Oneida Child Care
Parents/Guardians

With all our hurried lives we sometimes overlook reading the communication letters that are handed out or picked up from the children's mail boxes, children are picked up by someone else or we just misplaced the papers we have picked up.

Realizing this we would like to offer another way to improve communication. If you are interested and would like to authorize Child Care to communicate through E-Mail, please complete and return the form below.

Thank you
Oneida Child Care

I authorize Oneida Child Care to contact me through E-Mail as another way to share Child Care information. Effective until my child/children no longer are enrolled in Oneida Child Care or upon my request.
