

# COVID-19 VACCINES & BOOSTERS

## Initial Series of COVID-19 Vaccine

### Moderna

- Must be 18+ years
- 2 dose series (28 days in between doses)

### Pfizer

- Must be 5+ years
- 2 dose series (21 days in between doses)

### Johnson & Johnson

- Must be 18+ years
- 1 dose series

## Booster Doses

You are allowed to interchange COVID-19 booster doses. This means you can receive a COVID-19 booster dose that is different than the COVID-19 vaccine that you received for your initial dose(s).

## Who is eligible for a booster?

### Eligible for Booster #1

- Everyone 12+ years can get 1 booster after completing their initial series of COVID-19 vaccine

**Moderna/Pfizer** : must be at least 5 months after completing initial series

**Johnson & Johnson** : must be at least 2 months after completing initial series

### Eligible for Booster #2

- Adults 50+ years
- People 12+ years who are immunocompromised
- People who got 2 doses (1 primary and 1 booster dose) of Johnson & Johnson vaccine

**Moderna/Pfizer** : must be at least 4 months after receiving Booster #1

**Johnson & Johnson** : not currently approved for Booster #2
