Parenting Program

Parent Education Class /Conscious Discipline Eight session programs utilizing the conscious Discipline curriculum. Learn brain-based approaches to relationships and parenting using skills like composure, assertiveness, encouragement, choices, empathy, positive intent and consequences.

For more information on the curriculum visit consciousdiscipline.com

Teen Parent Support Group Either through group or individual services. Call to check the status of the group at any given time. We offer flexible support to meet the teen parent where they are at based on individual need and interest.

Individual Parenting Support Individual support is offered when someone is unable to attend the current group time, or if they believe individual services would be more beneficial. This support is offered through case management, parenting skills support, curriculums, or group in combination with individuals. Call a program coordinator to discuss options to find the best fit.

Trauma Informed Parenting Workshops Seven session workshops focusing on the impact trauma has on children's brain and bodies. Understanding how trauma affects children can help caregivers make sense of their child's behaviors, feelings, and attitudes. This workshop will help caregivers develop a greater insight around how to help their child cope with the effects of trauma.
