

# Explore Oneida With Oneida Adventures

Explore the wonders of Oneida. Once a month, from January to December, 2020, we have an exciting adventure planned at locations that may be familiar and some that you were not aware of! We will provide guest experts to provide information about the different locations that we will visit. Oneida Adventures will provide a punch card so you can keep track of all the places you have visited. We will have incentives for those that participate on different levels.

- ♦ Use the number in front of the location on this flyer to find the location on the map we provide!
- ♦ For electronic directions, press “control” and click on the hot link (blue underlined) and it will bring up google maps for directions.
