

CIP# 04-022 - Public Transit Garage

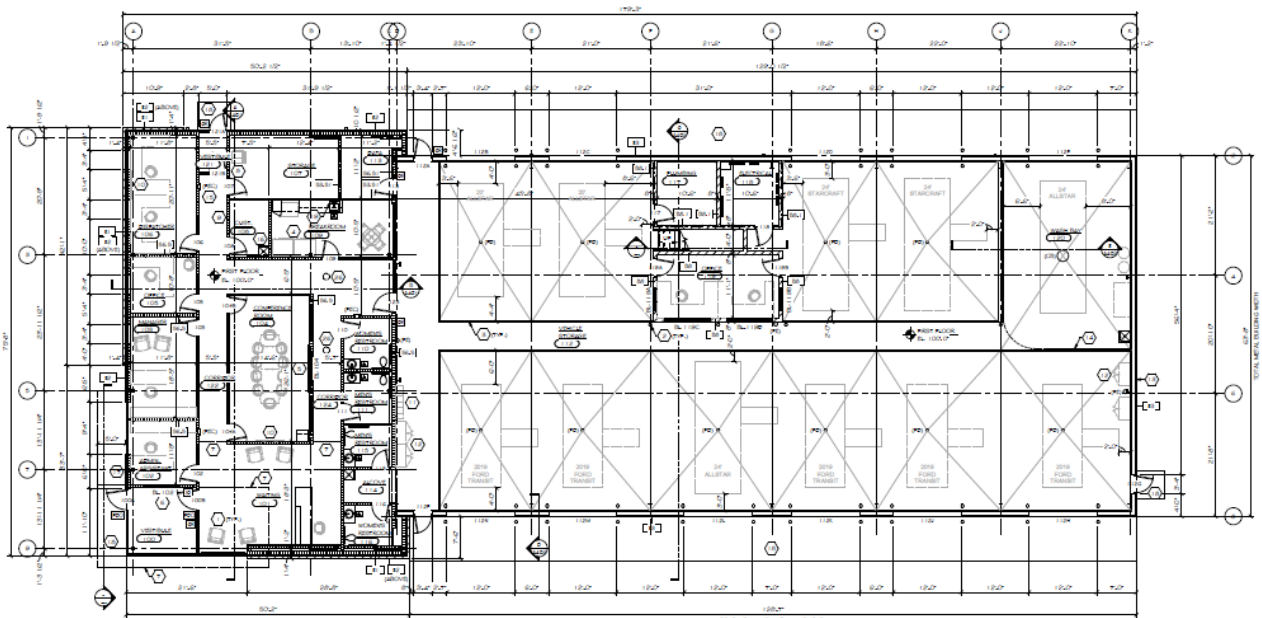

Project Description:

Oneida Public Transit is looking to construct a new facility to meet their functional and operational needs. Their current facility fails to meet their needs as it was only intended to be a temporary location. The proposed facility will consist of office space, vehicle storage and wash bay to accommodate the department's space needs. The first objective is to hire a Design firm to provide basic Architectural services to assist in the development of a new facility.

Oneida Public Transit provides safe, reliable, and affordable public transportation that supports life-long opportunities to strengthen education, well-being, and ts?niyukwalihot^ throughout the Oneida Community.

Current Status:

Currently working through the Design Development phase with design firm, Somerville, Inc. and project team.

Schedule:

- Approvals - Complete
- Bidding - Complete
- Design - In Process
- Construction - To be Determined
