## Native youth online magazine

By Dawn Walschinski

Kalihwisaks

There's a new place in cyberspace for young Native Americans. Native Youth Magazine.com debuted June 25th, 2005 and has gotten over a million visitors since then.

"That's a milestone and we're really happy about that. It's really taken off," said Mary Kim Titla publisher of the online magazine.

A member of the San Carlos Apache Tribe and mother of three boys ages 10, 15 and 19, Titla noticed her sons were spending a lot of time on the internet, but weren't visiting native sites.

"There really aren't very many native youth web sites for them to go to, anyway, so they're visiting a lot of other mainstream sites. So it dawned on me that there's a need for something like this," she said.

Titla started gathering input from her sons and from other native young people to form the site which is geared towards native youth ages 12 to 25.

"We sort of dove into it

# Business Committee sworn in

By Phil Wisneski

Kalihwisaks Staff

The inauguration of a new Business Committee took place on a gorgeous early evening of August 15 behind the Norbert Hill Center. It was an emotion filled evening as outgoing members and new members of the Business Committee had to fight back tears during their respectful speeches.

As with each inauguration,

there are dreams of creating a better Oneida for all the community members. Yet, each member of the newly elected Oneida Business Committee realize that there is a lot of hard work that needs to be done in order for their dreams to become a reality.

Hard work with the ever-daunting land claim. The nation was so close to settling the claim last December, but now it seems so far away as

more hurdles need to be cleared. Another key issue is to preserve the nation's health.

Newly elected chairman, Gerald Danforth knows the nation is only as strong as the people. He echoed those thoughts as he addressed the nation for the first time.

"Healthcare is a major issue that needs to be addressed," Danforth said.

There was an emergency

GTC meeting regarding the current status of the Oneida Health Center on July 11 of this year. At the meeting a motion was passed to hire and ombudsman to hear complaints and concerns of the health center employees and patients. The ombudsman will then take those concerns to Assistant General Manager, Lloyd Powless Jr. The concerns and action taken to address the concern will be

published in the Kalihwisaks.

"We need to take care of our people," Danforth said.

The chairman was also anxious to get to work.

"This day seemed like it took a long, long time to get here," Danforth said. "Let's take the button off the sleeves and roll them up and get to work."

Danforth also acknowledged each of the out going council members by wishing them good luck and thanked each of them for their hard work. Outgoing members were chairwoman Tina Danforth, secretary Julie Barton and councilmen Curtis Danforth and Brian Duxtator.

Newly elected council member Ed Delgado gave the General Tribal Council a task during his first address.

"You will hold us accountable and make us keep our promises that we made," Delgado said. "You're role is

## NCAA bans offensive mascots

By Michael Marot

INDIANAPOLIS (AP) - Fed up with what it considers "hostile" and "abusive" American Indian nicknames, the NCAA announced Friday it would shut those words and images out of postseason tournaments, a move that left some school officials angry and threatening legal action.

Starting in February, any school with a nickname or logo considered racially or ethnically "hostile" or "abusive" by the NCAA would be prohibited from using them in postseason events. Mascots will not be allowed to perform at tournament games, and band members and cheerleaders will also be barred from using American Indians on their uniforms beginning in 2008.

Major college football teams are not subject to the ban because there is no official NCAA tournament.

Affected schools were quick to complain, and Florida State - home of the Seminoles - threatened legal action.

"That the NCAA would now label our close bond with the Seminole people as culturally 'hostile and abusive' is both outrageous and insulting," Florida State president T.K. Wetherell said in a statement.

"I intend to pursue all legal avenues to ensure that this unacceptable decision is overturned, and that this university will forever be associated with the 'unconquered' spirit of the Seminole Tribe of Florida," he added.

The committee also recommended that schools follow the examples of Wisconsin

The Oneida Business Committee now consists of Chairman Gerald Danforth, Vice-Chairwoman Kathy Hughes, Secretary Patty Ninham-Hoeft, Treasurer Mercie Danforth, council members Trish King, Paul Ninham, Vince Delarosa, Melinda Danforth and Ed Delgado. The committee is elected for a three year term.

## Fire destroys duplex, two area families homeless

By Dawn Walschinski

Kalihwisaks

A fire the morning of Saturday, August 13th at a duplex has displaced two families and sent one woman to the hospital.

Oneida tribal member

Linda Kuske and her 14-year-old son were able to escape their upstairs apartment at 1792 Shawano Avenue. Kuske was hospitalized for having difficulty breathing.

Downstairs neighbor Rhonda Tousey, her three

children, Jamie and Jennifer Sparks age 16, Zachary Pecore, age 8 and her mother Guinevera "Tousey" Molenworth, were at the Mohican Pow Wow that day. She didn't learn about the fire until 5:00 pm that evening.

"My land lord had told me that the house had been on fire and we'd lost everything," she said.

Tousey, who is Mohican, went back to the pow wow grounds to break the bad news to her twin daughters and her family.

"The people there at the pow wow did a blanket dance for us," said Tousey. The dance raised funds to help the family to start over.

The giving continues as employees at Oneida Social Services where Tousey works gathered donated clothing and

house hold goods for the two families.

The Oneida Pantry will be donating half of the proceeds raised at the Brat Booth August 23rd at the Oneida Farmers Market, and Bay Bank has set up a fund as well. Checks can be made out to Linda Kuske or Rhonda Tousey.

"Oneida has been unbelievable," said Tousey, "Everybody has just been there for us."

According to Lt. Chris Heil of the Green Bay Fire Department, the fire may have been caused by an extension cord in the twins' bedroom. The blaze caused \$250,000 in damage.

The families of Jonas & Cora House wish to extend their gratitude to you for stepping into the hostile waters of Oneida politics, in an effort to open the eyes and ears of the Oneida People. Maybe this will move others to step forward.

Families of Jonas and Cora House

Thank You...

With the utmost sincerity, I wish to thank all those that expressed their constitutional right to vote. Most of all, I thank you who rendered a vote of confidence in me for the position of Gaming Commissioner.

As an elder (that is older than some but not as old as others) it is highly appreciated when the membership feels that we still have some thing of value to offer those we serve.

God be willing, I'll be back in another three or four years for another term asking once more for your support.

Girl Scout volunteers needed in Oneida

Girl Scouts of the Fox River Area, Inc. is looking for volunteers to help Girl Scout troops in the Oneida area.

Girl Scouting is open to all girls in grades K – 12, and women and men over the age of 18. There are currently volunteer opportunities available in Oneida for leaders and co-leaders, primarily for girls in grades K – 5. Duties include leading meetings, planning events and conducting activities throughout the school year.

An informational registration night will be held for both girls and adults on Monday, August 29 and on Monday, September 19 starting at 6:30 p.m. at the Parish Hall on Freedom Road.

Girl Scout volunteers help give girls the opportunity to grow as individuals and establish a positive outlook for the future. Girl Scout volunteers provide girls with a safe environment where they can share their experiences while participating in an informal educational program that helps them grow strong.

“Being a troop leader is a key volunteer position that helps us to maintain a well-rounded program,” said Lisa Mengert, membership manager. “We can match you to a volunteer position that will benefit both you and the girls.”

Girl Scouts of the Fox River Area, Inc. has been providing Girl Scouting in the area for 85 years. The council serves over 8,000 girl and adult members in the counties of Menominee, Outagamie, Shawano, Waupaca, Winnebago, and a portion of Calumet.

You do not have to be a parent of a Girl Scout to volunteer. All adult volunteers need to become registered with the Girl Scouts; this requires an annual membership due of \$10. Financial grants are available. For more information on volunteering for Girl Scouts, contact Lisa Mengert at the Girl Scout Program Center, (800) 924-1211 or (920) 734-7069, ext. 11.

## Lite Foot brings message to Oneida

Photo courtesy of Cindy Thomas

Lite Foot opened his "Reach the Rez" in Oneida on August 9. Lite Foot spread the message of pride, healthy living and empowerment to the Oneida youth.

By Cindy Thomas

Special to Kalihwisaks  
The Oneida Reservation of

Wisconsin was the first reservation to experience Lite Foot's Reach the Rez Tour.

The Youth Enrichment Services of Oneida along with others helped to bring Lite Foot to our home. His goal is to spread a message of cultural pride, traditional values, healthy living and empowerment to 211 reservations in one year.

On August 9, an extremely hot and muggy Tuesday evening, three huge trucks pull into the backyard of the Norbert Hill Center at Approximately 6:15 p.m. Amazingly enough Lite Foot was driving the largest truck. The On^yote=ak@ Youth Council was there setting up chairs prior to the show and selling water. He was the first to get out and help set up the speakers, clothing tables, and to greet the public. Lite Foot has a message to send throughout Indian Country and he isn't afraid to do the work.

Prior to the show he met with the On^yote=ak@ Youth council and gave them some encouraging words to live by. He Stated, "Don't ever forget who you are and don't ever forget where you come from." He wants Indian people to go out in the world and become leaders in today's society. He

is only one man and he needs others to help our people live a productive and positive life style. According to his press agent, "Statistics in Indian Country have never been more sobering. American Indian reservations and communities place highest amongst all minorities concerning rates of suicide, crime, high school drop outs, teenage pregnancy, drug and alcohol addiction, gang activity, AIDs and the list goes on." He also mentioned that no matter what you accomplish in life, "the Creator looks on your condition of your Spirit."

Even though he arrived a little late, his performance started on time. He started out with some Hip-Hop music to get the audience dancing. He wanted the audience right up front so he could hear them. Youth from Oneida and the Menominee nation stood up and truly enjoyed the show. He sampled many songs from other Hip-Hop artists prior to performing his own music. Although the stage was small he even gave a dance performance for the audience.

Once the music stopped he was not done. He began to speak about the past, present and the future of Indian People. As he was speaking the thunder spoke with him, a cool breeze pushed away the muggy heat, and down poured the rain. He continued speaking through the much needed rain. He thanked the water for coming and continued his message for Indian people to achieve their goals. He is an example of hard work and dedication. Anyone can achieve their dreams as long as they walk the good road that the Creator has set in front of them. Overall his message was uplifting and inspiring for the youth of today. His key message to the audience was: PRAY, PRAY, PRAY, PRAY, PRAY, PRAY....

## Metoxen to be honored with Eagle feather

By Dawn Walschinski  
Kalihwisaks

An eagle feather is the highest honor Native Americans give to their own, and Oneida Tribal Historian and veteran Loretta Metoxen will be presented one at the North American Iroquois Veterans Association annual pow wow in Little Valley, New York near Salamanca August 20th.

The award is in recognition of her achievements as a historian as well as her status as a Korean War era Air Force Veteran and her participation in veteran organizations.

"She is the most knowledgeable Native American archivist and historian in the nation for all Indian nations," said Jim Overman who served on the Oneida Nation Veterans Advisory Council with Metoxen.

Working out of the Cultural Heritage Center, Metoxen researches and writes articles and books on Oneida history. Currently, the entire staff is organizing the massive amounts of documents and thousands of photos for placement in the new cultural center that's in development.

While Metoxen has been a tribal historian since 1996, she says her research started much earlier.

"Officially, I started nine years ago, unofficially, I've been researching Oneida history and the history of other tribes for about 40 years," she said, "I visited every tribe where we were stationed and wrote letters to their chairmen when we were a military family."

Metoxen served during the Korean War as a non-commissioned officer in the Air Force repairing and inspecting radar units at Otis Air Force Base in Massachusetts. Later, she became involved in tribal politics, serving on the Oneida Business Committee for 1967 to 1996.

"During that time I read all the material that came across my desk, so I was learning new things everyday in addition to Indian law," she said.

Metoxen is still an avid reader, owning 1200 history books.

Metoxen

"History is extremely exciting. I would rather read history than do almost anything else," said Metoxen.

However, she says oral history is very important.

"(Written history) is not the be all and end all of history because

the oral versions that people have from their individual memories augment everything else that we know about," she said, "Each person and each tribal person specifically has a story worth telling."

It could be said Metoxen started gathering oral history as a young girl on her parents' farm in Oneida. The farm was centrally located near a bus stop that would take Oneida residents into Green Bay for work.

"Often times in the evening when they were coming back from work they would stop and rest and they would visit with my mother or Dad or come to the barn often if we were working in the barn and they would visit and I would listen. So I learned a lot about families that I still use today from those visits," she said.

Metoxen believes studying one's own history will give a person a frame of reference for his or her own life.

"Many families and young tribal members believe that they are having very difficult times now and I think if they knew more about the difficult times of their parents and grandparents, they would have a better focus on their own life."

Metoxen encourages people who are interested in looking up more about the Oneidas' past or genealogy to visit the Cultural Heritage Center. The center has a history packet for beginners as well as resources for students working on a masters or doctorate degree.

After many years of experience in the military and tribal politics, Metoxen knows being a historian and archivist is what she wants to do.

"This is like the pinnacle of my career, because I've done all these other things but this is the most satisfying and it will last for generations in the future."

### In Loving Memory of Mary Ann Waterloo on her 70th Birthday

Mom,

The moment that you died, our hearts split in two; the one side filled with memories, the other died with you. We often lay awake at night, when the world is fast asleep and take a walk down memory lane with tears upon our cheeks.

Remembering you is easy, we do it ever day, but missing you is the heartache that never goes away. We hold you tightly within our hearts, and there you will remain, Life has gone on without you, but we will never be the same.

Lovingly Remembered  
Your Daughter Theresa & Victor  
Happy Birthday Mom I miss you & Love you a lot.

### In Loving Memory of Donna Miller

Who passed on one year ago, Aug 20th

One year ago today Aug, 20th 2004, we thought of you with love today, but that is nothing new. We thought about you yesterday and days before

that too. We Think of you in silence, we often speak your name. All we have are memories and your picture in a frame. Your memory is our keepsake with which we will never part. God has you in his keepings. We have you in our hearts.

Loved and sadly missed

### In Loving Memory of Bruce Funmaker

On his birthday, August 17, 1982 - June, 2001

I enjoyed being with you even though you were here for such a short time.

Just wish we had a chance to say "Good-Bye."

The pain still lingers on and we miss you.

When my time comes I will be happy.

There will be tears of joy and sadness.

Joy tears are for me going home with Jesus.

Sad tears for me leaving.

We all went through this when you were taken home.

Some day Jesus will come back for all His people and take us home to be with Him forever.

We will all be bowing before Jesus.

Love and miss you!

### 3 sisters summer program

Isabel Parker

Oneida Housing Library Director-Community Coordinator

It was a very hot fun summer for some of the children in Three Sisters, and community areas. Sponsored by Oneida Housing They participated in field trips daily and in house arts and crafts, games. They got to go to Wild Air, Golfing, Bay Beach, Swimming in Kaukauna Park, Ashwaumay Park, and Wisconsin Dells. Other places that were visited were the Seymour Fair, The Tundra Lodge, Going out to Movies, The New Zoo, Funset Blvd, and the Appleton Court House to see a Court Room and Talk about Crime. This included, free lunch daily, and their transportation. The meals were at Mc Donalds, Burger King, Pizza Hut, and Ponderosa, where ever it was nice and cool. Bowling days they had the Free Pizza-Soda and 2 free games. Also bag lunch from Norbert Hill Kitchen Thanks Toofie! The Program started June 13th, Thru August 5th, and ending with a big luncheon for Parents-Grand parents and the children all received Back Packs. with school supplies in it. Thanks to the Parents who helped with Transportation, and the youth workers, Daniel Gutierrez, Cassandra Martinez and Angela Polanco. You are all greatly appreciated. It was a fun Summer, and i hope everyone one has a good school year.

### Grass dancer doll wins blue ribbon

Submitted by Richie Plass

Oneida tribal member, Lily Antone-Plass was awarded a Blue Ribbon at the State Fair in West Allis last week for her traditional, no-face doll, "Many Fields."

It is an original creation by Antone-Plass of a Grass Dancer. This is the first time she has entered one of her dolls in State Fair competition and she is thrilled with her award.

"I have never won a Blue Ribbon in my life and this is just way too cool," she said of her win.

"Many Fields" is a free standing doll about the size of a two year old. He is fully attired in a Grass Dance outfit complete with a roach, which was made by Richard "Breezy" Brzezinski.

"I found a small staff at the Miller gift shop on the Stockbridge/Munsee Reservation," Antone-Plass said, "and I knew it would fit him."

The doll took Antone-Plass just about four months to design and make.

"Whenever I get a special order or have an idea, I try to research it as much as I can. Because Richie and I attend various pow wows, I told him I wanted to try and do a Grass Dancer. That's how it all started."

Antone-Plass was one of the recipients of this year's "Chairman's Award of Excellence" from Chairwoman Tina Danforth, and honor that took her by surprise.

"I was so nervous when Tina presented me with her award. It now hands in our

living room so people can see it. The award itself is so great with all the bead work, I just felt it had to be seen."

Last year Antone-Plass was given an order by the Oneida Veterans Association for their new vests. She made all of the vests from Pendleton blankets and the Vets have gotten many

great comments on them. Plus, this November Antone-Plass will be one of the featured artists at the annual "Native American Art Show" at the Appleton Art Gallery. She will be displaying other new dolls, traditional and contemporary attire.

GOOD MIND ...

"a C.A.P.P.S. approach to address underage drinking"

great future!

### Drinking and driving don't mix

It seems lately in the news that we hear more about crashes involving drinking and driving. Many of us adults may have done that at some time, perhaps when we were young. We think that we are "only going a short distance" or "I'm not drunk-I've only had a few". Hopefully the following information will make you think twice!

Did you know that it only takes one or two regular beers to impair our ability to do even the most basic tasks? That's right! After only 1 or 2 regular beers, the cerebral cortex of our brain is affected. This means our judgement, vision, depth perception and motor functions (e.g. driving skills) become impaired. After 3 to 4 regular beers, our BAC (blood alcohol concentration) is already up to .08, which is legally drunk in the state of Wisconsin. Physically, 3 or 4 beers means that our cerebrum is affected. This area of the brain affects our reasoning, memory, loss of inhibitions, and the loss of conscious or voluntary control. Think about it - does this explain some of your own behavior from drinking that might have left you feeling embarrassed, hurt or worse yet, hospitalized? There's much more information available but you can do the math because only you know how much you drink at a time.

The more you drink, the more risk you take. Ask yourself, "Is it worth it?" And about that peer pressure, just remember, most of your peers are looking for excuses NOT to drink. Be a leader and give your friends a break from alcohol. Start up a late-night basketball game or have a fun movie night with your friends when your parents are home! These are great alternatives to under-age drinking. Can you think of any more fun activities you would like to do? Email them to Justine at jsouto@oneidanation.org or call at 490-3854. We'll spread the word!

CAPPS (Community Analysis Process for Planning Strategies) is the national model used to mobilize the community to share resources, ideas, and information surrounding an issue.

Please join us on August 30, 5:30-7:30 for our next community dinner located at Social Services Building in the Community Room. Oneida Behavioral Health will host an informational dinner focusing on September's Yellow Ribbon Suicide Awareness Month. Suicide is most prevalent among our Native people and ignoring the issue won't help! Come show your support for our community by becoming aware of this issue!

### From Page 1/NCAA bans mascots

and Iowa by refusing to schedule contests against schools that use American Indian nicknames.

While NCAA officials admit they still can't force schools to change nicknames or logos, they are making a statement they believe is long overdue. Eighteen mascots, including Florida State's Seminole and Illinois' Illini, were on the list of offenders.

Those schools will not be permitted to host future NCAA tournament games, and if events have already been awarded to those sites, the school must cover any logos or nicknames that appear.

"Certainly some things remain to be answered from today, and one of those things is the definition of what is 'hostile or abusive,'" said Tom Hardy, a spokesman at Illinois.

for NCAA championships."

The decision, however, quickly evoked passions and complaints from both sides.

At Florida State, Wetherell said the NCAA was trying to embarrass the school for using its nickname, even though the Seminole Tribe of Florida has given the university permission to continue using it.

"Other Seminole tribes are not supportive," said Charlotte Westerhaus, the NCAA vice president for diversity and inclusion.

Supporters also were unhappy.

Vernon Bellecourt, president of the National Coalition on Racism in Sports and Media and a member of the Anishinabe-Ojibwe Nation in Minnesota, approved of the

ban but had hoped the NCAA would take even stronger action.

"We're not so happy about the fact that they didn't make the decision to ban the use of Indian team names and mascots," he said.

Harrison, president at the University of Hartford, said the executive committee does not have the authority to do that, and schools can still appeal their inclusion on the list.

Brand and Harrison said they hoped school officials would pursue policy changes through the NCAA first, before going to court.

"I suspect that some of those would like to having a ruling on that," Brand said. "But unless there is a change before Feb. 1, they will have

to abide by it."

Two years ago, the NCAA recommended schools determine for themselves whether Indian depictions were offensive.

Among the schools to change nicknames in recent years were St. John's (from Redmen to Red Storm) and Marquette (from Warriors to Golden Eagles).

But that hasn't changed opinions on either side.

"They're not willing to give up this money," Bellecourt said, referring to merchandising revenue. "We would hope that it (the decision) was the handwriting on the wall that would urge them to drop these team names and mascots."

# Assistant GM addresses health issues

## To the Oneida Community:

I want to thank the many concerned community members who have contacted the Oneida Health Board or myself, as we work toward improving the situation at the Oneida Community Health Center. The past few months have been difficult, but we are making progress in hiring doctors and resolving conflict. Community input has been very helpful in identifying the underlying causes for concern and, in the future, your continued feedback will help us make sure the health center stays on track. As Asst. General Manager, I have made it a priority to facilitate positive changes at the health center, and I will stay involved as long as needed.

One of the biggest lessons we learned during this process is that we need to communicate more effectively, so everyone knows their concerns have not fallen on deaf ears. Understanding that need, I want to provide you with additional facts and share information about changes that are taking place:

1.) At the General Tribal Council meeting July 11th, a letter written by Dr. Mardan was distrib-

uted. Some of the statements in the letter are accurate, however, much of the letter is Dr. Mardan's interpretation of the facts. Dr.. Mardan is a respected, caring physician, and he deserves that respect.

However, I have a different interpretation of the facts when discussing the business plan, co-pays, private hospitals, the process for hiring new doctors, etc.

There are no plans to charge tribal patients for the health care services they receive. A hospital, owned in part by doctors, was suggested as a possible way to retain doctors. However, we all need to realize that any plans for a hospital would have to be approved by the Health Board, the Business Committee and the GTC.

2.) Dr. Joseph Binard is now serving as a temporary medical director at the Oneida Community Health Center and his leadership is greatly appreciated by Bill Wild and the medical staff. Dr. Binard is committed to providing leadership and may stay until a perma-

nent medical director is hired.

3.) Several temporary doctors are now seeing patients at the Oneida Community Health Center, while we bring permanent doctors on board. Patients in need of medical care this summer are receiving it at the OCHC or, if the right doctor or nurse practitioner is not available, our doctor partners at Prevea Clinics in the area are seeing some patients, I want to thank the doctors and medical professionals who have stepped in to help our community.

Patients who want to schedule non-emergency, routine checkups are being asked to wait until fall, if possible, when our new doctors will be working at the OCHC. Candidates for permanent positions are being screened and three new doctors have already agreed to join us in September. In addition to these doctors, negotiations are under way with several others.

4.) I have had several meetings with Bill Wild, to discuss concerns raised by community members and employees. Bill was hired

on a limited-tern basis this spring as the operations director a the health center, and his administrative experience is, in my opinion, a tremendous asset to the Oneida Nation. However, because Bill's experiences came at much larger clinics and hospitals, and because he is new to a tribal clinic setting, he may have moved a little too quickly in sharing ideas and suggesting possible changes, before understanding his new surroundings. We will post this position this month. (August)

5.) I am attending senior staff meetings at the health center to ensure the group is working together to resolve concerns from employees and patients. OCHC senior staff understands it is their responsibility to move forward with solutions. Just as no one individual got us to this point, it will take more then one person to move the OCHC forward positively. Bill Wild and his senior staff must work together as a team, and I believe each has the necessary skills and under-

stands the role they lay in serving our community's health care needs.

6.) It is important that, as we bring new doctors on board, everyone working at the health center understands and accepts the OCHC mission and strategic plan. I will be reviewing mission, strategic plan and organization charts with senior staff and will share them with the Health, Business Committee, and ultimately with the OCHC staff. Going forward, all levels need to understand their critical role in serving the needs or our patients and meeting the goals of the OCHC.

This fall should mark a new beginning at the Oneida Community Health Center. I am confident we are taking the appropriate steps needed. we will initiate an employee newsletter, employee survey, Health Board needs survey, and monthly Kalihwisaks articles and Community Meetings.

Sincerely  
Lloyd E Powless Jr  
Asst. General Manager

## Education Update

*Is your current personal information on file at Higher Ed?*

August and September are the busiest months of the year at the Higher Education Office. The number of phone calls, appointments and walk in clients increases as the start of the fall semester looms.

The goal of the Higher Ed staff is to provide all students with their financial aid checks in a timely fashion. There are some important things that students can do to help.

First and most important is to complete the application process according to the suggested priority deadlines, which are April 15th for the fall term, October 1st for the Spring term, and May 1st for the summer term.

Each semester our office receives frantic calls from students who have started the process very late, and find themselves in desperate situations. In all fairness, the Higher Ed staff can't put the needs of these late students ahead of the needs of students who have applied in a timely fashion.

All paper work that arrives in the Higher Ed office is date stamped and entered into the data base. From the data base, lists are generated on a regular basis which show all students with complete files. On these lists, student names appear in date order of file completeness. The Higher Ed advisors work from the list, reviewing documents in the student's file as the first step in the award process. If everything in the file is acceptable the Oneida Higher Ed grant is calculated and an award letter is processed. Copies of the award letter are sent to the student and to the school, and a check is normally mailed out to the school within a week.

Unfortunately, problems with paper work may be discovered when the Higher Ed advisor reviews a student file prior to awarding. This usually requires a phone call to the school and/or the student, which can cause considerable delay. This is especially true if the Higher Ed office does not have current personal information for our students.

Since communication with students is vital, all changes to student names, addresses and phone numbers, changes of schools or credit loads need to be shared with our office so that important information is not missed.

We invite students to utilize our toll-free number, 800-236-2214, to visit our web site, [www.oneidanation.org](http://www.oneidanation.org), and to E mail us. We encourage questions from our students regarding their award status, and appreciate any suggestions for improving our processes that they may have.

## What's New with Flu THIS Year?

### Michelle Myers, RN

Community Health Nurse

Flu vaccination without the shot! During the coming flu season, Oneida Community Health Center will offer healthy children ages 5 - 18 years of age the choice of injection or nasal spray for their flu vaccination.

FluMist is a live virus vaccine that protects against influenza. Instead of an injection, those receiving this vaccine will experience a tiny spray into each nostril. That's all! NO shots! Because it is a live virus vaccine, it cannot be given to everyone. So ask your child's doctor if FluMist is right for your child. FluMist and many other vac-

cines are provided at no cost to eligible Wisconsin children, thanks to the Vaccine For Children Program (VFC).

### Who is eligible for FluMist at the Oneida Community Health Center?

1. Healthy children between the ages of 5 – 18 years of age **AND**
2. Must meet at least one of the following VFC eligibil-

ity criteria; American Indian or Alaska Native, enrolled in medicaid, or have NO health insurance.

Oneida Community Health Nursing Department currently plans to begin mass flu clinics toward the end of October 2005. NO production problems with flu vaccine have been identified at this time, so clinics should begin on schedule. Watch for notification of these clinics in the Kalihwisaks and over GroupWise in the months to come.

Feel free to call Oneida Community Health Nursing with further questions or concerns at 869-4840.

## Another first at the OCHC

When patients consult the Oneida Community Health Center's urologist because of symptoms like painless appearance of blood in the urine, this might suggest the existence of a urinary tract tumor.

Besides testing such as: 1- a urinalysis; 2- a cystoscopy (looking into the urinary bladder; 3- ultrasound imaging; or 4- CT, the urine had to be sent away for further analysis.

The Oneida Community Health Center (OCHC) laboratory, currently, is able to

provide this urinary cancer screening test as Dr. Joseph Binard, MD, FRCSC, Interim Medical Director, made the arrangements for the OCHC laboratory to acquire the necessary equipment to perform this test.

The test results can usually be provided while the patient waits. This will not only save health care dollars, but it will speed up the progress of the diagnosis and treatment. This will also decrease the anxiety for the patient associated with the long waits for test results.

## Seymour High sets date for freshman orientation

The Seymour High School will be having freshmen orientation on Tuesday, August 23, at 1:00 p.m. or 7:00 p.m.. The session will begin with general remarks in the auditorium. Counselors and administrators will also be available during this time.

The orientation will end with freshmen pictures being taken for the yearbook and student ID's.

Academic teachers have

compiled the following list:

- 1) Single subject wire notebooks and folders for each class
- 2) Notecards
- 3) Pens, pencils, colored pencils and/or markers
- 4) A computer disk
- 5) If you are taking Spanish, you will also need a navy blue 1 inch, 3-ring binder and 5 subject dividers with tabs.

Donations are sorely needed as Tousey was without renters insurance.

"I canceled it not that long ago," she said, "Hind sight is 20/20."

After the initial shock of the damage wreaked by the fire, Tousey has gained new perspective on the generosity of Native people.

"I feel part of the reason for the support is because the

way Indians feel about taking care of one another," she said.

Tousey has been employed at Oneida Social Services for 10 years working in the Indian Child Welfare department. She finds it strange to be the one looking for help rather than guiding another.

"I've always been on the other side of the table, I'm the one who tells people 'Ok, here's what's out there , here's what you can do, here's how you can get there and now I'm

on the opposite side of the table," she said.

After visiting the burnt-out duplex and shedding some tears, Tousey is moving forward. She has found a new apartment, though she discovered some of her priorities had changed when she began her search.

"Before it was, oh this kitchen has this or that, no it's where is the outlet? Let me see the fuse box," she said.

Leech Lake tribal Council dismisses charges against members

CASS LAKE, Minn. (AP) - The Leech Lake Band of Ojibwe Tribal Council voted 4-1 Friday to dismiss the removal of Tribal Chairman George Goggleye and Reps. Donald “Mick” Finn and Burton “Luke” Wilson, as the accused joined in the vote.

The three tribal officials were accused of malfeasance, dereliction of duty and violation of the Minnesota Chippewa Tribe Constitution.

The 12-minute removal hearing was marked by shouting, cursing, name calling and a physical struggle as petitioners loudly backed up Secretary-Treasurer Arthur “Archie” LaRose, who cast the only dissenting vote.

“You’re the one charged. You’re not going to run this hearing,” LaRose protested as

Goggleye opened the hearing. “The Tribal Council runs the hearing,” Goggleye responded.

Debbie Geving, one of the petitioners and protest leaders, yelled, “This is the people versus you. ... That’s the problem, George. You don’t listen to the people.”

As the shouting continued, Goggleye read out the charges against Wilson and Finn.

Goggleye, Wilson, Finn and Rep. Lyman Losh voted in support of the accused. LaRose rose each time to vote no.

Goggleye then turned the meeting over to Losh for the reading of the same charges against him as chairman. The outcome was the same 4-1 vote to dismiss.

As Losh read the charges against Goggleye, LaRose

stood up from his seat at the council table and tried to take the microphone from Losh's hand. A short wrestling match ensued, but it was broken up by a police officer and others.

“It’s a hearing for the hundreds of members who had the courage to sign the petition. It is not appropriate for the accused to act as judges,” said Wally Storbakken, one of the protesters.

As Goggleye, Finn, Wilson and Losh walked out of the hall following adjournment, Storbakken shouted, “It’s only just begun. We’re not going away.”

Other protesters vowed to turn the matter over to the Bureau of Indian Affairs.

## Oneida Elderly Services

# Several fun events have taken place with more to follow in coming weeks

By Sara M. Loken

Oneida Elderly Services  
VISTA Volunteer

Are you over 55 years of age and tired of sitting at home? If so, summer can be a lot of fun with Oneida Elderly Services. The record breaking high temperatures are not keeping the young at heart at home this summer. Elderly Services has planned several fun events for June and July and there are more fun times to be had in August.

For information on upcoming events in August you can look at the activities calendar in the Drums Across Oneidas Newsletter or ask next time your at the Elderly Services Complex or Senior Center.

July was full of sun and fun for Oneida elders. Thursday the 28th the elders were off to Door County for an afternoon of cherry picking and lunch in

the park in Sturgeon Bay. Buckets of cherries were also picked and brought back for any homebound elders who did not want to miss out on the fresh fruit. The weather

was sunny with a pleasant breeze, perfect for a picnic lunch along Lake Michigan.

For those of you 55 and older who missed July's events the fun doesn't end

there. August is full of things to do and places to go. The Elderly Services bus will bring elders to Farmer's Market on August 10th and 24th at 10:30 a.m. This opportunity for fresh fruits and vegetables is hard for anyone to pass up. Another opportunity for fun is on August 17th at 10:00 a.m. when Elderly Services will be going to Great Harvest Bread Company for a tour of their facility. For any elders who would rather stay close to

home, there is Bingo at the Senior Center at 1:00 p.m.

Every Friday Elderly Services takes those 55 and older to their banks, shopping at Walmart, and out for lunch for their convenience. This is a great chance to get your errands out of the way and enjoy the good company. The Elderly Services bus leaves after breakfast on Friday's from the Senior Center.

August is also time for the Four Nations Elderly Picnic on Thursday the 25th. There will be entertainment, Bingo, and door prizes. The bus will be leaving from the Senior Center at 7:30 a.m. for anyone who would like transportation. The picnic starts at 10:00 a.m. if you would like to ride the bus please register at the Senior Center.

Friday, August 26th the Annual Fundraising

Rummage Sale, Car Wash, and 50/50 Raffle is scheduled from 10:00 to 3:00 p.m. The rummage sale will be located at the Senior Center on Riverdale Drive. There will be a variety of items for sale as well as a lunch menu of brats, hamburgers, and strawberry shortcake. Nothing says summer like strawberry shortcake! The 50/50 raffle will be held at 2:30 p.m. and you do not have to be present to win.

It is easy to see that the summer heat is not keeping Oneida elders indoors. If you would like to join in the fun pick up an activities calendar at Elderly Services or call 869-2448. Transportation is provided for those 55 and older. Although registering for a ride may be necessary. Do not delay, find out today what fun things are planned for August and join in the fun.

## Informational Brochures

The release of the Clans brochure was so popular that we decided it was time to make available a list of all the brochures we have here at the Cultural Heritage Department. If anyone is interested in receiving copies, you can call Judi Jourdan at (920) 496-5395 or send an email request to jjourda1@oneidanation.org. or just stop by our office at 3703 Hillcrest Drive in Green Bay, WI.

## Genealogy

The Cultural Heritage Department has been offering genealogy services for some time now. So far, this service has been word of mouth. We have access to most of the Oneida Census records from 1885 through 1934. We have the annuity rolls of 1884, 1935 and 1943. We have the allotment rolls, Hampton School student records and so much more. If you are interested in having your family history searched or if you

have research that you've done and would like to share with others searching for their families, or if you would like the experience of doing your own family search, please feel free to stop by to see at 3703 Hillcrest Drive, Green Bay, WI. You can also contact Tribal Genealogist, Judith Jourdan at the Cultural Heritage Department at (920) 496-5395 or email her at jjourda1@oneidanation.org.

## Photo Collection

Another service we have available is our photo scanning which can be done at any of three locations. We have scanners so you don't have to leave your precious photos

behind. The scanning can be done while you wait. For larger collections, it is recommended that you make an appointment. Contact Dan Metoxen at the Cultural

Heritage Department at (920) 496-5391, Lydia Tallchief at the Museum at 869-2768, or Barbara Skenandore at the Oneida Library at 869-2210.

# Oneida Trust/Enrollment Separation

*This is the first of a series of articles to inform the membership about a project that the Oneida Trust/Enrollment Committee is contemplating in order to enhance the operations of this Committee.*

Due to the growth of the Trust Department and the Enrollment Department, the Trust/Enrollment Committee wants to pursue this project in order to serve the community in a more efficient and effective manner. On March 30, 2005, the Oneida Trust and Enrollment formed a subcommittee. This subcommittee determined that the Trust/Enrollment Committee would best serve the Oneida Tribe if it were divided to create a Trust Committee and Enrollment Committee in

order to better perform their roles, responsibilities, and commitment to the Oneida Tribe.

**Background:** The Oneida Trust Committee was formed and granted authority by the General Tribal Council. The Committee evolved into the Trust/Enrollment committee with increasing responsibilities and dual missions. The trust fund fiduciary and membership roll functions have become complex and require more specialized services to the General Tribal Council. The General Tribal Council now has the opportunity to realign the Committee to create two separate entities. Each entity would then be able to focus on their one mission and provide the highest care for the needs of the

Oneida membership. Due to the nature of their responsibilities, the Oneida Trust Committee and the Oneida Enrollment Committee will always be connected.

The Trust/Enrollment Committee requests your support for this project in order to provide the General Tribal Council with more efficient and effective management tools.

More information concerning this project is forthcoming. Please contact the Trust and Enrollment Departments with any questions or comments concerning this project.

## The Oneida Trust & Enrollment Committee Requests Your Support

~ August 2005 ~

- **The Trust & Enrollment Departments work cooperatively, but independently of each other, and will always be linked.**
- **The Trust-Enrollment Committee respectfully requests your support to create 2 committees out of 1 by approving the "development" of a Separation Plan.**
- **The Committee would best serve its roles, responsibilities and commitment if G.T.C. authorizes two distinct bodies to conduct business on behalf of G.T.C.**
- **Due to growth, Trust and Enrollment duties have become increasingly complex and time consuming.**
- **Each department has unique purposes and mission**
- **G.T.C. elects people they trust to manage the Trust and Enrollment areas. We would not make a recommendation to G.T.C. unless it was necessary and in the best interest of the Oneida Nation.**
- **Both Committees will remain autonomous and be under the direct supervision of G.T.C.**
- **Your support in creating 2 out of 1 is the crucial beginning step**

## Ho-Chunk to host celebration of Culture

LYNDON STATION, Wis. Crockett's Resort and RV Park has announced the date of their inaugural Celebration of Native American Culture and Tradition. A full day of events is scheduled for August 20th, with displays opening at 9:00am and concluding with a full drum and dance performance at dusk. All performances and displays are open to the general public, free of charge.

The displays and performances will be presented in

an educational format and will include traditional Native American activities shared by a number of Wisconsin-based Tribes. Nature walks/talks, basket weaving, canoe rentals, wigwam construction/displays, cultural displays and Native American vendors will continue throughout the day, with an extravagant drum and dance performance closing out the celebration.

"The displays and performances are free to the general

public, so we anticipate filling our camp and RV site reservations by mid-August," said Michael Day, Crockett's Resort Manager and enrolled member of the Ho-Chunk Nation. "There is a large public demand to observe truly Native American displays and demonstrations; we're proud to be able to provide it!"

The Ho-Chunk Nation (formerly known as the Wisconsin Winnebago) is contributing most of the resources for the celebration.

# Legislative Review

**Chairman  
Gerald Danforth**

## Chairman's Corner...

Dear Members of the Oneida General Tribal Council:  
Greetings!

It is a great privilege to send this initial message to you. I am excited, energized, and anxious, all at once, to be getting back into the business at hand as your chairman.

First, I would like to express my respect and appreciation to all of the Oneida candidates for their courage

to seek an elected position. I believe that the right to choose our elected leaders is essential to having a strong nation. My congratulations go to all newly elected and re-elected members of the Oneida Nation's Boards, Committees, and Commissions.

I would also like to thank those who organized candidate forums during the campaign process. Your efforts

and dedication for the betterment of the nation are truly appreciated.

With regard to the Oneida Business Committee, my best wishes go to Chairwoman, Tina Danforth, Secretary, Julie Barton, and Councilmen, Curt Danforth and Brian Doxtator for a job well done in the service of our nation. May the Creator guide and watch over you in your future endeavors. For

the new and re-elected committee members, I ask the Creator to guide and watch over us as we carry out our duties and responsibilities during the next three years.

On a personal note, my special thanks for your vote that has given me the opportunity to once again, serve as your chairman. I will commit my time and energy to serve to the best of my ability. I realize there are many chal-

lenges that lie ahead. I am confident however that with your support, the Oneida Business Committee will forge ahead, as have those before us, preserving our culture, protecting our sovereignty, and achieving our goals.

*With sincere thanks,  
Gerald L Danforth*

## Treasurer's Report

*Yaw'ko  
(Thank you)*

I would like to take this opportunity to Thank the Oneida people for their support and trust to re-elect me to office as your Treasurer. It is a great honor to be able to serve the people in the this capacity. Thank you to all of the individuals that allowed me to place my signs in their yard and supporting me for another term. I would like to give a very special Thank you to my family, without your love, support and encouragement, the past three years would not have been as successful.

I am looking forward to the next three years in continuing to make change for improvements. This job is not an individual accomplishment but an accomplishment of all of us working together. So please remember that I cannot do my job without your input and comments on current processes.

**Treasurer  
Mercie Danforth**

Best Wishes and Thank You to the outgoing council members; Councilmen Brian Doxtator and Curtis Danforth, Secretary Julie Barton, and Chairwoman Tina Danforth. Serving with all of you for the past three years provided me with

an experience and education that cannot be obtained in a classroom. Each individual Committee member had a strength, and together we have accomplished great things over the past term.

Good Luck to our Chief Financial Officer, Bruce A. King, who will be moving on to new challenges in California. Bruce has taught me so much and without his influences I wouldn't be where I am today. Thank you for showing me what I could not see in myself. I wish you and your family all the best.

## Legislative Update

I would like to take this opportunity to thank everyone for coming out to vote during the 2005 General Elections. I am very honored to retain my seat as councilwoman and I welcome and look forward to working with the newly elected administration, Chairman Gerald Danforth, Vice Chairwoman Kathy Hughes, Secretary Patty Hoeft, Treasurer Mercie Danforth, and Council persons, Vince DelaRosa, Melinda Danforth, Paul Ninham and Ed Delgado.

I would also like to express good wishes and sincere appreciation to the outgoing members, Chairwoman Tina Danforth, Secretary Julie Barton, and Councilmen Curtis Danforth and Brian Doxtator. It has been a real honor and a pleasure serving in office with you all. We made a real good team, and learned a lot from each other. Feel pleased, honored and respect that the progresses we made as a team will continue on for the betterment of the Nation.

The newly elected Business Committee will be going through a transition period during the weeks of August 15 & 22, 2005. During this time, I would request your support and understanding as we develop priorities and plan for the future of our Nation. The transition has proven to be a

critical process needed in order to get everyone updated and on the same page regarding tribal issues.

August 29, 2005 at 6:00 p.m., is the continuation of the July Semi-Annual meeting. We have been having trouble getting quorums at our GTC meetings, regardless of the issues. This is unfortunate considering all the important issues that come before us. The remaining agenda of the July Semi-annual is mostly updates and reports which are considerably outdated now due to no quorums. However, there are still two items that need GTC action: The Removal Law and the Separation of Trust/Enrollments. This is also an opportunity for the membership to provide their input to any of the changes the organization is going through. Please attend the 8/29/05 GTC meeting.

The Legislative Operating Committee will begin its first session on September 12, 2005. Although the agenda is not yet set, this would be the appropriate time to update the LOC by-laws and schedule our priorities.

The new Oneida Casino and Travel Mart opened its

full project includes Oneida Retail, Oneida Casino, Oneida Seven Generations Corp, and a non-tribal venue, Plaza Restaurant. Congratulations and good luck to all entities and special thanks to Oneida Seven Generations Corporation for developing this project. Other Tribal Departments involved in the technical aspects of this development, and deserve recognition are the Land Management & Commission, GLIS Dept., Law Office, Planning, Zoning & Development Departments, and Environmental and Utilities Departments. Good job everyone.

Oneida Nation Electronics has joint ventured with Pemstar to create a computer cabinet assembly business. They will be leasing the warehouse space in the Oneida Business Park (former Tower Foods site), as of

8/1/05.

The Federal Government has approved our application for 160 acres of land to be included in the Foreign Trade Zone. This property is located at the corner of Packerland Drive and Glory Road in Green Bay. A great site for more industrial types of businesses, as it is located along the boundaries of the Reservation, yet close to major freeways and the airport. Our green space can be preserved while we encourage the development of industrial businesses in the future who will offer more jobs to the area.

Speaking of new opportunities, two of our best professional assets have announced their desire to move on to bigger and better things. They are Pat Lasilla and Bruce King. Both have worked for the Tribe in several professional capacities for many years. During my first term in office, I worked closely with both of these individuals in the areas of hospitality, tourism, service agreements, commerce and restructure. I learned a great deal from them, and commend them for their dedication to the Nation and its successes. The time has now come for each of you to accept these new challenges and fulfill your dreams. Congratulations and good luck to both of you.

Greetings to all Tribal Citizens, Employees and Oneida Community Members. I would like to take this opportunity to send a sincere thank you to the members of the electorate that had the confidence in me to serve a third term as Councilman. I will continue to serve with integrity and a good heart while making decisions on behalf of this great Nation. I would like to acknowledge my wife Jill for supporting me during my political career with the Tribe and for believing in my decision making abilities. I would also like to acknowledge the support of my daughter Jamie, my father Vernon and my brothers Dan, Mark and their families. Without them as advocates, a third term would not have been a reality. And of course, I dedicate my political career to my mother, the late Joycelynn Ninham.

With that, I would like to inform the readership of some extremely important news that is currently effecting Indian Country. On Friday, July 29th, Congress passed the transportation reauthorization bill titled "SAFETEA-LU" (Safe, Accountable, Flexible, Efficient Transportation Equity Act: Legacy of Users). This massive (\$286 billion,

six-year) bill, which was expected to be signed into law by President Bush on August 10, includes a number of provisions which will help Indian Country deal with (among many things) the problems caused by the historical lack of funding on reservation roads and bridges. However, the conference report accompanying the bill contains a new provision reportedly inserted by Senator Jim Inhofe (R-OK), which strips Oklahoma tribes of their environmental regulatory authority. This provision did not appear in any documents during the usual process of putting together the bill but was inserted into the bill at the last minute as a secret rider without any opportunity for input or objection. In fact, the rider is not even related to transportation. Not only is the rider a direct threat to Oklahoma tribes but the way the rider became attached to the bill should cause serious concern throughout Indian Country.

Many federal environmental laws provide that Indian

**Councilman  
Paul Ninham**

tribal governments may administer federal programs on tribal lands (such as the Clean Water Act or the Clean Air Act) in the same manner as a state does. This is called "Treatment as a State." The secret rider included in the transportation bill prevents any Oklahoma tribe from exercising Treatment as a State unless the State of Oklahoma gives its unilateral agreement and expands state jurisdiction onto all of the Oklahoma tribal lands. This is an unprecedented limitation on those tribes' ability to protect their environment and an enormous intrusion of state authority onto tribal land. While the rider applies expressly to Oklahoma, it sets a precedent that could be used to undermine the Treatment as a State provision anywhere in the United States including Wisconsin.

Not only is this an outrageous direct threat to the sovereignty of Oklahoma tribes and an indirect threat to tribal sovereignty everywhere, the rider was inserted into the legislative process in a way

that violates the fundamental rules of democracy. No one, neither tribes nor the public nor most members of Congress, were permitted to know that this radical change in federal law was included in the bill until the last minute when it was too late. The basic principles of democracy call for open discussion and debate on all issues that affect the public welfare. At the least, tribes should have had an opportunity to comment on this provision.

If this bill becomes law, Oklahoma tribes will have to fight to overturn this provision through another piece of legislation. Thus far, only Sen. John McCain (R-AZ), chairman of the Senate Committee on Indian Affairs, has expressed his dismay at the provision. The National Tribal Environmental Council, based out of Albuquerque, has called upon all tribal governments to officially contact their congressional delegation to seek answers to how this debilitating action could have occurred. If you would like additional information regarding this issue, please contact my office at 920-869-4311.

Respectfully,  
Councilman Paul Ninham.

### Alert... Education Code... Caution

The Education Code, as it is now written concerns itself primarily with the children who go to the Oneida Tribal School. So, who speaks for our children who do not care to attend the Tribal School? I thought that was one of the responsibilities of our elected leadership, have things changed? As a parent I must speak out.

Preferential treatment already exists when it comes to funding the Tribal School children compared to our kids in the surrounding school districts. Why are we allowing the Education Code to be so narrow focused?

The Department of Public Instruction has mandated the schools in Wisconsin to provide information on Native American history and culture at three different grade levels - -who is ensuring that this is happening? Does our “Education Code” include this? I think not.

What about the books developed from our Oneida History conferences paid for by our government - - one would think they should be “required reading”. We have faulted the school systems for so long - -and rightly so - - about teaching about our history and culture and yet I do not see this addressed in the “Education Code”. At what point will this material become required reading at the Tribal School?

Multiple Intelligence is a subject almost everyone misses the boat on. We have students who can excel at an art form and yet cannot function in the academic world and believe me our Tribe has many. I believe we should be working with these children to enhance their abilities outside of the institutional academic world if that is what it takes to make them contributing citizens of this nation. Far out you say? I thought a fifty two million dollar investment that went bad was “far out” I thought paying for a multimillion dollar building (ONE) twice was “far out”. I still think paying \$20,000 an acre for land which had been offered for \$2,000 is “far out” and I can go on ad nauseam about similar Tribal Political decisions (check out the Tribal Budget) which are “far out”. What’s my point? Who speaks for the children? Who

cares whether the student who wants to attend dance school, study drawing, painting, music and other areas of the arts, has that option (with funding from the Tribe) available?

Hopefully every adult who cares about our students will scan the, “Education Code”. Remember that all of our children (NOT JUST TRIBAL SCHOOL) should be entitled to share in the wealth of this nation EQUALLY.

### Being an Indian without being Indian

A little child walks into an executive session meeting, for the Oneida Business Committee. The child ponders, hears the discussion then has a thought, and begins to speak.

“Your stage is set in many ways prior to conception, prior to old age, menopause, adulthood, infancy, birth even while in the womb.

Please follow me on this one for another ride on, ‘Part II, the opportunists highway,’ to shame on you for inventing ridiculous statements such as, ‘RESPECT YOUR ELDERS!’

Never have you heard the old folks say ‘Now you respect your old white folks!’ Is a statement like this ingrained in us, somewhere between the gleam in Momma’s eye and conception? Could it be us Injuns simply created a covert operation, instilling the conspiracy theory of, ‘Watch the White Man,’ by politely saying, ‘Hey, Respect your Elders!’

An individual, such as myself has followed the ‘Injun Bold Train’, choo choo in and out of towns, cities, countries, and yes, even reservations. Secrets be known, I rode that bold train straight to Europe and oh boy, I was a good Injun ober dare. Any who, again, I digress about that conspiracy theory, I would like to use the word, ‘sub-consciousness’, but, yea but, you olde moot point from the last story, will come along and pin another label on my ribbon shirt, so why not I use the words, ‘other consciousness.’

Well then, old-sub consciousness, ‘oops!’ I mean, ‘Other-consciousness’, are you the oil that fuels the squeaky wheel,’ conscious-

ness?’ Are you, ‘other consciousness,’ trying to be in, ‘without being yourself?’ Conspiracy! Are you to the reason we Injuns battle within? Are we creating our very own conspiracy theory, internally?

Our consciousness is said to be guided by platforms, agendas, and policies. Our other consciousnesses become restricted when being guided along trapped in the Ferris wheels of redundant, ridiculous statements such as, ‘Point of Order call for Question, and even Listen to the messenger! And Respect your Elders!’

Conclusion:  
When you say it, be it, when you be it, mean it, when you mean it, live it, and stop your proving it!”

The child ponders once more, to its self, “Do I prove I am a child? I am simply, a child. Grown ups, they prove too hard.”

Then as quick as the words were said, the child smiled, said, “See yah.” And ran away.

### Help stop the vandalism

To Whom it May Concern:

Over the past four years the Oneida Head Start playground behind the Norbert Hill Center has been the target of serious vandalism. The storage shed where the tricycles are stored has had the back ripped out, the door damaged, padlocks stolen or damaged. We have found used condoms inside the shed after the break-ins. This summer the fence was damaged again. There was an attempt to burn down one of the play areas and one of the fixtures inside of the playground was pushed so that it leans and is no longer functional. Every now and then we have to remove beer and soda cans. The gate has been damaged so that its function was built reduced. The playground was built for 3 or 4 year old children of the tribe to use and to learn in. The vandals that are trying to destroy the playground just don't get it. The children are being cheated. Out of respect for our culture and our heritage, is there anyone that can help stop the vandalism?

## Notice of Availability

**PROJECT DESCRIPTION:** The Oneida Tribe is proposing to restore wetlands located on a parcel of land located on the right side of Cooper Road/North of Highway 54. The site for construction is on the SW 1/4, Section 32, T24N, R19E, in the Town of Oneida, Outagamie County, Wisconsin. This project received funding from the BIA Circle of Flight grant.

A draft environmental assessment (EA) has been prepared regarding this proposed action in compliance with the Oneida Environmental Policy (2-13-93B) and National Environmental Policy Act (NEPA). The draft EA contains project information, affected environment, project alternatives and consultation letters.

Comments were requested from the US Fish and Wildlife Service regarding possible impacts to threatened and endangered species, and from the Oneida Cultural Heritage Department about possible impacts to historic properties. No significant impacts to these resources are anticipated, and recommendations from these sources will be followed.

Need for Project: Through time approximately 85% of the Reservation wetlands have been drained, ditched or filled. The restoration of the proposed wetland will have an overall effect favorable for hydrologic, habitat, and biogeochemical functions. Recreational, cultural, and educational values

for the Oneida Community will be enhanced from the construction and maintenance of the wetland on the Oneida Reservation.

Alternatives: The Preferred Alternative is to restore wetland habitat to approximately 10.8 acres on the Former Vande Bruggen site. This will assist the Oneida Tribe in achieving a goal to ensure the integrity of the surface waters of the Reservation by managing the quantity and quality; restoring and enhancing the functions of wetlands; and restoring and protecting aquatic habitats in the waters on the Reservation.

The “No-Action” alternative was also evaluated, however this approach will not help assist the Oneida Tribe to fulfill a goal of restoring wetlands or assist with preserving and enhancing the Oneida Culture.

Comments & Availability: Interested parties can obtain copies of these documents from the following address. Comments regarding the proposed action may also be submitted within 30 days of the date of this NOA. Dated August 4, 2005. Contact Stacie Danforth at (920) 496-5350 or write Oneida Environmental Department, PO Box 365, Oneida, WI 54155 or Scott Doig, Bureau of Indian Affairs, at (612) 725-4514 or write: Bureau of Indian Affairs, Bishop Henry Whipple Federal Bldg, One Federal Drive, #550, Ft. Snelling, MN 55111-4007for additional information.

**PROJECT DESCRIPTION:** The Oneida Tribe is proposing to construct a 17,465 square foot masonry/steel building for a new Oneida One Stop Convenience store, restaurant, and casino. There will be 180 parking spaces including 6 handicap accessible spaces, four gas pumps under a canopy, landscaping, stormwater ponds, and possible future car wash. This is planned within the area known as the High Tech Business Park.

The plan does have sustainable design components which the contractor will be required to incorporate. They include: construction waste management, recycled content, regional materials, construction Indoor Air Quality management plan, and reduced site disturbance. Green Power, additional commissioning, and carbon dioxide monitoring are not yet included in the design but will be discussed further.

Location: The project is proposed to be constructed on a 7.4 acre parcel on the southwest corner of Packerland Drive and Adam Drive, in the Oneida Industrial Park, in Township 23 North, Range 20 East, Section 18. This is in Brown County, within the exterior boundary of the Oneida Reservation in Oneida, Wisconsin.

A draft environmental assessment (EA) has been prepared regarding this proposed action in compliance with the Oneida Environmental Policy (2-13-93B) and National Environmental Policy Act (NEPA). The draft EA contains project information, affected environment, project alternatives and consultation letters.

Comments were requested from the US Fish and Wildlife Service regarding possible impacts to threatened and endangered

species, and from the Oneida Cultural Heritage Department about possible impacts to historic properties. No significant impacts to these resources are anticipated, and recommendations from these sources will be followed.

Need for Project: This project will strengthen the economic growth of the Oneida Nation by bringing both business and jobs to the area. The Oneida High Tech Park was planned in 1999 with this type of development being the intended use.

Alternatives: The “No Action” Alternative: The commercially zoned area will continue as a fallow farm field. No economic development will occur. The Preferred Alternative: To develop a 7.4 acre lot in the northeast part of the Oneida High Tech Park as a One Stop Convenience store with restaurant and casino. Alternative 1: Residential development, however, due to the location near the airport, current development of the area as Commerical/Industrial, and high cost of land, residential would not be a sensible use of the property.

Comments & Availability: Interested parties can obtain copies of these documents from the address below. Comments regarding the proposed action may also be submitted within 15 days of the date of this NOA. Dated August 18, 2005. Contact Lisa Miotke at (920) 496-5353 or write Oneida Environmental Department, PO Box 365, Oneida, WI 54155 for additional information.

**PROJECT DESCRIPTION:** The Oneida Nation proposes to construct a viewing platform on an existing berm, crushed limestone pathway, and parking lot for visitors to the Oneida Buffalo herd.

Location: The construction site is located on the west side of Cooper Rd. between Pearl St. and Hwy. 54 in Section 31, T24N, R19E, of the Town of Oneida, Outagamie County Wisconsin

A draft environmental assessment (EA) has been prepared regarding this proposed action in compliance with the Oneida Environmental Policy (2-13-93B) and National Environmental Policy Act (NEPA). The draft EA contains project information, affected environment, project alternatives and consultation letters.

Comments were requested from the US Fish and Wildlife Service regarding possible impacts to threatened and endangered species, and from the Oneida Tribe about possible impacts to historic properties. No significant impacts to these resources are anticipated, and recommendations from these sources will be followed.

Need for Project: Currently visitors to the buffalo grazing area park in a dirt parking area and view the herd from behind an electrified fence creating a safety hazard and limiting the potential for an educational/cultural experience. At this time there are no provisions for handicapped parking, access or viewing. Construction of a viewing platform on the existing dirt berm, with parking faci-

ties off the town road, will enhance the educational and cultural experience for the public, reduce the safety hazard and provide access for the handicapped.

Alternatives: The preferred alternative is to construction of a parking area, crushed limestone path, and viewing platform, with possible expansion at a later date. The construction site is located in Section 31, T24N, R19E, of the Town of Oneida, Outagamie County Wisconsin. The earthen berm is approximately 180 feet long and 12 feet high with a ramp slope of less than 15o to permit handicap access. The parking lot including two handicap accessible vehicles, will enter and exit off Van De Bruggen Lane, a secondary town road.

The “No-Action” alternative does not address cultural and safety issues associated with public viewing of the buffalo. No action also means that a viewing platform would not be built, limiting the opportunities for public viewing.

Comments & Availability: Interested parties can obtain copies of these documents from the address below.. Comments regarding the proposed action may also be submitted within 30 days of the date of this NOA. Dated August 4, 2005. Contact Lisa Miotke at (920) 496-5353 or write Oneida Environmental Department, PO Box 365, Oneida, WI 54155 for additional information.
