HELP FOR FAMILY CAREGIVERS

The Tribal DCS can assist family caregivers in providing care for their loved one at home while maintaining their own health and well-being.

ASSISTANCE WITH CARE PLANNING

The Dementia Care Specialist can help address your current situation and plan for the future, including advance care planning and connecting to legal and financial planning experts

SUPPORT GROUPS AND OTHER COMMUNITY PROGRAMS

The Dementia Care Specialist knows about programs, resources and educational opportunities available in the community. They can help find information and connect families with other agencies.
