Narrative Report:

Explanation of the core of the Corporation's business practices:

The purpose of Oneida Seven Generations Corporation (OSGC) is to promote and enhance economic diversification on behalf of the Oneida Tribe of Indians of Wisconsin. OSGC manages commercial developments such as the Bellin facility on Commanche Avenue, the Schneider facility on Glory Road, the Badger Sheet Metal Works facility on Partnership Drive, and the West Mason and Packerland malls. As of September 2019, we have one property with lease space available (an office facility on Flightway Drive); we have shown this property a number of times, and there is an interested party in the Flightway location. There are fifteen properties under OSGC's management; with over thirty leasable areas.

Explanation of the Corporation's market information:

Property Management: OSGC employs one part-time tribal elderly member who assists in managing approximately 30 tenant leases. In addition to monitoring the leases, the leasing person assists in making sure the corporation buildings are insured and that tenants insure their occupancy, implementing property management procedures, and compiling data information.
