**EQUAL EMPLOYMENT OPPORTUNITY STATEMENT**

The Oneida Nation does not discriminate on the basis of race, color, national origin, sex, religion, age or disability status in employment or the provision of services. However, individuals of Indian ancestry and Veterans will be given preference by law in initial employment or re-employment.

**POSITION SUMMARY**

Provides and manages direct medical evaluation, diagnosis, procedures, and care for patients within a recognized area of subspecialty practice. Provide consultation and advice to others as a highly specialized practitioner. Continuation of this position is contingent upon funding allocations.

**DUTIES AND RESPONSIBILITIES:**

1. Provide and manage direct patient care, including physical examinations, evaluations, assessments, diagnoses and treatment within subspecialty practice for a specified patient population.
2. Prescribe pharmaceuticals, other medications, and treatment regimens as appropriate to assessed medical conditions.
3. Refer patients to other specialists and to relevant patient care components as appropriate.
4. Order test for lab and ancillary services to determine cause of patient condition and develop treatment plan for condition.
5. Supervise mid level practitioners; may train and supervise medical students and residents engaged in specialty activities and procedures, as appropriate.
6. Direct and coordinate the patient care activities of nursing and support staff as required.
7. Follow established departmental policies, procedures, and objectives, continuous quality improvement objectives, and safety, environmental, and/or infection control standards.
8. Participate in specified health promotion, education and/or prevention programs.
9. Provide treatment plans; writes appropriate orders, including those for narcotics, stimulants, and depressant drugs.
10. Obtain patient histories and develops patient care charts, ensuring completeness and accuracy.
11. Provide health education to patients and families.
12. Provide direct psychological medical care in the presence of illness or disability in order to maintain life, provide comfort, reduce stress and enhance coping abilities.
13. Enhance professional growth and development through participation in educational programs, current literature, in-service meetings, and workshops.
14. May perform clinical research related to specific operations.
15. Contribute to a team effort and accomplish related results as required.
16. Adhere to all Tribal Personnel Policies and Procedures, Tribal Standard Operating Procedures, and Area and Program Strategic Plans and Policies.
17. Maintain strict department security, confidentiality, and quality to meet professional standards of the department.
18. The above duties and responsibilities are not an all-inclusive list but rather a general representation of the duties and responsibilities associated with this position. The duties and responsibilities will be subject to change based on organizational needs and/or deemed necessary by the supervisor.
