

# CIP # 15-002 - Oneida Community Wells

## Project Description:

The project has three primary components: a Pumphouse, Water Main Extension, and new high capacity wells. These components are needed to address identified deficiencies in the water system noted in the *Master Plan for the Oneida Community Water System* prepared by Indian Health Service (IHS).

## Current Status:

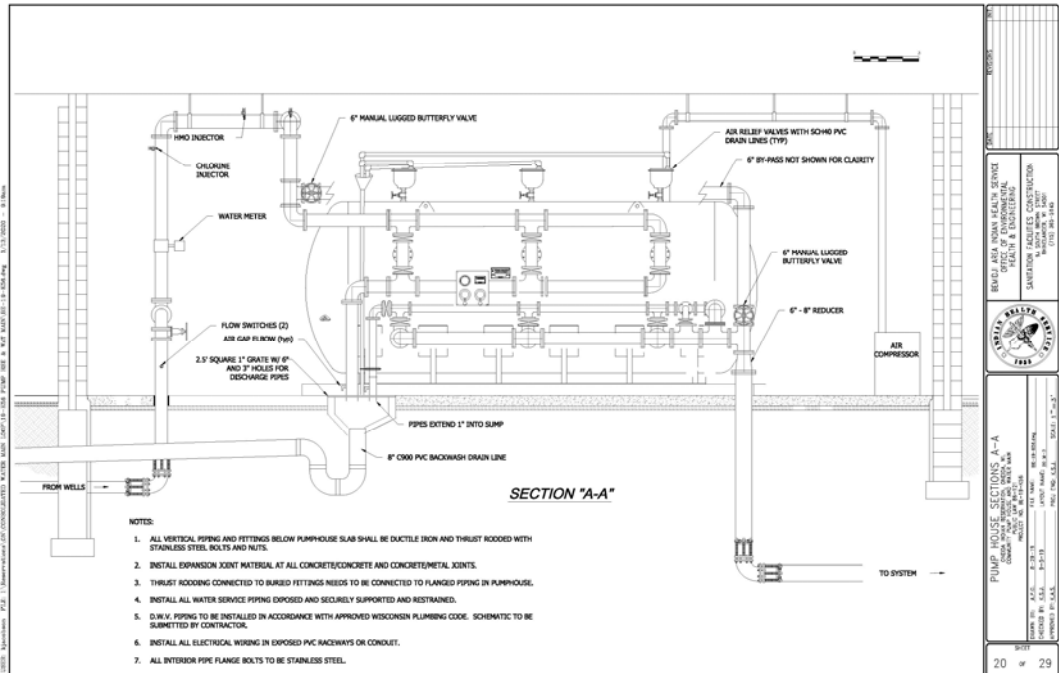

- New wells have been installed.
- The pumphouse and water main extension are currently being designed by Indian Health Service (IHS).
- Team working on getting utility service line agreements in place for the project.

## Schedule:

Approvals - complete.  
 Design - IHS anticipates completion of design in May 2022.  
 Bidding - 2022  
 Construction - 2022-2023  
 Substantial Completion - 2023
