejudice the right of the original landlord to possession of the premises.

(g) *Annual Inspection Required.* In the event the tenant renews the rental agreement for additional terms, the landlord shall, at a minimum, inspect the premises once annually.

611.7. Domestic Abuse Protections

611.7-1. If a tenant notices the landlord of domestic abuse with of any of the following documentation, regardless of marital status, the landlord shall change the locks to the premises and, if the tenant is unmarried, allow the tenant to modify the rental agreement to remove the domestic abuser:

(a) An injunction order under Wis. Stat. 813.12(4) protecting the tenant from a co-tenant;

For OBC Consideration

2017 12 13

(b) An injunction order under Wis. Stat. 813.122 protecting a child of the tenant from a co-tenant;

(c) An injunction order under Wis. Stat. 813.125(4) protecting the tenant or child of the tenant from a co-tenant, based on the co-tenant's engaging in an act that would constitute sexual assault under Wis. Stat. 940.225, 948.02 or 948.025, or stalking under Wis. Stat. 940.32, or attempting or threatening to do the same;

(d) A condition of release under Wis. Ch. 969 ordering the co-tenant not to contact the tenant;

(e) A criminal complaint alleging that the co-tenant sexually assaulted the tenant or a child of the tenant under Wis. Stat. 940.225, 948.02 or 948.025;

(f) A criminal complaint alleging that the co-tenant stalked the tenant or a child of the tenant under Wis. Stat. 940.32; or

(g) A criminal complaint that was filed against the co-tenant as a result of the co-tenant being arrested for committing a domestic abuse offense against the tenant under Wis. Stat. 968.075.

611.7-2. If a tenant is no longer eligible to maintain the rental agreement upon removing a co-tenant domestic abuser from the rental agreement, the landlord shall permit the tenant to remain on the premises for the longer of either the duration of the rental agreement or ninety (90) days from the date the rental agreement is modified. If the latter applies, in addition to removing the co-tenant that is the domestic abuser, the landlord shall also revise the rental agreement to extend its duration.

611.7-3. The Eviction and Termination law provides tenants that are victims of domestic abuse with a defense to eviction should the abusers actions be the cause for eviction.

611.8. Sex Offender Registry

611.8-1. Should a tenant request information about whether any other tenants are required to register as a sex offender, the landlord shall provide the tenant with written notice that he or she may obtain information about the sex offender registry and persons registered within the registry by contacting the department of corrections. The landlord shall include in such notice the appropriate telephone number and internet site of the department of corrections.

611.9. Termination of Tenancy at Death of Tenant

611.9-1. If a tenant dies, his or her tenancy is terminated as follows:

(a) If the deceased tenant was the only household member listed in the rental agreement, immediately upon the death of the tenant;

(b) If there were additional adult household members aside from the deceased tenant listed in the household within the rental agreement, then the later of the following, provided that an adult household member remaining in the unit shall assume the tenancy responsibilities under the rental agreement:

(1) Six (6) months after the landlord receives notice, is advised, or otherwise becomes aware of the tenant's death, provided that any extension beyond the original term of the agreement requires an amendment or limited term rental agreement which covers the term of the extension; or

(2) The expiration of the term of the rental agreement.

611.9-2. The deceased tenant or his or her estate is not liable for any rent after the termination of his or her tenancy. A landlord may not contact or communicate with a member of the deceased tenant's family for the purpose of obtaining from the family member rent for which the

For OBC Consideration

2017 12 13

family member has no liability except that if adult household members remain in the rental unit following the deceased tenant's death in accordance with section 611.9-1 or 611.9-4, an adult household member shall assume the tenancy responsibilities pursuant to the rental agreement.

611.9-3. Nothing in this section relieves another adult tenant of the deceased tenant's premises from any obligation under a rental agreement or any other liability to the landlord.

611.9-4. If the deceased tenant is a Tribal member whose death renders a co-tenant no longer eligible for a rental agreement based on Tribal member status, the non-Tribal member tenant may remain in the premises as follows:

(a) If subject to a standard rental agreement (i.e. not on a rent-to-own basis), see section 611.9-1(b) above.

(b) If the rental agreement was on a rent-to-own basis, the remaining non-Tribal member tenant may remain in the premises for a maximum of six (6) months from the date of the Tribal member tenant's death unless the non-Tribal member tenant has a child that is a Tribal member. In the event the original tenants have a Tribal member child, the non-Tribal member tenant may remain in the premises under the rent-to-own agreement so long as the non-Tribal member tenant either:

(1) Transfers the premises and the rent-to-own agreement to a child of one (1) or both of the original tenants who is a Tribal member, eighteen years or older, and agrees to live in the premises; or

(2) Signs an agreement indicating that the premises and the rent-to-own agreement shall be transferred to a minor Tribal member child when the child is eighteen (18) years old.

(c) Should the non-Tribal member tenant satisfy the payment requirements of the rent-to-own agreement prior to the Tribal member child's eighteenth (18th) birthday, the rent-to-own agreement shall be extended at no additional cost to the tenant and conveyance postponed until the Tribal member child reaches eighteen (18) years of age and the rent-to-own agreement is transferred to the child.

(d) In the event the non-Tribal member tenant either has no children living in the premises that are Tribal members or declines to enter the agreement transferring the rent-to-own agreement to a Tribal member child, the rent-to-own agreement shall be terminated upon the tenant's ineligibility to remain in the rent-to-own program and a limited term rental agreement shall be executed.

611.9-5. Where a landlord is terminating a rental agreement entered on a rent-to-own basis based on death of a Tribal member tenant, the landlord shall pay the remaining co-tenant all equity the tenants may have accrued in accordance with the rental agreement.

611.10. Landlord or Tenant Actions

611.10-1. The Oneida Judiciary is granted jurisdiction to hear complaints filed regarding actions taken pursuant to this law and/or a rental agreement.

611.10-2. No administrative hearing body, including a board, committee or commission, is authorized to hear a complaint regarding actions taken pursuant to this law and/or a rental agreement.

611.10-3. The landlord is the Comprehensive Housing Division in regards to taking actions authorized under this law and complaints filed with the Oneida Judiciary shall name the Comprehensive Housing Division and the specific program.

Subject: E-POLL REQUEST: Adopt two (2) resolutions RE CY18 Tribal law enforcement grants
Importance: High

E-POLL REQUEST

Summary:

The Oneida Police Department is in the process of submitting two (2) grant applications with a due date of November 30, 2017. The State of Wisconsin Department of Justice requires an approved, signed resolution by the governing body as part of the grant application process. This is a request for adoption of two (2) resolutions that authorizes and supports submission of the grant applications to the State of Wisconsin Department of Justice for the CY 2018 County Tribal Law Enforcement grants.

- 1) CY 2018 County Tribal Law Enforcement – Brown County in the amount of \$18,254.00
- 2) CY 2018 County Tribal Law Enforcement – Outagamie County in the amount of \$16,483.00

The funding for the two (2) grants will be used to provide new equipment for the squads, uniforms and supplies, as well as continuing with maintenance agreements on equipment and software. No match is required.

Due to the cancellation of the November 22nd meeting, we respectfully request an E-Poll in order to meet the November 30th deadline.

Requested Action:

Adopt resolution entitled CY 2018 County Tribal Law Enforcement – Brown County; and adopt resolution entitled CY 2018 County Tribal Law Enforcement – Outagamie County.

Deadline for response:

Responses are due no later than **4:30 p.m. TODAY, November 15, 2017.**

Voting:

1. Use the voting button above, if available; OR
2. Reply with “support” or “oppose”.

MEMORANDUM OF UNDERSTANDING FOR DATA SHARING AND USE

PARTIES

This Memorandum of Understanding ("Agreement") dated 11-09-2017 ("Effective Date") is by and between Oneida Nation, address of P.O. Box 365, Oneida, WI 54155 and Achieve Brown County, Inc., a Wisconsin 501(c)(3) nonprofit corporation located at 2701 Larsen Rd. # 136, Green Bay, WI 54303 ("Achieve Brown County") (each a "Party" and collectively the "Parties").

PURPOSE

This agreement covers privacy and security requirements for the provision of data by the Oneida Nation. Oneida Nation will provide records-level Program Data pursuant to this Agreement to Achieve Brown County via electronic exchange. This exchange will occur in order to assist in the enhancement of collaborative community efforts to support and improve certain academic, health and wellness outcomes in Brown County through study and analysis of certain data and population trends, as related to the work of the Community Information System (CIS).

Achieve Brown County will provide a secure host environment and resources (employed and/or subcontracted) to receive the Program Data from Oneida Nation, scrub and de-identify such data so that it qualifies as Aggregate Data, and create and load Aggregate Data into appropriate data sets. These resources will also ensure the security of the hosted environment.

PERMITTED USES AND RESTRICTIONS

Oneida Nation agrees to supply records-level data to Achieve Brown County for use in analysis and to generate aggregated or partially disaggregated, de-identified reports; Achieve Brown County may employ subcontractors to perform the latter services.

As a condition of participating in this Agreement, Achieve Brown County agrees that: (a) it will not use the results of the data analysis including Aggregate Data, reports, or any other information ("Deliverables") to seek to identify specific individuals; (b) it will not sell the Deliverables or data; and (c) it will not use the Deliverables or data to solicit or contact clients; each Party agrees that it will not use the Deliverables or other aspects of the data analysis for any purpose except to improve its own operations and services.

Except as otherwise permitted herein, Achieve Brown County shall implement appropriate policies, procedures, and safeguards to: (a) prevent Program Data from being downloaded to or accessed by any portable device (including, without limitation, smart phones and tablets) or portable electronic media (including, but not limited to, external hard drives, USB flash drives, and compact discs); and (b) prevent Program Data from being downloaded or accessed from off-site.

CONFIDENTIALITY REQUIREMENTS

Oneida Nation shall share Program Data in a standardized and secure format agreed to by the Parties. The secure, electronic data sharing process between Oneida Nation and Achieve Brown County shall, when applicable, comply with all privacy and security requirements under the Gramm Leach Bliley Act (GLBA), the Health Insurance Portability and Accountability Act (HIPAA) and the Family Educational Rights and Privacy Act (FERPA).

Achieve Brown County shall not utilize Oneida Nation Program Data for any purpose other than the purpose for which it was supplied. Notwithstanding the foregoing, Achieve Brown County shall be entitled to use data supplied by Oneida Nation in creating statistical compilations of data that do not contain information permitting the data to be traced back to individual persons. Such compilations will not include sensitive data such as social security numbers or bank account numbers and shall be in compliance with all applicable data privacy laws. Achieve Brown County shall maintain all personal information in compliance with applicable United States data privacy laws.

Oneida Nation shall have a unique and secure login credential that allows the transmission of its Program Data to a file directory assigned only to Oneida Nation, and accessible only by Oneida Nation and Achieve Brown County. Use of any data and information provided pursuant to this Agreement is limited to designated Achieve Brown County representatives. Achieve Brown County will not use or further disclose data or information provided pursuant to this Agreement, other than permitted by this Agreement or as otherwise permitted or required by law.

Achieve Brown County shall employ safeguards as necessary to ensure that Program Data is not accessible to or accessed by (a) any individual other than Achieve Brown County employees who have been appropriately trained on the handling of confidential information or (b) subcontractors that have agreed to the same conditions and restrictions on the handling of Program Data as set forth in this Agreement.

OTHER CONFIDENTIAL INFORMATION

Except as otherwise provided herein, Achieve Brown County may not, at any time during the term of this Agreement or thereafter, communicate, use or disclose to any third party any information related to Oneida Nation or its businesses, systems, networks, clients, customers, employees, representatives, or agents that Oneida Nation keeps as and reasonably considers to be confidential or proprietary (collectively, "Confidential Information"). Achieve Brown County will protect the confidential nature of the Confidential Information using methods and processes reasonably designed to prevent the unauthorized disclosure or use of any Confidential Information by any Achieve Brown County employee or personnel or any other third party.

Achieve Brown County agrees to take all responsible steps to cure any breach of this Agreement by Achieve Brown County or any of its employees or personnel within 10 days of being notified of the breach. Oneida Nation agrees to take all responsible steps to cure any breach of this Agreement by Oneida Nation or any of its employees or personnel within 10 days of being notified of the breach.

In the event that Achieve Brown County is requested or required by governmental order, judicial process, or similar means to disclose any Confidential Information, Achieve Brown County agrees to provide immediate written notice to Oneida Nation of such request and to cooperate with Oneida Nation at no additional cost to Oneida Nation, in seeking to limit such disclosure and in seeking an appropriate protective order and confidential treatment if appropriate.

SEVERABILITY

If any portion of this contract is found to be invalid the remainder of the contract shall continue in full force unless the stricken provision makes it impossible for the essential purpose of the contract to be met.

TERM AND TERMINATION

The initial term of this Agreement shall begin on the Effective Date and continue for one year ("Initial Term"). Unless earlier terminated, this Agreement shall automatically renew for successive one-year terms ("Renewal Terms"; the Initial Term and Renewal Terms are collectively the "Term").

In the event of a material breach of this Agreement by any Party, the non-breaching Party shall give written notice thereof to the Party in breach. If such breach is not cured within ten days after receipt of notice of breach, the non-breaching Party may upon written notice to the breaching Party terminate this Agreement, in addition to any other remedies the non-breaching Party may have.

Upon termination of this Agreement, Achieve Brown County shall promptly return or destroy all Oneida Nation Program Data. If the Parties agree that it is infeasible to return or destroy the relevant Program Data, then Achieve Brown County shall extend the protections of this Agreement to such Program Data until it is able to return or destroy such Program Data.

AUDIT

At any time during the performance of the Services, the Term of this Agreement, and for five years thereafter, at any time during Achieve Brown County's regular business hours, Oneida Nation, or its designated representatives may, with forty-eight (48) hours prior written notice (exclusive of weekends and holidays), audit Achieve Brown County's

Community Information System operations, books, records and files as necessary to confirm compliance with this Agreement. All audits shall be approved by a majority of the CIS Leadership Team.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed by their duly authorized officers and made effective as of the Effective Date.

Re: ERB Transfer of Hearing Authority to Oneida Judiciary Update per OBC Resolution # 09-27-17-F

The purpose of this memo is to give an update of the Environmental Resource Board (ERB) hearing authority being transferred to the Oneida Judiciary.

History

The original transfer date for ERB hearing to the Oneida Judiciary was determined by the Hearing Authority Transfer team and set for October 01, 2017 with a backup extension date of January 01, 2018.

An extension was requested due to the timeline for October 01, 2017 not being realistic with budget season, creation of a new citation for the Nation, coordination of meetings, research efforts, and co-coordinating with Division of Land Management and Risk Management to address an abatement and restoration caused by a sewage holding tank, which flooded suites 5 & 6 at Ridgeview Plaza. For these reasons a second request to the OBC for an extension was submitted and approved for January 01, 2018.

OBC Resolution # 09-27-17-E is an approval for extending all laws where ERB has hearing authority apart from the Domestic Animal Ordinance. OBC Resolution # 09-27-17-F reinstated the Oneida Tribal Regulation of Domestic Animals Ordinance; within that resolution are various reporting directives.

*Excerpt: **NOW THEREFORE BE IT FINALLY RESOLVED**, that the Environmental resource Board shall submit a progress report to the Oneida Business Committee at the first (1st) regular OBC meeting in December of 2017, identifying the steps taken to transfer hearing body authority as of that date, and identifying any steps remaining, including but not limited to, any potential issues and assistance that may be needed to ensure the above deadline is met.*

Current Reality

The Oneida Nation Citation has been created and printed. As of Tuesday, December 05, 2017 the printed citations were transferred to the Oneida Police Department (OPD). The department is going to review internal processes and then disseminate the citations to the law enforcement officers, which includes the Game Wardens.

Potential Issue

There are two laws that we have a concern where the fine/fee schedule is incorporated into the law and there are changes that need to be made; those laws are the chapter 609 Public Use of Tribal Land BC#7-26-17-D and chapter 304 Domestic Animals BC #06-28-17-B. The Public Use of Tribal Land law has a Citation Schedule that is standalone but is considered part of the law; that citation schedule was not renumbered during the Code Of Laws project. The Domestic Animals also has a standalone Domestic Animals Schedule of Fines.

Our concern is that since both the citation schedule and the schedule of fines are considered part of the law that any changes will need to follow the amendment process in the Legislative Procedure Act. The Public Use of Tribal Land law needs the violation numbers renumbered and the Domestic Animals needs renumbering and two additional fines added. Our recommendation is to draft an emergency resolution to put into effect the amended schedule of fines and citation schedule and/or set them as rules. ERB has ruling for these laws scheduled for this year and are currently working on pulling these fine fee schedules out of the laws and make them rules in accordance with the Administrative Rule Making law.

ERB, LRO, and Law office will be meeting on Friday, December 08, 2017 at 8:30 a.m. to 9:30 p.m. in the BC Executive Conference room to address how these changes should be made.

Next Steps

There is an meeting scheduled with ERB, OPD, Conservation, and Law Office on Thursday, December 14, 2017 at 9:00 a.m. to 10:30 a.m. at Ridgeview Plaza STE4. The purpose of the meeting is to discuss the current processes in place for each department; to formulate a communication plan between the Oneida Judiciary, OPD, and Wardens to address the day court is held for respondent's that are issued an Oneida Nation Citation. To address the need to create or modify MOAs or SOPs. Also to identify if there is a need for specialized equipment that might be needed for body cam footage in the court room.

Requested Action

Request a motion to accept the ERB Hearing Authority transfer to the Oneida Judiciary.

Request a motion to have ERB work with LRO and Law Office to draft an emergency resolution to address the fine and fee schedules and submit it to the OBC at the December 27, 2017 meeting.

Oneida Business Committee Agenda Request

6. Cover Memo:

Describe the purpose, background/history, and action requested:

The purpose for this request is to comply with the Oneida Nation / State of Wisconsin Gaming compact Article XIV by obtaining approval of the inspection and testing reports submitted. To approve the Oneida Gaming Commission to send the annual compliance letter to the State of Wisconsin. Also to obtain a letter from the Secretary Office certifying that the OBC approved the submitted information, this letter will aid in the timely submittal of the Annual Letter instead of waiting for the BC minutes to be formally approved.

The Gaming Compact requires annual reporting of compliance for each gaming facility.

As stated the Zoning Department is looking for two actions. 1) Approval of Inspection and testing report packet for the Annual Letter to the State, 2) Letter from the Secretary's office to aid in the timely submittal of the Letter to the State.

1) Save a copy of this form for your records.

2) Print this form as a *.pdf *OR* print and scan this form in as *.pdf.

3) E-mail this form and all supporting materials in a **SINGLE** *.pdf file to: BC_Agenda_Requests@oneidanation.org

Subject: Compliance Inspection of Gaming Facilities

Date: October 20, 2017

.....

Staff from the Oneida Zoning Department, Engineering Department and appropriate serving Fire Departments has inspected the following tribal gaming facilities over the past twelve months for compliance with ARTICLE XIV of the Gaming Compact.

- o Main Casino 2020 Airport Dr.
- o IMAC 2100 Airport Dr.
- o Mason Street Casino 2514 W Mason St.
- o Packerland One Stop / Casino 3120 S Packerland Dr.
- o Oneida Travel Center 5939 Old Hwy 29

These inspections include:

- o Level II Semi Annual Life / Safety Fire Inspection completed within the last 12 months

A complete packet of each facility is enclosed for your easy reference and review. Upon completion of your review please forward unto the Oneida Business Committee for their review. Upon completion of the BC review and approval please have them forward to the Gaming Commission, the commission will then send a letter and supporting documentation to the state.

Respectfully Submitted,

Re: OBC SOP Corporate Appointments

This is a request for the OBC to approve the attached draft SOP Corporate Appointments.

BACKGROUND

The inconsistency of the appointment process for board members and agents of the Nation's corporate entities has been an ongoing issue.

In response, Chief Counsel authored "Draft 1" of the Corporate Appointment SOP. "Draft 1" was submitted on September 14, 2016, to Eastern/Woodlands Office of Native American Programs Office of the U.S. Department of Housing and Urban Development as part of the Management Response to June 21, 2016, Draft Monitoring Report.

Since that time, no formal action to approve the SOP was made.

My office added this discussion to the September 2017 BC Work Session, but the item was not addressed.

At the October 2017 BC Work Session, input was received to: add a qualifications matrix and/or scoring mechanism; change 4.3 from an e-mail recommendation to a consensus-driven discussion in Executive Session; add notation that the SOP would be updated with the adoption of a Corporate Law; and add not acceptable/not acceptable employment for applicants.

The revisions were brought to the October 2017 BC work Session where "Draft 2" was finalized and my office was requested to prepare the SOP for BC approval.

Describe the purpose, background/history, and action requested:

TO: ONEIDA BUSINESS COMMITTEE

FROM: LISA SUMMERS, SECRETARY

RE: Identification of Screening/Selection Subcommittee for Family Court Judge vacancy

BACKGROUND

The OBC approved the revised SOP entitled Selection of Family Court Judge on November 30, 2017. Section 4.0 of the SOP states:

"4.0 IDENTIFICATION OF SCREENING/SELECTION SUBCOMMITTEE

- 4.1 Upon posting of the vacancy the Secretary shall request the Oneida Business Committee to identify a Screening/Selection Subcommittee made up of the following individuals:
 - a. Three or more members of the Oneida Business Committee who shall score.
 - b. One or more members of the Judiciary, to serve as subject matter experts, who shall not score."
- 4.2 The Screening/Selection Subcommittee shall be responsible for screening applications, interviewing candidates, and making recommendation regarding appointment to the Oneida Business Committee."

The Request to Post has been submitted to Human Resources and the Family Court Judge vacancy is in the process of being posted. The next step is for the Oneida Business Committee to identify a Screening/Selection Subcommittee using the guidelines provided in the SOP.

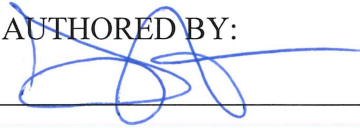

My office has inquired with the Judiciary and Raeann Skenandore, Court Administrator, has indicated the following individuals would represent the Judiciary:

- Judge Marcus Zelenski
- Chief Judge Gerald L. Hill
- Chief Judge Denice E. Beans
- Pixie DeGrand, Court Clerk

REQUESTED ACTION

Identify Screening/Selection Subcommittee for Family Court Judge vacancy

- 1) Save a copy of this form for your records.
- 2) Print this form as a *.pdf OR print and scan this form in as *.pdf.

ONEIDA NATION	TITLE: Selection of Family Court Judge	ORIGINATION DATE: 05/08/2013 REVISION DATE: 11/30/2017 EFFECTIVE DATE: Upon OBC approval
DEPARTMENT: Oneida Business Committee	APPROVED BY: <i>Oneida Business Committee</i> See Attached OBC meeting minutes	DATE: 11/30/2017
AUTHOR: JoAnne House, Chief Counsel	AUTHORED BY: 	DATE: 11/30/2017

1.0 PURPOSE

- 1.1 The purpose of this Standard Operating Procedure is to set forth a consistent process for the selection and appointment of the Family Court Judge as created in Chapter 151, Family Court Law.

2.0 DEFINITIONS

- 2.1 *Secretary* means the office of the Secretary of the Oneida Business Committee and the employee delegated the authority and responsibility for administering this Standard Operating Procedure. The Secretary shall identify by memo to the Oneida Business Committee the employee delegated authority and responsibility.

3.0 POSTING NOTICE OF VACANCY

- 3.1 The Secretary shall be the office responsible for identifying the term of office of any appointment as a Family Court Judge and shall notify the Oneida Business Committee:
- a. at least three months prior to a vacancy occurring as a result of conclusion of a term of office that the posting process for the vacancy will begin.
 - b. as soon as reasonable and practicable that a vacancy has occurred as a result of a resignation that the posting process for the vacancy will begin.
 - c. as soon as reasonable and practicable for any other vacancy that the posting process for the vacancy will begin.
- 3.2 The Secretary shall post notice of a vacancy in a judicial position on the Family Court. Such notice shall contain the following information.
- a. Term of office and that the office is subject to an Attorney Contract.
 - b. Position responsibilities as set forth in the law.
 - c. Beginning and ending date of the posting.
 - d. Expected start date.
 - e. Required minimum qualifications as set forth in the law.
 - f. Address, fax number, e-mail address for receipt of applications.

4.0 IDENTIFICATION OF SCREENING/SELECTION SUBCOMMITTEE

- 4.1 Upon posting of the vacancy the Secretary shall request the Oneida Business Committee to identify a Screening/Selection Subcommittee made up of the following individuals:
 - a. Three or more members of the Oneida Business Committee who shall score.
 - b. One or more members of the Judiciary, to serve as subject matter experts, who shall not score.
- 4.2 The Screening/Selection Subcommittee shall be responsible for screening applications, interviewing candidates, and making recommendation regarding appointment to the Oneida Business Committee.

5.0 SCREENING AND INTERVIEW

- 5.1 The Screening/Selection Subcommittee shall identify the minimum qualifications and screen all applicants on those minimum qualifications. All applicants that do not meet minimum qualifications or who have not submitted complete applications shall be notified in writing that they are not being considered.
- 5.2 The Screening/Selection Subcommittee shall require all screened applicants to file a conflict of interest disclosure which shall include all family relations regarding all levels of the Tribe's organization and all business relationships with businesses working with the Oneida Tribe or located within reasonable distance to the Oneida Reservation.
- 5.3 The Screening/Selection Subcommittee shall schedule interviews and mock trial for each screened applicant. Such interviews and mock trial shall be conducted in a consistent manner and interview questions shall be identified in writing prior to the interview. The interview for this non-employment position is a political appointment, but shall conform to EEO laws. All interview questions shall be reviewed by the Human Resources Department to verify compliance with EEO laws.
- 5.4 Recommendations for appointment are made based on meeting all minimum requirements as set forth in the law, the materials submitted in the application, and the interviews. The Screening/Selection Subcommittee is not limited to making appointment recommendations based on interview scoring.
- 5.5 The Screening/Selection Subcommittee shall be authorized to contact the applicant being considered for recommendation to determine whether he/she will accept the appointment and the date the applicant could start if appointed.
- 5.6 The Screening/Selection Subcommittee shall identify in a report to the Oneida Business Committee the following information.
 - a. names of all applicants and whether they were screened out
 - b. names of all applicants that were interviewed
 - c. summary of opinion of Screening/Selection Subcommittee regarding each applicant screened and interviewed and consideration for appointment
 - d. name of recommended applicant and the reasons for recommendation

6.0 APPOINTMENT

- 6.1 The Oneida Business Committee shall, in executive session, review the report of the Screening/Selection Subcommittee and shall be given access to all applications.
- 6.2 The Oneida Business Committee shall by motion adopted by majority vote, approve an appointment to the Family Court. The Oneida Business Committee is not required to appoint any recommended applicant, but is limited to appointment of a screened applicant, or may request the Secretary to repost the vacancy.
- 6.3 The Secretary shall make arrangements to have the appointed applicant take an oath of office and notify the Judiciary of the appointment and that necessary steps should be taken to install the appointed applicant in office(s) set aside for the Family Court Judge.
- 6.4 The appointed applicant shall sign the approved judge contract prior to the oath of office being given. The Secretary shall forward the judge contract, oath of office, and excerpt of Oneida Business Committee minutes approving the appointment to the Human Resources Department to set up necessary payroll and benefits.

- ✓ The document is in appropriate legal form. (*Execution is a management decision.*)
- ✓ Requires Business Committee approval prior to execution.

WHEREAS, the Office of the Attorney General in the Wisconsin Department of Justice (OAG), the Criminal Litigation Unit in the Wisconsin Department of Justice (CLU), Bureau of Aging and Disability Resources in the Wisconsin Department of Health Services (BADR), Division of Criminal Investigation in the Wisconsin Department of Justice (DCI), Oneida Nation of Wisconsin (ONW), Division of Law Enforcement Services in the Wisconsin Department of Justice (DOJ), Office of Crime Victim Services in the Wisconsin Department of Justice (OCVS), and the Harbor House Domestic Programs, Inc. (HHDP), have collaborated to apply for the Enhanced Training and Services to End Abuse in Later Life Program (EALLP) in the amount of \$400,000.

WHEREAS, the OAG and OCVS will serve as the lead applicants for the Wisconsin Department of Justice. The DCI will serve as the primary law enforcement agency, CLU will serve as the prosecutor's office, HHDP will serve as the lead victim service provider, and BADR will serve as the government agency with demonstrated experience in serving individuals in later life for the purpose of the EALLP.

WHEREAS, the DLES through its Bureau of Training and Standards will support DCI's efforts to support law enforcement training and the ONW will work with partners to ensure that the EALLP is implemented across the tribal community and its appropriate governmental agencies.

WHEREAS, the target population for this grant will include the counties of Outagamie, Brown, Calumet, Manitowoc, Fond du Lac, and the Oneida Nation of Wisconsin.

WHEREAS, each partner under this Memorandum of Understanding agrees to engage in a partnership that will strengthen and enhance efforts to improve the identified region's response to serving older adults, investigating and prosecuting elder abuse crimes, and supporting victims of abuse in later life.

WHEREAS, each partner will work together to support its role outlined in this document including encouraging local stakeholder involvement and participating in trainings at the local and national level. The partners also agree to support a collaborative community response to abuse in later life and efforts to provide direct services to victims 50 and older.

*I) Description of MOU Partners***Criminal Litigation Unit– Wisconsin Department of Justice (CLU)**

The CLU performs a number of important functions throughout the state including direct prosecution for selected statutes, special prosecutions at the request of county district attorneys, advice and consultation for law enforcement and prosecutors, and provides the statewide training for prosecutors. The Statewide Prosecutors Education and Training (SPET) program includes Assistant Attorneys General from the CLU providing general advice, training and education to prosecutors and law enforcement through a variety of means including its. The SPET training includes two annual conferences, specialized trainings, monthly telephone and webinar trainings, and distribution of resource material such as legislative updates.

Division of Criminal Investigation – Wisconsin Department of Justice (DCI)

The DCI is charged with a purely criminal investigative mission and function. They employ Special Agents who are sworn law enforcement officers possessing statewide jurisdiction and charged with the responsibility of enforcing the laws of the State of Wisconsin. The DCI has a primary responsibility of investigating crimes that are statewide in nature or importance. DCI Special Agents work closely with local, county, state and federal officials to investigate and prosecute crimes. In addition, the Division provides extensive training to local, state and federal officers on current issues in law enforcement.

Division of Law Enforcement Services – Wisconsin Department of Justice (DLES)

The DLES is organized into four Bureaus: the Crime Information Bureau; the Crime Laboratory Bureau; the Bureau of Justice Information and Analysis, and the Training and Standards Bureau.

The Training and Standards Bureau coordinates a variety of criminal justice initiatives and serves as the staff of the Law Enforcement Standards Board. It administers the programs of the Board for certification of law enforcement, jail and secure detention officers; of instructors; and of academies. The Bureau coordinates and supports statewide training provided by the Department of Justice to the Wisconsin law enforcement community. The Bureau also

administers state and federal grant funds supporting juvenile justice and adult criminal justice initiatives.

The Bureau of Justice Information and Analysis (BJIA) is responsible for conducting research, analysis, and program evaluation to support evidence-based decision making and policy development. The BJIA also serves as the Statistical Analysis Center for the State of Wisconsin and oversees the Wisconsin Uniform Crime Reporting program.

The Crime Information Bureau is responsible for managing four state-wide programs: the Transaction Information for the Management of Enforcement System; state criminal history repository, Handgun Hotline and concealed carry licenses / certifications.

The Crime Laboratory Bureau provides analyses in Controlled Substance, Toxicology, DNA/Serology, Firearms/Toolmarks Identification, and Forensic Imaging. In addition, the lab houses the State DNA Databank, provides analyses in Trace Chemistry, and provides crime scene field response for law enforcement.

Office of Crime Victim Services – Wisconsin Department of Justice (OCVS)

The Office of Crime Victim Services (OCVS) administers state and federal funding to programs that assist victims of crime, helps victims understand their crime victim rights, and works with allied professionals to enhance services to victims through training and public policy initiatives.

In addition, the OCVS coordinates the Attorney General's Sexual Assault Response Team and the Wisconsin Crime Victims Council. The programs that the OCVS administers includes the Sexual Assault Victim Services (SAVS) Program which provides grants to nonprofit organizations that offer services to sexual assault victims and the Victim/Witness Assistance Program which provides technical assistance to county victim witness programs throughout Wisconsin. In addition, the OCVS runs and the Wisconsin Victim Resource Center, which mediates victims' complaints of rights violations, the Victims of Crime Act Program that provides grants to programs to provide direct services to innocent victims of crime, the Crime Victim Compensation Program which reimburses eligible victims and their dependents for

medical and other qualifying expenses, and the Violence Against Women Grant Program, which provides grants to local non-profits and government agencies to address violence against women issues including domestic abuse, sexual assault and stalking.

Lastly, the OCVS recently established a statewide address confidentiality program that provides victims of domestic abuse, child abuse, sexual abuse, stalking and trafficking with a legal substitute address to provide them with protection from their perpetrators.

Bureau of Aging & Disability Resources –Department of Health Services (BADR)

BADR is responsible for the development of policy and the management of programs that serve persons who are elderly, persons with physical disabilities, persons who are blind or visually impaired, persons who are deaf, hard-of-hearing or deafblind, persons in need of adult protective services and persons who need or receive information about or access to community-based long-term support through an Aging and Disability Resource Center. BADR carries out its responsibilities under contracts with multiple federal agencies in a way that actively promotes individual choice, dignity, relationships, overall health, community participation, self-sufficiency and respect. BADR works closely with other units of the Department of Health Services to implement the long-term care reform proposals that utilize the aging and disability resource centers as single points of entry.

Harbor House Domestic Programs, Inc. (HHDP)

Harbor House is a victim services agency based in Outagamie and Calumet Counties with a primary goal of providing awareness and prevention of domestic abuse. Their staff are highly trained in domestic abuse client advocacy and diversity awareness, with formal educational backgrounds in social work, human services, and education. Services they provide include a 55-bed shelter facility in Appleton, Wisconsin for women and children, 24/7 confidential support and planning services, economic advocacy, legal advocacy, and support groups.

Oneida Nation of Wisconsin (ONW)

The Oneida Nation of Wisconsin is a federally recognized tribe of Oneida people coming originally from upstate New York and establishing themselves in Wisconsin nearly 200 years ago. The Oneida Reservation was created pursuant to the 1838 Treaty with the Oneida, 7 Stat.

566, is located in parts of Brown and Outagamie Counties in Northeastern Wisconsin, and encompasses approximately 65,400 acres of land. There are approximately 17,000 Oneida tribal members and they are governed by the Oneida Constitution which was adopted in 1936. The General Tribal Council is the governing body for the Oneida Nation but when they are not in session a nine-member board known as the Oneida Business Committee serves that role.

II) History of Collaborative Relationship

DCI, CLU, DLES, and OCVS are all within the Wisconsin Department of Justice (DOJ) and staff in each area work closely together to ensure that consistent programming, training, and services are delivered to partners across the state. This includes a variety of short-term and long-term initiatives that cross divisions. A recent example of a strong internal partnership at DOJ has been the efforts by DCI, OCVS, CLU, DLES and other external partners on the Sexual Assault Kit Initiative (SAKI) which is a multi-year grant that has involved the collection, review, and testing of sexual assault evidence collected from hundreds of law enforcement agencies across Wisconsin.

DOJ and BADR are currently working together closely to strategize goals and priorities for the Wisconsin Attorney General's Task Force on Elder Abuse that was launched in September of 2017. A main focus of the two partners is developing stronger relationships between local law enforcement and adult protective services workers across the state. Additionally the relationship extends to the Medicaid Fraud and Elder Abuse Unit within the DOJ where they provide investigative and litigation support as well as assisting with training for adult protective services workers.

OCVS and HHDP work closely to ensure the victims of domestic abuse receive adequate services. The HHDP is provided funding through a Victim of Crimes Act Competitive Grant. A 2016 grant from OCVS has allowed HHDP to expand legal advocacy services to victims of domestic violence including assistance with criminal cases, restraining orders, assistance in divorce proceedings, and ensuring victims understand their legal rights.

OCVS, DLES, DCI, and ONW have collaborated on the Criminal Justice Coordinating Council where the Oneida Nation Chief of Police serves as an appointed member. The CJCC has heavily focused in the past two years on creating statewide Evidence Based Decision Making practices and ONW Chief of Police has been a strong partner in that process.

The OCVS provides training for victim service providers including for groups like the Wise Women Gathering Place a domestic abuse and sexual assault program that serves ONW. A VOCA grant run by the OCVS provides the Wise Women Gathering Place with funding for crisis response, transitional living programming, domestic violence support, community outreach and cultural healing to Native American victims.

The DCI and DLES work closely with the ONW Police Department on investigating crimes and providing technical support such as training or assistance in difficult cases. In addition, the Wisconsin DOJ annually collaborates with the Oneida Nation to provide them with grant funding

for tribal law enforcement operations.

IV) Roles and Responsibilities

OCVS

The OCVS will be administering the grant and overseeing the day-to-day operations of the program. In addition they will do the following:

- Assign or hire a project manager that will be responsible for coordinating efforts among all MOU partners and other stakeholders.
- Serve as the point of contact for the technical service provider and the Office of Violence Against Women.
- Oversee the fiscal management of the grant.
- Ensure key partners and organizations are working towards implementing the various project components.
- Coordinating regular meetings with MOU partners.
- Supporting judges that the Office of State Courts has committed to sending to the Judicial Institute

DCI

The DCI will assign staff to oversee their role as the lead law enforcement agency in participating in the law enforcement “training of trainers” training, providing staff support for the training at the one or more local law enforcement multi-disciplinary trainings, and supporting the advanced law enforcement training.

In addition, the DCI will support the following:

- Working with each county Sheriff and the Oneida Nation Chief of Police to coordinate attendance by other law enforcement agencies in the region.
- Develop a sustainability plan for the EALLP for law enforcement beyond the grant period.
- Work with the MOU partners, technical providers and local community stakeholders to develop the collaborative community response and needs based assessment.

DLES

The Training and Standards Bureau within the DLES oversees the training of law enforcement across Wisconsin. The DLES will support the EALLP with law enforcement training officers participating in the various programs including the train the trainer program. Further, they will develop strategies to ensure the sustainability of the grant beyond the funding period.

CLU

The CLU will assign a staff member from the unit to oversee their role as the lead prosecutor’s office for the purposes of the grant including participating in the four-day national prosecutors’ institute on elder abuse, developing strategies to ensure

sustainability beyond the grant period, ensuring participation from prosecutors in the collaborative community response and needs based assessment.

BADR

The BADR will assign a staff member to oversee their roles and responsibilities which will include sending staff to the law enforcement and direct services “training of trainers” training programs, assist in conducting the cross-training programs, support establishing a collaborative community response to abuse in later life in the target area, and assist with the needs based assessment for services.

HHDP

The HHDP will be the primary local victim service provider under the EALLP. Their duties will include sending staff to the law enforcement and direct services “training of trainers” training programs, assist in conducting the cross-training programs, support establishing a collaborative community response to abuse in later life in the target area, and assist with the needs based assessment for services.

In addition the HHDP will agree to collaborate with other victim service providers in the targeted region when funding is awarded for outreach and direct services.

ONW

The ONW will assign a liaison to work with internal and external partners. The internal partners will include Oneida Nation Law Enforcement, Oneida Nation Elder Services, and the domestic violence and sexual assault programs in the Oneida Nation Family Support Services. In addition, the ONW liaison will collaborate with Wisconsin DOJ staff and local victim service providers to ensure that there is strong support for victims of abuse in later life.

OAG

The OAG will provide leadership across the divisions at the Wisconsin Department of Justice to ensure all internal partners are communicating and meeting goals of the EALLP. The Attorney General’s Task Force on Elder Abuse will be an excellent resource for feedback and collaboration on how to sustain the program beyond the grant period and look for ways to expand it in the future.

VI) Timeline

The roles and responsibilities described above are contingent upon receipt of grant funds by the Wisconsin Department of Justice. The effective date for this MOU will coincide with the receipt of funding which is anticipated to be October 1, 2018 and will end on September 30, 2021.

VI) Commitment to Partnership

The undersigned partners agree to collaborate pursuant to the program application and project budget. It is agreed upon that the partners will review and revise this MOU upon award of the grant. In addition, the MOU may be changed upon an annual review during the grant period or if there are required changes in any partner's roles and responsibilities. Lastly, the partners agree to negotiate terms of lasting sustainability of this project to be implemented by the end of the granting period.

We, the undersigned have read and agree with this Memorandum of Understanding. Further, we have reviewed the project and budget and approve it.

Narrative/Background:

Tribute to Survival

The Oneida Business Committee was invited to this event at the Milwaukee Public Museum. From the museum website (<https://goo.gl/dJ3F9i>): "This exhibit's centerpiece, titled "Indian Country," features a modern pow-wow grand entry scene with 37 life-sized figures dressed in colorful dance attire. Other segments present the history of American Indian and non-Indian relations. Subjects such as "The First Americans," "Outnumbered and Outarmed," and "Federal Policies and Indian Strategies" are explored in detail." There was a short fundraising presentation along with the introduction of this new exhibit.

Indian Summer 2017

The Oneida Business Committee was asked to attend to participate in the tribal leaders opening reception. This provided a meet and greet opportunity prior to the event, which creates visibility for the Nation and enhance our relationships with our surrounding communities.

Travel Event: Democratic National Convention (DNC) Native American Roundtable

Travel Location: Washington, DC

Departure Date: 09/12/2017 Return Date: 09/14/2017

Projected Cost: \$1,806.17 Actual Cost: \$1,648.52

Date Travel was Approved by OBC: 08/17/2017

Narrative/Background:

I was invited to attend the Native American Roundtable in Washington, DC, which was hosted by the DNC. This was the first tribal meeting that Chairman Perez and the new DNC leadership hosted as a part of their broader effort to make sure that tribes have a seat at the table and the opportunity to be key partners in the rebuilding of the Democratic Party.

I was asked to give the invocation to start the Roundtable discussion. The meeting started late so I was not able to stay for the entire conversation because we had scheduled House and Senate office visits and a conference call with CMS to talk about our health care challenges.

Projected Cost: \$1806.17 Actual Cost: \$1648.52

Narrative/Background:

The Oneida Nation Health team that includes members from the Business Committee, Law Office, Intergovernmental Affairs & Communication, Oneida's state and federal lobbyists and Comprehensive Health division have been working with the State of WI to find a solution to minimize the impact that the roll out of Family Care will have on our programs and our tribal members. The State and WI Tribes agreed on a path that includes the Tribes entering in to agreements with the State and Managed Care Organizations (optional) and the State and the Tribes continue to run in to challenges with the Centers for Medicaid & Medicare. The biggest challenge is the lack of communication between the CMS regional offices and the DC offices as they make decisions on the structure of the option and the agreements. A meeting with CMS in Washington DC was requested by the Oneida Nation and other WI Tribes to address the challenges before us.

The second issue of discussion was the WI Tribe's, including Oneida's, objection to the State of WI's 1115 Waiver request that would amend the State's Medicaid program called BadgerCare. The previous Business Committee submitted objections to the waiver and requested direct consultation with CMS to discuss how these amendments would adversely impact our Nation.

We took the opportunity to also meet with Congressman Gallagher, Congresswoman Gwen Moore, and Senator Tammy Baldwin to update them on the progress of both these initiatives and also requested their continued support of our efforts.

BUSINESS COMMITTEE TRAVEL REPORT

Travel Report for:	Lisa Summers		
Travel Event:	Tribal Caucus and Inter-tribal Criminal Justice Council		
Travel Location:	Wisconsin Dells, WI		
Departure Date:	09/27/2017	Return Date:	09/28/2017
Projected Cost:	\$165.50	Actual Cost:	\$170.50
Date Travel was Approved by OBC:	09/27/2017		

Narrative/Background:

Tribal Caucus

Items discussed:

- Act 31
 - The caucus agrees that Act 31 needs to be revamped. Looking to create a subcommittee to: 1) review Administrative rules; 2) review DPI curriculum; 3) create a WIEA standing agenda item; 4) develop new name for Act 31, and 5) obtain DPI consultation. All these steps are in process.
- Safe Haven:
 - Oneida hosted a meeting with Rep. Kitchens who would like to have a meeting of the interested parties on this issue and hear from WHA and as well as the tribes.
- PL280 Retrocession:
 - Subcommittee of Oneida, LCO, St. Croix, and Menominee has been formed. Oneida is working on an updated outline/timeline.
- Regulation of Tribal Licenses for Boats & ATV's:
 - Menominee is working on an agreement that other tribes may use a template for their local/county governments.
- Tribal IDs:
 - Updated bills will be circulated for support (Senate Bill 448 <https://docs.legis.wisconsin.gov/2017/proposals/sb488> and Assembly Bill 576 <https://docs.legis.wisconsin.gov/2017/proposals/ab576>). Should clarify issues such as use for picking up prescriptions, voter registration, etc.
 - UPDATE 12/07/2017: A public hearing on Senate Bill 488. Vice-Chairman Brandon Stevens attended to provide testimony.

- Chapter 51:
 - Has been sent to David Moore to be introduced.
- Mascot/Logo concerns:
 - WIEA requests to reintroduce 2013 AB 297
- Consultation Meetings:
 - Reviewed the schedule for the rest of the year and available agendas. Dawn Vick attending to hear caucus's concerns. Tribes need to be notified of changes, priorities, administrative changes & allocations of budget prior to decision, instead of after the fact. Tribes need to be involved in proposed changes. May need to consider having consultation with all agencies.
- Tiffany Mining Bills:
 - There will probably be a hearing on the Assembly version of the bill on October 23rd in Milwaukee.

Intertribal Criminal Justice Council

Items discussed:

- Re-entry:
 - Rose Gokee, LOC Councilmember and I had previously volunteered to head a sub-group. We are working to identify additional team members. We plan to identify possible grants for re-entry programming, review tribes' current re-entry programs, review the 2013 close out report from the WTC Reintegration Program, and create a plan of action for the Caucus.
- State Public Defender Offices:
 - Menominee is in the process of setting up a pilot satellite office for the State Public Defender with the intent to provide ease of access for its community. They plan to use kind donations and/or partnerships to provide probation and parole services.
- Interoperability Committee & Tribal Broadband Session:
 - Currently focusing on FirstNet. Service providers limit consumer use of bandwidth during emergency situations to ensure Police, Fire, etc. have enough access. Recommendations will be forwarded to the Governor's Office in late October.
- Youth Statistics:
 - Kristi Dietz is in the process of gathering the requested data.
- VAWA - Law Enforcement Training:
 - Looking for entities that offer training or willing to develop training for tribal law agencies regarding domestic violence, etc. DOJ will fund. Chief Vanboxtel offered to serve as resource for the Tribal Law Enforcement agencies.

Narrative/Background:

Councilman Kirby Metoxen is a representative for the Oneida Nation.
74th NCAI (National Congress of American Indians) Convention & Marketplace
October 16-20, 2017
Milwaukee, WI

I attended the NCAI conference which is centered on protecting the Indian Health Care Improvement Act, ensuring that any eventual legislation provides parity to tribal governments, promotes economic development, and create jobs growth in tribal communities. As a new member, I attended orientation to learn about membership, committees, voting process, and policies & procedures. I attend many sessions and the following are some highlights from the conference:

Tax Reform of Indian Country & the Indian Trades and Commerce Regulations

NCAI is working with a coalition of Tribal leaders and organization on an initiative to ensure tax reform benefits to Indian Country. While the administration and Congress have expressed interest in accomplishing tax reform, the political environment in the House and Senate differ. This session provided tribal leaders with information on the most recent tax reform developments and opportunity for the Administration to give an update and discuss the Indian Trade and Commerce Regulations proposal with tribal leaders before the issue a draft rule.

Citizen-owned Business: Key to Building Sustainable Tribal Economies

For most tribal nations, small business owned and operated by tribal members/citizens are critical to their ability to build sustainable economics. The session showed me the many different ways that citizen-owned business served as a catalyst for tribal economic and community development. It also demonstrated how tribal nations, tribal leaders, and other key players like Native Community

Development Financial Institutions (CDFIs) can work strategically to (1) create positive legal, commercial, physical and social environments for citizen-owned business development; and (2) cultivate citizen entrepreneurs to contribute to economy building efforts. They also showcased innovative approaches to citizen-owned business development in Indian Country.

Film-Night-“Tribal Justice”

“Tribal Justice,” was a documentary film by Makepeace Production. “Tribal Justice” focused on the traditional concepts of justice to reduce incarceration rates, increase community safety, and create positive futures for youth. By addressing the root causes of crime, they model restorative systems that create a stronger tribal community. The film followed Chief Judge Abby Abinanti of the Yurok Tribe and Chief Judge Cludette White of the Quechan Tribe.

Carlisle Indian School Project

The Carlisle Indian School Project is a native0driven 501©3 nonprofit organization formed with a goal of building a heritage center dedicated to the lives and legacies of those students. The Carlisle vision is to create a collaborative, sustainable legacy honoring the achievements, struggles and contributions of the students who attended the Carlisle Indian Industrial School, the first government-run Indian boarding school. They want to bring awareness to the general public of the Indian boarding school era’s goals of education and assimilation.

Narrative/Background:

I attended NCAI General Sessions and break out sessions throughout the week. Attached is the full agenda.

Additional Activities/Meetings:

The Oneida Nation was invited by the Ho Chunk Nation to attend NCAI's opening reception at Harley Davidson museum on Monday evening. I attended the opening reception and also attended a fundraiser for Congresswoman Gwen Moore.

On Tuesday, October 17th, I attended the SEOTS Board meeting as requested by the Board. The SEOTS Board had an open dialogue session whereby the Board wanted to discuss with me how the Board could have a greater presence in Southeastern Wisconsin and establish better working relationships. The Board also wanted to understand some of the top issues that the Nation is currently facing.

On Thursday, October 19th I attended a meeting with the Centers for Medicaid and Medicare and the State of WI to discuss the Family Care option that the Wisconsin Tribes are pursuing with the State of WI. CMS came unprepared to the meeting as the WI Tribes were prepared to talk about how the funding would work and CMS did not have any answers. However, some the technical details of the agreements were discussed and vetted.

On Thursday, October 19th the Oneida Business Committee meet with our federal lobbyists and Intergovernmental Affairs & Communications Department. The meeting focused on updates on pending federal legislation that would impact the Nation and also development of strategies and priorities for legislation that would be beneficial to the Oneida Nation.

On Friday, October 20th I toured the home offices of OESC with members of the Oneida Business Committee. I met some of the key employees that work out of the home office and received information on the strategies, customers, work philosophy and future plans that contribute to the success of OESC.

A 2020 Census Program Update and Demonstration of Data Tools vital for effective planning for your Tribe

Room 102E

In this session, you will learn how to access statistics for your American Indian area using the Census Bureau's My Tribal Area application. We will also demo American FactFinder to show you how to explore new American Indian and Alaska Native tables from the 2011-2015 American Community Survey (ACS). These tables, released July 2017, are the first update since the previous tables based on the 2006-2010 ACS. Attendees are encouraged to bring an internet-connected device and follow along with our demonstrations to get the most from this session. Tribes who participated in our 2020 Census tribal consultations were then informed about the Local Update of Census Addresses (LUCA) that is vital for your tribe. This program allows your tribe to review and update your addresses and boundaries with the Census Bureau, so the Census Bureau can correctly count your reservation's residents. Learn how to participate in the Census Bureau's geography programs in preparation for the 2020 Census. The time is now to participate in this vital program.

Speakers:

Tyson Weister, U.S. Census Bureau
Madeline Sovich, U.S. Census Bureau
Ryan Dolan, U.S. Census Bureau
Helena Carapellatti, U.S. Census Bureau

Strengthening the leadership role and operation of Tribal Child Welfare Services

Room 103A&B

Ensuring the safety of Native children and helping strengthen their families are the central goals of all tribal child welfare programs. The path to achieving these goals involves establishing a model of governance that de-colonizes tribal child welfare programs and services and aligns them with tribal community values and culture. While each tribal community will have unique needs, there are several key areas of governance that tribal leaders can be involved in that will ensure that child welfare services achieve the goals and outcomes for children and families in which the community is most interested. This session will provide information and governance strategies for tribal leaders and senior tribal program directors on how to de-colonize their tribal

child welfare program and establish an effective governance strategy to address funding, service delivery, community engagement, and partnership development activities.

Presenters:

Gil Vigil, President, National Indian Child Welfare Association

David Simmons, Government Affairs and Advocacy Director, National Indian Child Welfare Association

Crys O'Grady, Research Manager, National Indian Child Welfare Association

U.S. Department of the Interior Consultation “Licensed Indian Traders” Regulations and Listening Session on Land Into Trust*

Room 202C

The Department of the Interior is hosting a joint session to hear from tribal leadership on potential changes to regulations governing off-reservation trust acquisitions. Among the changes under consideration are establishing threshold criteria that must be met before NEPA compliance will be required and reinstating the 30-day delay for taking land into trust.

Time in this session will also be devoted to furthering the Tribal consultation on the need to update the “Licensed Indian Traders” regulations currently found at 25 C.F.R. Part 140 and particularly seeks input from tribes on: (1) specific projects that could move forward if new regulations gave tribes greater economic flexibility, (2) any economic impact studies on the benefits of Indian Country economic development to surrounding communities, and (3) specific treaty provisions that require the United States to protect tribal economic interests.

FCC Listening Session on Tribal Section 106 Review of Wireless Infrastructure*

Room 102D

Join Federal Communications Commission staff for a listening session on the current Notice of Proposed Rulemaking (WT 17-79) “Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Deployment” that considers the role of Tribal Section 106 Historic Preservation Review of wireless infrastructure. This is an important opportunity for tribes to discuss the importance of tribal input and consultation in infrastructure projects that impact Indian Country.

Roundtable on Implementing the Tribal Behavioral Health Agenda in a Culturally Relevant Manner

Room 103A&B

The voices of tribal leaders who spoke compellingly about the extent to which mental and substance use disorders are impacting tribal communities ultimately led to the creation of the National Tribal Behavioral Health Agenda (TBHA). This collaborative effort between the Substance Abuse and Mental Health Services Administration (SAMHSA), IHS, tribal nations and urban Indian Health programs aims to find culturally relevant solutions to ensure the well-being of tribal citizens. Join us for this roundtable made up of federal and tribal officials who will highlight best practices, existing resources and the next steps in implementing the TBHA throughout Indian Country.

Tribal Homeland Security Emergency Management - Breakout Session One

Room 102A

Tribal capacity for responding and managing emergencies and disasters including potential domestic terrorist incidents has increased in recent years. Greater levels of capacity could have been achieved if the increased funding and technical assistance provided to counterpart governments was equitably available to tribal governments.

This session will begin with a briefing on the aftermath of Hurricanes Harvey, Irma, and Maria. Also included are Federal Emergency Management Agency (FEMA) tribal programmatic and policy updates; and roundtable discussion regarding outstanding tribal needs for resources to build capacity and respond to disasters; increased levels and elimination of "directly eligible tribes" definition from the Tribal Homeland Security Grant Program; federal assistance for development of a tribal Emergency Management Assistance Compact, similar to National Emergency Management Association in the state effort (which tribes are excluded from); FirstNet update; tribal outreach initiative; the final draft of the FirstNet Tribal Consultation Policy; and FEMA Tribal Consultation Policy revision.

Facilitator: Robert Holden, NCAI Deputy Director

Presenters:

Identity, Belonging, and Citizenship: Sustaining Our Tribal Nations

Room 102B

This informative roundtable discussion examines a complex set of issues facing tribal nations: identity, belonging, and citizenship. A growing number of tribal nations are engaging these issues in different ways with various goals in mind – from strengthening tribal cultures, core values, and social cohesion to ensuring the long-term sustainability of their populations. Exploring this movement and the growing body of scholarship documenting it, this session will address the following questions: How are tribal nations working to develop greater unity about who belongs? How are they nurturing a deeper sense of individual and collective identity among tribal citizens? How are they fostering engagement and connectedness between tribal government and tribal citizens? And how are they cultivating a more informed, meaningful sense among tribal citizens about their obligations to one another, to the nation, and to its future? Participants will be equipped with new perspectives, tools, and tribal examples they can use to seed constructive dialogue with their tribal communities about identity, belonging, and citizenship.

Tribal Proposals to Improve Federal Permitting Consultation

Room 102D

NCAI is working with a coalition of tribal leaders and organizations to improve required federal infrastructure permitting decision-making. The situation at Standing Rock demonstrated that

federal agencies need to improve their consultation practices and working relationships with tribal governments. This breakout session is an opportunity for tribal leaders to discuss how tribes can lead to put forward solutions to improve federal agency consultation practices.

Strengthening Tribal-State Relations and Sovereignty through Education and Training *Room 202B*

Following on the heels of the “Building Tribal-State Relationships to Advance Critical Tribal Priorities” session that NCAI held at its Mid Year Conference, this informative session closely examines the role that education and training of state elected officials and employees as well as tribal leaders plays in strengthening tribal-state relations and, in turn, tribal sovereignty. It showcases leading examples of effective “Indian Country 101” and similar training programs – including Minnesota’s award-winning Tribal-State Relations Training Program – as potential models for other tribes and states to customize to their own particular needs.

Citizen-Owned Businesses: Key to Building Sustainable Tribal Economies

Room 103C

For most tribal nations, small businesses owned and operated by tribal members/citizens are critical to their ability to build sustainable economies. This panel session will examine the many different ways that citizen-owned businesses serve as a catalyst for tribal economic and community development. It also will explore how tribal nations, tribal leaders, and other key players like Native Community Development Financial Institutions (CDFIs) can work strategically to (1) create a positive legal, commercial, physical, and social environment for citizen-owned business development; and (2) cultivate citizen entrepreneurs to contribute to the economy building effort. Finally, it will showcase several innovative approaches to citizen-owned business development in Indian Country.

Tribal Data Capacity & Research Futures – Governance, Culture, and Trust

Room 103D&E

In an age where information is power, tribal nations are increasingly building research capacity and using data to guide policymaking. In this session, we will preview the contents of two upcoming reports from the NCAI Policy Research Center – one on aspects of tribal data capacity, and the other on tribal research partnerships. The remainder of the breakout session will be dedicated to the launch of the Tribal Research Futures Game. Attendees will have a chance to play the game, which illuminates tensions that can arise in partnerships dealing with research and data resources, design, dissemination, and implementation.

Tribal Homeland Security Emergency Management

Room 203AB

Tribal capacity for responding and managing emergencies and disasters including potential domestic terrorist incidents has increased in recent years. Greater increments of capacity could have been achieved if the increased funding provided to counterpart state governments was equitably available to tribal governments. This session includes U.S. Department of Homeland Security updates, and roundtable discussion regarding outstanding tribal needs for resources to build capacity and the current change of high tech and unusual low tech coordinated domestic terror risks; support of authorization and appropriations for a tribal homeland security general assistance grant so tribes can develop capabilities and capacities; tribal border crossing rights protection and federal border security initiatives; creative approaches to assist tribes in development of identification Tribal Enhanced Cards; and federal assistance for development of a tribal Emergency Management Assistance Compact, similar to National Emergency Management Association in the state effort (which excludes tribe from participating).

Facilitator: Robert Holden, NCAI Deputy Director

Presenters:

David Munro, Director, DHS Office of Tribal Affairs

Tim Quinn, Executive Director, Office of Intergovernmental Public Liaison, DHS Customs and Border Protection

Laura Francois-Eugene, Enhanced Tribal Card Program Manager, DHS Customs and Border Protection

BUSINESS COMMITTEE TRAVEL REPORT

Travel Report for: Daniel Guzman King

Travel Event: MMPC & CMS Tribal Technical Advisory Group Meetings

Travel Location: Washington D.C.

Departure Date: 10/30/2017 Return Date: 11/03/2017

Projected Cost: \$2078.00 Actual Cost: \$2133.12

Date Travel was Approved by OBC: 12/06/2017

Narrative/Background:

The Medicare, Medicaid and Health Reform Policy Committee (MMPC) is a standing committee of the National Indian Health Board (NIHB) with the purpose of providing technical support to the Tribal Technical Advisory Group (TTAG). TTAG is a group codified by the ARRA of 2009 and is composed of formally appointed representatives from each Indian Health Service (IHS) area as well as from specific national Indian organizations such as the National Indian Health Board. TTAG advises the Centers for Medicare and Medicaid Services (CMS) on Indian issues related to Medicare, Medicaid, the Children's Health Insurance Program (CHIP), and any other health care program funded by CMS.

MMPC's focus is on the Affordable Care Act (ACA) and Indian Health Improvement Act (IHICA) health policy issues, regulation review, and the development of draft positions with the greatest opportunities and highest priority of the Indian Health System. MMPC also acts as a national forum to identify, discuss, advise and act on issues that will improve the health of American Indians and Alaska Natives (AI/AN).

TTAG Strategic Goals for 2013-2018

TTAG Strategic goals for 2013-2018 are as follows;

1. CMS engages in meaningful **consultation** with Tribes and works closely with the TTAG.
2. CMS enacts and implements **policy** through regulation, guidance, review and enforcement to align CMS programs to serve AI/ANs by improving enrollment processes, assuring access to

care, having efficient payment systems, and increasing the I/T/U capacity to deliver integrated, comprehensive programs.

3. CMS improves and expands opportunities for development and delivery of **Long Term Services and Support** throughout Indian communities. 4. Through **outreach and enrollment** activities, all I/T/U programs are fully informed about CMS programs and AI/ANs know about benefits to which they are entitled. 5. Develop and improve CMS **data systems to evaluate** and expand the capacity of CMS to serve American Indians and Alaska Natives.

The entire strategic plan can be found at http://www.nihb.org/tribalhealthreform/wp-content/uploads/2013/02/AIAN-Strategic-Plan_Eval_FINAL_2-20_2014.pdf

Meeting Highlights:

1. CMS Leadership. CMS' Administrator, Seema Verma, was not able to attend the meeting. Calder Lynche, Senior Counselor to the CMS Administrator, and Randy Pate, CMS Deputy Administrator and Director of CCIIO attended on her behalf. Calder Lynch has background with the State of Nebraska's Medicaid program and had experience in dealing with the Tribes and tribal issues surrounding Medicaid. Some of the top priorities for CMS, specific to Tribes, was to bring the consultation process between the States and Tribes to much a higher level and ensuring that meaningful discussion takes place in those consultations. CMS Administration indicated that this is a direct result of the Tribes consulting directly with CMS and expressing their concerns in the changes being made to the State's Medicare and Medicaid programs. However, TTAG expressed concern that Tribes are not being communicated as to the status of an issue when direct consultation occurs.
2. Nationwide approach to Medicaid. TTAG reminded the new CMS Administration of the importance of Medicaid to the Indian Health System. Specifically, Medicaid is an essential resource as IHS is currently funded around 50% of the total need and that the average per capita spending for IHS patients is \$3,688 compared to \$9,523 nationally. Medicaid reimbursements helps make up the difference financially, thus any changes to the State's Medicaid programs impact tribal facilities financially. TTAG expressed that the work requirements that are being proposed by States across the country are inconsistent with the federal treaty and trust obligations, and that mandatory work requirements will pose an artificial barrier to access Medicaid programs. Also the work requirements would not incentivize AI/AN's to find work, but rather will create a trend to decline applying for Medicaid and rely upon the already underfunded IHS system, which will again create a financial hardship for IHS and tribal facilities. The work requirements would require individuals to demonstrate that they are seeking employment through state employment programs, but do not recognize that Tribes have their own employment programs which will result in tribal members having to duplicate their efforts or just simply declining Medicaid altogether. Also, some tribal communities provide for their own families through traditional work outside the formal economy, such as providing food for their families by fishing or small scale ranching and these

individuals would have a hard time demonstrating work requirement compliance.

3. Future of RPMS. RPMS is the electronic medical records system that IHS uses. IHS is currently looking at options to modernize the system. Possibilities include getting rid of the system and moving to a similar system the VA uses, going to EPC system or upgrade the system. As this issue progresses, we need be sure we are part of the discussions especially if reporting requirements change, and also availability of funding for EMR systems becomes available.
4. CMS & TTAG Strategic Plan. TTAG's current strategic plan will conclude at the end of 2018. CMS, on behalf of TTAG, has contracted with the National Indian Health Board to assist TTAG in the development of a new strategic plan. A subcommittee of TTAG has been formed and will be working with NIHB to draft the plan.

Other Issues:

- a. Navajo Nation: Under the Indian Health Care Improvement Act, Congress allowed the Navajo Nation to become a demonstration project to answer the question of whether the Navajo Nation could administer Medicaid (currently only States are authorized by law). The demonstration project showed that the Navajo Nation, with some restructuring and technology, could in fact do so. The Navajo Nation reported that the State of Arizona is concerned that if the Navajo Nation would go down this path, it would collapse its entire state health care system. The Navajo Nation President indicated that they were looking to create and operate their own MCO to work within the State's Medicaid program in both Arizona and New Mexico.

Senate Committee on Indian Affairs Congressional Hearing on Tax Reform

1. The Senate Committee on Indian Affairs held a hearing on Tax Reform. The hearing entitled "Building Tribal Economies: Modernizing Tax Policies that work for Indian Country" was held on Wednesday, November 1st. Attached you will find a written update on the hearing.

Congressional Visits

Councilwoman Jennifer Webster and I had an opportunity to speak with Congressmen King & Gallagher's office regarding the Senate Committee on Indian Affairs tax reform hearing and discuss the Oneida Nation's concerns regarding the Family Care Option and our consultation with CMS on the State of WI's 1115 Waiver.

Oneida requested Congressman Gallagher to express to CMS Administrator, Seema Verma, the importance of her participation and interaction with TTAG. Congressman Gallagher has obliged and will be sending a letter.

Re: Senate Committee on Indian Affairs Oversight Hearing on "Building Tribal Economies: Modernizing Tax Policies that Work for Indian Country"

On Wednesday November 1, 2017, the Senate Committee on Indian Affairs (“SCIA”), under the leadership of Chairman John Hoeven (R-ND), held an [oversight hearing](#) entitled, "Building Tribal Economies: Modernizing Tax Policies that Work for Indian Country." In attendance were Senators John Hoeven (R-SD), Jerry Moran (R-KS), Lisa Murkowski (R-AK), Steve Daines (D-MT), Tom Udall (D-NM), Maria Cantwell (D-WA), Al Franken (D-MN), Heidi Heitkamp (D-ND), and Catherine Cortez Masto (D-NV). Before the Committee were three important bills that were referred to the Senate Committee on Finance for consideration:

[S. 2012](#), the Tribal Economic Assistance Act of 2017, as introduced by Chairman Hoeven, Senator Murkowski, and Senator Heitkamp, removes regulatory barriers such as the “essential government test” for bond issuance, makes permanent important tax credits, facilitates infrastructure development on tribal lands using New Market Tax Credits (“NMTC”), and encourages private-public partnerships to build schools.

[S. 1395](#), the Tribal Tax and Investment Reform Act, as introduced by Senator Moran, provides parity for tribal governments with regard to bond issuance, excise taxes, treatment of pension and employee benefit plans maintained by tribal governments, treatment of tribal foundation and charities, providing access to the federal parent locator service and tax refund offset program for purposes of collecting child support, and determination under the adoption tax credit whether a child has "special needs". [H.R. 3138](#), an identical version of the bill, was introduced in the House by Congressman Ron Kind (D-WI) and Congresswoman Lynn Jenkins (R-KS). The House bill has bipartisan support with 11 cosponsors including Chairman Doug LaMalfa (R-CA) and Ranking Member Norma Torres (D-CA) of the House Subcommittee on Indian, Insular, and Alaska Native Affairs and the House Native American Caucus co-chair, Congressman Tom Cole (R-OK).

[S. 1698](#), the Settlement Trust Improvement Act, as introduced by Senator Murkowski and Senator Dan Sullivan (R-AK), seeks to clarify the treatment of contributions to Alaska Native Settlement Trusts.

The following witnesses appeared and presented testimony: [Carl Marrs](#), Chief Executive Officer, Old Harbor Native Corporation; [Liana Onnen](#), Chairwoman, Prairie Band Potawatomi Nation; and [Dante Desiderio](#), Executive Director, Native American Financial Officers Association (“NAFOA”). The National Congress of American Indians also submitted written testimony. Copies of NCAI’s written testimony is attached and links to the witnesses testimony may be obtained by clicking on their names above.

The hearing record will remain open for two weeks, and the Committee encourages additional tribal government submissions.

Opening Remarks

An unofficial summary of the opening remarks are below:

Chairman Hoeven

Chairman Hoeven discussed how overly burdensome tax policies, layers of regulations, and a fundamental misunderstanding of how the United States interacts with tribes on a government-to-government basis continue to stifle tribal economic development and tribal self-determination. While there are some things that SCIA cannot change, such as the rural or remote location of a tribe, it is the responsibility of the Committee to ensure tribes are included in tax reform.

Vice Chairman Udall

Vice Chairman Udall raised his concern about the Administration’s tax bill being introduced without any consultation with tribes. He also raised concerns that the Majority wants to make \$5 billion in cuts over the next 10 years without sharing where those cuts are coming from. Drastic cuts such as these could result in serious shortfalls for the Bureau of Indian Education and the Indian Health Service (“IHS”) programs, which are already severely underfunded. Upholding the trust responsibility does not mean Indian Country should suffer at the expense of tax write offs for the rich.

Going forward, Congress needs to think of three things when considering how tribal governments fit into the larger framework – parity, certainty, and consultation. First, tribal governments must be treated on par with state and local governments. Currently, tribes cannot access tax-exempt bonds like states can, tribes cannot garnish federal tax returns like states can, and special needs children are ineligible to receive the same financial support that non-Native children with special needs receive. Unequal treatment as a government diminishes tribal sovereignty. Second, certainty is required for tribal businesses to succeed. In the past, Congress has issued temporary tax credits that help attract and retain businesses. We need to revisit these to see what works. For example, the Low Income Housing Tax Credit (“LIHTC”) which Senator Cantwell has championed. Finally, we need consultation on how tax reform can work for Indian Country.

Senator Franken

Senator Franken expressed his support for S. 2012 and looks forward to working with Senators Hoeven, Murkowski, and Heitkamp on the bill. Given the timing of the hearing, Franken requested that SCIA schedule a future hearing with an administration witness before any serious

consideration of tax policy change. Franken's primary goal in tax reform is to make a fairer tax code that supports working families. He has cosponsored legislation to make it easier for Americans to file taxes by giving them a free, automated filing process. Additionally, many tribal communities lack funding for health care, school construction, and infrastructure. It is not a good idea to propose tax cuts when Congress cannot address these issues first.

Testimony

An unofficial and brief summary of the three witnesses' oral statements are below:

Carl Marrs - Old Harbor Native Corporation

Marrs expressed his support for S. 1698. Marrs also expressed general support for S. 2012 and S. 1395, the permanent reauthorization of the provision allowing accelerated depreciation on Indian lands and Indian employment tax extenders, as well as establishing set-asides for NMTC, and parity for tribal charities. These three bills help address the imbalance tribes are currently seeing.

Chairwoman Onnen - Prairie Band Potawatomi Nation

Chairwoman Onnen spoke to the potential of tax reform being a crucial component to supporting tribal sovereignty. Tribes are among those who have been shut out of economic development opportunities that are available to others. The Chairwoman reminded the Committee that when tribes thrive, the surrounding communities also thrive. Her tribe employees roughly 1300 people with 600 or so that are non-native employees. Their income tax supports surrounding communities. "We could do more if we had a level playing field, if barriers to economic development were removed, and we access to tax credits to attract private businesses to Indian Country." The Chairwoman expressed her support for S. 1935, which would provide parity for tribal governments regarding tax-exempt bonds by removing the essential government function test. The Chairwoman also noted that tribes need access to the federal parent locator database. Although the Tribe has a good relationship with Kansas on this issue, tribal sovereignty means having access to this important tool as a government. She asked the Committee to fully embrace S. 1935 and to include it in the larger tax reform bill.

Dante Desiderio – NAFOA

Desiderio discussed how the discretionary budget process makes it more and more difficult every year to fund essential tribal government programs. It is important that Congress start thinking about investing in Indian Country to achieve long term goals. Tax reform is a good start because there is a recognition that past policies have not worked as planned. NAFOA supports all three bills introduced by this committee because it puts tribal governments in the driver seat when it comes to their own economic development. We know that when passing funding to states, this funding does not make its way to Indian Country. We need direct funding.

Questions

An unofficial transcription of questions asked by SCIA members is below:

Chairman Hoven: How would tribal communities benefit from greater access to NMTC?

Marrs: The NMTC, which is designed to provide a private source of funds, has an annual limit that is allocated on a priority basis. Native lands are not prioritized. The result is that the program has not come to our lands. Investors take their money and go other places, we need tools to invest in our community.

Hoeven: How would removal of the essential government test benefit tribes?

Chairwoman Onnen: It is difficult to attract businesses in Kansas. Where this will really help is our ability to create partnerships with private companies. We need parity with states on these issues.

Marrs: We have been working for a number of years to economically develop our village so we do not lose all of our members to the city. These kind of changes are a priority for keeping our communities together and stay in our village. Our members move because they do not have a choice. We need a fish plant and a hydro system put in to continue providing high paying jobs. These tools help us get there.

Hoeven: In the past, the Indian tax extenders have been temporary. Does this make a difference in attracting long-term businesses and projects on tribal lands?

Desiderio: The credits are necessary. It takes a longer time period to come in and get the same energy projects or other projects than if a company were to invest off-Reservation so we need other incentives to attract them to our lands. Can you imagine a negotiation “you might be able take advantage of this credit if it is retroactively approved by Congress.” It does not create any certainty and cannot be used to negotiate in a positive way.

Senator Udall: Congress must be able to walk and chew gum at the same time. Yes, we can pass a tax package and yes, we can fully fund Indian Country programs. We should be able to do both in a bipartisan way. How do we go about balancing these interests?

Desiderio: It is important that Congress think about how it can invest in Indian Country. We already have some great tools, but they are limited in use. For example, every year the Indian Loan Guarantee Program is renewed giving Indian Country \$8 million to share. This is not enough to invest in important infrastructure. Another example is the Native CDFI program. It is great for grassroots businesses but at \$20 million a year, it is not enough. We need to be looking at other things like NMTC and bond issuance because these are tools that should be making their way into Indian Country, but they are not.

Udall: NMTC hold tremendous potential to spur investment in Indian Country. The Pueblo of Laguna leveraged \$70 million to build out their waste water project. However, it seems like the funding has dried up in the past three years. With \$50 million, only one Native CDE was awarded. This is not enough. What do we need to get this program working in Indian Country?

Desiderio: NMTC are not being utilized for Indian Country because many CDEs do not understand Indian Country. Here the federal government is deferring its trust responsibility to others to handle. My recommendation is to institute a set-aside for tribes.

Senator Moran: Going back a few years, Senator Heitkamp and I passed the tribal General Welfare Act (“GWE”). Despite the passage of this legislation, if it is not living up to its hope, how can it be improved?

Desiderio: GWE was a fundamental shift recognizing that tribal governments have a role in preserving traditional practices and providing services our members need. Some of the issues that have come out of it is that the Tribal Tax Advisory Committee (“TTAC”) does not have all of its appointments filled despite being established for multiple years. We are still waiting on Senator Orrin Hatch’s nominee. Until its formed, we cannot address some of the other issues.

Chairwoman Onnen: The importance of TTAC is about communication and progress. You have laid important groundwork, but I would like it to grow. The more communication we have, the more understanding and growth we can promote.

Senator Franken: NCAI passed a resolution earlier this year concerned about the Administration’s FY 2018 budget proposal. It contains \$300 million in cuts for IHS which means less services. Funding for housing is cut and competitive programs will generate more unmet housing needs. Do you agree these proposed cuts will have a negative effect on tribal questions.

Chairwoman Onnen: Without a doubt. The truth of the matter is that tribal programs are woefully underfunded. Cutting funding further will significantly hurt Indian Country.

Franken: So don’t you think the Administration should invest in housing and healthcare, rather than tax cuts for the rich?

Chairwoman Onnen: I think the thing here is finding the balance. It would be fabulous if the Administration could achieve some sort of tax reform, but if the case is that we cannot, then we need to continue working together so that we can get access to tools so that we can build our own economies. I do not want to let anyone off their trust responsibility, but I do want to encourage tribal sovereignty and self-sufficiency.

Franken: I support the New Markets Tax Credit (NMTC). They are used a lot in Minnesota, but not in Indian Country. Where are the challenges?

Marrs: I think the problem is that we have never been able to make Native and Alaska Native lands a priority. It is hard to raise money to begin with. We find it impossible to get new development money because we are so far removed in Alaska and not in a populated area so tools like NMTC are important. We can get investments where we need them and benefit like the tribes in the lower 48.

Senator Murkowski: S. 2012 is a good bill and it is time. We need to reinforce the messages here in tax reform. I look forward to working on S. 2012. Thank you Mr. Marrs for speaking to S. 1698. It is important to ensure that ANCSA is operating as it was intended to – to provide for the

economic, health, and educational welfare of Alaska Natives. We need to see multigenerational benefits. How, with your experience with ANCSA, will this bill will benefit you?

Marrs: If you were born before 1971, you were eligible to become a member an Alaskan Native corporation, if you were born after that, you were not. This is a problem and this bill will ensure benefits are available for future generations.

Senator Cortez Masto: Do all of the presenters support all of the bills being discussed here today?

All: Yes.

Cortez Masto: Have you been involved in reaching out to the current Administration about how tax reform will impact Indian Country?

Chairwoman Onnen: I do not think individual tribal members understand the impacts of what is happening.

Desiderio: We were a part of a White House meeting to talk about tax reform and members of Congress. However, like others we do not know much about what is going to come.

Cortez Masto: We work together on this Committee in a very bipartisan manner and it is frustrating to me that we are being shut out of this discussion. Especially, when I have tribes I need to represent in my state. That being said, we have talked about economic independence and economic development in Indian Country, can you provide recommendations about what benefits working families in Indian Country?

Desiderio: One is the idea that the head of the household might go away. In Indian Country, most families are single families. Another issue is the adoption credit and elderly credit. The other concern is how we build jobs back home. For example, LIHTC is not just about housing, it is about the jobs it creates in building the homes. These are all important tools to finance jobs and support the working family in Indian Country.

Heitkamp: This is an area of frustration to me. I think wherever state and local governments appears in the tax code, tribal governments should too. It is frustrating that you cannot get an adoption tax credit from a tribe or parity on pension plans. All the employees at the Bank of North Dakota (state owned bank) have governmental/state pension plans. They did not have a problem. I could go on and on about these topics. One of my concerns is that if a lot of the benefits shifts to the wealthy amongst us, Native families will be left behind. I am curious about the balance we are going to have to achieve here. How do we square all of this? Are we being offered a false choice that we have to choose one or the other?

Desiderio: We have had talks lately about having things pay for themselves. I am not sure why IHS is a discretionary expense – military health care is not. We are looking at this idea of balancing when we fight for investments in Indian Country. We did not choose the lens put on this situation. We have to look at other models for how we can support these goals.

Moran: How often does the essential government function test prevent things from happening? It is possible that tax reform will impact the status of tax-exempt bonds.

Chairwoman Onnen: It feels to us that IRS approval of whether a project meets the essential government function test depends on the day and who shows up. It is really about uncertainty. For example, for our pension plans, we got a yes, then a no, and then a no.

Desiderio: For a while, the IRS was doing a lot of audits of tribes. This discouraged investment in Indian Country. IRS has held that things like parking garages, convention centers, etc. were disqualified under the essential government test. Tribes are spending a lot of money on lawyers to do this and then may be rejected. It is completely counterproductive and expensive. Also, this data could be skewed because tribes will use TEDB process given the uncertainty regarding the essential government test.

Moran: There are two types of pension plans – government and commercial. Is there an estimate of how much administrative costs would be saved by implementing this fix?

Desiderio: We looked at this for the Joint Tax Committee. Currently, about 350 tribes maintain commercial plans. These are the same tribes who have government plans. Administrative cost is one thing, but there is also a cost for the employee. You have to go back and forth between plans. The essential government test in pension plans is more restrictive than in bonds.

Senator Daines: I have introduced a bill to permanently reauthorize the Indian Coal Production Tax Credit. Without coal production, unemployment would jump to 80 percent for the Crow Nation.

Desiderio: We do not choose what resources are on our lands to develop. This credit is important because these are multiyear and multibillion projects that have to be dealt with. The other Indian employment tax credit and accelerated depreciation (size of equipment) helps these companies really support these businesses in Indian Country. This is a tax credit that will only affect a few tribes, but for those tribes it will be a tremendous help.

Heitkamp: We have addressed the essential government function before this Committee in the past. We will continue working with the IRS to address these issues.

Closing Remarks

The Chairman and Vice Chair expressed their appreciation to all the witnesses.

BUSINESS COMMITTEE TRAVEL REPORT

Travel Report for: Jennifer Webster

Travel Event: MMPC & CMS Tribal Technical Advisory Group Meetings

Travel Location: Washington D.C.

Departure Date: 10/30/2017 Return Date: 11/03/2017

Projected Cost: \$2078.00 Actual Cost: \$2133.12

Date Travel was Approved by OBC: 12/04/2017

Narrative/Background:

The Medicare, Medicaid and Health Reform Policy Committee (MMPC) is a standing committee of the National Indian Health Board (NIHB) with the purpose of providing technical support to the Tribal Technical Advisory Group (TTAG). TTAG is a group codified by the ARRA of 2009 and is composed of formally appointed representatives from each Indian Health Service (IHS) area as well as from specific national Indian organizations such as the National Indian Health Board. TTAG advises the Centers for Medicare and Medicaid Services (CMS) on Indian issues related to Medicare, Medicaid, the Children's Health Insurance Program (CHIP), and any other health care program funded by CMS.

MMPC's focus is on the Affordable Care Act (ACA) and Indian Health Improvement Act (IHICA) health policy issues, regulation review, and the development of draft positions with the greatest opportunities and highest priority of the Indian Health System. MMPC also acts as a national forum to identify, discuss, advise and act on issues that will improve the health of American Indians and Alaska Natives (AI/AN).

TTAG Strategic Goals for 2013-2018

TTAG Strategic goals for 2013-2018 are as follows;

1. CMS engages in meaningful **consultation** with Tribes and works closely with the TTAG.
2. CMS enacts and implements **policy** through regulation, guidance, review and enforcement to align CMS programs to serve AI/ANs by improving enrollment processes, assuring access to

care, having efficient payment systems, and increasing the I/T/U capacity to deliver integrated, comprehensive programs.

3. CMS improves and expands opportunities for development and delivery of **Long Term Services and Support** throughout Indian communities. 4. Through **outreach and enrollment** activities, all I/T/U programs are fully informed about CMS programs and AI/ANs know about benefits to which they are entitled. 5. Develop and improve CMS **data systems to evaluate** and expand the capacity of CMS to serve American Indians and Alaska Natives.

The entire strategic plan can be found at http://www.nihb.org/tribalhealthreform/wp-content/uploads/2013/02/AIAN-Strategic-Plan_Eval_FINAL_2-20_2014.pdf

Meeting Highlights:

1. CMS Leadership. CMS' Administrator, Seema Verma, was not able to attend the meeting. Calder Lynche, Senior Counselor to the CMS Administrator, and Randy Pate, CMS Deputy Administrator and Director of CCIIO attended on her behalf. Calder Lynch has background with the State of Nebraska's Medicaid program and had experience in dealing with the Tribes and tribal issues surrounding Medicaid. Some of the top priorities for CMS, specific to Tribes, was to bring the consultation process between the States and Tribes to much a higher level and ensuring that meaningful discussion takes place in those consultations. CMS Administration indicated that this is a direct result of the Tribes consulting directly with CMS and expressing their concerns in the changes being made to the State's Medicare and Medicaid programs. However, TTAG expressed concern that Tribes are not being communicated as to the status of an issue when direct consultation occurs.
2. Nationwide approach to Medicaid. TTAG reminded the new CMS Administration of the importance of Medicaid to the Indian Health System. Specifically, Medicaid is an essential resource as IHS is currently funded around 50% of the total need and that the average per capita spending for IHS patients is \$3,688 compared to \$9,523 nationally. Medicaid reimbursements helps make up the difference financially, thus any changes to the State's Medicaid programs impact tribal facilities financially. TTAG expressed that the work requirements that are being proposed by States across the country are inconsistent with the federal treaty and trust obligations, and that mandatory work requirements will pose an artificial barrier to access Medicaid programs. Also the work requirements would not incentivize AI/AN's to find work, but rather will create a trend to decline applying for Medicaid and rely upon the already underfunded IHS system, which will again create a financial hardship for IHS and tribal facilities. The work requirements would require individuals to demonstrate that they are seeking employment through state employment programs, but do not recognize that Tribes have their own employment programs which will result in tribal members having to duplicate their efforts or just simply declining Medicaid altogether. Also, some tribal communities provide for their own families through traditional work outside the formal economy, such as providing food for their families by fishing or small scale ranching and these

individuals would have a hard time demonstrating work requirement compliance.

3. Future of RPMS. RPMS is the electronic medical records system that IHS uses. IHS is currently looking at options to modernize the system. Possibilities include getting rid of the system and moving to a similar system the VA uses, going to EPC system or upgrade the system. As this issue progresses, we need be sure we are part of the discussions especially if reporting requirements change, and also availability of funding for EMR systems becomes available.
4. CMS & TTAG Strategic Plan. TTAG's current strategic plan will conclude at the end of 2018. CMS, on behalf of TTAG, has contracted with the National Indian Health Board to assist TTAG in the development of a new strategic plan. A subcommittee of TTAG has been formed and will be working with NIHB to draft the plan.

Other Issues:

- a. Navajo Nation: Under the Indian Health Care Improvement Act, Congress allowed the Navajo Nation to become a demonstration project to answer the question of whether the Navajo Nation could administer Medicaid (currently only States are authorized by law). The demonstration project showed that the Navajo Nation, with some restructuring and technology, could in fact do so. The Navajo Nation reported that the State of Arizona is concerned that if the Navajo Nation would go down this path, it would collapse its entire state health care system. The Navajo Nation President indicated that they were looking to create and operate their own MCO to work within the State's Medicaid program in both Arizona and New Mexico.

Congressional Visits

Councilwoman Jennifer Webster and I had an opportunity to speak with Congressmen King & Gallagher's office regarding the Senate Committee on Indian Affairs tax reform hearing and discuss the Oneida Nation's concerns regarding the Family Care Option and our consultation with CMS on the State of WI's 1115 Waiver.

Oneida requested Congressman Gallagher to express to CMS Administrator, Seema Verma, the importance of her participation and interaction with TTAG. Congressman Gallagher has obliged and will be sending a letter.

Narrative/Background:

The purpose of this travel was to complete an on-site assessment of the four (4) Oneida Nation properties located in the State of New York. The assessment was two-fold and included: 1) garnering on the ground visuals and facts about the properties' geographic proportion to local municipalities; and 2) validating repair work needed at each property so that direction can be provided to appropriate personnel.

The participants of this assessment include the following individual(s):

- Tehassi Hill, OBC Chairman;
- Lisa Summers, OBC Secretary;
- Jennifer Webster, OBC Councilmember;
- Daniel Guzman, OBC Councilmember;
- Dakota Webster, Land Claims;
- Thomas Escamea, Land Claims;
- Sheila Shawanokasic, Land Claims
- Chris Cornelius, Land Claims; and
- Patrick Pelky, Environmental Health, Safety and Land Division Director

Overall, the travel was a success and the on-site assessment, which was the purpose, is completed.

Item(s) Requiring Attention:

As a result of this on-site assessment, there are several recommended broad goals and accompanying steps for each of the properties.

These follow up actions are included in the “Land Claims Strategy” agenda item on the December 13, 2017, Business Committee meeting agenda.

Travel Event: Tax Reform Listening Session for Tribal Leaders

Travel Location: U.S. Department of the Treasury

Departure Date: 12/03/2017 Return Date: 12/04/2017

Projected Cost: \$1,496.80 Actual Cost: \$1,219.77

Date Travel was Approved by OBC: 11/28/2017

Narrative/Background:

Attend Tax Reform listening session in Washington D.C. to solicit issues, concerns and recommendations on matters related to taxation and economic development

Item(s) Requiring Attention:

The Tribal Tax Advisory Committee (T.T.A.C.) is still awaiting one member who is currently in the clearance process; members of TTAC provided the comments along with NAFOA and NCAI. Tribal leaders were given a couple of minutes to comment. However the panel of presenters very eloquently and factually presented several issues on how the tax reform does nothing to support native nations, mostly in the economic development area, and the missed opportunity to work with us rather regulate again.

Tribal comments presented the following two (2) issues for consideration: (1) parity with other governments by eliminating the "Essential Governments Testing" requirement, and (2) creating waivers for tax exempt bonding - similar to states and local municipalities. Other issues raised were: including Tribes in the New Market Tax Credits, needing waivers match and allowing collateral requirements, tax exemptions for per-capita distributions, Indian employment tax credits, Community Development Financial Institutions (C.D.F.I.) funding thresholds, Internal Revenue Service (I.R.S.) prohibitions for S-corps, Using the "Hearth Act: to create secondary markets to sell through the federal window; and the effects of the increased national debt causing declining federal allocations for essential services such as health, education, and housing. These are a few of the issues raised during the listening session. Of great

disappointment is that once again federal legislation was created ignoring the needs of tribes to improve their own economies.

Because our issues were covered by the panel, my main points to the Department of Treasury was:

"For the Treasury to hear, and take the tribal leaders comments seriously because it affects all of Indian Country; and that recognition of tribal sovereignty is a must.

This tax reform bill does nothing to help. So we continue our plight and our request is for you all to hear us, and help us improve opportunities to improve the quality of life for all our Nations. I ask for your support for us during this last leg of the legislative process. The house and senate have approved their bills, and now they both have to go through conference to agree on a final bill. So there is one more chance to make a difference on the federal tax reform.

The chairman of the Senate of Indian Affairs Committee - Senator John Hoeven - introduced S.2012 (Tribal Economic Assistance Act of 2017), and Senator Jerry Moran introduce S.1935 (Tribal Tax and Investment Reform Act). Congressman Ron Kind in the House of Representatives, has introduced H.R. 4943. Congressman Kind has been a long-time champion of the "Tribal Tax and Investment Reform Act." NCAI and NAFOA have been bringing these concerns to congress for many years."

It was a pleasure to meet the T.T.A.C. members. We all provided encouragement to have our one final member appointed.

Attached is a pic of 5 Tribal Tax Advisory Committee (T.T.A.C.) members with Beverly Babers, the Deputy Assistant Secretary for Management and Budget, and point of contact for Tribal Consultation, US Dept. of Treasury.

I also had an opportunity to meet Shane Jett, Executive C.E.O. for Citizen Potawatomi. Mr. Jett spoke about S-corporations and using the Hearth Act as the vehicle to create authority for secondary markets. A tribal bankers meeting is coming up in February where he will address this issue.

Lastly, I had a moment to talk with Christie Jacobs, Esq., Director - Indian Tribal Governments Office, about how the national positioning on the financial ratings have decreased our Nation from a AAA+ to a BB-. I informed the director how the financial rating decrease was totally out of our control as the reduction was due to our inability to capitalize our assets, thereby using our retail revenue to secure the bond; and bonding agencies consider retail high risk due to technology. It is unfortunate that the bonding agencies categorize convenience with retail.

From left to right: Beverly Babers, Lacey Horn - Cherokee Nation Treasurer, Chief Lynn Malerba - Mohegan Tribe, Chairman Ron Allen - Jamestown S'klallam, and Pokagon Band of Potawatomi Indians Treasurer - Eugene Magnuson.

Follow-Up:

T.T.A.C. will be scheduling a conference call with N.A.F.O.A. and N.C.A.I. to continue our collaborative efforts regarding federal tax reform impacts to tribal governments.

Requested Action:

Accept report as F.Y.I.

Subject: 2018 MAST Impact Week Dates March 25-28, 2018

Executive Board and staff; the 2018 MAST Impact Week meeting is scheduled for **Sunday March 25, 2018** with a New twist of TRAINING OF LOBBYING 101 for newly elected tribal officials, staff, health directors, health board members etc, **Monday March 26, 2018** will be a full day of Congressional and staff presentations at the Holiday Inn Capitol, **Tuesday March 27, 2018** will start with a half of presentations and the afternoon of lobbying and visiting the Hill with our Hill Reception Tuesday evening and we shall end our week on **Wednesday March 28, 2018** with a couple presentations. ALL MEETINGS AND PRESENTATIONS WILL OCCUR AT THE HOLIDAY INN CAPITOL.

February, March and April 2018 are all very booked solid dates for a lot of properties in D.C. Granted this is a week before Easter, but the lambs must still be slaughtered (my intended humor-don't get offended).

I hope these dates and this schedule doesn't interfere with any tribes day to day operations, we had no choices of alternative dates that would allow for the space that we need. I will start sending out a formal notice soon.

If you have any questions or concerns please contact me directly.

Thank you,

Scott MAST

Describe the purpose, background/history, and action requested:

Requesting approval for travel to Carter WI December 4th and returning December 6th for a WGRA conference. Travel would be for:

Matthew W. Denny- Chairman
Mark A. Powless Sr., - Vice Chair
Reynold T. Danforth- Secretary
Tamara VanSchyndel- Executive Director
Connie Herlache- Compliance Manager
Tracy Metoxen- Regulatory Compliance Specialist
Shoshana King- Regulatory Compliance Specialist

This trip would require Hotel, Per Diem, and Mileage (3 to 4 people). We did verify if there was an available Tribal Fleet Van and there are none available for these dates.

Section 16-1 of the Travel and Expense Policy:

Departments will limit themselves to three (3) people from the same department to travel to the same conference,workshop, or seminar and are recommended to share pertinent information they have with others from their department. Special occasions may develop that need additional personnel from the same department to attend, provided that written approval from the General Manager, Gaming General Manager or Oneida Business Committee is needed, with an explanation for the additional personnel. This will exclude departments that need training hours for specific certifications.

*****BACKGROUND*****

On Wednesday, November 22, 2017, at 3:53 a.m., the following E-Poll was conducted:

Summary:

The Election Board respectfully requests approval for six (6) Election Board members/alternates; one (1) OPD Officer; and one (1) Enrollments staff to travel to the SEOTS Milwaukee polling location to conduct the 2017 Special Election in December. This was inadvertently not submitted to a prior BC agenda for approval.

It was the hope that this could be included for approval with the swearing in of the alternates at the special BC meeting of November 30, 2017. However, Accounting needs BC approval prior to processing all necessary travel paperwork thus the request for an e-poll.

Requested Action:

Approve travel request in accordance with Travel & Expense Policy – Six (6) Election Board members/alternates, one (1) Oneida Police Dept. Officer, and one (1) Enrollments staff – 2017 Special Election – Milwaukee, WI – December 1-3, 2017

B. Memo to BC for 2017 Special Election Date Update

BC approved the proposed special election date of December 2nd. Chair inquired if travel could have been included in the memo and was told that it could be. So this can be done for future reference.

a. Travel Request Memo to BC

Because travel was not included in the memo to BC regarding the special election date, must submit a separate memo for travel to Milwaukee polling location. Chair has drafted the memo for review. MOTION by Gina Buenrostro to approve and have Chair or designee submit to next BC meeting agenda; seconded by Vicki Cornelius. Motion carried unanimously.

6. Cover Memo:

Describe the purpose, background/history, and action requested:

Purpose for Travel: to be in attendance for the honoring of employee Randala "Randi" Geise upon receiving her 10 year milestone and to network at the conference Tuesday, November 28 - Thursday, November 30, 2017.

History: GSD Area Manager, Tsyoshaht Delgado, called the office of Councilwoman Jennifer Webster on 11/22/17 to request her presence at the event to honor the employee at network at the conference as the Liaison for Head Start/Early Head Start. Due to the lateness of the request to travel, an e-poll is being requested for approval.

Ms. Delgado's Office have budgeted funds from a grant to pay for the travel (airfare, hotel, per diem) for Councilwoman Webster.

Need for an E-Poll:

An E-Poll is requested due to the need to book flights, hotel and receive per diem as early as Tuesday, November 28th and returning on Thursday, November 30th. However, the next BC Regular Session is Wednesday, December 13, 2017.

Requested Action:

Motion to approve Councilwoman Jennifer Webster to attend Parents as Teachers Conference 2017 as the Liaison for Head Start/Early Head Start for travel to Philadelphia, PA from Tuesday, November 28, 2017 to Thursday, November 30, 2017.

CHILD CARE

Child care will not be provided at the conference. Please refrain from bringing small children.

DRESS CODE

Appropriate dress for the Parents as Teachers Conference is business casual. Meeting rooms tend to be on the chilly side when sessions are just beginning and warm as the room fills with attendees and the session proceeds. Temperature changes are difficult to affect in a timely manner for large session rooms. For your comfort, we suggest bringing a lightweight jacket or sweater.

SPECIAL NOTICES

If you need auxiliary aids or services identified in the Americans with Disabilities Act, please check that area on the registration form. Parents as Teachers reserves the right to cancel, reschedule or substitute faculty for particular conference events, activities or educational workshops. Participants agree to refrain from marketing products and services during the conference, except as part of a booth in the Exhibit Hall.

SPEAKERS

Yufna Soldier Wolf, Previous THPO, Northern Arapaho

Hear firsthand about the experience that the Northern Arapaho had with repatriating their children from Carlisle in August 2017.

Matthew L. Campbell, Staff Attorney, Native American Rights Fund

Get a legal perspective from NARF on tribal rights regarding repatriation, including possible recourse now that Army War College cannot locate requested remains.

BACKGROUND

On August 9, 2017 the Northern Arapaho Tribe began exhumation of their children's remains from the Army War College Cemetery in Carlisle, PA. Of the three children being repatriated (Little Chief, Horse, and Little Plume) Little Plume's grave contained two sets of remains, neither of which were his.

The number of unknown graves has now gone from 12 to 14 at the cemetery.

The results of these findings affect all tribes who have children buried at the Carlisle Cemetery, whether they want to repatriate or not, because this new evidence proves that the graves are not correctly marked and the Army doesn't know which children are buried where.

Therefore, it is imperative that tribes be fully informed of their rights before deciding on next steps and that tribes be engaged in a Nation to Nation process before moving forward with further repatriation requests.

Describe the justification of this Travel Request:

The White House Council on Native American Affairs agreed that Treasury should host a Listening Session on Tax Reform. The biggest tax reform issue that impacts Oneida is the essential government function for bonding.

Due to security clearance into the Main Treasury Building, for all attendees, the Treasury is requesting all participants of the Tribal Tax Advisory Committee, to R.S.V.P. no later than November 28, 2017.

The I.G.A.C. and our Federal Lobbyists are aware of the listening session, and are endorsing this as an opportunity for the Nation.

Subject: PLEASE ATTEND: Listening Session on Tax Reform

Good Morning TTAC Members,

I have good news!! The White House Council on Native American Affairs agreed that Treasury should host a Listening Session on Tax Reform. I would love for all of you to attend, if possible. We have scheduled it for two weeks from now – **the morning of December 4th in the Main Treasury Building Cash Room**. Because of our security protocols, we need to clear you into the building **no later than next Tuesday, November 28th**. Please let us know as soon as possible about your attendance and we will reach out for your personal information. **We do not expect this event to be accessible by phone.**

I wanted to share this with you as soon as possible for your own logistics, and the logistics of others whom you may want to invite. We can accommodate up to 100 persons. We will share additional information with you as the time nears. Thanks for your help in getting the word out.

Best,
Bev.
