Re: Online Learning

Dear Parents and Families of Middle School Students,

The Oneida Nation School System (ONSS) continues to closely monitor the reports concerning the Coronavirus (COVID-19) from the Center for Disease Control (CDC), Bureau of Indian Education (BIE) as well as working daily with our local health officials from the Oneida Health Center.

We remain committed to our students' well-being and safety. As a preventative measure, the decision has been made to move to online learning beginning Tuesday March 17, 2020 thru at least Monday April 6, 2020.

Our Middle School staff will use Google Classroom to provide instruction to the middle school students during this time of learning outside of the regular classroom.

Our MS-team has provided information to make sure you are acquainted with the online platforms that staff will be using to share lessons as the alternative to in-classroom instruction. Each subject will have assignments that must be completed for each day. The following are directions for middle school students to be able to access the online academic assignments:

1. Click on the following link:  
<https://classroom.google.com/u/1/c/NTMzNzg5ODA2NTFa>
2. Accept the invite.
3. Use your [\\_\\_\\_\\_@oneidaschools.net](mailto:____@oneidaschools.net) login to access the classroom.

If you have any questions regarding logging into the program or assistance with assignments, Ms. Amber Sticka will be available for assistance from 10:00 AM until noon Monday – Friday via email: [asticka@oneidanation.org](mailto:asticka@oneidanation.org) If this time does not work, please email her to schedule an alternate time.

Oneida Nation Middle School Teaching Staff thanks you for your cooperation and support as we continue your child's learning during this unprecedented time.

Sincerely,

Artley Skenandore, Grade 6 – 12 Principal
