1. INTRODUCTION

- 1.1. The ONEIDA NATION, Architect Selection Committee hereby requests proposals from qualified firms to provide design services for the proposed Oneida Family Fitness Facility Improvements CIP #16-008. Upon receipt of proposals the Selection Committee will review proposals and select a firm based upon the selection procedure identified in section six of this RFP.
- 1.2. The Selection Committee consists of the following individuals: Senior Tribal Architect, the project manager, and representatives of the Family Fitness Center.
- 1.3. Questions regarding this RFP should be directed to the appropriate individual listed below, prior to the submittal date.
 - 1.3.1. Questions related to Section 2 - Background Information and Section 3 - Description of Project should be directed to: Wayne Metoxen – Project Manager at 920-869-4556; wmetoxen@oneidanation.org.
 - 1.3.2. Questions related to any other section shall be directed to: Paul J. Witek, AIA - Senior Tribal Architect at 920-869-4543; pwitek@oneidanation.org.

2. BACKGROUND INFORMATION

- 2.1. PROJECT HISTORY: The Fitness Center portion of the Social Services Building was originally constructed in 1966 and has had several renovations since then to upgrade the interior aesthetics. The structure is sound and has many years of useful life remaining. This project is a continuation of upgrades to support the Oneida Family Fitness ability to provide services
- 2.2. TENANT DESCRIPTION: It is the mission of the Oneida Family Fitness facility to commit to providing health and wellness opportunities for all ages and abilities to acquire a holistic lifestyle.

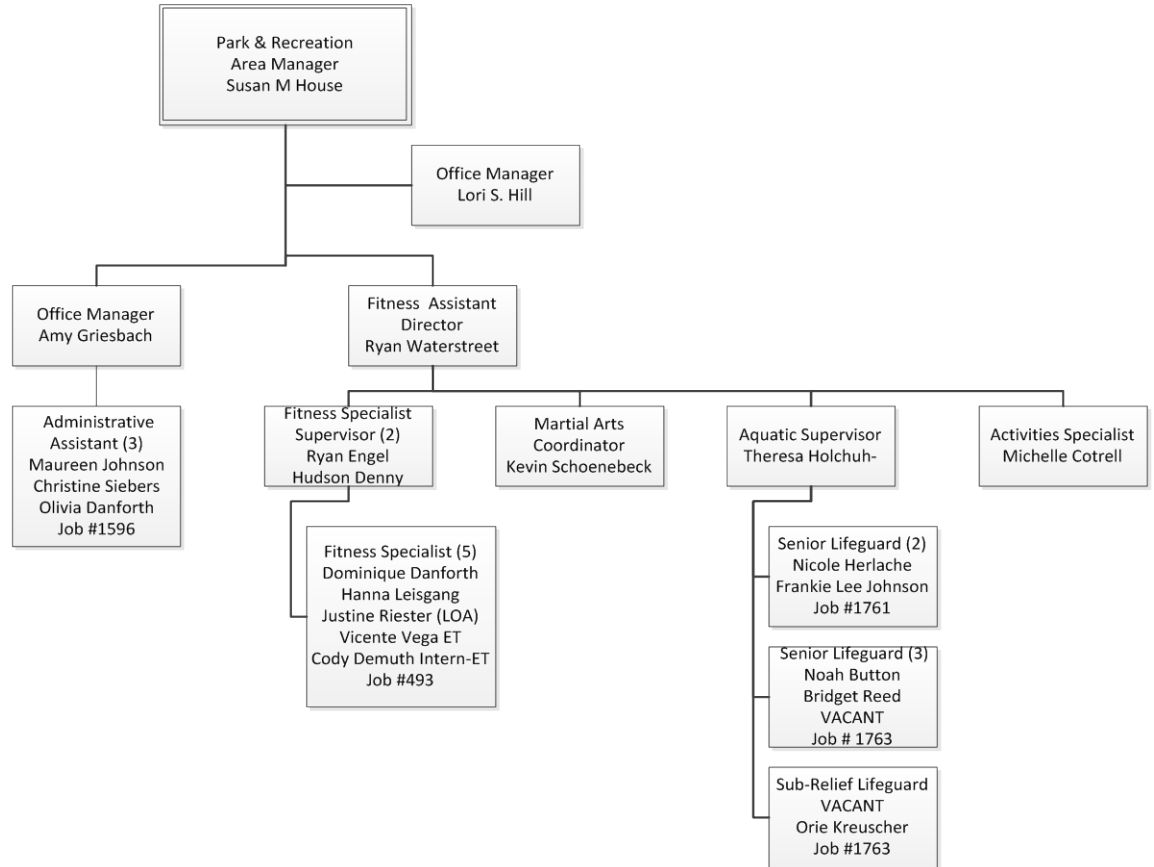

Total Staff for the Oneida Family Fitness facility is 20 who manage 4,460 active members. Female membership is 2,341 and Male membership is at 2,119. Organization chart below.

Programs ran in the facility include group aquatics, martial arts, kids programming, stress management, weigh of life, youth camps and incentive diabetic programs.

2.3. PROBLEM STATEMENT: There are ventilation issues in the locker rooms, restrooms, and spin room; the gym is not properly ventilated or air conditioned; the existing makeup of clientele (male vs female) does not coincide with the sizes of the existing locker/shower rooms.

3. DESCRIPTION OF PROJECT

3.1. GENERAL DESCRIPTION: The proposed project will be completed in phases and will address the current facility deficiencies. The project will upgrade heating, ventilation and air conditioning in the gymnasium, spin rooms, and toilet rooms. Finish materials in the impacted spaces will be replaced as required. In addition, switching the men's and women's locker/shower rooms will be evaluated to align sizing needs of client demographic.

3.2. PROJECT IMAGE & GOALS: Will be to provide a plan that is functional, healthy, safe and comfortable environment for the Family Fitness Facility Occupants and Clients. To improve facilities to a professional level to align with local fitness clubs and attract and maintain membership levels

3.3. BUILDING DESIGN REQUIREMENTS: Consistent with the Oneida Design Standards, it is our intention to utilize sustainable design principals on this project. Meaning, we will design, construct, and operate the building to minimize negative impacts to the natural environment and health, while optimizing long-term costs

3.3.1. Facility upgrades shall be functional and attractive.

3.3.2. The facility shall have sustainable design features and while we do not intend to pursue a LEED Certification Rating, LEED will be used as a benchmark for evaluating sustainable design features. It is a goal of the Oneida Nation to minimize the environmental impact of its building projects consistent with our cultural beliefs to respect nature and conserve natural resources. The sustainable design features may include, but are not limited to:

3.3.2.1. Optimize energy performance; utilizing renewable energy sources, maximizing energy conservation.

3.3.2.2. Waste reduction; job site recycling, efficient use of materials.

3.3.2.3. Materials and resources; recycled-content materials, non-toxic materials.

3.3.2.4. Indoor environmental quality; pollution reduction, air cleaning, humidity control, daylighting.

3.3.2.5. Operations and maintenance; monitoring of energy, water, air quality use.

3.3.3. Facility upgrades will be energy efficient in order to minimize operating costs.

3.3.4. The design and construction of the project shall conform, or exceed, all codes and restrictions specified by the Oneida Building Codes, Oneida Zoning Ordinance and other codes pertinent to the facility.

3.4. FACILITY COMPONENTS: Area's in need of upgrades include, Locker Rooms (men & women), Restrooms near juice bar at first floor level, Restrooms at 2nd floor, Spin room on 1st floor, Carpet throughout, Storage for retail items in lobby area, addition of air conditioning to Gym/Track area, Create Office space for Parks Department, Create space for Health Nurse, and Pave back driveway

3.5. FACILITY USERS: Total Staff for the Oneida Family Fitness facility is 20 who manage 4,460 active members. Female membership is 2,341 and Male membership is at 2,119.

3.6. SITE LOCATION: Oneida Family Fitness is located at 2640 W Point Rd, Green Bay, WI 54304.

3.7. FLOOR PLANS: Floor Plans of the existing facility are included in the appendix.

6. SELECTION PROCEDURE

6.1. The completed Proposal Forms will be reviewed for completeness to determine if all submission requirements were met. Failure to submit complete documents may result in the Proposal being rejected. In the event that all Proposals are judged incomplete, the ONEIDA NATION reserves the right to select the Proposal(s) which in its opinion most nearly meets all the requirements of this Request for Proposals.

6.2. The completed Proposal Forms will be reviewed and scored by each Selection Committee member. The criteria for scoring are based upon the Proposal requirements identified in paragraph 6.3. The highest scoring firm will be invited to begin the contract award process.

6.2.1. In the event the Selection Committee does not have consensus that the high scoring firm is the appropriate choice, then the Oneida Nation reserves the right to invite the two or three highest scoring firms to be interviewed by the Selection Committee.

6.3. The criteria for scoring are based upon the submittal requirements identified on the Proposal Form with the following relative importance of the criteria:

Criteria	Weighted Score
Proposal Form properly completed	15
Related experience of firm (Arch., Civil, Struct.)	25
Related experience of firm (MEP)	25
LEED experience of firm (Arch., Civil, Struct.)	20
LEED experience of firm (MEP)	20
Related experience of Personnel (Arch., Civil, Struct.)	25
Related experience of Personnel (MEP)	25
LEED experience of Personnel (all)	20
Indian Preference	
- Percentage of employees who are enrolled members	
- Percentage of work by certified Indian-Owned companies	
- Lead Firm certified Indian-Owned	22
Proposed Fee	25
Total Possible Score:	222

6.4. All firms submitting proposals will receive a summary of the scoring results.

7. CONTRACT REQUIREMENTS

- 7.1. The selected firm will execute a modified AIA Document B104, STANDARD FORM OF AGREEMENT BETWEEN OWNER AND ARCHITECT (2007 Edition). Any concerns with the modifications shall be identified in the proposal, if not identified in the proposal modifications become non-negotiable. The modifications to the standard document are included in the Appendix.
- 7.2. The firm selected for this contract will be required to obtain an Oneida Vendor's License, prior to being given notice to proceed with the work. The annual fee for the license is due upon application, contact the Oneida Licensing Department at 920-496-5311.
- 7.2.1. An Oneida Vendor's License is not required for submission.
- 7.3. Oneida Indian Preference Law; basically this law requires contracts entered into by the Oneida Nation must apply Indian Preference for goods and services. Preference is intended to give an advantage to Indian-owned companies and Native American employees in contracting. It is our practice to include Indian Preference as one of the scored selection criteria. Firms utilizing Indian-owned consultants, employing tribal members, and/or Indian-owned firms will receive scores in the Indian Preference category.

8. SCHEDULE

- 8.1. The following schedule shall be used for this solicitation (subject to change due to required approvals):

January 19, 2018	Request for Proposals (RFP) issued.
February 15, 2018	Proposals due at Oneida Engineering Department.
March 08 , 2018	Notification to firms of selection.

Oneida Nation – Modifications to:**AIA Document B104 – 2007****Standard Form of Agreement Between Owner and Architect for a Project of Limited Scope****Revised: Oct. 3, 2016**

- A.1. In the event of any inconsistency between this Exhibit and any other provision of this Agreement, this Exhibit shall control.
- A.2. Retyping the entire standard document will not be allowed. The standard form may be modified by striking out language and adding underlined new language directly on the pre-printed form or in an exhibit.
- A.3. Add Clause 3.1.3.1 which states: “The Architect shall schedule, complete application for Owner’s signature, and submit required documents to the State of Wisconsin for plan approval. Cost of plan review fee shall be a Reimbursable Expense.”
- A.4. Add Clause 3.3.5.1 which states: “Architect shall draft contract for construction utilizing appropriate AIA document and incorporate the Owner’s modifications to the standard document.”
- A.5. Add Clause 3.4.1.3.1 which states: “The Architect’s services shall be substantially completed upon completion and documentation of the walk-thru done eleven months after Substantial Completion.”
- A.6. Add Clause 3.4.3.2.1 which states: “The Owner will require the Contractor to submit lien waivers with payment applications; Architect will confirm lien waivers are included in payment application prior to submitting to Owner for payment.”
- A.7. Add Clause 4.1.1 which states: “Civil Engineering: The Architect shall provide civil engineering services. The civil design documents shall illustrate and describe the site utilities, site paving, topography, erosion control plan, and storm water management plan. Architect shall also prepare storm water Operations and Maintenance Plan as described in SPS 382.36(13).”
- A.8. Add Clause 4.1.2 which states: “Landscape Design: The Architect shall provide landscape design services.”
- A.9. Add Clause 4.1.3 which states: “Interior Design: The Architect shall provide interior architectural design services. Interior design services shall be limited to finish material and color selection. Furniture, Fixtures and Equipment (FF&E) selections are by Owner.”
- A.10. Add Clause 4.1.4 which states: “Record Drawings: The Architect shall prepare Record Drawings which incorporate all changes to the Work after issuance of the Construction Documents, including, but not limited to: addendum, change orders, field orders, sketches and clarifications. Incorporation of these changes shall be made part of Record Drawings and not by referencing other documents. The Record Drawings shall be recorded on electronic media in the format of AutoCAD to be delivered to the Owner as part of the project closeout. Delivery shall be within sixty (60) days of the date of Substantial Completion. Deliverables shall be: two sets of Record Drawings (paper) and one set of

electronic media. The file names of the electronic media Record Drawings shall match the sheet number of the Construction Documents. The Owner will own all copyright and other intellectual property rights of the Record Documents and electronic media. The fee for this service will be billed on an hourly basis for which the fee will not exceed: \$_____.”

- A.11. Add Clause 4.1.5 which states: “Sustainable Design Services: The Architect throughout each design phase shall make recommendations for and/or incorporate the use of sustainable products and practices throughout the project. Construction waste management will be incorporated into the project specifications.”
- A.12. Add Clause 4.1.6 which states: “Sustainable Design Report: The Architect will complete a report based upon the LEED Project Checklist, to include a narrative of each rating category for all prerequisites and credits, describing how/if the project design would/does comply with the requirements of the credit. The report’s table of contents shall match the LEED Project Checklist for content. The report will include an estimated LEED Certification Rating based upon the opinion of the Project Team. The report shall be updated and submitted to the Owner with the documents at the end of the following phases: Design, Construction Documents, and Substantial Completion. A formal LEED Certification Rating from the USGBC will not be pursued for this project.”
- A.13. Add Clause 4.1.7 which states: “GSA Pricing: The Architect will investigate if selected materials and products are available under the U.S. General Services Administration (GSA) Schedules. Materials and products available with this pricing structure will be identified in the Construction Documents.”
- A.14. Add Clause 4.1.8 which states: “Facility Operation Services: The Architect shall complete a walk-thru of the project at eleven months after Substantial Completion to identify items requiring correction prior to the warranty expiration. Items identified shall be denoted in a punch list document to be delivered to the Owner. The fee for this service will be billed on an hourly basis for which the fee will not exceed: \$_____.”
- A.15. Delete Sections 7.2, 7.3, 7.3.1, and 7.4 in their entirety and replace with the following:
- A.15.1. It is agreed that Drawings, specifications, and other documents created pursuant to this Agreement by the Architect and the Architect’s consultants, including all copyright and other intellectual property, in original form and on electronic media, will be prepared for a specific project and are the property of the Owner on completion and acceptance of the project, or upon termination.
 - A.15.2. These documents must be delivered to the Owner as follows: upon completion of services, 30 days; upon termination, 14 days from the date of the notice of termination.
 - A.15.3. The Architect shall be permitted to retain original sketches and copies, including reproducible copies of Drawings and Specifications and electronic media for: information, reference, and submittal for design awards programs, publication in books and architectural journals and archiving in museum collections.
 - A.15.4. The Owner grants Architect a non-expiring license to use standard details and designs that are incorporated in the documents that the Architect normally uses in its course of business, designing and constructing non-related projects. However, said license does

not include use of Oneida cultural iconography or symbols on other projects, without the express written permission of the Owner.

- A.15.5. In the event the Architect's services are terminated prior to completion of services, the Owner shall indemnify and hold the Architect and Architect's consultants harmless from any costs or claims for damages arising out of use of incomplete documents, any interpretation, revision, alteration or omission to the documents which are not made by the Architect and his consultants. Further, should the Owner reuse the Drawings, Specifications, or other documents, or any part thereof, the seals and certifications of the Architect and Architect's consultants shall be invalid, shall not be used and shall be deleted.
- A.15.6. The Architect shall incorporate the requirements of this Section A.15 in all agreements with its consultants.
- A.16. Modify Subparagraph 8.1.1 by deleting the word "binding".
- A.17. Delete Paragraph 8.2 in its entirety and replace with the following:
- A.17.1. Any claim, disputes or controversies arising out of, or in relation to the interpretation, application or enforcement of this Agreement shall be initially negotiated between the designated project representatives of both parties.
- A.17.2. If negotiation between designated project representatives does not result in a settlement of the matter, it shall be referred to the principal of the architectural firm and the Development Division Director for the Owner, for joint discussion and attempted resolution of the matter.
- A.17.3. Both parties agree that if the matter cannot be resolved by mutual agreement of the principals, the matter will be referred to an alternate dispute resolution process which shall be mediation. Both parties agree that any claim, dispute or other matter in question arising out of or related to this agreement shall not be subject to arbitration. The parties shall endeavor to settle disputes by mediation in accordance with the Construction Industry Mediation Rules of the American Arbitration Association currently in effect. Demand for mediation shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. A demand for mediation shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall the demand for mediation be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations.
- A.17.4. Mediator shall be selected by and mutually agreed to by both parties. The parties shall share the mediator's fee and any filing fees equally.
- A.17.5. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Mediator shall hear the matter and provide an informal opinion and advice, none of which shall be binding on the parties, but is expected by the parties to help resolve the dispute. Said informal opinion and advice shall be submitted to the parties within twenty (20) days following written demand for mediation.

- A.17.6. Nothing in this contract will be interpreted as a waiver of Owner's sovereign immunity.
- A.18. Delete Paragraph 8.3 in its entirety.
- A.19. Delete Paragraph 9.7 and replace with the following: "Termination Expenses are in addition to compensation for services of the Agreement and shall be computed as ten (10) percent of the compensation earned to the time of termination."
- A.20. Modify Paragraph 10.1 by deleting all the words after "located".
- A.21. Delete Second sentence of Paragraph 11.7 and replace with: "The rates and multiples for services of the Architect and the Architect's consultants as set forth in this Agreement shall be fixed for the duration of the Agreement."
- A.22. Add Subparagraph "11.8.3 Total Reimbursable Expenses for this project are not to exceed \$_____."
- A.23. Modify Subparagraph 11.10.3 by deleting the words "in a binding dispute resolution proceeding."
- A.24. Add Subparagraph "11.10.5 Architect shall not be entitled to receive final payment hereunder until Architect has provided such lien waivers, including lien waivers from Architect's consultants, as Owner may reasonably require in connection with Architect's request for payment."
- A.25. The Owner reserves the right to access and audit the architect's accounting records and time sheets relative to the work under and in compliance with, this Agreement. These records shall be preserved by the Architect for a period of three years after final payment.
- A.25.1. The Owner's right to audit shall extend to any consultants hired by the Architect.
Architect shall include Owner's audit rights within Architect Consultant agreement.
- A.26. The parties agree that payment will be made on a monthly basis for work completed per phase as per Article 11 and shall not exceed the percentages established for each phase. No payment will be made or work begun regarding succeeding project phases until approval is given in writing for the current phase of the Project.
- A.27. No payment will be made to the Architect, nor may the Architect begin work on the Construction Document Phase until approval is given for the Design Phase by the appropriate body under tribal law. Further, that no breach of contract occurs if approval is not granted, and no damages occur as a result of denial of approval by the Owner.
- A.28. The Drawings and Specifications shall be prepared using reasonable professional care and competence in complying with applicable laws, statutes, ordinances, codes, rules and regulations in force as of the date of the agreement, consistent with Wisconsin Rules of Professional Conduct, chapter A-E 8, reference A-E 8.09(1).
- A.29. Contract Administration will be conducted by the Architect in accordance with SPS 361.40 Supervision, and as defined in S.443.01 (8), Wisconsin Statutes.

- A.30. The Construction Documents must not contain proprietary specifications, unless otherwise approved by Owner. There must be a minimum of three (3) acceptable manufacturers listed for each specification section or a purely performance specification where no specific product is listed.
- A.31. Architect is required to obtain an Oneida Vendors License from the Owner's Licensing Department. Failure to obtain and maintain said license for the duration of this Agreement shall prohibit Architect from receiving payment for services rendered, until such time as the license is obtained.
- A.32. Architect, Architect's consultants and subcontractors shall indemnify and hold harmless the Owner, its affiliates, officers, directors, employees, and agents of each, from and against any and all losses, payments, claims, damages, liabilities, obligations, penalties, judgments, awards, costs, expenses, interest or damages (including settlement), including court costs and reasonable attorney's fees, of whatever nature, for injuries, losses, or damages arising out of Architect or Architect's consultants, subcontractors, officers, directors, employees, or agents performance of services under this Agreement.
- A.33. The Owner's requirements for insurance coverage are identified on Exhibit B.
- A.34. The failure of one party to insist upon or enforce, in any instance, strict performance by the other party of any of the terms of this Agreement, shall not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon such terms or right on any future occasion.
- A.35. The Architect and Architect's consultants will comply with the requirements of *Design Standards & Criteria for Sovereign Oneida Nation Of Wisconsin, Engineering Department* as supplied by the Owner.
- A.36. The Architect has read the copy of the Oneida Indian Preference Law, understands its provisions and their bearing on the Architect's rights and responsibilities, and agrees that such provisions shall govern the Architect's performance of the contract.
