RE: Boards, Committees, and Commissions Law Amendments: Public Comment Review

A public comment period for the proposed amendments to the Boards, Committees, and Commissions law (“the Law”) was held open until July 9, 2020. A public meeting for the proposed amendments to this Law was not held due to the COVID-19 pandemic.

On March 12, 2020, Chairman Tehassi Hill signed a “*Declaration of Public Health State of Emergency*” regarding COVID-19 which declared a Public Health State of Emergency for the Nation until April 12, 2020, and set into place the necessary authority for action to be taken and allowed the Nation to seek reimbursement of emergency management actions that may result in unexpected expenses. The Public Health State of Emergency was extended to August 11, 2020, through the adoption of resolutions BC-03-28-20-A, BC-05-06-20-A, BC-06-10-20-A, and BC-07-08-20-A.

On March 24, 2020, the Nation’s COVID-19 Core Decision Making Team issued a “*Safer at Home*” declaration which orders all individuals present within the Oneida Reservation to stay at home or at their place of residence, with certain exceptions allowed. The “*Safer at Home*” declaration was modified to allow for gaming and golf operations to resume on April 21, 2020, through the “*Updated Safer at Home*” declaration and then modified again on May 19, 2020, through the “*Safer at Home Declaration, Amendment, Open for Business*” to allow businesses to re-open under certain safer business practices with social distancing practiced by all persons, but still directs that individuals continue to stay at home. On June 10, 2020, the COVID-19 Core Decision Making Team issued a “*Stay Safer at Home*” declaration which lessened the restrictions of the “*Safer at Home Declaration, Amendment, Open for Business*” while still providing guidance and some restrictions.

On March 27, 2020, the Nation’s COVID-19 Core Decision Making Team issued a “*Suspension of Public Meetings under the Legislative Procedures Act*” declaration which suspended the Legislative Procedures Act's requirement to hold a public meeting during the public comment period, but allows members of the community to still participate in the legislative process by submitting written comments, questions, data, or input on proposed legislation to the Legislative Operating Committee via e-mail during the public comment period.

Although the Nation’s COVID-19 Core Decision Making Team’s “*Suspension of Public Meetings under the Legislative Procedures Act*” declaration suspended public meetings and therefore no public meeting was scheduled for the amendments to the Boards, Committees, and Commissions law, a public comment period was still held open until July 9, 2020, to allow members of the

community to provide written submissions of comments or questions to the Legislative Operating Committee through e-mail.

This memorandum is submitted as a review of the written comments received within the public meeting and public comment period. The public meeting draft and written comments received are attached to this memorandum for review.

Comments 1 through 2 – Reposting for Insufficient Applications:

105.5. Applications

105.5-5. *Insufficient Applicants.* In the event that there are an insufficient number of applicants after the deadline date has passed for appointed positions, the Business Committee Support Office may repost for an additional time period.

- (a) The Business Committee Support Office shall notify the Oneida Business Committee if a position will be reposted for an additional time period.
- (b) In the event of reposting, prior applicants will be considered to have filed applications within the deadline period.
- (c) The Oneida Business Committee may elect to include within the pool of appointed persons late applications.

[Public Meeting Notice stated “1. Allow the Business Committee Support Office to repost a vacancy for an additional time period if insufficient applications are received, as long as notification is provided to the Oneida Business Committee.”]

Brooke Doxtator (written): Lines 126-135 – Would like to see these amendments become permanent as it will make the process more efficient.

Richard Baird (written): 1. It seem to me that's the the way that worked anyway. If there were no applications or only one application then there would be insufficient persons to choose from. Too many times I've seen an only candidate chosen only to resign.

Response

Both commenters express support for the proposed amendment in section 105.5-5 to allow the Business Committee Support Office to repost a vacancy for an additional time period when insufficient applications are received, in an effort to make the appointment process more efficient. The Legislative Operating Committee is proposing that this amendment be considered by the Oneida Business Committee for permanent adoption. Therefore, there is no recommended revision based on these comments.

LOC Consideration

The Legislative Operating Committee believes that the proposed amendment in section 105.5-5 to allow the Business Committee Support Office to repost a vacancy for an additional time period when insufficient applications are received will make the appointment process more efficient. The Legislative Operating Committee discussed that the Law should be clarified to describe what

amount of applications received qualifies as “insufficient applications” so that the Business Committee Support Office will have more guidance as to when they would be expected to repost. The Legislative Operating Committee wants to ensure consistency when reposting a vacancy for insufficient applications.

The Legislative Operating Committee directed that the following amendment be made to the Law to clarify what qualifies as insufficient applicants:

105.5. Applications

105.5-5. *Insufficient Applicants.* In the event that there are an insufficient number of applicants after the deadline date has passed for appointed positions, the Business Committee Support Office may repost for an additional time period.

- (a) If the number of applicants is equal to or less than the number of vacancies then it shall be determined to be an insufficient number of applicants.
- (ab) The Business Committee Support Office shall notify the Oneida Business Committee if a position will be reposted for an additional time period.
- (bc) In the event of reposting, prior applicants will be considered to have filed applications within the deadline period.
- (ed) The Oneida Business Committee may elect to include within the pool of appointed persons late applications.

Comments 3 through 4 – Timelines for Appointment Selection Process:

105.7. Appointment to an Entity

105.7-1. *Appointment Selection.* The following procedures shall be used to determine how the applicant for an appointed position is selected:

- (a) **Within eight (8) business days after the posted deadline for submitting an application, or within twenty-one (21) days of the posted deadline if the entity requires a background investigation to be completed as part of the application process, the Business Committee Support Office shall:**
 - (1) **deliver all applications, along with a summary of qualifications to hold office, and the results of the background investigation if required, to each member of the Oneida Business Committee as well as the entity’s Chairperson; and**
 - (2) **place the appointment for the entity on the next executive session portion of the agenda of a regular or special Oneida Business Committee meeting in which the appointment is intended to be made; or**
 - (3) **if delays in compiling the applications, summary of qualifications, or results of any investigations exist, request additional time from the Oneida Business Committee to complete requirements of section 105.7-1(a)(1)-(2).**

[Public Meeting Notice stated “2. Allow the Business Committee Support Office to request additional time from the Oneida Business Committee in compiling the applications, summary of qualifications, or results of any investigation.”]

Brooke Doxtator (written): Lines 195-197 – Would like to see these amendments become permanent as situations have arisen where we weren't able to meet the deadline due to factors that were outside our control.

Richard Baird (written): 2. I don't have a problem with the support office requesting more time. Once the applications go up to the office, and a candidate is not chosen due to background check or other reason, the support staff is charged with notifying the entity the reason a candidate has not been selected for whatever reason.

Response

Both commenters express support for the proposed amendment in section 105.7-1(a)(3) to allow the Business Committee Support Office to request additional time from the Oneida Business Committee to complete processing and delivering applications if delays in compiling the applications, summary of qualifications, or results of any investigations exist. Additionally, it was pointed out that requesting additional time to process applications should be permissible because section 105.7-2 of the Law requires the Nation's Secretary to notify all applicants of the final status of their application once the Oneida Business Committee selects an individual for appointment.

The Legislative Operating Committee is proposing that this amendment be considered by the Oneida Business Committee. Therefore, there is no recommended revision based on this comment.

LOC Consideration

The Legislative Operating Committee determined there was no revision to the Law needed based on this comment.

Comment 5 – Timeframe for Entity Chair to Submit Recommendation:

105.7. Appointment to an Entity

105.7-1. *Appointment Selection.* The following procedures shall be used to determine how the applicant for an appointed position is selected:

(b) Each member of the Oneida Business Committee shall review the application materials prior to executive session and be prepared to discuss and select an applicant for appointment.

(1) The entity's Chairperson may review the application materials and submit to the Business Committee Support Office a recommendation to the Oneida Business Committee of an applicant for appointment.

(A) The recommendation shall be submitted to the Business Committee Support Office in accordance with the submission deadlines for the Oneida Business Committee meeting in which the appointment is intended to be made.

[Public Meeting Notice stated "3. Clarify a deadline for when a Chair of an entity has to submit a recommendation for an appointment to the entity for the Oneida Business Committee's consideration."]

Richard Baird (written): 3. The Chair has the responsibility to chose a candidate and should do expeditiously, in order for the entity to continue to conduct business. Sometime an entity doesn't have a quorum due to insufficient members, so its imperative that the Chair act quickly to fill vacancies.

Response

The commenter expresses that the Chairperson of a board, committee, or commission has the responsibility to choose a candidate to fill a vacancy, and that the vacancy should be filled quickly to ensure there is no loss of quorum. Although it is true that a vacancy should be filled as expeditiously as possible, the commenter's statements are not completely accurate as to where the responsibility of filling a vacancy lies within the appointment process.

The Law provides the process that shall be used when making an appointment to fill a vacancy on a board, committee, or commission. The Oneida Business Committee is the body that is given the responsibility to make appointments to a board, committee, or commission of the Nation. [1 O.C. 105.7-1]. Although the Chairperson of the entity does not select the applicant, the Chairperson does have an opportunity to provide the Oneida Business Committee with a recommendation. The Chairperson of an entity is provided a copy of all applications, along with a summary of qualifications to hold office, and the results of the background investigation if required. [1 O.C. 105.7-1(a)(1)]. The entity's Chairperson may review the application materials and submit to the Business Committee Support Office a recommendation to the Oneida Business Committee of an applicant for appointment. [1 O.C. 105.7-1(b)(1)]. The Chairperson is required to submit his or her recommendation to the Business Committee Support Office in accordance with the submission deadlines for the Oneida Business Committee meeting in which the appointment is intended to be made. [1 O.C. 105.7-1(b)(1)(a)]. The deadline for submitting a recommendation ensures that input from the Chairperson is received as expeditiously as possible as to not slow down the appointment process. Then the Oneida Business Committee is required to have a full and complete discussion of the merits and qualifications of the potential applicants, and any recommendation made by the Chairperson of the entity, during executive session. [1 O.C. 105.7-1(c)]. After completing a thorough discussion, the Oneida Business Committee then moves into open session to formally select an applicant for appointment, or re-notice the vacancy because of ineligible, unqualified, or under qualified applicants. [1 O.C. 105.7-1(c)(1)-(2)].

In an effort to avoid a discontinuation of business or a loss of quorum for an entity due to a vacancy, at the end of an member's term the Law allows a member of the entity to remain in office until the member's successor has been sworn in by the Oneida Business Committee. [1 O.C. 105.6-2(a)(1)].

There is no revision to the Law recommended based on this comment.

LOC Consideration

The Legislative Operating Committee discussed the role of a recommendation by an entity's Chairperson during the appointment process. Some members of the Legislative Operating Committee had concerns that having the Law specifically state that the Chairperson can make a

recommendation could be confusing and misleading for entities, since they want the Law to be clear that it is the Oneida Business Committee that actually selects an applicant, and questioned whether this provision should be removed from the Law.

After much discussion, the Legislative Operating Committee determined that this provision should remain in the Law. The Law provides that the entity's Chairperson *may* submit a recommendation to the Oneida Business Committee of an applicant for appointment. [1 O.C. 105.7-1(b)(1)]. The use of the term "may" in the Law means that the Chairperson of an entity has the option of submitting this recommendation, it is not a requirement. If a Chairperson provides a recommendation, then the Oneida Business Committee uses the recommendation as a tool and source of information when making a decision as to which applicant to select. But the Law is clear that it is the Oneida Business Committee that actually selects an applicant for appointment after a full and complete discussion of the merits and qualifications of the potential applicants, and any recommendation made by the Chairperson of the entity. [1 O.C. 105.7-1(c)(1)].

The Legislative Operating Committee determined that there is no revision to the Law needed based on this comment.

Comment 6 – Joint Authority to Fill a Vacancy:

105.7. Appointment to an Entity

105.7-1. Appointment Selection. The following procedures shall be used to determine how the applicant for an appointed position is selected:

(d) All appointments shall be made by the Oneida Business Committee during the open session of a regular or special Oneida Business Committee meeting. The Oneida Business Committee shall not appoint an applicant who fails to meet the requirements set out in the entity's bylaws.

Brent Truttman (written): Section 105.7-1 (d) of the BCC Law states that the Oneida Business Committee appoints the individual to fill the vacancy of an elected or appointed boards, committee, or commission (after an application process listed in earlier sections). The BCC Law does not guarantee the actual board, committee, or commission with the vacancy will have any input in this process. This lack of guarantee is concerning. While I understand the Oneida Business Committee may have sweeping understanding of all BCCs through their BC Liaisons, the individual board, committee, and commissions have a much or intimate knowledge of their responsibilities and needs. Therefore, the individual board, committee and commission would have an intimate understanding of what to look for in applicants of a vacancy. If there is concern for a conflict of interest, the same concern could be raised to the Oneida Business Committee when appointing an individual to a vacant position as their appointment may be self-serving to the Oneida Business Committee without consideration to the board, committee, or commission with said vacancy. Therefore I recommend the BCC Law to include the board, committee, or commission with the vacancy in the appointment process. Preferably, the appointment to fulfill a vacancy should be decided jointly between both the Oneida Business Committee and the entity with a vacancy.

Response

The commenter requests that the Legislative Operating Committee consider amending the Law so that the Oneida Business Committee shares the responsibility of selecting an applicant to fill a vacancy with the entity that the vacancy is on.

It is the policy of the Nation to have consistent and standard procedures for choosing and appointing the most qualified persons to boards, committees and commissions. [1 O.C. 105.1-1]. An appointed member of a board, committee, or commission serves at the discretion of the Oneida Business Committee. [1 O.C. 105.7-4]. Therefore, it is the Oneida Business Committee who has the authority to select an applicant for an appointment, just as it is the Oneida Business Committee who has the authority to terminate the appointment of a member. [1 O.C. 105.1-7(c), 105.7-4]. Delegating the authority to select an applicant for an appointment to one body, the Oneida Business Committee, instead of having it shared amongst nearly twenty (20) bodies helps ensure consistent and standard procedures for appointing a person to a board, committee, or commission.

Although the decision as to which applicant to select to fill a vacancy is not shared with the entity, the Chairperson of an entity may provide the Oneida Business Committee with a recommendation that the Oneida Business Committee may use in the consideration of the applicants before a selection decision is made. [1 O.C. 105.7-1(b)(1), 105.7-1(c)].

There is no revision to the Law recommended based on this comment.

LOC Consideration

The Legislative Operating Committee determined that there is no revision to the Law needed based on this comment, since boards, committees, and commissions do have an opportunity to have its voice heard through the submission of a recommendation to the Oneida Business Committee.

Comment 7 – Failure to Take Oath of Office During Designated Timeframe:

105.7. Appointment to an Entity

105.7-3. *Declination of Appointment.* An individual who has been selected for appointment to an entity by the Oneida Business Committee may decline the appointment.

(a) An individual may decline an appointment to an entity in the following ways:

- (1) Delivery of a letter stating that the individual wishes to decline the appointment to the Business Committee Support Office; or**
- (2) The failure to take the oath of office within thirty (30) days of being selected for appointment by the Oneida Business Committee.**

Brooke Doxtator (written): *Lines 251-252 – After working with this process we found that 30 days isn't sufficient, months that have 5 weeks and meetings being cancelled often put us out of this window for administering oaths. Could this be updated to something like “The failure to take the oath of office within two (2) regular Oneida Business Committee meetings of being selected for appointment by the Oneida Business Committee.”

Response

The commenter states that the thirty (30) day timeframe provided for in section 105.7-3(a)(2) for an individual to take the oath of office before it is considered that the individual declined the appointment is not an sufficient amount of time. The commenter explains that situations have arose where the Business Committee Support Office faced administering the oath outside that timeframe due to the insufficient amount of time provided by this deadline.

The Legislative Operating Committee was aware of the Business Committee Support Office's concern about the insufficient amount of time provided by the thirty (30) day timeframe provided for in section 105.7-3(a)(2) when developing the proposed amendments to the Law. Previously, the oaths of office were required to be taken at an Oneida Business Committee meeting, which only provided for one (1) or two (2) opportunities for an oath to be taken within thirty (30) days, depending on how many weeks were in the month, or if any Oneida Business Committee meetings were canceled. In the proposed amendments to the Law, the Legislative Operating Committee wanted to provide more flexibility and opportunities for an oath of office to be taken by providing that an oath of office can be taken during a regular or special Oneida Business Committee meeting, or at an alternative time and location as determined by the Secretary. [1 O.C. 105.9-1]. The Secretary can also grant permission for an individual to appear by videoconferencing equipment at an Oneida Business Committee meeting to take an oath. [1 O.C. 105.9-1(a)].

With the added flexibility of allowing an oath of office to occur at an alternative time and location other than an Oneida Business Committee meeting at the discretion of the Secretary, the Legislative Operating Committee intended that the thirty (30) day timeframe remain in place but now be a sufficient amount of time to ensure that a person has the opportunity to take his or her oath of office.

The Legislative Operating Committee may choose to reconsider the thirty (30) day timeframe provided by section 105.7-3(a)(2). The Legislative Operating Committee may make one of the following determinations:

1. The Law should remain as currently drafted and section 105.7-3(a)(2) shall provide that failure to take the oath of office within thirty (30) days of being selected for appointment by the Oneida Business Committee shall constitute a declination of appointment.
2. The Law should be revised so that the thirty (30) day timeframe provided in section 105-7-3(a)(2) is increased in some manner. If the Legislative Operating Committee makes this determination then a decision as to the amount of time for this timeframe should be made, and the following revision to the Law is recommended:

105.7-3. *Declination of Appointment.* An individual who has been selected for appointment to an entity by the Oneida Business Committee may decline the appointment.

- (a) An individual may decline an appointment to an entity in the following ways:
 - (1) Delivery of a letter stating that the individual wishes to decline the appointment to the Business Committee Support Office; or
 - (2) The failure to take the oath of office within ~~thirty (30) days~~ (add timeframe) of being selected for appointment by the Oneida Business Committee.

LOC Consideration

The Legislative Operating Committee determined that the Law should remain as currently drafted and section 105.7-3(a)(2) shall provide that failure to take the oath of office within thirty (30) days of being selected for appointment by the Oneida Business Committee shall constitute a declination of appointment, due to the fact that more flexibility was added in section 105.9-1 to allow for an oath of office to be taken outside of an Oneida Business Committee meeting.

When discussing the fact that an oath of office could be taken at an alternative time and location other than an Oneida Business Committee meeting at the discretion of the Secretary, the Legislative Operating Committee still wanted to ensure that a quorum of the Oneida Business Committee was present to witness the oath. The Legislative Operating Committee therefore directed that the following revision be made to the Law:

105.9. Oath of Office

105.9-1. All appointed and elected positions are official upon taking an oath during a regular or special Oneida Business Committee meeting, or at an ~~alternate~~ alternative time and location as determined by the Secretary. All rights and delegated authorities of membership in the entity shall vest upon taking the oath. The Nation's Secretary shall notify the chosen persons when they shall appear for taking the oath.

(a) When taking an oath at an Oneida Business Committee meeting, the appointed or elected member shall appear in person to take his or her oath, except if granted permission by the Secretary to appear by video conferencing equipment.

(b) If an oath is administered outside of an Oneida Business Committee meeting, a quorum of Oneida Business Committee members shall be present to witness the oath.

Comment 8 – Requirement to be Physically Present When Taking an Oath:

105.9. Oath of Office

105.9-1. All appointed and elected positions are official upon taking an oath during a regular or special Oneida Business Committee meeting, or at an alternate time and location as determined by the Secretary. All rights and delegated authorities of membership in the entity shall vest upon taking the oath. The Nation's Secretary shall notify the chosen persons when they shall appear for taking the oath.

(a) When taking an oath at an Oneida Business Committee meeting, the appointed or elected member shall appear in person to take his or her oath, except if granted permission by the Secretary to appear by video conferencing equipment.

Brooke Doxtator (written): Line 288-291 – 105.9 (a) When taking an oath ~~1. at an Oneida Business Committee meeting~~, the appointed or elected member shall appear in person at the Oneida Business Committee meeting to take his or her oath, except if granted permission by the Secretary to appear by ~~2. video conferencing equipment~~.

1. Delete, on line 284 it says they can take their oath at an alternate time and location
2. Replace with - through videoconferencing, or through other telecommunications.

Response

The commenter requests that section 105.9-1(a) be revised to remove the reference to the oath occurring at an Oneida Business Committee meeting since section 105.9-1 allows for the oath to be taken at an alternative time and location as determined by the Secretary. The commenter also requests that section 105.9-1(a) include a reference to other telecommunications in addition to videoconferencing.

The following revision to the Law is recommended based on this comment to better clarify this provision of the Law:

105.9-1(a) When taking an oath ~~at an Oneida Business Committee meeting,~~ the appointed or elected member shall appear in person to take his or her oath, except if granted permission by the Secretary to appear ~~by~~ through video conferencing, ~~equipment or~~ through other telecommunications.

LOC Consideration

The Legislative Operating Committee agreed that the following revision should be made to the Law to provide more clarification on how an oath of office may be administered:

105.9-1(a) When taking an oath ~~at an Oneida Business Committee meeting,~~ the appointed or elected member shall appear in person to take his or her oath, except if granted permission by the Secretary to appear ~~by~~ through video conferencing, ~~equipment or~~ through other telecommunications.

The Legislative Operating Committee understands that the Oneida Business Committee or other boards, committees, and commissions may use teleconferencing through Microsoft Teams to conduct meetings during the COVID-19 pandemic. The Legislative Operating Committee intends for this provision to allow for an oath of office to be taken through Microsoft Teams or other telecommunications if necessary due to the pandemic.

Comment 9 – Location for Oath of Office:

105.9. Oath of Office

105.9-1. All appointed and elected positions are official upon taking an oath during a regular or special Oneida Business Committee meeting, or at an alternate time and location as determined by the Secretary. All rights and delegated authorities of membership in the entity shall vest upon taking the oath. The Nation’s Secretary shall notify the chosen persons when they shall appear for taking the oath.

(a) When taking an oath at an Oneida Business Committee meeting, the appointed or elected member shall appear in person to take his or her oath, except if granted permission by the Secretary to appear by video conferencing equipment.

[Public Meeting Notice stated “4. Allow for the oath of office to be taken at an alternative time and location than during a regular or special Oneida Business Committee meeting as determined by the Secretary.”]

Richard Baird (written): 4. The oath of office is usually done by the Secretary, so it could be done in the Secretaries office anytime. No need to have it done at a BC meeting.

Response

The commenter expresses support for the oath of office to be completed at an alternate time and location than an Oneida Business Committee meeting. Previously, the Law required that an oath of office be taken at a regular or special Oneida Business Committee meeting. The proposed amendments to the Law allow for an oath of office to be taken at a regular or special Oneida Business Committee meeting, or at an alternate time and location as determined by the Secretary. [1 O.C. 105.9-1]. This provides more flexibility as to where and when an oath of office can be taken to make it more convenient for the member who has to take the oath. Therefore, there is no revision to the Law recommended based on this comment.

LOC Consideration

The Legislative Operating Committee intended that the amendment to section 105.9-1 of the Law to allow for the oath of office to be taken outside of an Oneida Business Committee meeting will provide more flexibility and convenience for members who take an oath. The Legislative Operating Committee determined there is no recommended revision based on this comment.

Comment 10 – Budgetary Sign Off Authority for Boards, Committees, and Commissions:

105.10. Bylaws

105.10-3. Sections. Articles shall be divided into "sections" as set out.

(b) "Article II. Officers" shall consist of the following:

(6) ***Budgetary Sign-Off Authority and Travel.*** This section shall identify the entity's varying levels of budgetary sign-off authority, the members that are authorized to sign-off at each level, and how the entity shall handle approving travel on behalf of the entity.

(A) An entity shall follow the Nation's policies and procedures regarding purchasing and sign-off authority.

(B) An entity shall approve a member's request to travel on behalf of the entity by majority vote at a regular or emergency meeting of the entity.

Patrick Stensloff (written): Nearly all of the areas within the Nation are following the automated purchasing process. The areas which report to boards, committees or commissions are following the manual paper order form procurement process. It is the goal of the Purchasing Department to automate procurement activity for all areas within the Nation. Automating the procurement activity for all areas will provide a consistent procurement process throughout the Nation that results in process efficiencies and automated authorizations.

Areas reporting to boards, committees, and commissions are following the manual procurement process because the authorizing members are not employees. Non-employees are not granted access to the Financial System. In addition, some authorizing members of boards, committees or commissions could be performing procurement activity as an employee of the Nation. Adding the approving ability to current users could pose issues with internal controls.

The Purchasing Department is respectfully inquiring about a change in the sign off authority practices for boards, committees and commissions when it pertains to purchasing. This change would eliminate members of boards, committees, or commissions from the automated sign off for purchases. Additionally, the sign off authority for purchases would include employees at the business unit level and route through the Treasurer and Finance Committee accordingly. The BCC supervisor could also be incorporated into the sign off authority if needed.

It is desired to have this change in sign off for purchases encompass all boards, committees and commissions. However, there are some boards, committees and commissions that do not purchase much if anything at all. On the other end of the spectrum, the volume of purchases for the Schools is high.

Brooke Doxtator (written): I was asked to reach out to you in regards to adding an amendment to the BCC law that would require the BCC's to approve purchases in their meetings but the BCC Staff would have the final Sign Off Authority (SOA) to add more checks and balances. I included Patrick Stensloff from Purchasing on this email in case he has any comments/feedback to provide regarding the SOA levels. I included our hierarchy below for reference.

Response

The commenters are requesting that the Legislative Operating Committee consider revising the procurement process and sign off authority for boards, committees, and commissions. The commenters request that boards, committees, and commissions follow the automated purchasing process instead of the manual paper order form procurement process that they currently use. In order to achieve access to the automated purchasing process the official sign-off authority practices for boards, committees, and commissions would have to be changed so that it is an employee of the Nation – and it recommended that the employee be within the Business Committee Support Office- and not member of an entity that has the official sign off authority.

The Legislative Operating Committee may consider whether budgetary sign off authority for boards, committees, and commissions should be adjusted so that official sign off authority lies with the Business Committee Support Office so that the automated procurement process can be utilized. The Legislative Operating Committee may make one of the following determinations:

1. The Law should remain as currently drafted and require that the bylaws of an entity provide for the entity's varying levels of budgetary sign off authority and the members that are authorized to sign off on each level.
2. The Law should be revised to require that an entity describe in its bylaws how purchases will be formally approved, but that official budgetary sign off authority for the entity lies with the Business Committee Support Office so that the automated procurement process can be utilized. If the Legislative Operating Committee makes this determination then the following revision to the Law is recommended:

105.10. Bylaws

105.10-3. *Sections.* Articles shall be divided into "sections" as set out.

(b) "Article II. Officers" shall consist of the following:

(6) ~~*Budgetary Sign Off Authority*~~ Purchases and Travel. This section shall identify ~~the entity's varying levels of budgetary sign off authority, the members that are authorized to sign off at each level, and~~ how the entity shall ~~handle approving~~ approve purchases or travel on behalf of the entity.

(A) An entity shall follow the Nation's policies and procedures regarding purchasing and sign-off authority.

(B) Upon formal approval of a purchase by an entity, the Business Committee Support Office shall have official budgetary sign off authority for the entity.

(C) An entity shall approve a member's request to travel on behalf of the entity by majority vote at a regular or emergency meeting of the entity.

LOC Consideration

The Legislative Operating Committee determined that the Law should be amended to require that an entity describe in its bylaws how purchases will be formally approved, but that official budgetary sign off authority for the entity lies with the Business Committee Support Office so that the automated procurement process can be utilized. The Legislative Operating Committee directed that the following revision be made to the Law based on this comment:

105.10. Bylaws

105.10-3. *Sections.* Articles shall be divided into "sections" as set out.

(b) "Article II. Officers" shall consist of the following:

(6) ~~*Budgetary Sign Off Authority*~~ Purchases and Travel. This section shall identify ~~the entity's varying levels of budgetary sign off authority, the members that are authorized to sign off at each level, and~~ how the entity shall ~~handle approving~~ approve purchases or travel on behalf of the entity.

(A) An entity shall follow the Nation's policies and procedures regarding purchasing and sign-off authority.

(B) Upon formal approval of a purchase by an entity, the Business Committee Support Office shall have official budgetary sign off authority for the entity.

(C) An entity shall approve a member's request to travel on behalf of the entity by majority vote at a regular or emergency meeting of the entity.

Comment 11 – Responding to an E-Poll:

105.11. Electronic Polling

105.11-3. *Response to an E-Poll.* Only the member of an entity shall respond to an e-poll. A response from a member of an entity shall be valid if received from an official e-mail address of the entity. No responses from unknown e-mails or personal e-mails shall be accepted. An e-poll request shall receive responses from a majority of members of the entity in order to be an official vote.

[Public Meeting Notice stated “5. Clarify that only a member of an entity shall respond to e-polls.”]

Richard Baird (written): 5. Absolutely! No one but the member should be voting.

Response

The commenter expresses support for the proposed amendment to section 105.11-3 which clarifies that only a member of the entity shall respond to an e-poll. Therefore, there is no recommended revision based on this comment.

LOC Consideration

The Legislative Operating Committee determined there was no revision to the Law needed based on this comment.

Comments 12 through 13 – Stipend Eligibility Based on Presence During Meeting:

105.13. Stipends, Reimbursement and Compensation

105.13-3. Meeting Stipends. A member of an entity shall only receive a meeting stipend for a regular or emergency meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) *Meeting Stipends for an Appointed Entity.* An individual serving on an appointed entity shall be paid no more than twelve (12) meeting stipends per year.

(b) *Meeting Stipends for an Elected Entity.* An individual serving on an elected entity shall be paid no more than twenty-four (24) meeting stipends per year.

(c) *Demonstrating Presence During a Meeting.* An entity shall demonstrate presence during an entire meeting by taking roll call on the record at both the beginning and conclusion of a meeting.

105.13-4. Joint Meeting Stipends. A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

[Public Meeting Notice stated “6. Eliminate the requirement that a member of an entity be physically present during the entirety of a meeting or joint meeting in order to be eligible to receive a meeting stipend, but still require that the member to be present and participate in the entire meeting through some means.”]

Brooke Doxtator (written): Line 568 - in the current law approved 3/17/20 "present for the entire meeting." was removed. Would like to see this line added back in. As we had members that were not present for entire meeting trying to collect stipends.

Richard Baird (written): 6. No problem. Just make sure the members are present by some means and there should be a way to confirm that they were. When you're paying a stipend someone needs to be held accountable to insure everyone who said they were present actually were.

Response

Both commenters express support for the amendments to the Law in section 105.13-3 and 105.13-4 to eliminate the requirement that a member of an entity be *physically* present during the entirety of a meeting or joint meeting in order to be eligible to receive a meeting stipend, but still require that the member to be present and participate in the entire meeting through some means. The requirement for a member of a board, committee, or commission to be present for an entire meeting in order to be eligible for a stipend was removed in the emergency amendments adopted through resolution BC-03-17-20-C. The commenters state that the presence requirement should be included in the permanent amendments as the Business Committee Support Office has had to address members that were not present for an entire meeting but still sought stipends, and the Law should provide some way to ensure the member was present during the meeting since accountability is important when a member is receiving a stipend.

This Law requires that in order for a member of a board, committee, or commission to be eligible to receive a meeting stipend for a regular or emergency meeting a quorum must be established in accordance with the duly adopted bylaws of that entity, the meeting has to last for at least one (1) hour, and the member collecting the stipend has to be present for the entire meeting. [1 O.C.105.13-3]. Although presence for the entire meeting is required, the Law no longer requires that the member be *physically* present because meetings may occur by telephone, through videoconferencing, or through other telecommunications in addition to meetings held in person. [1 O.C. 105.13-3]. An entity shall demonstrate the presence of its members during a meeting by taking roll call on the record at both the beginning and conclusion of a meeting. [1 O.C. 105.13-3(c)].

The proposed amendments to the Law require that a member be present for the entirety of a meeting in order to be eligible for a stipend, and provides a mechanism for demonstrating presence, so there is no recommended revision based on this comment.

LOC Consideration

The Legislative Operating Committee determined that there is no revision to the Law needed based on this comment.

Comments 14 through 15 – Use of Telecommunications for Meetings:

105.13. Stipends, Reimbursement and Compensation

105.13-3. Meeting Stipends. A member of an entity shall only receive a meeting stipend for a regular or emergency meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Meetings can occur in person, by

telephone, through videoconferencing, or through other telecommunications.

105.13-4. Joint Meeting Stipends. A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

[Public Meeting Notice stated “7. Provide that meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.”]

Brooke Doxtator (written): Lines 568-569 - Would like to see this become permanent so the members have options to meet especially given the current circumstances.

Richard Baird (written): 7. No problem. Accountability, same No. 6.

Response

Both commenters express support for the proposed amendment in section 105.13-3 to allow for meetings to occur in person, by telephone, through videoconferencing, or through other telecommunications. Therefore, there is no recommended revision based on this comment.

LOC Consideration

The Legislative Operating Committee determined that there is no revision to the Law needed based on this comment.

Comment 16 – Technical Difficulties with Use of Telecommunications for Meetings:

105.13. Stipends, Reimbursement and Compensation

105.13-3. Meeting Stipends. A member of an entity shall only receive a meeting stipend for a regular or emergency meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

105.13-4. Joint Meeting Stipends. A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

Brent Truttmann (written): Greetings Legislative Operating Committee (LOC) and Legislative Reference Office (LRO). As an eligible voting member of the General Tribal Council, please consider and implement the following suggestions to the proposed amendments to the Boards, Committees, and Commissions (BCC) Law:

Section 105.13-2 of the proposed amendments allows meetings held through video conferencing or other means of telecommunications stipend eligible as long as the meeting lasts for at least 1 hour and for the participant to be present for the full meeting. As an employee of the Oneida Nation, I have experienced technical difficulties when hosting these types of meetings. On multiple occasions participants of a video teleconference meeting were dropped from the call, and they had to re-log into the meeting. There is concern that these instances may disqualify participating members from a stipend through no fault of their own based on the current proposed language.

I request the LOC to include additional language to section 105.13-2 to accommodate for the technological limitations of video/teleconference meetings. For example, if a video/teleconference meeting is held, a stipulation that all members need to be logged onto the conference call for 95% of the full meeting to be eligible for a stipend may guarantee that all participants are present for the bulk of the meeting while accommodating for technical glitches.

Response

The commenter requests the Legislative Operating Committee consider amending the Law to address how technological problems will be addressed if meetings are held through video conferencing or other telecommunications. The commenter expresses concern that if a member experiences technical issues that caused the member not to be present for the entire meeting, then the member would be barred from receiving a meeting stipend, even if the member was present for majority of the meeting.

The Law allows for meetings to occur in person, by telephone, through videoconferencing, or through other telecommunications. [1 O.C. 105.13-3, 105. 13-4]. In order to be eligible for a stipend for attendance and participation in a meeting the member must be present for the entire meeting. [1 O.C. 105.13-3, 105. 13-4].

As boards, committees, and commissions transition into using video conferencing or other telecommunications as a result of the COVID-19 pandemic, it is understandable that technological problems may arise. It is recommended that the following revision be added to the Law to allow for technological problems to be addressed.

105.13-3. *Meeting Stipends.* A member of an entity shall only receive a meeting stipend for a regular or emergency meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) *Meeting Stipends for an Appointed Entity.* An individual serving on an appointed entity shall be paid no more than twelve (12) meeting stipends per year.

(b) *Meeting Stipends for an Elected Entity.* An individual serving on an elected entity shall be paid no more than twenty-four (24) meeting stipends per year.

(c) *Demonstrating Presence During a Meeting.* An entity shall demonstrate presence during an entire meeting by taking roll call on the record at both the beginning and conclusion of a meeting.

(d) *Technological Issues Affecting Presence During a Meeting.* If a member of an entity experiences technological issues during a regular or emergency meeting held by telephone.

through videoconferencing, or through other telecommunications, and the technological issue disrupts the member's presence during the meeting, the member shall notify the Business Committee Support Office of the technical issue as soon as possible. The Business Committee Support Office may grant an exemption to the requirement to be present for the entire meeting if the member can demonstrate presence for a majority of the meeting.

105.13-4. *Joint Meeting Stipends.* A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) An individual shall receive a stipend for his or her attendance at a duly called joint meeting.

(1) A joint meeting stipend does not count towards the limitation on meeting stipends as provided for in section 105.13-3(a)-(b).

(b) *Technological Issues Affecting Presence During a Joint Meeting.* If a member of an entity experiences technological issues during a joint meeting, and the technological issue disrupts the member's presence during the meeting, the member shall notify the Business Committee Support Office of the technical issue as soon as possible. The Business Committee Support Office may grant an exemption to the requirement to be present for the entire joint meeting if the member can demonstrate presence for a majority of the joint meeting.

LOC Consideration

The Legislative Operating Committee understands that as boards, committees, and commissions transition into using video conferencing or other telecommunications as a result of the COVID-19 pandemic, technological problems may arise. The Legislative Operating Committee wants to provide flexibility to members of a board, committee, and commission who substantially comply with the requirement to be present during an entire meeting but had an issue with technology that disrupted their presence. The Legislative Operating Committee directed that the following amendment be added to the Law to allow for technological problems to be addressed:

105.13-3. *Meeting Stipends.* A member of an entity shall only receive a meeting stipend for a regular or emergency meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) Meeting Stipends for an Appointed Entity. An individual serving on an appointed entity shall be paid no more than twelve (12) meeting stipends per year.

(b) Meeting Stipends for an Elected Entity. An individual serving on an elected entity shall be paid no more than twenty-four (24) meeting stipends per year.

(c) Demonstrating Presence During a Meeting. An entity shall demonstrate presence during an entire meeting by taking roll call on the record at both the beginning and conclusion of a meeting.

(d) *Technological Issues Affecting Presence During a Meeting.* If a member of an entity experiences a technological issue during a regular or emergency meeting held by telephone,

through videoconferencing, or through other telecommunications, and the technological issue disrupts the member's presence during the meeting, the member shall notify the entity of the technological issue as soon as possible.

(1) An exemption to the stipend eligibility requirement to be present for the entire meeting may be granted if the entity certifies by a majority vote that the member was present for a majority of the meeting despite the technological issue which disrupted the member's presence during the meeting.

105.13-4. Joint Meeting Stipends. A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) An individual shall receive a stipend for his or her attendance at a duly called joint meeting.

(1) A joint meeting stipend does not count towards the limitation on meeting stipends as provided for in section 105.13-3(a)-(b).

(b) Technological Issues Affecting Presence During a Joint Meeting. If a member of an entity experiences a technological issue during a joint meeting held by telephone, through videoconferencing, or through other telecommunications, and the technological issue disrupts the member's presence during the joint meeting, the member shall notify the entity of the technological issue as soon as possible.

(1) An exemption to the stipend eligibility requirement to be present for the entire joint meeting may be granted if the entity certifies by a majority vote that the member was present for a majority of the joint meeting despite the technological issue which disrupted the member's presence during the joint meeting.

Comment 17 – Limitation of Meeting and Joint Meeting Stipends Per Year:

105.13. Stipends, Reimbursement and Compensation

105.13-3. *Meeting Stipends.* A member of an entity shall only receive a meeting stipend for a regular or emergency meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) *Meeting Stipends for an Appointed Entity.* An individual serving on an appointed entity shall be paid no more than twelve (12) meeting stipends per year.

(b) *Meeting Stipends for an Elected Entity.* An individual serving on an elected entity shall be paid no more than twenty-four (24) meeting stipends per year.

Brooke Doxtator (written): Lines 571 and 573 – Could this read per fiscal year? This is our current practice because the stipends are easier to track and report when they are on the same cycle as the budget.

Response

The commenter requests that section 105.1303(a)-(b) provide that the limitation on the number of stipends per year be clarified to state fiscal year so that the allocation of stipends is on the same cycle as the budget.

The following revision to the Law is recommended based on this comment:
105.13-3.

- (a) *Meeting Stipends for an Appointed Entity.* An individual serving on an appointed entity shall be paid no more than twelve (12) meeting stipends per fiscal year.
- (b) *Meeting Stipends for an Elected Entity.* An individual serving on an elected entity shall be paid no more than twenty-four (24) meeting stipends per fiscal year.

LOC Consideration

The Legislative Operating Committee determined that section 105.13-3 should be clarified to provide that the limitation on the number of stipends a member of an entity is eligible to receive is per fiscal year. The Legislative Operating Committee directed the following revision be made to the Law:

105.13-3.

- (a) *Meeting Stipends for an Appointed Entity.* An individual serving on an appointed entity shall be paid no more than twelve (12) meeting stipends per fiscal year.
- (b) *Meeting Stipends for an Elected Entity.* An individual serving on an elected entity shall be paid no more than twenty-four (24) meeting stipends per fiscal year.

Comment 18 – Stipend Eligibility Based on Presence During Joint Meeting:

105.13. Stipends, Reimbursement and Compensation

105.13-4. *Joint Meeting Stipends.* A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) An individual shall receive a stipend for his or her attendance at a duly called joint meeting.

(1) A joint meeting stipend does not count towards the limitation on meeting stipends as provided for in section 105.13-3(a)-(b).

Brooke Doxtator (written): Lines 580-581 - in the current law approved 3/17/20 "present for the entire meeting." was removed. Would like to see this line added back in. As we had members that were not present for entire meeting trying to collect stipends.

Response

The commenter provides that the requirement for a member of a board, committee, or commission to be present for an entire joint meeting in order to be eligible for a stipend, which was removed in the emergency amendments adopted through resolution BC-03-17-20-C, should be included in

the permanent amendments as the Business Committee Support Office has had to address members that were not present for an entire joint meeting but still sought stipends.

This Law requires that in order for a member of a board, committee, or commission to be eligible to receive a stipend for joint meeting with the Oneida Business Committee a quorum must be established in accordance with the duly adopted bylaws of that entity, the meeting has to last for at least one (1) hour, and the member collecting the stipend has to be present for the entire meeting. [1 O.C.105.13-4]. Although presence for the entire joint meeting is required, the Law no longer requires that the member be *physically* present because meetings may occur by telephone, through videoconferencing, or through other telecommunications in addition to meetings held in person. [1 O.C. 105.13-4].

The proposed amendments to the Law already require that a member of a board, committee, or commission be present for the entirety of a joint meeting in order to be eligible for a stipend, but it is recommended that a provision which mirrors section 105.13-3(c) be added to section 105.13-4 to provide specifications for how an entity shall demonstrate the presence of its members during a joint meeting. It is recommended that the following revision be made to the Law based on this comment:

105.13-4. *Joint Meeting Stipends.* A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) An individual shall receive a stipend for his or her attendance at a duly called joint meeting.

(1) A joint meeting stipend does not count towards the limitation on meeting stipends as provided for in section 105.13-3(a)-(b).

(b) *Demonstrating Presence During a Joint Meeting.* An entity shall demonstrate the presence of its members during for the entirety of a joint meeting by taking roll call on the record at both the beginning and conclusion of a joint meeting.

LOC Consideration

The Legislative Operating Committee determined that a provision be added to the Law that clarifies how a member of an entity can demonstrate presence during a joint meeting. The Legislative Operating Committee directed that the following revision be made to the Law:

105.13-4. *Joint Meeting Stipends.* A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) An individual shall receive a stipend for his or her attendance at a duly called joint meeting.

(1) A joint meeting stipend does not count towards the limitation on meeting stipends as provided for in section 105.13-3(a)-(b).

(b) *Demonstrating Presence During a Joint Meeting.* An entity shall demonstrate the

presence of its members during a joint meeting by taking roll call on the record at both the beginning and conclusion of a joint meeting.

Comment 19 – Standardizing Meeting Stipends:

105.13. Stipends, Reimbursement and Compensation

105.13-3. Meeting Stipends. A member of an entity shall only receive a meeting stipend for a regular or emergency meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

(a) *Meeting Stipends for an Appointed Entity.* An individual serving on an appointed entity shall be paid no more than twelve (12) meeting stipends per year.

(b) *Meeting Stipends for an Elected Entity.* An individual serving on an elected entity shall be paid no more than twenty-four (24) meeting stipends per year.

(c) *Demonstrating Presence During a Meeting.* An entity shall demonstrate presence during an entire meeting by taking roll call on the record at both the beginning and conclusion of a meeting.

105.13-4. Joint Meeting Stipends. A member of an entity shall only receive a stipend for a joint meeting where a quorum has been established in accordance with the duly adopted bylaws of that entity, that lasts for at least one (1) hour, and the member collecting the stipend is present for the entire meeting. Joint meetings can occur in person, by telephone, through videoconferencing, or through other telecommunications.

[Public Meeting Notice stated “8. Revise and clarify how the limitation on meeting stipend is calculated, as well as how stipends for conferences and trainings are determined.”]

Richard Baird (written): 8. I don't know why the BC has never standardized the meeting stipend across the board. It shouldn't be about the stipend, it should be about conducting the Nation's business because you have an interest in participating and helping to move the Nation forward.

Response

The commenter states a lack of understanding on why the Oneida Business Committee has never standardized meeting stipends across the board for all boards, committees, and commissions of the Nation. He also states that participation on a board, committee, or commission of the Nation should be about an interest in conducting the Nation's business and helping to move the Nation forward, and not about a stipend.

The Law provides that the Oneida Business Committee shall set stipend amounts by resolution. *[1 O.C. 105.13-2]*. The Oneida Business Committee adopted resolution BC-09-26-18-D, which was amended by resolutions BC-05-08-19-B and BC-03-17-20-D, to set forth specific dollar amounts for stipends members of a board, committee, or commission may be eligible for.

In regard to meeting stipends, a member is eligible to collect a meeting stipend when a quorum has been established for the meeting, the meeting lasts for at least one (1) hour, and the member

collecting the stipend is present for the entire meeting. [1 O.C. 105.13-3]. Resolution BC-03-17-20-D standardizes the specific meeting stipend amount a member of a board, committee, or commission is eligible to receive based on whether the member is a part of an appointed or an elected entity. Resolution BC-03-17-20-D provides that a member of an appointed entity is eligible to receive a seventy-five dollar (\$75) stipend for attendance at a duly called meeting, while a member of an elected entity is eligible to receive a one hundred dollar (\$100) stipend for attendance at a duly called meeting.

Although stipends are not standardized completely amongst all boards, committees, and commissions, resolution BC-03-17-20-D does provide specific stipend amounts that members of boards, committees, and commissions are eligible to receive. The Law also requires that that Oneida Business Committee periodically review the amounts provided for stipends and, based on the availability of funds, adjust those amounts accordingly by amending the resolution. [1 O.C. 105.13-2]. Therefore, there is no revision to the Law recommended based on this comment.

LOC Consideration

The Legislative Operating Committee determined that there was no revision to the Law needed based on this comment.

Comment 20 – Exemption for E-mail Requirement:

105.14. Confidential Information

105.14-3. Official Oneida Nation E-mail Address. Each member of an entity shall be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically.

- (a) If a member is also an employee of the Nation, he or she shall receive a separate e-mail address from his or her regular work e-mail address.
- (b) A member of an entity shall sign an acknowledgment form provided by the Nation's Secretary indicating notice of the Nation's applicable computer and media related laws, policies and rules. The Nation's Secretary shall maintain a record of all such acknowledgment forms.
- (c) A member of an entity shall not use any personal or work e-mail address to electronically conduct any business of the entity.
- (d) Immediately upon receipt of notice of an entity vacancy, the Nation's Secretary shall instruct the Management Information Systems department to disable the e-mail address for the member having vacated the position.

Brooke Doxtator (written): 105.14-3 Official Oneida Nation E-mail Address. 1. Can we make alternates and ad hoc's an exception to this rule? It says "Each member of an entity" so maybe they already are exempt but I wanted to comment on it because the time, effort and resources needed to assign them an "official" email is not really feasible for their use.

Response

The commenter requests that the Legislative Operating Committee consider making alternates and ad hoc members of a board, committee, or commission exempt from the requirement to have an official Oneida e-mail address due to the amount of the time, effort, and resources needed to assign ad hoc or alternate members an official e-mail address.

The Law requires that each member of an entity be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically. [1 O.C. 105.14-3]. A member of an entity is prohibited from using a personal or work e-mail address to electronically conduct any business of the entity. [1 O.C. 105.14-3(c)]. Immediately upon notice of a vacancy in an entity, the Nation's Secretary is required to instruct the Management Information Systems department to disable the e-mail address for the member having vacated the position. [1 O.C. 105.14-3(d)]. Requiring all members of a board, committee, or commission to be provided an e-mail address ensures there is a consistent method of communication with all members of boards, committees, and commissions. The use of an official e-mail address also helps ensure that the work of the board, committee, or commission – such as any discussions, sharing of documents, or e-polls- remains confidential and separate from an individual's work or personal accounts.

The Law requires that all members of an entity maintain in a confidential manner all information obtained through their position on the entity, and that confidential information is kept as the private and privileged records of the Nation and will not be divulged to any person, firm, corporation, or other entity except by direct written authorization of the Oneida Business Committee. [1 O.C. 105.14-1].

The Legislative Operating Committee may consider whether alternates or ad hoc members of a board, committee, or commission should be subject to the requirement to be provided an official Oneida e-mail address. If an ad hoc or alternate to a board, committee, or commission serves a short-term purpose or is not expected to conduct business electronically then it may be a poor utilization of time, resources, and e-mail address license usage to assign an e-mail address to the alternate or ad hoc member. But if the alternate or ad hoc member is required to conduct business electronically or may serve a long-term purpose then the use of an official e-mail address may be necessary to ensure a consistent form of communication and encourage confidentiality.

The Legislative Operating Committee may make one of the following determinations:

1. The Law should remain as currently drafted and all members of an entity shall be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically. [1 O.C. 105.14-3].
2. The Law should be revised to provide an exemption for alternate and ad hoc members of a board, committee, and commission, from the requirement to be provided an official e-mail address. If the Legislative Operating Committee makes this determination then the following revision to the Law is recommended:
105.14-3. *Official Oneida Nation E-mail Address.* Each member of an entity shall be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically.
 - (a) If a member is also an employee of the Nation, he or she shall receive a separate e-mail address from his or her regular work e-mail address.

(b) An individual who holds a position as an ad hoc or alternate member of an entity shall be exempt from the requirement to be provided an official e-mail address, unless determined that an e-mail address is necessary for the role and responsibilities of the ad hoc or alternate member.

(bc) A member of an entity shall sign an acknowledgment form provided by the Nation's Secretary indicating notice of the Nation's applicable computer and media related laws, policies and rules. The Nation's Secretary shall maintain a record of all such acknowledgment forms.

(ed) A member of an entity shall not use any personal or work e-mail address to electronically conduct any business of the entity.

(de) Immediately upon receipt of notice of an entity vacancy, the Nation's Secretary shall instruct the Management Information Systems department to disable the e-mail address for the member having vacated the position.

LOC Consideration

The Legislative Operating Committee determined that the Law should be revised to provide an exemption for alternate and ad hoc members of a board, committee, and commission, from the requirement to be provided an official e-mail address. The Legislative Operating Committee directed that the following amendment to the Law be made:

105.14-3. *Official Oneida Nation E-mail Address.* Each member of an entity shall be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically.

(a) If a member is also an employee of the Nation, he or she shall receive a separate e-mail address from his or her regular work e-mail address.

(b) An individual who holds a position as an ad hoc or alternate member of an entity shall be exempt from the requirement to be provided an official e-mail address, unless determined that an e-mail address is necessary for the role and responsibilities of the ad hoc or alternate member.

(bc) A member of an entity shall sign an acknowledgment form provided by the Nation's Secretary indicating notice of the Nation's applicable computer and media related laws, policies and rules. The Nation's Secretary shall maintain a record of all such acknowledgment forms.

(ed) A member of an entity shall not use any personal or work e-mail address to electronically conduct any business of the entity.

(de) Immediately upon receipt of notice of an entity vacancy, the Nation's Secretary shall instruct the Management Information Systems department to disable the e-mail address for the member having vacated the position.

Comment 21 – Consequences for Not Utilizing E-mail Account:

105.14. Confidential Information

105.14-3. *Official Oneida Nation E-mail Address.* Each member of an entity shall be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically.

(a) If a member is also an employee of the Nation, he or she shall receive a separate

e-mail address from his or her regular work e-mail address.

(d) Immediately upon receipt of notice of an entity vacancy, the Nation's Secretary shall instruct the Management Information Systems department to disable the e-mail address for the member having vacated the position.

Brooke Doxtator (written): 105.14-3 Official Oneida Nation E-mail Address. 2. Can we give them a timeframe to activate the account or a consequence happens? Time and effort are being put into this only for the members to not activate and/or use their accounts.

Response

The commenter requests that the Legislative Operating Committee consider including a timeframe for when an elected or appointed member of an entity has to activate the e-mail account, because currently the Business Committee Support Office faces the challenge of members not activating or using their accounts.

The goal of requiring an official e-mail address to be provided to every member of a board, committee, or commission of the Nation is to ensure there is a consistent communication method for members, and to encourage and ensure confidentiality when conducting business electronically. Neither measure can be met if a member of a board, committee, or commission does not activate or use his or her official e-mail address.

The Legislative Operating Committee may consider whether the Law should provide a timeframe for a member of a board, committee, or commission to activate his or her official e-mail account. The Legislative Operating Committee may make one of the following determinations:

1. The Law should remain as currently drafted and not address a timeframe for a member of a board, committee, or commission to activate his or her official e-mail account.
2. The Law should be revised to include a timeframe for a member of a board, committee, or commission to activate his or her official e-mail account. If the Legislative Operating Committee makes this determination then the following revision to the Law is recommended.

105.14-3. *Official Oneida Nation E-mail Address.* Each member of an entity shall be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically.

(a) If a member is also an employee of the Nation, he or she shall receive a separate e-mail address from his or her regular work e-mail address.

(b) A member of an entity shall have (timeframe) upon election or appointment to an entity to activate his or her official e-mail address.

(bc) A member of an entity shall sign an acknowledgment form provided by the Nation's Secretary indicating notice of the Nation's applicable computer and media

related laws, policies and rules. The Nation's Secretary shall maintain a record of all such acknowledgment forms.

(e) A member of an entity shall exclusively use his or her official e-mail address to electronically conduct any business of the entity, and shall not use any personal or work e-mail address to electronically conduct any business of the entity.

(de) Immediately upon receipt of notice of an entity vacancy, the Nation's Secretary shall instruct the Management Information Systems department to disable the e-mail address for the member having vacated the position.

LOC Consideration

The Legislative Operating Committee determined that the Law should be revised to include a timeframe for a member of a board, committee, or commission to activate his or her official e-mail account. The Legislative Operating Committee based this decision on the importance of having a consistent communication method for members of boards, committees, and commissions, and to encourage and ensure confidentiality when members are conducting business electronically.

The Legislative Operating Committee directed that the following amendment to the Law be made based on this comment:

105.14-3. *Official Oneida Nation E-mail Address.* Each member of an entity shall be provided an official Oneida e-mail address upon election or appointment for the purpose of conducting business of the entity electronically.

(a) If a member is also an employee of the Nation, he or she shall receive a separate e-mail address from his or her regular work e-mail address.

(b) A member of an entity shall have thirty (30) days upon election or appointment to an entity to activate his or her official e-mail address.

(bc) A member of an entity shall sign an acknowledgment form provided by the Nation's Secretary indicating notice of the Nation's applicable computer and media related laws, policies and rules. The Nation's Secretary shall maintain a record of all such acknowledgment forms.

(ed) A member of an entity shall exclusively use his or her official e-mail address to electronically conduct any business of the entity, and shall not use any personal or work e-mail address to electronically conduct any business of the entity.

(de) Immediately upon receipt of notice of an entity vacancy, the Nation's Secretary shall instruct the Management Information Systems department to disable the e-mail address for the member having vacated the position.

Sylvia Cornelius (written): Hello, I would like to address the use of a nation only email. This may work for members that do not work for the Nation. However, I have run into many issues having 2 nation emails, with appts being emailed to my school board account. And have to remind staff that i have two emails, not to pick the OSB email to pick my work title. Is there a way to address this? Like not being able to look up members by name but by board? It seems like there should be a technological easy fix for this issue, it continues to happen to me. I would like to see this addressed. Maybe by not including board members in the address book by name but by board and then name? If you could find a way to address this, it is very irritating. Especially if people just pick the first name they see and dont look at the title. This is an ongoing issue for me being an employee of the Nation and on a Board.

Response

The commenter expresses frustration over having both an Oneida Nation employee e-mail address and an e-mail address as a member of the Oneida Nation School Board, and the subsequent confusion in receiving e-mails on one account that were meant for the other account.

The Law requires that a member of an entity be provided an official Oneida e-mail address upon election or appointment to a board, committee, or commission of the Nation for the purpose of conducting business of the entity electronically, and specifies that this e-mail address must be different than the member's employee e-mail address if that member is also an employee of the Nation. [1 O.C. 105.14-3]. The Law does not provide specifics for how the e-mail address is formulated or organized.

It is recommended that the Legislative Operating Committee share this concern with the Nation's Management Information Systems (MIS) Department to see if there are any technological adjustments that could be made to how the board, committee, and commission e-mail addresses are formulated or organized to avoid the confusion created by the problem described by the commenter.

LOC Consideration

The Legislative Operating Committee determined that the issue described by the commenter does not necessarily have a solution that can be achieved through legislation, but that the Legislative Operating Committee will send communication to the Nation's Management Information Systems (MIS) Department to see if there are any technological adjustments that could be made to how the

board, committee, and commission e-mail addresses are formulated or organized to avoid the issue described by the commenter.

Comment 23 – Ineligibility Due to Conflicts of Interest:

105.15. Conflicts of Interest

105.15-3. *Ineligibility Due to Conflicts of Interest.* Due to the potential for a real or perceived conflict of interest to exist, the following individuals shall not be eligible to serve on an appointed or elected entity:

- (a) political appointees;
- (b) an employee of the Nation’s Internal Audit Department, Finance Administration, Law Office, or Intergovernmental Affairs and Communications; and
- (c) an employee who serves as a direct report to the Oneida Business Committee.

- d) an employee of the Business Committee Support Office (The BCSO staff (specifically the Info Management Specialist) fall in the same category as Audit, Finance, Law, Intergovernmental Affairs and Communications. In addition, the BCC staff offer admin support to the BCC’s which could cause a conflict of interest.
- e) an employee who serves as a direct report to the General Manager (need to confirm with GM, but it’s my understanding the GM’s direct reports are not supposed to serve on BCC’s)

Response

The commenter requests that the Legislative Operating Committee consider including Business Committee Support Office staff, as well as any direct reports to the General Manager, in section 105.15-3 which provides certain positions and areas where staff shall not be eligible to serve on an appointed or elected entity due to the potential for a real or perceived conflict of interest to exist.

The Legislative Operating Committee may consider whether Business Committee Support Office staff or any direct reports to the General Manager should be included in section 105.15-3 and thereby prohibited from serving on an appointed or elected entity of the Nation. The Legislative Operating Committee may make one of the following determinations.

1. The Law should remain as currently drafted and not include staff of the Business Committee Support Office or direct reports of the General Manager in the prohibition from serving on an appointed or elected entity of the Nation provided for by section 105.15-3.
2. The Law should be revised include staff of the Business Committee Support Office and/or direct reports of the General Manager in the prohibition from serving on an appointed or elected entity of the Nation provided for by section 105.15-3. If the Legislative Operating Committee makes this determination then the following revision to the Law is recommended:

105.15-3. *Ineligibility Due to Conflicts of Interest.* Due to the potential for a real or perceived conflict of interest to exist, the following individuals shall not be eligible to serve on an appointed or elected entity:

- (a) political appointees;
- (b) an employee of the Nation’s Internal Audit Department, Finance Administration, Law Office, Business Committee Support Office, or Intergovernmental Affairs and Communications; and
- (c) an employee who serves as a direct report to the Oneida Business Committee or General Manager.

LOC Consideration

The Legislative Operating Committee determined that the Law should include staff of the Business Committee Support Office and any direct reports of the General Manager in the prohibition from serving on an appointed or elected entity of the Nation provided for by section 105.15-3. The Legislative Operating Committee determined that the following amendment to the Law should be made based on this comment:

105.15-3. *Ineligibility Due to Conflicts of Interest.* Due to the potential for a real or perceived conflict of interest to exist, the following individuals shall not be eligible to serve on an appointed or elected entity:

- (a) political appointees;
- (b) an employee of the Nation’s Internal Audit Department, Finance Administration, Law Office, Business Committee Support Office, or Intergovernmental Affairs and Communications; and
- (c) an employee who serves as a direct report to the Oneida Business Committee or General Manager.

[Public Meeting Notice stated “9. Specify that certain employment positions within the Nation are ineligible to serve on an entity due to the potential for a real or perceived conflict of interest to exist.”]

Richard Baird (written): 9. I believe that is already specified on the application for BCC candidates.

Response

The commenter states that he believes that the fact that certain employment positions within the Nation are ineligible to serve on an entity due to the potential for a real or perceived conflict of interest to exist is already specified on the application for a board, committee, or commission position.

The Law requires that all applications to serve on a board, committee, or commission of the Nation include a section regarding disclosures of conflicts of interest. *[1 O.C. 105.5-1]*. The Law then identifies that employment in certain positions and departments is prohibited when serving on a board, committee, or commission due to the potential for a real or perceived conflict of interest to exist. *[1 O.C. 105.15-3]*. Therefore, employment in an area identified in section 105.15-3 would be a conflict of interest that would need to be disclosed on the application.

There is no recommended revision to the Law based on this comment.

LOC Consideration

The Legislative Operating Committee determined there was no revision to the Law needed based on this comment.

185 (1) deliver all applications, along with a summary of qualifications to hold office,

190 the appointment is intended to be made; or

205 and qualifications of the potential applicants, and any recommendation made by the

207 discussion, the Oneida Business Committee shall:

208 (1) select an applicant for appointment, or

209 (2) ask the Oneida Nation’s Secretary to re-notice the vacancy because of
210 ineligible, unqualified, or under qualified applicants.

211 (d) All appointments shall be made by the Oneida Business Committee during the open
212 session of a regular or special Oneida Business Committee meeting. The Oneida Business
213 Committee shall not appoint an applicant who fails to meet the requirements set out in the
214 entity's bylaws.

215 (e) During the open session of the regular or special Oneida Business Committee meeting,
216 a member of the Oneida Business Committee may make a motion to appoint an individual.
217 Oneida Business Committee members may:

218 (1) accept the selected applicant and vote to appoint the individual to the vacant
219 position, or

220 (2) reject the selected applicant and vote to oppose the appointment of the
221 individual.

222 (f) If the Oneida Business Committee rejects the selected applicant, the matter will be

Hello,

I would like to address the use of a nation only email. This may work for members that do not work for the Nation. However, I have run into many issues having 2 nation emails, with appts being emailed to my school board account. And have to remind staff that i have two emails, not to pick the OSB email to pick my work title.

Is there a way to address this? Like not being able to look up members by name but by board? It seems like there should be a technological easy fix for this issue, it continues to happen to me. I would like to see this addressed. Maybe by not including board members in the address book by name but by board and then name?

If you could find a way to address this, it is very irritating. Especially if people just pick the first name they see and dont look at the title.

This is an ongoing issue for me being an employee of the Nation and on a Board.

Thank you,

Sylvia Cornelius

Public Comment for Proposed Amendments to Boards, Committees, and Commissions Law

Greetings Legislative Operating Committee (LOC) and Legislative Reference Office (LRO). As an eligible voting member of the General Tribal Council, please consider and implement the following suggestions to the proposed amendments to the Boards, Committees, and Commissions (BCC) Law:

- Section 105.13-2 of the proposed amendments allows meetings held through video conferencing or other means of telecommunications stipend eligible as long as the meeting lasts for at least 1 hour and for the participant to be present for the full meeting. As an employee of the Oneida Nation, I have experienced technical difficulties when hosting these types of meetings. On multiple occasions participants of a video teleconference meeting were dropped from the call, and they had to re-log into the meeting. There is concern that these instances may disqualify participating members from a stipend through no fault of their own based on the current proposed language.

I request the LOC to include additional language to section 105.13-2 to accommodate for the technological limitations of video/teleconference meetings. For example, if a video/teleconference meeting is held, a stipulation that all members need to be logged onto the conference call for 95% of the full meeting to be eligible for a stipend may guarantee that all participants are present for the bulk of the meeting while accommodating for technical glitches.

- Section 105.7-1 (d) of the BCC Law states that the Oneida Business Committee appoints the individual to fill the vacancy of an elected or appointed boards, committee, or commission (after an application process listed in earlier sections). The BCC Law does not guarantee the actual board, committee, or commission with the vacancy will have any input in this process. This lack of guarantee is concerning. While I understand the Oneida Business Committee may have sweeping understanding of all BCCs through their BC Liaisons, the individual board, committee, and commissions have a much or intimate knowledge of their responsibilities and needs. Therefore, the individual board, committee and commission would have an intimate understanding of what to look for in applicants of a vacancy. If there is concern for a conflict of interest, the same concern could be raised to the Oneida Business Committee when appointing an individual to a vacant position as their appointment may be self-serving to the Oneida Business Committee without consideration to the board, committee, or commission with said vacancy.

Therefore I recommend the BCC Law to include the board, committee, or commission with the vacancy in the appointment process. Preferably, the appointment to fulfill a vacancy should be decided jointly between both the Oneida Business Committee and the entity with a vacancy.

Date: Thursday, July 9, 2020 1:14:33 PM

Hi Clorissa,

I was asked to reach out to you in regards to adding an amendment to the BCC law that would require the BCC's to approve purchases in their meetings but the BCC Staff would have the final Sign Off Authority (SOA) to add more checks and balances. I included Patrick Stensloff from Purchasing on this email in case he has any comments/feedback to provide regarding the SOA levels. I included our hierarchy below for reference.

Boards, Committees, and Commissions Law Comments - Referring to Redline Draft

Lines 126-135 – Would like to see these amendments become permanent as it will make the process more efficient.

Lines 195-197 – Would like to see these amendments become permanent as situations have arisen where we weren't able to meet the deadline due to factors that were outside our control.

*Lines 251-252 – After working with this process we found that 30 days isn't sufficient, months that have 5 weeks and meetings being cancelled often put us out of this window for administering oaths. Could this be updated to something like "The failure to take the oath of office within two (2) regular Oneida Business Committee meetings of being selected for appointment by the Oneida Business Committee."

Line 288-291 – 105.9 (a) When taking an oath ~~1.at an Oneida Business Committee meeting~~, the appointed or elected member shall appear in person at the Oneida Business Committee meeting to take his or her oath, except if granted permission by the Secretary to appear by ~~2.video conferencing equipment~~.

1. Delete, on line 284 it says they can take their oath at an alternate time and location
2. Replace with - through videoconferencing, or through other telecommunications.

Line 568 - in the current law approved 3/17/20 "~~present for the entire meeting.~~" was removed. Would like to see this line added back in. As we had members that were not present for entire meeting trying to collect stipends.

Lines 568-569 - Would like to see this become permanent so the members have options to meet especially given the current circumstances.

Lines 571 and 573 – Could this read per fiscal year? This is our current practice because the stipends are easier to track and report when they are on the same cycle as the budget.

Lines 580-581 - in the current law approved 3/17/20 "~~present for the entire meeting.~~" was removed. Would like to see this line added back in. As we had members that were not present for entire meeting trying to collect stipends.

105.14-3 Official Oneida Nation E-mail Address

1. Can we make alternates and ad hoc's an exception to this rule? It says "Each member of an entity" so maybe they already are exempt but I wanted to comment on it because the time, effort and resources needed to assign them an "official" email is not really feasible for their use.
2. Can we give them a timeframe to activate the account or a consequence happens? Time and effort are being put into this only for the members to not activate and/or use their accounts.

105.15-3. Ineligibility Due to Conflicts of Interest

1. Can we add d and e?
d) an employee of the Business Committee Support Office (The BCSO staff (specifically the Info Management Specialist) fall in the same category as Audit, Finance, Law, Intergovernmental Affairs and Communications. In addition, the BCC staff offer admin support to the BCC's which could cause a conflict of interest.
e) an employee who serves as a direct report to the General Manager (need to confirm with GM, but it's my understanding the GM's direct reports are not supposed to serve on BCC's)

369 (6) *Budgetary Sign-Off Authority and Travel.* This section shall identify the
 370 entity's varying levels of budgetary sign-off authority, the members that are
 371 authorized to sign-off at each level, and how the entity shall handle approving travel
 372 on behalf of the entity.
 373 (A) An entity shall follow the Nation's policies and procedures regarding
 374 purchasing and sign-off authority.

Nearly all of the areas within the Nation are following the automated purchasing process. The areas which report to boards, committees or commissions are following the manual paper order form procurement process. It is the goal of the Purchasing Department to automate procurement activity for all areas within the Nation. Automating the procurement activity for all areas will provide a consistent procurement process throughout the Nation that results in process efficiencies and automated authorizations.

Areas reporting to boards, committees, and commissions are following the manual procurement process because the authorizing members are not employees. Non-employees are not granted access to the Financial System. In addition, some authorizing members of boards, committees or commissions could be performing procurement activity as an employee of the Nation. Adding the approving ability to current users could pose issues with internal controls.

The Purchasing Department is respectfully inquiring about a change in the sign off authority practices for boards, committees and commissions when it pertains to purchasing. This change would eliminate members of boards, committees, or commissions from the automated sign off for purchases. Additionally, the sign off authority for purchases would include employees at the business unit level and route through the Treasurer and Finance Committee accordingly. The BCC supervisor could also be incorporated into the sign off authority if needed.

It is desired to have this change in sign off for purchases encompass all boards, committees and commissions. However, there are some boards, committees and commissions that do not purchase much if anything at all. On the other end of the spectrum, the volume of purchases for the Schools is high.

Boards, Committees & Commissions:

1. It seem to me that's the the way that worked anyway. If there were no applications or only one application then there would be insufficient persons to choose from. Too many times I've seen an only candidate chosen only to resign.
2. I don't have a problem with the support office requesting more time. Once the applications go up to the office, and a candidate is not chosen due to background check or other reason, the support staff is charged with notifying the entity the reason a candidate has not been selected for whatever reason.
3. The Chair has the responsibility to chose a candidate and should do expeditiously, in order for the entity to continue to conduct business. Sometime an entity doesn't have a quorum due to insufficient members, so its imperative that the Chair act quickly to fill vacancies.
4. The oath of office is usually done by the Secretary, so it could be done in the Secretaries office anytime. No need to have it done at a BC meeting.
5. Absolutely! No one but the member should be voting.
6. No problem. Just make sure the members are present by some means and there should be a way to confirm that they were. When you're paying a stipend someone needs to be held accountable to insure everyone who said they were present actually were.
7. No problem. Accountability, same No. 6.
8. I don't know why the BC has never standardized the meeting stipend across the board. It shouldn't be about the stipend, it should be about conducting the Nation's business because you have an interest in participating and helping to move the Nation forward.
9. I believe that is already specified on the application for BCC candidates.
