**Subject:** Petition

Lisa I forgot to put my name and information on the petition I turned in with Carol Silva at the front desk.

It's Lori Elm [REDACTED]  
[REDACTED]

I may lose my house but that law needs to be clarified because if you live in housing you lose your house for drinking driving 5th offense also, so does that mean you can lose your lease. They also took Denny's home away in 2018 when he had drug trafficking in Green Bay at his daughter house but he stayed an employee at OHA as well, an their house was paid off. So if I am correct presence would be set to say offense not at home can be considered on your residential lease.

I went to several homes and leases owners and non of them know that this policy is in place as well so information should be sent out to them. It's the consistency of the how the law is being followed, is why I put the petition in.

And just a not their is awful house in Rolling Hills by the water tower on the corner of Oneida it beyond belief how this looks as well as what all the neighbors say, right across from Julie Ann's home.

Just wanted consistency in the process and a law to protect our homeowners from their awful children and their activities.

Thank you  
Let me know if you need anything else from me, when I talked to OBC member Guzman he said LOC/LRO are currently looking into clarification on this law already.

GTC PETITION: Requesting a General Tribal Council (GTC) meeting be held by virtual or in-person, regarding the Real Property Law, concerning **Eviction and termination** including residential leases. With our current pandemic of addiction in the community, the stipulation of vacating your home in five (5) days, from the time of the incident is or should be considered and Unconstitutional, furthermore we need a due process to protect the heads of household leases), from losing their homes, an include procedures in the case they do. Including timeframes for them to sell their homes; implementation of a chart of penalties,(Drugs and type, Violence, Sexual abuse or assault, human trafficking and all unlawful activities) including intent of eviction Notice with timelines, from the date of the incident as well as date of Notice and including Due Process; Request an advocated board be created between Oneida Land Commission, Oneida Police Commission, with representatives from Behavior Health, and Comprehensive Housing Division Area; Request if the head of household is not the occupant in violation, a compliance agreement be done with them, outline, behavior or property for a period of time, before termination(eviction) of lessee is implemented; also requesting occupant of violation must be removed from residence and if a successful treatment plan and stability review is approved by advocate board, they may be able to enter into their own lease or reside back at residence; Evaluation of how one can be held responsible of activities: address on citation, activity at residence, accusations and/or any other ways; Timeline(s) for getting another lease and how; The reasoning for this petition is to protect families from their loved one's addiction, and so they do not lose their home after all the other family suffering, they already, have consumed over the addiction.
