Oneida Higher Education's 14th Annual Native American High School College Fair

Thursday, October 11th
9:30am - 12:00pm
Thornberry Creek at Oneida

The High School College Fair is a unique experience for high school tribal students to visit with representatives from a variety of in-state and out-of-state colleges, in addition to college programs and military service.

This event is free and parents are encouraged to attend. The students typically attend the college fair with their school's YES advocate or school counselor. We encourage parents to join their students when possible. If your child attends a school that doesn't organize their attendance, we encourage you to find a way to make it possible for your child to attend and if possible, to join them.

For more information please contact or Sherry King, at 920-869-4332 or Jessica Last at 920-869-4349.
