

# Oneida Street Signs

Kahuk in English is Goose and Kli Kli is Bluejay

Oneida Street Signs have taken on a new look this year. Our identity is continually reflected in what we collectively share and watch over. The impetus for this change is a reflection of our Nations' sovereignty expressed in several ways: Our identity is reflected as a sovereign nation with the identification of our Nation's seal, our cultural identity is reflected in the symbolism and colors utilized; and our unique language is reflected in some signs being in our given language. As we claim back more of our ancestral lands we will further this identification of our place, as Oneidas'.
