D. Enter E-Poll results into the record opposing travel request – Chairwoman Tina Danforth – Women Empowering Women for Indian Nations (WEWIN) Conference – Tulalip, WA – August 15-18, 2016

Motion by Trish King to enter the E-Poll results into the record opposing travel request – Chairwoman Tina Danforth – Women Empowering Women for Indian Nations (WEWIN) Conference – Tulalip, WA – August 15-18, 2016, seconded by Jennifer Webster. Motion carried unanimously:

Ayes: Melinda J. Danforth, Fawn Billie, Tehassi Hill, Trish King, Jennifer Webster
Not Present: David Jordan, Brandon Stevens, Lisa Summers
For the record: Chairwoman Tina Danforth stated for some reason I feel like I am being held to a different standard when I request anything. The background says that the request was for July 7th when the request was actually for July 5th. On July 6th my office asked the Secretary where's my E-Poll? She said I don't have time to look at it today because we have GTC tonight. So on July 7th she reviewed it and on July 5th we suggested a Friday deadline at noon on July 5th which was Tuesday. So when the Secretary reviewed it according to her email late on July 7th, which was Thursday at 3:00 something she finally released my E-Poll for travel and

DRAFT

I got one response from Brandon saying according to GTC we need to hold each other accountable now. I thought accountable to what end but whatever. And then according to the E-Poll results there were no other responses. The next day I asked my staff if they would call each individual committee member who had not responded for a response. She did call. She called everyone. First she went to go see them they weren't here so she called them and left them a text. Some of them did respond but I still didn't have enough support to move it and at that point basically I was told from the Secretary that it's beyond the noon time frame so whatever people responded doesn't matter because it didn't come to this agenda as factual information.

For the record:

Vice-Chairwoman Melinda J. Danforth stated I wanted to indicate that although I didn't vote within the timeframes of the E-Poll and please note that timeframes are kind of a new concept I did respond and approve the travel but not within the timeframe so I know that next on the agenda or further down on the agenda the Standard Operating Procedure for E-Polls is up for discussion and that's where I'd like to discuss that because although it says in the record that I did not vote I did vote but just not within the timeframe because I had other commitments at that time. So I did vote in favor of sending you to WEWIN I know it's a conference that you participated for many many years and that they appreciate your leadership. I did vote in favor of sending you.

Analysis from Legislative Reference Office

This Resolution adopts the Mortgage and Foreclosure which includes the provisions summarized above.

This law conflicts with several provisions of the Real Property Law.

The Real Property Law, in section 67.14-2, provides that the Division of Land Management shall provide loan programs for (a) financing the purchase or down payment of existing home and lands; (b) construction of new homes; (c) repair and improvement to existing homes; (d) refinancing existing mortgages; (e) purchasing or refinancing mobile homes; (f) consolidation of

loans; and (g) real estate tax arrearages. Under section 612.4-1 of this law, the specific reference to mobile homes is removed as they fall within the general confines of “homes” and the programs for the consolidation of loans and real estate tax arrearages are removed.

The Real Property Law, in section 67.14-3 requires that applicants are 21 years of age or older and the Mortgage and Foreclosure reduces the minimum age requirement to 18 years of age.

The provisions of the Real Property law, in section 67.14-4, require that applicants for any loan name 3 Tribal members to inherit the interest in real property. In addition, it provides that if there is a non-Tribal member spouse and the Tribal member spouse dies, that the non-Tribal member may continue with the mortgage, provided that they are required to name 3 Tribal members to inherit the real property interest, with such designations expiring upon satisfaction of the mortgage. The Real Property Law includes provisions regarding divorce in the case of a non-Tribal member spouse. Finally, the Real Property Law also requires all non-Tribal members named on a mortgage to sign an affidavit acknowledging the additional conditions that require mortgaged interests be tied to Tribal member beneficiaries.

The Mortgage and Foreclosure takes out the requirement to name the Tribal member beneficiaries, does not provide the specific actions that may be taken upon a divorce involving a non-Tribal member spouse and does not require a separate affidavit. In section 612.4-5(a), the Mortgage and Foreclosure law states that the death of a non-Tribal member spouse does not affect the mortgage and that any default may subject the mortgagor to the regular foreclosure proceeding contained in this law. In section 612.4-5(b), the Mortgage and Foreclosure law provides that in the event of divorce, the mortgagor may request a refinancing in accordance with the refinancing rules. The law was developed to change the terms found in the Real Property law related to the death of a Tribal member spouse because it is the land interest that is required to remain with a Tribal member, which is addressed through the residential lease. The revision regarding divorce was incorporated because divorce proceedings govern the property disbursement. This law leaves any refinancing options, including for divorce, to the rules.

The Real Property Law’s foreclosure process requires that if the Division of Land Management recommends a foreclosure following a minimum of three months of default, it shall submit the recommendation to the Land Commission and that the Land Commission would serve as the hearing body for the foreclosure. The Mortgage and Foreclosure law allows a foreclosure to be initiated after 2 consecutive notices of default. This maintains the same requirement as the Division of Land Management’s Due Process standard operating procedure requiring an initial notice and a second and final notice. However, this law removes the Land Commission from the foreclosure process and names the Oneida Judiciary as the hearing body for all foreclosures.

In order to reconcile the conflicts between this law and the Real Property Law, the adopting resolution repeals section 67.14 of the Real Property Law entitled Real Estate Financing.

Conclusion

Provided that the adopting resolution repeals section 67.14 of the Real Property Law, adoption of this Resolution would not conflict with the Nation’s laws.

MEMORANDUM

Re: **Financial Impact of the Mortgage & Foreclosure Law**

I. Background

This is a new Law on Mortgage and Foreclosure that was requested by the Oneida Land Commission. The following summary was provided by the Legislative Reference Office.

- The law contains the minimum framework for the Nation's mortgage programs and foreclosure process.
- The Division of Land Management and the Land Commission have joint delegated rulemaking authority under this law to develop rules that may contain more detailed requirements.
- At least one Tribal member must be included on a mortgage application.
- There is nothing in the Law that prevents non-tribal member spouses from remaining in the mortgaged property in the event of death or divorce of the Tribal member.
- Mortgagors in default have an opportunity to enter into an agreement to cure default prior to foreclosure at the discretion of the Division of Land Management.
- Once a judgment to foreclose has been issued by the Judiciary, the mortgagor will receive an order to vacate.
- The Mortgagor has a 6 month redemption period if the home was occupied prior to the judgment to foreclose, or 5 weeks if the home was abandoned prior to the judgment to foreclose. The Mortgagor may redeem the mortgage by paying the full amount of the mortgage and any related fees. If this occurs, the Judiciary will vacate the order to foreclose.
- The Nation cannot resell the foreclosed property until after the redemption period has lapsed

and all appeals have been exhausted.

- The hearing body authority regarding foreclosure judgments has transferred from the Land Commission to the Judiciary.

II. Executive Summary of Findings

A “Fiscal Impact Statement” means an estimate of the total identifiable fiscal year financial effects associated with legislation and includes startup costs, personnel, office, documentation costs, as well as an estimate of the amount of time necessary for an agency to comply with the law after implementation.

Currently, the eligibility and requirements for a mortgage and the due process on a default and foreclosure exist within internal Standard Operating Procedures (SOP’s) and the mortgage contract itself. The Land Commissioners act as the original Hearing Body and three Commissioners are required to hold a hearing. The stipend paid for the hearing is \$150.00 per commissioner. In Fiscal Year 2014-2015 only one foreclosure hearing was held for a cost of approximately \$450.00

Developing the Law and the Administrative Rules gives the membership and the Judiciary a clear set of standards and requirements for participation in the mortgage programs and the required foreclosure process in the event of a default. If it is determined that initiating a foreclosure is in the best interest of the Nation, the Division of Land Management (DOLM) will seek a judgement from the Oneida Judiciary. Any savings from transferring the hearing body authority from the Oneida Land Commission to the Judiciary would be negligible due to their existing operating expenses.

According to DOLM and the Oneida Judiciary, there will be no additional startup, personnel, office, or documentation costs associated with implementing the Law.

With the Rulemaking Authority jointly delegated to the Division of Land Management and the Land Commission, a minimum of 60-90 days would be required to approve the Administrative Rules for this Law.

III. Financial Impact

No fiscal impact.

IV. Recommendation

The Finance Department does not make a recommendation in regards to course of action in this matter. Rather, it is the purpose of this report to disclose potential financial impact of an action, so that General Tribal Council has full information with which to render a decision.

Overview

This is a new law that details the current process used by the Nation to offer mortgage programs to the Nation's membership and to foreclose on a property purchased through the Nation's mortgage programs. The law contains the minimum framework and requirements related to the mortgage programs and the required foreclosure process for all mortgages issued by the Nation. The Comprehensive Housing Division and the Land Commission have been delegated rulemaking authority under this law to develop rules according to the Administrative Rulemaking law which may contain more detailed requirements for each of the various types of mortgages offered by the Nation.

At least one Tribal member must be on the application to qualify for a mortgage issued by the Nation. If married, both spouses must apply for the mortgage jointly. Once a mortgage is issued, if the Tribal member dies, the non-tribal member can remain in the mortgage and the regular default process is applied in the case of a default of a non-tribal member mortgage. In the case of divorce, the ownership of the house will be determined through the divorce proceedings; this law does not prevent non-tribal spouses from remaining in the house absent the Tribal member.

The mortgage default process is detailed within the law. Default notices are mailed to mortgagors for each 30 calendar days of default. The Comprehensive Housing Division, at their

Draft # 1
2016 08 03

3 discretion, may enter into an agreement to cure default for mortgagors who demonstrate the
4 ability to pay the defaulted amount within one year. Once two notices of default have been
5 issued, the Comprehensive Housing Division will determine, based on a standard operating
6 procedure, if it is in the best interest of the Nation to pursue a foreclosure. The minimum
7 foreclosure process is detailed and includes the Judiciary as the decision making authority to
8 issue a judgment of foreclosure, rather than the Land Commission under the current process.
9 Once the Comprehensive Housing Division decides to pursue a foreclosure, a summons and
10 complaint is filed with the Judiciary and must include a demand judgment for any deficiency that
11 remains due to the Nation. If the parties come to an agreement to cure default or the mortgagor
12 satisfies the mortgage prior to a judgment to foreclose is issued by the Judiciary, the Judiciary
13 will dismiss the foreclosure.

14 When a judgment of foreclosure is issued by the Judiciary, a notice to vacate is issued to the
15 mortgagor. This is contrary to state law which allows mortgagors in foreclosure to remain in the
16 premises until the redemption period expires and the premises is sold. However, the practice as
17 detailed in the law is in the best interest of the Nation because it allows the Nation to secure and
18 refurbish the premises during the redemption period so that it is ready for the next buyer and
19 prevent any waste of the property. Additionally, when a judgment of foreclosure is issued, it
20 means that the mortgagor is already in default and will most likely not make the mortgage
21 payments during the redemption period. The mortgagor has a redemption period of six months if
22 they had occupied the premises upon foreclosure, or 5 weeks if they had abandoned the
23 premises, to pay the full amount of the mortgage and any related costs. If this occurs, the
24 Judiciary will vacate the order to foreclose. The Nation cannot resell the premises until the
25 redemption period has expired. Appeals of a judgment of foreclosure may be filed with the
26 Judiciary.

- 27 ▪ The law contains the minimum framework for the Nation's mortgage programs and
28 foreclosure process.
- 29 ▪ The Comprehensive Housing Division and the Land Commission have joint delegated
30 rulemaking authority under this law to develop rules that may contain more detailed
31 requirements *[see 612.3-1(r)]*.
- 32 ▪ At least one Tribal member must be included on a mortgage application *[see 612.4-2(b)]*.
- 33 ▪ There is nothing in the law that prevents non-tribal member spouses from remaining in
34 the mortgaged property in the event of death or divorce of the Tribal member *[see 612.4-*
35 *5]*.
- 36 ▪ Mortgagors in default have an opportunity to enter into an agreement to cure default prior
37 to foreclosure at the discretion of the Comprehensive Housing Division *[see 612.6-1]*.
- 38 ▪ Once a judgment to foreclose has been issued by the Judiciary, the mortgagor will receive
39 an order to vacate *[see 612.7-5]*.
- 40 ▪ The mortgagor has a 6 month redemption period if the home was occupied prior to the
41 judgment to foreclose, or 5 weeks if the home was abandoned prior to the judgment to
42 foreclose. The mortgagor may redeem the mortgage by paying the full amount of the
43 mortgage and any related fees. If this occurs, the Judiciary will vacate the order to
44 foreclose *[see 612.7-4]*.
- 45 ▪ The Nation cannot resell the foreclosed property until after the redemption period has
46 lapsed and all appeals have been exhausted *[see 612.7-6]*.
- 47 ▪ The hearing body authority regarding foreclosure judgments has transferred from the

48 Land Commission to the Judiciary [see 612.8-2].

49

50 **Other**

51 Please refer to the fiscal impact statement for any financial impacts.

52

53 **Considerations**

54

55 ■ The decision to issue an agreement to cure default is at the discretion of the
56 Comprehensive Housing Division. The LOC may consider requiring the Comprehensive
57 Housing Division to create an SOP or a rule detailing the requirements mortgagors must
58 meet to qualify for an agreement to cure a defaulted mortgage.

59

60 ■ This law, the Real Property Law amendments and the Leasing Law are all inter-
61 related. The Real Property Law currently in effect contains provisions relating to
62 mortgages and foreclosure that conflict with this law [see 67.14 of current Real Property
63 Law]. However, this Mortgage and Foreclosure law will govern upon adoption. The
64 current proposed amendments to the Real Property Law pull the detail related to
65 mortgages and foreclosures out of the Real Property Law and reference this Mortgage
66 and Foreclosure law instead.

67

68 ■ This law references the Comprehensive Housing Division (CHD). The CHD is
69 scheduled for implementation October 1, 2016. The BC resolution adopting this law will
70 include a provision detailing that each department or division within the CHD (Oneida
71 Housing Authority, Division of Land Management and Elderly Services) will be required
72 to create rules delegated under this law until the CHD is implemented.

Statement of Effect

Resolution: Defining Comprehensive Housing Division in the Mortgage and Foreclosure Law

Summary

This resolution defines the Comprehensive Housing Division, for the purposes of the Mortgage and Foreclosure law, as the Division of Land Management.

Submitted by Krystal L. John, Staff Attorney

Analysis from Legislative Reference Office

The Mortgage and Foreclosure law assigns responsibilities and authorities, including rulemaking authority, to the Comprehensive Housing Division. The Comprehensive Housing Division is under develop as part of the Oneida Business Committee's reorganization, however, has not yet been formally created.

The Mortgage and Foreclosure law assigns responsibilities and authorities to the Comprehensive Housing Division and provides that the Oneida Business Committee shall define that Division by resolution. This allows the law to be implemented immediately and prevents the need for amendments to the law at the time that the Comprehensive Housing Authority is formally created. Accordingly, this resolution defines the Comprehensive Housing Division for the purposes of the Mortgage and Foreclosure law as the Division of Land Management. When the new Comprehensive Housing Division is created, the reference will be required to be updated by Oneida Business Committee resolution, and will not require the law to be amended, which would subject the revision to the Legislative Procedures Act.

Conclusion

Adoption of this Resolution would not conflict with the Nation's laws.

3. Conflict of Interest Emergency Amendments (redline)
4. Conflict of Interest Emergency Amendments (clean)

Overview

The attached Resolution will adopt emergency amendments to the Conflict of Interest Policy. Amendments to the Policy are required as a result of a Housing and Urban Development (HUD) audit finding the Oneida Nation Policy was not compliant with the regulation at 2 CFR Section 200.318(c)(1) regarding contracts supported by a Federal award. To address the finding of noncompliance, HUD is requiring the Oneida Nation to provide Eastern Woodland Office of Native American Programs (E/WONAP) with an updated Oneida Nation Conflict of Interest Policy which states no employee, officer, or agent may participate in the selection, award or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. The Conflict of Interest Policy had been updated to comply with the requirements noted by HUD.

Emergency amendments do not require a public meeting or fiscal impact statement. If adopted, these amendments will become effective immediately and will remain in effect for six months, unless extended or permanently adopted [See *Legislative Procedures Act 16.9-5*].

Statement of Effect

Conflict of Interest Policy Emergency Amendments

Summary

This Resolution adopts emergency amendments to the Conflict of Interest Policy (COI) to comply with the Housing and Urban Development (HUD) finding of noncompliance. The finding requires an update of the COI which states “no employee, officer, or agent may participate in the selection, award or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest”. The update triggered additional modifications to the COI as noted below.

Submitted by Patricia M. Stevens Garvey, Staff Attorney

Analysis from Legislative Reference Office

This Resolution adopts emergency amendments to the Conflict of Interest Policy (COI), which was adopted through resolution BC-6-10-98-C. This Policy requires employees and officials to disclose conflicts of interest to the Oneida Nation. HUD found the COI fails to require employees and officials that disclose potential conflicts of interest to be excluded from decision making capacity. In addition, HUD determined the Oneida Nation Code of Ethics includes requirements for government officials to disqualify themselves when their action or inaction may be reasonably questioned for reasons including personal bias and individual or family financial interest. However, HUD found, the Code of Ethics is not sufficient to ensure compliance with the conflict of interest requirements in the procurement regulations. Specifically, HUD concluded, the Code of Ethics provides an exception through which the Oneida Nation may waive an employee’s conflict of interest after disclosure, but 2 CFR Section 200.318(c) does not recognize such an exception.

The regulation at 2 CFR Section 200.318(c)(1) requires a non-Federal entity to maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts. The proposed emergency amendments to this Law would specifically nullify the exception, noted in the Code of Ethics, in contracts supported by a Federal award and cure the noncompliance finding in the HUD Monitoring Report. The updated language in the COI states “no employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest.”

The “real or apparent” language was added to the definition of Conflict of Interest in section 3-2 of the COI. A new Article VI was added and titled “Prohibited activities resulting from a Conflict of Interest.” Section 6.1.a. includes the updated language required for compliance required by the HUD Monitoring Report.

Section 16.9-5 of the Legislative Procedures Act (LPA) allows the Oneida Business Committee to take emergency action where it is “necessary for the immediate preservation of the public health, safety or general welfare of the reservation population” and when “enactment or amendment of legislation is required sooner than would be possible under the” LPA. Through the Resolution, the Oneida Business Committee has issued a finding of an emergency and has stated the necessity for approving emergency amendments to this Law in order to comply with the timeframe that HUD has provided for correcting the COI’s noncompliance with the CFR.

Conclusion

Adoption of this Resolution would not conflict with Tribal law.

Overview

The Conflict of Interest Policy identifies the individuals covered by the policy, facilitates disclosure of information that may help identify conflicts of interest, and specifies procedures to be followed in managing conflicts of interest. A conflict of interest arises when employees, consultants, appointees, officials and all others who may have access to information or materials that are confidential, may in any way benefit from a decision he or she could make, including indirect benefits such as to family members or businesses with which the person is closely associated.

Amendments to this policy are required to satisfy an audit by the U.S. Department of Housing and Urban Development dated June 12, 2016 in order to bring the Oneida Nation into compliance with HUD requirements within 90 days.

HANDOUT

TO: Oneida Business Committee
 FROM: Brandon Stevens, LOC Chairperson 
 DATE: August 10, 2016
 Re: Employment Law GTC Special Meeting Date

Employment Law Background

As the sponsor of the Employment law, I have been working hard with the LOC to keep the Employment as one of the LOC's top priorities. In getting to this point, we have done extensive public outreach to hear our employment base's direct concerns by holding 23 meetings throughout the organization reaching nearly 500 employees, which represented all levels of our workforce, from the frontline to upper management. We used these conversations to present a law that incorporates the concerns our employees identified regarding application, process, clarity and implementation. As we continued to update the law based on feedback received we tracked the laws progress on the website providing a redline of version of each draft and a brief explanation of each draft's major revisions. Further, because of the nature of this law and its impact, each comment received by telephone or in writing outside of the public meeting process was responded to individually. In addition we have made publications in the Kali presenting and updating information on the purpose, intent and effect of the Employment law.

We have provided Employment law binders to all Oneida Business Committee members and support staff to solicit feedback on various occasions. The complete binders including the Employment law, Employee Handbook, supporting legislation and Employment law publications was first distributed on October 20, 2015, with two subsequent updates, most recently on June 1, 2016. The version distributed on June 1, 2016 was a final version pending Oneida Business Committee input. We met with the OBC on June 3rd and June 15th and reviewed the comments and discussion from these meetings. No further comments were received outside of these meetings. Based on feedback from meetings conducted with the OBC a few revisions have been incorporated into the law and handbook which is available online. We now have a final version that we are ready to present to the General Tribal Council for its consideration.

We have received a great show of support and appreciation for all of the public outreach that has surrounded this law. While this sort of outreach and communication may be a benefit to all laws being drafted or amended, the amount of work involved would be far beyond the time constraints of the limited staff on the Legislative Reference Office. That being said, we are committed to keeping the public outreach initiative related to the Employment law going strong. Now that the Employment law has been scrutinized and commented upon by the employment base and the Oneida Business Committee, we are beginning to hold informational meetings for the community at large, as the majority of General Tribal Council members are not employees of the Nation. So far, we have the following meetings scheduled:

- August 4th – 5:00 – 6:30 P.M. – Norbert Hill Center, Business Committee Conference Room

- August 18th – 5:00 – 6:30 P.M. – Norbert Hill Center, Business Committee Conference Room
- September 7th – 5:00 – 6:30 P.M. – Norbert Hill Center, Business Committee Conference Room

Moving forward, we plan to continue holding two informational community meetings per month at various locations and times until the Employment law is presented to the General Tribal Council for its consideration. These information meetings with the community at large should help facilitate a meaningful conversation with the General Tribal Council.

Requested Action

The ideal presentation of the Employment law would be to present it on an informational basis first at a meeting where the Employment law is the sole topic, similar to the first presentation of the Oneida Judiciary. The Constitution provides that, absent General Tribal Council direction, the chairperson is the only party able to call a special meeting of the General Tribal Council. Accordingly, I am requesting that the Oneida Business Committee select from one of the following two options for scheduling a special meeting to present the Employment law to General Tribal Council.

Option 1: Chairwoman to Call Special Meeting for Presentation of the Employment law.

Article III, Section 6 provides that the chairperson may call a special meeting. If the Chairwoman agrees to call a special meeting for presenting the Employment Law to the General Tribal Council, we could begin with the scheduling and notice of that meeting right away, which would be ideal.

Option 2: Solicit General Tribal Council Direction to Call a Special Meeting for Presenting the Employment Law.

If the Chairwoman declines to schedule a special meeting for presenting the Employment law to the General Tribal Council, I request permission to provide a short update on the Employment law as part of the Legislative Operating Committee's Semi-Annual Report at the meeting scheduled for the first week of September. As part of this update, I will request GTC to direct the Oneida Business Committee as to how it would like the Employment law information presented, with a recommendation to call a special meeting. The Employment law is included in the LOC's Semi-Annual Report on page 13 of the report book noting that a public meeting has been held for the Employment law. Accordingly, the topic of the Employment law and the LOC's legislation in general does meet the applicable notice requirements.

RE: Marriage Law Rule Certification
DATE: July 27, 2016

The Licensing Department has submitted two rules for certification in compliance with the Administrative Rulemaking law.

Background

The Rulemaking law was adopted by the Business Committee on February 24, 2016. The law set forth a process for authorized agencies to develop rules.

Marriage Law Rules

The Marriage Law Rules are the first rules that the LOC will be reviewing for certification. The Licensing Department has developed two sets of rules.

1. Marriage License Fee Schedule- a rule that sets a fee schedule for marriage licenses
2. Marriage Law Fine Schedule- a rule that sets a fine schedule for violations of the Marriage Law.

Public Meetings

Public meetings were held on June 16, 2016 and June 23, 2016. The public comment period was open until July 7, 2016. No public comments were received on either rule.

LOC Certification

The next step is to have the LOC certify that the promulgation of the rules comply with the requirements of the Administrative Rulemaking Law.

The agency has submitted a certification packet to the LOC which includes the following content;

- ✓ **1. The draft proposed rule(s)**
- ✓ **2. A memo from the Agency to the LOC with the following contents;**
 - ✓ Timeline of dates that each rulemaking requirement was completed;
 - ✓ Date the public meeting was posted
 - ✓ Date the public meeting(s) was held

- ✓ Date the public comment period closed
- ✓ **3. Supporting Documentation;**
- ✓ The Kaliwisaks public meeting notice with date it was published
- ✓ If the Agency is not a board, committee or commission, a memo from the Agency's highest level of management-approving the proposed Rule.
- ✓ **4. The Summary Report that was submitted for public meeting;**
- ✓ A reference to the law that the proposed Rule interprets, along with a list of any other related laws or rules that may be affected by the proposed Rule;
- ✓ Brief summary of the proposed Rule and any changes made to the proposed Rule based on the public comment period required by Section 17.6 hereof, if applicable;
- ✓ Statement of Effect
- ✓ Financial Analysis
- ✓ **5. A memo from the Agency to the LOC with the following contents;**
- ✓ All the written and spoken comments that were received during the public comment period and the Agency's responses to each comment.
- ✓ The date the Rule will go into effect.

If the LOC is unable to certify the rules- they will be returned to the agency with specific feedback about what was not fulfilled.

If the rules are certified, they will be sent to the Business Committee, along with the summary report and the agency's memo discussing the public comments, or lack thereof.

Business Committee Review

The Business Committee will review the certified rule(s) and the supporting documents. If the Business Committee has concerns or requests revisions, the agency will need to work with the Business Committee to address those concerns.

Unless the Business Committee repeals the rule- the rule will remain in effect while the agency and Business Committee work together to amend the rule.

Effective Dates

The agency will determine a rule's effective date, but it must be after LOC certification is completed.

Requested Action

Review the submission to determine whether the requirements of the Administrative Rulemaking Law have been met.

If the requirements have been met, take action to forward to the Business Committee for review.

OR

Return the rule(s) to the authorizing agency with specific feedback about changes. The authorizing agency may then resubmit a certification packet.

Statement of Effect*MARRIAGE LAW**Rule 1 – Marriage License Fee Schedule**Summary*

This rule provides a new fee schedule for acquiring marriage licenses under the Marriage Law.

By Douglass A. McIntyre, Staff Attorney, Legislative Reference Office

Analysis from Legislative Reference Office

This proposed rule provides a new fee schedule for acquiring marriage licenses under the Marriage Law. This authority is delegated to the Oneida Licensing Department through section 71.5-1 of the Marriage Law. The rule sets the following fees:

- *Standard fee.* A standard filing fee for a marriage license. This fee amount shall be one hundred dollars (\$100).
- *Waiver fee.* A fee for the waiver of the initial waiting period. This fee amount shall be twenty-five dollars (\$25).
- *Correction fee.* A fee for correcting a marriage license application after it has been submitted to the Department. This fee amount shall be ten dollars (\$10).

The current fee schedule was set through resolution by the Oneida Business Committee on May 11, 2016. With the recent amendments to the Marriage Law, the Oneida Licensing Department has been given rulemaking authority to establish a new fee schedule. The Department is proposing that the current fee schedule be replaced with the fee schedule found in the proposed rule. Both have been placed into the following chart for easy reference:

	Current Fee Schedule	Proposed Rule Fee Schedule
Standard Fee	\$50	\$100
Waiver Fee	\$25	\$25
Amendment Fee (the name is changed to "Correction fee" under the proposed rule)	\$10	\$10

There are two changes from the proposed and current fee schedules. First, the proposed rule would make a name change of the “Amendment fee” to a “Correction fee”. This would only be a change in the name as the purpose would remain the same. Second, the proposed rule would increase the Standard fee from the current amount of fifty dollars (\$50) to one-hundred dollars (\$100). The Department has provided several reasons for this decision;

- to cover some of the costs of staff time;
- to cover the cost of processing the licenses; and
- to make the cost comparable to the cost of a license under the State.

The Department reports that only a handful of Wisconsin counties have a fifty dollar (\$50) fee and that most of the counties have a fee ranging from eighty dollars (\$80) to one-hundred dollars (\$100). The proposed fee is less than the one-hundred and fifteen dollar (\$115) cost for Brown County.

The proposed rule is within the authority delegated from the Marriage Law. The proposed rule has no effect on any other law or rules. A public meeting is currently scheduled for June 16, 2016.

Conclusion

There are no legal bars to adopting the rule.

Statement of Effect *MARRIAGE LAW*

Rule 2 – Marriage Law Fine Schedule

Summary

This rule provides a fine schedule for violations of the Marriage Law.

By Douglass A. McIntyre, Staff Attorney, Legislative Reference Office

Analysis from Legislative Reference Office

This proposed rule provides a new fine schedule for violations of the Marriage Law. This authority is delegated to the Oneida Licensing Department through section 71.7-1 of the Marriage Law. The rule established the following fines:

- Any person who swears to a false statement to obtain a marriage license or to help another obtain a marriage license shall be fined no less than five hundred dollars (\$500.00).
- Any person who is not an officiating person under the Marriage Law who solemnizes a marriage ceremony shall be fined no less than one hundred dollars (\$100.00).
- The parties to a marriage and/or the officiating person(s) of a marriage conducted without a valid marriage license or without the presence of two (2) competent adult witnesses shall be fined no less than one hundred dollars (\$100.00).
- Any person who goes to another jurisdiction to avoid this law and contracts a marriage prohibited under this law shall be fined no less than five hundred dollars (\$500.00).
- Any person who violates any other provision of this law shall be fined no less than one hundred dollars (\$100.00).

During the last amendments, the Legislative Operating Committee determined that fines for the violation of the Marriage Law would be better addressed directly by the Department through rulemaking authority as rules may be developed much quicker than changes to the law. The fine schedule was removed from the law and a section allowing the Department to promulgate rules was added.

The Department has determined that it would be best to use the same fine schedule that was previously found in the Marriage Law. The proposed rule uses the exact same language

previously found at section 71.7-1.

The proposed rule is within the authority delegated from the Marriage Law. The proposed rule has no effect on any other law or rules. A public meeting has been scheduled for June 16, 2016.

Conclusion

There are no legal bars to adopting the rule.

Notice of Public Meeting

to be held

June 16, 2016 at 11:15 a.m.

OBC Conference Room—2nd Floor

The Oneida Licensing Department is hosting this Public Meeting to gather feedback from the community regarding two proposed rules to the Marriage Law:

- ◆ This rule sets the fee schedule for acquiring a marriage license:
 - ◆ *Filing fee.* A standard filing fee for a marriage license. This fee amount shall be one hundred dollars (\$100).

Topic: Marriage Law Fine Schedule

RE: (2) Proposed Marriage Ordinance Rules
FROM: Oneida Nation License Department

ATTN: LOC

On June 16, a public meeting was held for (2) two proposed rules for the marriage license ordinance. The first rule is the fee schedule and the second rule is the fine schedule. The rules, financial analysis, and statement of effect are included for both rules. The comment period was open until June 23, 2016. There was another public meeting held on June 23, 2016 because it was posted wrong on the Tribe's website. It was posted as the listing the public meeting date as June 23rd instead of June 16, 2016. Therefore, the second public meeting was held on June 23, 2016 with the comment period being open until July 7, 2016. No comments were submitted for either public meeting date.

The statement of effect was completed on June 2, 2016 and the Financial Analysis was completed on May 18, 2016

A copy of the public meeting notice is also included.

 FROM: Brandon Stevens, LOC Chair 
 RE: LOC Priorities for the Remaining Term
 DATE: August 3, 2016

Background

The LOC developed an Active Files List (AFL) in September 2014. It includes GTC Priorities, OBC Priorities, LOC Priorities, and Other Priorities.

With one year remaining in this LOC term, and a shortage of staff in the LRO- it has become important to identify what the LOC priorities will be for the next 11 months.

Method

The LOC held a work meeting on July 20, 2016. The meeting was facilitated by the LRO Director. Those present included; Brandon Stevens, Jenny Webster, David P. Jordan, Danelle Wilson, Maureen Perkins, Fawn Billie, Tani Thurner, and Rhiannon Metoxen.

The LRO Director led the group through the current AFL and the group discussed each item. Items were listed as;

- GTC Priorities
- OBC Priorities
- LOC Priorities

Then they were further categorized as;

- High Priority
- Medium Priority
- Low Priority

The LOC determined that it was appropriate to remove eleven items from the AFL. Explanations for those are found in this memo. One new item was added to the AFL.

Summary Table of the Updated AFL as of July 20, 2016

Items Removed from the Active Files List

Membership Ordinance

This item was added to the AFL to address a GTC petition. The petitioner has withdrawn their petition.

Violence Against Women Act (VAWA)

This item was added to the AFL in an effort to pursue federal grant dollars designed to assist tribes develop such law. However, Wisconsin is a PL-280 state, meaning that state criminal laws apply on the Reservation. VAWA is intended to address problems in non-PL-280 states, where state criminal laws would not apply on the Reservation; and jurisdictional issues make it difficult to prosecute domestic violence incidents occurring on reservation land. Because Wisconsin is a PL-280 state, the Nation cannot enforce its own criminal code, so this grant funding was not pursued.

Administrative Court

This item was deleted from the AFL because the LOC determined that it is not necessary to establish a separate court for administrative matters. The language of the Judiciary Law provides for administrative matters to be handled by the Judiciary. Instead, the LOC determined it would be more appropriate to develop and adopt Rules of Administrative Procedure – that item is still on the Active Files List.

Legislative Procedures Act Amendments

This item was added to the AFL to amend boilerplate language in the Law to reflect changes to the LOC's drafting practices. The LOC decided not to make the changes to the standard drafting requirements- so it is no longer necessary to amend this law.

Other Items

Due to the limited staff in the LRO, the short time remaining in this term, and the number of other priority items the LOC is working to complete by the end of the term, the following items are being deleted from the AFL. For each of these items, the requester will be notified of this action, and invited to re-submit this request in the future.

- Agriculture Law
- Capping Damages & Awards
- Employee Advocacy Law
- Environmental, Health, and Safety Law
- Family Court-Bench Warrants
- Tribally-Owned Business Organizations Code

Statement of Effect

*Implementing Per Capita Plan for Fiscal Year 2017 to Fiscal Year 2021
Adopted by General Tribal Council on June 13, 2016*

Summary

This resolution implements the General Tribal Council's adopted per capita plan for a one thousand and three hundred dollar (\$1,300) payment beginning Fiscal Year 2017 through 2021.

Submitted by Douglass A. McIntyre, Staff Attorney, Legislative Reference Office

Analysis by the Legislative Reference Office

On June 13, 2016, the General Tribal Council met to discuss a petition regarding a proposed per capita plan and a separate plan proposed by the Oneida Business Committee. The Per Capita law specifies that per capita payments may only be issued through adoption of a resolution:

9.4-3. Budgetary Limitations. This law shall not be construed as mandating a per capita payment. Per capita payments shall be issued only at the direction of the General Tribal Council through adoption of a resolution.

It is intended that the adoption of this resolution will fulfill the above requirement and the June 13, 2016 direction of the General Tribal Council will be implemented and therefore directs that the per capita payment of one thousand and three hundred dollar (\$1,300) to every member be included in budgets for Fiscal Years 2017, 2018, 2019, 2020, and 2021.

The establishment of per capita payments for future years can be viewed as a valid action for the General Tribal Council to approve. However, it is debatable whether one General Tribal Council can bind another, and therefore the dollar amounts for fiscal years 2018, 2019, 2020, and 2021 should be viewed as subject to alteration by future General Tribal Councils.

Conclusion

There are no legal bars to adopting the resolution. Passage of this resolution is intended to satisfy section 9.4-3 of the Per Capita law requiring per capita payments be established by adoption of a resolution.

This statement of effect is limited to an analysis of the resolution itself and does not constitute a review of the Per Capita law which was discussed herein.

The Oneida Head Start/Early Head Start program is required to utilize a "Selection Criteria" for enrollment purposes into the program. This allows the Enrollment staff to generate points on each application and then prioritize applications based on the most points.

During this past year a conversation regarding the prioritization of Oneida Enrolled and Descendant children. The "Selection Criteria" was updated to reflect that priority and points were added to the criteria.

Grand Opening

Overall Impressions of the Third Quarter

The Third quarter of FY16 has been successful for us with working and providing outreach to the Community. We had a good number of community members who participated in the Youth and Elder Fishing

and our Tree Give-Away (Earth Day) Events. We also worked with a group of volunteers to include youth and staff from other department to help clean-up along Highway 54 (Adopt the Highway Section).

In the fourth quarter, we anticipate a good number of Community Members at our Clean Sweep Event. We had over 140 elders signed up for our Elder pre-pick-up during the first week of July.

Notable Accomplishments for Third Quarter: Our events had community members visit the natural areas and interact with Department staff, along with other Department representatives from the Environmental Resources Board, Environmental, Health, & Safety Division, Oneida Business Committee, and Oneida Police Department. We removed over 1,500 pounds of Curly Leaf Pond Weed (CLPW) to make the fishery more enjoyable for visitors and anglers. Staff completed a fish shocking survey to get a species ID, population estimate, and age classes of the fish species in the lake. Staff had maintained the grounds of Oneida Lake, cleaned the area, and responded to numerous violation complaints. MTERA grant: In cooperation with Forest County Potawatomi Community, Ho Chunk Nation, Fond du Lac Band of Chippewa, and others MTERA submitted a grant application on April 14 for \$1 million to assist with organizational development and to establish a technical assistance network for Midwest Tribes. Solar deployment planning: Reissued RFP to certified public accountant firms to evaluate details of solar project; present to school board to discuss solar on elementary school; communication with SunVest (solar investor) to modify work plan to 2017 construction season; work with Legal on project agreements. Invasive species crew received pesticide applicator training and we have treated approximately 20 acres of invasive species in the first five weeks. UST-DITCA: Received Federal Credentials (UST Inspector) from U.S EPA (Region 5).

Plans for FY16 Fourth Quarter

- The Department will be monitoring the whitetail deer herd through the established "Trail Cam" program. Staff will be reviewing the data collected from the numerous site locations within the Oneida Reservation limited to any hunting. The data will be used to monitor the overall deer herd's health, assisting staff in verifying the condition of the deer in the area. Staff will also be able to get a general consensus of the fawn birthing rate, which will assist in determining the fawn crop and peak rutting activity for the future harvest considerations.
- We will be working on our database and webpage link where we can post the most recent water quality results of the lake, so community members have access to the data. There will also be education concerning what water quality means, what are the varying factors that affect it, and what we can do to keep our waters clean.
- Silver Creek: Complete design for Silver Creek project @ Cty U and Silver Cr. intersection.
- Solar Project: CPA on contract; project document development; final building selection; power purchase agreement review; initiate system design and review; preparation for summer, 2017 install.
- Treat additional 60 acres of Invasive Species

AMERICAN INDIAN SOVEREIGNTY IN ACTION
Tribal Nations Delegation to Havana, Cuba
July 18-22, 2016

A delegation of Tribal Nations from Seneca Nation of Indians (NY), Oneida Nation of Wisconsin, Cahil Dehe Band of Wintun Indians of the Colusa Indian Community (CA) and Swinomish Indian Tribal Community (WA) were represented in addition to the Native American Officers Association (NAFOA) and National Congress of American Indians (NCAI). The delegation was assisted and accompanied by advisors from Akin, Gump, Strauss, Hauer and Feld, LLP. The purpose was to begin a conversation and introduce our nations to the delegation of Ministries in Cuba. The newly lifted U.S. embargo in restricted areas and classifications has allowed these meetings to occur. Meetings were requested with the Ministries of Foreign Relations, Foreign Trade and Investment, Tourism, Fisheries and Agriculture, Alimport (Cuba's main food importer), the Center for Biotechnology and Genetic Engineering (which has a successful treatment for diabetic foot ulcers) and with ELAM, the Latin America School of Medicine (which trains students from around the world to be doctors as long as they return to their respective communities).

The following individuals were involved in the meetings with the Cuban Government:

Brian Cladoosby, Chairman of the Swinomish Indian Tribal Community (WA) and President of the National Congress of American Indians,

Cristina Danforth, President of the Native American Finance Officers Association and Chairwoman of the Oneida Nation (WI),

Maurice A. John Sr., President of the Seneca Nation of Indians (NY),

Todd Gates, Treasurer of the Seneca Nation of Indians,

Richard Jamison, Representative of Seneca Nation of Indians,

Wayne R. Mitchum, Jr., Long Standing Economic Development Corporation ("EDC") Board Member and Tribal Representative, and Compact Tribes Steering Committee Vice-Chair for the Cahil Dehe Band of Wintun Indians of the Colusa Indian Community,

Melissa Mitchum, Long Standing Economic Development Corporation ("EDC") Board Member and Tribal Representative for the Cahil Dehe Band of Wintun Indians of the Colusa Indian Community,

VaRene Martin, First Vice President & Director of Tribal Relations, Native American Finance Officers Association,

Dante Desiderio, Executive Director of the Native American Finance Officers Association,

Anya Landau French, Senior Policy Advisor at Akin Gump Strauss Hauer & Feld, LLP,

Allison Binney, Partner at Akin Gump Strauss Hauer & Feld, LLP

Biotechnology Center Meeting

We were greeted with much enthusiasm and optimism to discuss the Cuban medical advancements in treatments for diabetes, heart disease and certain cancers treatments. We were given an overview of the extensive Cuban Health Programs covered by BioCubaFarma. Their primary initiatives include; prevention of infectious diseases with prophylactic vaccines, early diagnosis and treatment of different cancer pathologies, diagnosis and rehabilitation of cardiovascular diseases, care for hearing impairments, early detection of neurological development in infants, massive pre and neonatal screening, epidemiological surveillance and the monitoring and treatment for diabetes and its complications. Given the limited time for their presentation the focus of the presentation surrounded certain treatments and medications for diabetes. While many tribal communities have high incidences of diabetes, it is reported that 29.1 million people of the U.S. population has diabetes. A presentation of the treatment of foot ulcers using Heberprot-T using an infiltration method was explained. This treatment option is not available in the U.S. but is widely used in Cuba. There is a clinical conference held in December an open invitation was extended. The primary concern with this treatment is there are no clinical trials conducted in the U.S. to promote and produce the treatment from a commercial medical standpoint. It is hopeful that there will eventually be enough political support and authorization to conduct these Phase 3 clinical trials. More information and follow up is necessary to lobby for this treatment in the U.S. and a white paper has been developed to further this effort.

Foreign Trade and Cultural Exchange Meetings

We met with the Ministry of Foreign Affairs, Mr. Warnel Lores Mora who heads the United States General Division and the Ministry of Foreign Trade and Investment of the Trade Policy Division with North America, MS Maria De La Luz B'Hamel Ramirez and their staff. The meetings gave of a general sense of the priorities that are of interest to the Cuban government. There three main industries are agriculture, biotechnology and tourism. They are currently working on a development model for economic development and partnerships. They are also reviewing and advancing their licenses for imports and exports for trade. Permits are granted by the Treasury and have most recently granted licenses to Starwood Enterprises and General Electric. There are also negotiations being discussed for potential businesses to exchange with the U.S. and to promote investments of business opportunities. Another area of interest is tourism and hotel development. In 2014 they entered into an agreement with Club Melia and this proposes to be a model as well for joint venture. They continue to rely on imports for to feed their communities. They import 300,000 tons of rice annually and it comes from Vietnam

which takes 35 days to ship. If they could get rice from Mississippi, it would only take 3 days. The current embargo prohibits this type of opportunity for trade. The Calousa Indian Community produces rice, almonds and walnuts and exports their products. This is a new and mutual interest for both Cuba and Calousa. We here in Oneida have an opportunity to invest in their hospitality industry if the occasion arises. They are interested in furthering this conversation. While I made no commitments there is still a lot to consider.

There were many other interesting conversations that took place and at this time this is a snapshot of the potential to continue the dialogue.

The Cuban people and government are in a 10 year post Fidel Castro era and are in the process of governmental policy changes. The general sense is that people are happy there and optimistic in their future while there is much to catch up on from an external view point.

6. Cover Memo:

Describe the purpose, background/history, and action requested:

The Music from Our Culture children have been invited to perform at the National Indian Tourism Conference in Washington state this September as part of the "Oneida" event/dinner as next year's host. We were asked to take our children to sing the hymns following the dinner.

Funding for this trip is made possible by a sponsorship from Tourism (5,000). The remaining funding is tribal contributions (approximately 4,074).

We have selected our KLU students to go on this trip. KLU (abbreviation of Oneida words meaning 'kids learning their culture/ways') is for our 12 and older students to receive weekly private and semi private lessons in music and language. To mark their completion of the program, they are presented at a celebration social where they introduce themselves, their families, do the opening, introduce the songs in the language and lead a song and dance. We have 4 students who have completed the program in the first year and 1 student who is getting ready to present.

We are excited to offer this perk for KLU students because they have earned it. They have worked very hard and have demonstrated their abilities. In addition to being a perk, it is marketing for the MOC and KLU programs. Performing is a big part of why we learn music (to share!). Going to new places to perform is extra exciting.

Accompanying the students is our MOC/KLU teachers, Debbie Santiago and Yuntle McLester, and one of the MOC volunteer members, Rachael Menomin. In addition, Debbie will be traveling with her son. Debbie and Yuntle perform with the children and Rachael will be administering the trip on behalf the MOC volunteers.

An exciting development in the MOC program is an emerging volunteer board comprised of MOC's past and current interns. A group of 5 previous MOC interns have been meeting monthly to advise and support the MOC program. They are establishing themselves to be fund raising and program advisors of the MOC and KLU program. These young people are really stepping up to ensure the continued growth of the program!

Section 16-1 of the Travel and Expense Policy:

Departments will limit themselves to three (3) people from the same department to travel to the same conference, workshop, or seminar and are recommended to share pertinent information they have with others from their department. Special occasions may develop that need additional personnel from the same department to attend, provided that written approval from the General Manager, Gaming General Manager or Oneida Business Committee is needed, with an explanation for the additional personnel. This will exclude departments that need training hours for specific certifications.

Human Resources Department (HRD)

3rd Quarter Report - FY'16

ADMINISTRATION

• **STRATEGIC WORKFORCE PLANNING**

Strategic workforce plans are used to anticipate the future demands and needs of the organization based on the strategic plans of the business unit and organization. The plan determines how the organizational hierarchy should be set-up and employees deployed to meet those strategic goals. By understanding what skills and talents the current workforce has and comparing that with the future skills and talents the organization will need, the workforce can be shaped for success.

This project will take a minimum of 5-7 years to implement. The planning phase has revealed some systemic changes and milestones that must be met in order for SWP to work for the Oneida Nation. The Strategic Workforce Planning Core Team is working on completion of a charter to outline all of the steps that are necessary for this project to be a success. The first draft of the charter was shared with the BC in the July work meeting. At that meeting, the following next steps were discussed:

1. The SWP Core Team will make a list of the potential “hang ups” SWP will have due to current policies and procedures.
2. The SWP Core Team will begin to gather data to report to the BC on which areas have Strategic Plans, which don’t, how old they are, etc.
3. The draft SWP Charter will include a section to detail how SWP will continue beyond the implementation phase and how that will need to be structured in the organization.
4. Recommendations to the BC on what BC direct reports can begin to report out on how that will get them into the mindset of SWP. For example, they can report out on the status of their business units strategic plans, etc.
5. The team will continue to draft the charter and seek approval

As a final note, during the July BC Work Meeting, the recommendation was made to assign a new lead to the project. A possible consideration is to have the new Organizational Development Specialist work on this project when they are hired.

- **EMPLOYMENT LAW.** The Human Resources Department (HRD) continues to assist the Legislative Operating Committee (LOC) with the development of the draft Employment Law which was originally added to the LOC’s Active Files List on September 17, 2014. The draft Employment Law will provide a fair, consistent and efficient structure to govern all employment matters of the Oneida Tribe.
 - HRD was also given the responsibility to draft the Rules that will provide expectations and standards for implementing the draft Employment Law.
 - The information includes recommended changes to the hiring process, disciplinary process, performance evaluations, holidays, paid time off, etc.
 - The draft Employment Law and Rules, HR is waiting on next steps.

- **DONATION OF HOURS.** HR has communicated to the employment base about the changes, along with the new standard operation procedure, and the required form. HR has received 23 requests, 21 were approved and 1 denied. Currently we have **53 employees** (Total hours are at **957.27 hours** – 13 Exempt and 40 Non-exempt Employees) with donated hours.
- **EXEMPT STATUS CHANGES.** The Department of Labor has revamped the federal overtime laws. One of our main goals is to not wrongly classify a job/position to avoid paying overtime. There are five categories of exempt positions: Executive, Administrative, Professional, Creative Professional, and Computer professional.
 - Weekly earnings threshold increases from \$455 to \$913.
 - Duties test has not been changed by the Department of Labor. Exemptions include the following:
 1. **Executive Exemption.** To qualify for the executive employee exemption, all of the following tests must be met:
 - a. The employee's primary duty must be managing the enterprise, or managing a customarily recognized department or subdivision of the enterprise;
 - b. The employee must customarily and regularly direct the work of at least two (2) or more other full-time employees or their equivalent; and
 - c. The employee must have the authority to hire or fire other employees, or the employee's suggestions and recommendations as to the hiring, firing, advancement, promotion or any other change of status of other employees must be given particular weight.
 2. **Administrative Exemption.** To qualify for the administrative employee exemption, all of the following tests must be met:
 - a. The employee's primary duty must be the performance of office or non-manual work directly related to the management or general business operations of the employer or the employer's customers; and
 - b. The employee's primary duty includes the exercise of discretion and independent judgment with respect to matters of significance.
 3. **Professional Exemption.** To qualify for the learned professional employee exemption, all of the following tests must be met:
 - a. The employee's primary duty must be the performance of work requiring advanced knowledge, defined as work which is predominantly intellectual in character and which includes work requiring the consistent exercise of discretion and judgment;
 - b. The advanced knowledge must be in a field of science or learning; and,
 - c. The advanced knowledge must be customarily acquired by a prolonged course of specialized intellectual instruction.
 4. **Creative Professional.** To qualify for the creative professional employee exemption, all of the following tests must be met:
 - a. The employee's primary duty must be the performance of work requiring invention, imagination, originality or talent in a recognized field of artistic or creative endeavor.
 5. **Computer Employee Exemption.** To qualify for the computer employee exemption, the following tests must be met:

- a. The employee must be compensated either on a salary or fee basis at a rate not less than \$913 per week **or**, if compensated on an hourly basis, at a rate not less than \$27.63 an hour;
- b. The employee must be employed as a computer systems analyst, computer programmer, software engineer or other similarly skilled worker in the computer field performing the duties described below; The employee's primary duty must consist of:
- c. The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
- d. The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
- e. The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
- f. A combination of the aforementioned duties, the performance of which requires the same level of skills.

Please NOTE: Exempt status is not determined by the title or recommended title of the position, but rather by the scope of work the position or employee performs.

- There are approximately, 623 exempt employees.
 - The impact may be as many as 193 employees in the Programs and other Enterprises being changed to non-exempt employees. HR will review all job descriptions from Grade E01 to E04 which will include updated wage/salary analysis for each position.
 1. Gaming has completed 156 of 160 position salary analysis to determine the new grade.
 2. As of July 22, Gaming has transitioned 33 positions from exempt to non-exempt.
 - Please note the exemption salary threshold is going to be monitored with World at Work and SHRM associations. SHRM is projecting by 2020 the salary threshold is going to be \$1,364.73 weekly or \$70,966/annually.
- **WAGE INCREASE SOP.** The Human Resources Department approved a Standard Operating Procedure (SOP) for implementing wage/salary increases. This SOP will provide guidance on how HRD will implement the increases moving forward. Some of the highlights include:
 - No increase for new hires, contracted-based on language, temporary employees, etc.
 - Employees over the maximum of their pay grade will be frozen. However, they will receive their increase in a one-time lump sum payment.
 - No increase for those employees who ranked unsatisfactory on their annual evaluation.

Budget: HRD submitted the following budget for FY 16:

Department	Budget Amount	Funding Source	Spending YTD	Variance
Human Resources	\$2,099,123	Indirect Cost	\$ 1,557,620	\$ 541,503
Employee Assistance	\$ 188,285	Tribal Contribution	\$ 143,840	\$ 44,445
Workforce Development	\$ 322,618	Grant 79% & TC	\$ 193,039	\$ 129,579
Student Intern Program	\$ 122,686	Tribal Contribution	\$ 46,474	\$ 76,212
Employee Incentive & Testing	\$ 12,707	Tribal Contribution	\$ 7,045	\$ 5,662

The Employee Incentive and Testing budget is used to recognize employees who have 25, 30, 35, and 40 years of service or more with a Years of Service gift. This past year, the Tribe had employees who reached their 40th year of service with the Tribe.

EMPLOYEES: Human Resources Dept. has 33 employees, Workforce Development has 3 employees and EAP has 2 employees. Three positions were eliminated in the budget process.

Administrative Staff at Skenandoah Complex Left to Right: Yasiman Metoxen and Megan White

Human Resources' signage. HR has worked with Oneida Printing to develop a "Now Hiring" sign. The sign is intended to attract more people to apply for employment with the Oneida Nation. The sign is placed on the front lawn of the Skenandoah Complex and another at Employee Services on Airport Drive. We will be working on similar signage to place in various locations throughout the Nation. Stay tuned, we are working on a new look for the "job openings" bulletin board in the lobby of the Skenandoah Complex. We will also be looking at other avenues for posting jobs such as Craig's list, Casino Careers, a recruiting firm.

Currently, there are 458 supervisors; in 2013 there were 491, decrease of 33. Of the 458 supervisors, 35.21% of the supervisors are in the age group 50-59. 15.98% of supervisors fall into the 60 plus age group.

This chart represents all 2708 employees of the Nation. The trend is steady for most age groups. The 20 to 29 year old group does not show any change. This can mean, they are either going to school and not working or this can be attributed to shortage of people for positions. The age group of 60 and over have gone from 380 in 2013 to 449 in 2016.

Human Resources is working on a Succession Plan to present to the OBC in the near future to address filling any critical positions that may become vacant as a result of an employee retiring.

- **SUCCESSION PLANNING. PURPOSE:** A succession planning process helps prevent the loss of vital organizational history or knowledge due to retirements, vacancies, and/or resignations. The succession planning process will assess all employees. See age charts on page 5.

It's important to follow a succession planning process to ensure employees are recruited and properly developed so they have the competencies, skills, education, certifications/licenses, and experience necessary to fill vital positions. The HR management team will look at the following:

- Identifying critical positions which are instrumental to achieving strategic and operational goals.
- Anticipating gaps in those positions due to retirement and other factors.
- Defining the qualifications and competencies required to perform successfully in the position.
- Implementing focused strategies to attract and develop pools of qualified candidates who will be ready for emerging opportunities.
- Ensuring that support for the strategies and processes are in place to retain and fully engage employees.
- **MANAGEMENT INTERVIEWS**
 - A. If HRD developed a succession planning process, what would you like to see it include? What don't you want it to include? **RESPONSE:**
 - a. Need the process to find a successor to be as fast. Need the person leaving to have time with successor.
 - b. Smooth transition.
 - c. Need a talent pool, database that has a variety of data on employees knowledge, skill, desires, competencies, licenses, education, and certifications.
 - d. To include a transition period where the successor has time to work with employee vacating the position.
 - e. Revised job descriptions that are revised with supervisor.
 - f. A plan to provide funding to other areas who need succession planning.
 - g. Training offered by Oneida such as Oneida Civics, History, Leadership, Tribal Budgets/Processes, etc.
 - h. Flexibility in whole process.
 - i. Allowing employees to be mentored in other areas to see if they like that job.
 - j. Incentives, merits, promotions for those who go above and beyond.
 - k. Do not use years of service as a qualifier.
 - l. Don't want HR to stop us from selecting the successor we think is best.
 - B. What are the barriers HRD faces in developing and implementing a succession planning process? **RESPONSE:**
 - 1) Qualified candidates.
 - 2) Politics.
 - 3) People not following the rules or adhering to the process.
 - 4) Favoritism.
 - 5) Jealousy.
 - 6) Lack of trust.
 - 7) Policies.
 - 8) Need funding to allow time to mentor/train.
 - 9) Funding.

- 10) Not making a decision.
- C. What recommendations do you have regarding the succession planning process? RESPONSE:
- 1) Have a tribe wide process and open it to all.
 - 2) Identify top performers, talk to them, train them and continually communicate with them.
 - 3) Need time, effort and patience.
 - 4) Work on it constantly.
 - 5) Mandate succession planning and keep pushing it.
 - 6) HRD needs to listen.
 - 7) Start small then go larger.
 - 8) Look at vacation/personal time and prior to person leaving, make sure they use that up.
 - 9) Have process match Tribe's vision, priorities, and core values.
 - 10) Place a value on commitment.
 - 11) Keep engaged employees engaged. Don't promise things that can't happen and be straight forward on what they can expect.
 - 12) Need talent pool with competencies, licenses, education, skills, etc.
 - 13) Keep talent pool updated.
 - 14) Ensure structure is in place for succession planning.
 - 15) Develop a process for contracting with person leaving so they can come back and assist as consultants. Not full time but "as needed".

During the 3rd Quarter, Workforce Development did outreach to a total of 943 clients. Our Vision is to ***Build a Strong Oneida Workforce*** our project has two (2) objectives :

Objective 1: By October 2018, we will build an Oneida workforce by providing classes and training that will increase the knowledge, skill set, employability and earning potential for 180 Oneida community members

Objective 2: By October 2018, build both internal and external partnerships with employers and colleges to help 120 program participants obtain full-time employment within the community.

For this past quarter 15 people (this includes our partnership numbers) applied for TrANS. Fifteen participants were chosen and completed TrANS, 90% of the participants are currently employed. This program has given these participants confidence and building tools to start a career in the trades. Some of the instruction/certifications received were OSHA-10, Flag Certification, CPR/AED & First Aid Certification, Blue print reading certification and Fork Lifting Certification. Ten people were recruited for Work Certified and eight (8) were chosen and completed the program.

WFD has partnered with NWTC and CMN. We provided CDL training, Forklift training, and assistance for assorted classes to get in good standing with Higher Education. WFD has sponsored two (2) Forklifting classes that twenty-two (22) people signed up and twenty-two (22) completed and received Forklift Certification. We have reached out to all of our clients to assess where they are now and what are their current needs. WFD partnered with Economic Support to provide a Job Fair at the Radisson. We had one-hundred and forty (140) attendees, and advertised on our Facebook page where six-thousand (6000) people viewed the event and one-hundred and seventy-nine (179) said they were going. Forty (40) employers attended the event.

FY 16

Trends:

Early Intervention: Slight growth in student numbers, however we are serving many more community children on site rather than at collaborative sites such as Head Start and Child Care.

Job Training: As the temperatures begin to climb we are noticing a significant increase in the number of opportunities for those individuals seeking work. Availability of employment opportunities has led to a decrease in the number of individuals coming to the WIOA program seeking employment and employment support services. Since many of the “new” employment opportunities are of a seasonal or transitional nature we expect the current trend of labor force growth to reverse itself and trend back to normal. Consistent growth in the economy of northeast Wisconsin, however, could lead to continued job growth.

Arts: We are seeing a healthy rise in community initiated projects. For example the basket guild, the beading circles, the Woodland Indian Arts Board, and the Writer’s Project are stable and well received.

CEC: Customer usage remained highest through April and May following the school year. When school (college and k-12) released for summer usage of the CEC shrank. In approximately mid-June usage climbed again as college summer classes began to be in full swing. We have also noticed that on the warmest summer day’s individuals may be seeking a place to get out of the heat. Utilization also tends to increase on week days of GTC meeting san large events such as the powwow, however, utilization typically drops when the events begin. We are seeing an increase in the number of non-Oneida individuals who are still connected to the Oneida community coming in to utilize space and/or services.

Challenges:

Child Care: Hiring qualified teacher to increase child enrollment. One change that was made to work with this challenge was to increase the teacher’s wages, and reinstate hiring teacher trainees.

Youth Enrichment Services: Lack of appropriate staffing (staff/client ratios) and a vacant position continue to be a challenge in providing services to the youth. An additional Advocate also transferred to another area at the beginning of June, so there are two vacant Advocate positions. We hope to have both of those positions filled by the end of August. The Y.E.S. staff is addressing more social concerns with the youth than in past years. In the past the Advocates have spent a lot of time working with about ¼ of the client base on social issues, this year that number has moved to about 1/3 of the youth.

Concerns about the academic progress and school readiness for the kindergarten youth continues. The meeting with the Oneida Head Start staff did not lead to any ideas for improvement, as Head Start is also seeing the lack of readiness of the children entering Head Start. Early Intervention has offered to work together to help provide some parenting programming in the next school year.

Job Training: One of the biggest challenges to the programming of the Job Training Programs is the identification of the numbers in the population that could potentially be serviced by our programming. No statistics exist, for example, that identify the numbers of person with disabilities that may be experiencing employment limiting conditions due to their disability. Population data is not broken down to the point of identification of person living below the poverty-income levels. Availability of this data would go a long way in assisting program staff in identifying unmet needs in the area of disability and of those living in poverty.

Planned Outcomes for 4th quarter:

Early Intervention: We are receiving more requests from community members on education and advocacy services and plan to have some 2 hour trainings this fall for families who have children that attend public school. This will help parents learn to advocate for themselves.

Child Care: Hire staff and take children off the waiting list (increase enrollment by 15 children). Present business plan to the Oneida Business Committee.

Youth Enrichment Services: Hire vacant position and gear up for the 2016-2017 school year.

Higher Education: Continue to disburse the Oneida Higher Education Scholarship to finish out 2016 academic year and begin the disbursements for the 2017 academic year. Working on procedures for “new student” contact for first time students and the graduation report.

Arts: We are working on our Music from Our Culture camp (July 25-August 11), our tour with MOC at the end of August to perform at the Big Top in Bayfield, our trip to Seattle with KLU in September, our Wisconsin Arts Board grant fringe programming at the International Raised Bead work Conference In Oneida in September, and the opening of an exhibit on the rise of raise beadwork in Wisconsin opening at the Watrous Gallery in Madison. We will measure our fringe programming for customer satisfaction.

CEC: We will finish the remodel work on the CEC. We will continue to expand community programming and assist the community in connecting with the programs

FY 16

and services they are in need of or want access to. Finally, we will continue to analyze and rework job descriptions and expectations for staff members.

We will continue to struggle with meeting the GPA goals as long as we are understaffed. Based on recommended staff to client ratios, all of the Y.E.S. program locations are understaffed. The Seymour Middle School site was without Advocate for most of the school year. The Seymour High School Advocate left the program at the beginning of June. Both Advocate positions are posted and interviews will be conducted the first week of August. The targeted start date is August 22nd.

There are no Specialist positions at King Elementary or West De Pere High School. There is also no Advocate position for West De Pere Middle School. All three positions have been requested as part of the 2017 budget.

Positive Self-concept and Self-Esteem

Students assessed and with development plans – 42% of the youth had client development plans developed. Lack of sufficient staff to address the social needs of the children/youth at King Elementary, Seymour Middle School, West De Pere Middle School has prevented us from achieving the goal of 75%. Many of the students have been assessed, but staff has not had the time to document/fully develop a plan for each of the youth.

Staff and school team meetings will be held to discuss program changes/modifications. The manager will work more closely with those team members who were unable to complete /carry out plans to adjust program/service delivery. One consideration is changing the focus/job descriptions of the Y.E.S. Advocates to place more emphasis on monitoring grades and attendance (case management) versus planning/facilitating groups, culture, and post-secondary activities.

Extra-curricular Activities

Of 470 Y.E.S. youth, 208 (44%) participated in extra-curricular activities for the year. The 44% is slightly below the intermediate outcomes of the plan and I believe that we will be at the 50% goal when the King report is updated. King Elementary is not included due to a computer malfunction and those numbers will be updated in September, when the Advocate returns to work. The youth's extra-curricular activity participation was at 50% for the first semester.

There is no Advocate at West De Pere Middle School, so we do not have the extra-curricular activity information. The Advocate at Seymour Middle School was unavailable for most of the year, so we do not have information for those youth. In addition to participating in Y.E.S. Program groups/activities, the youth participated in:

Chorus	Track & Field	Cross Country	Softball
Basketball	Musical	Student Council	School Play
Football	Soccer	Band	Baseball
Lacrosse	Volleyball	Golf	Wrestling

Other activities included membership in school clubs/organizations, such as Chess, French, Spanish, Future Farmers of American, DECA, Students Against Drunk Driving, running (in preparation for the Cellcom/Bellin, bowling, hockey, etc.

While not recognized as an extra-curricular activity, the Y.E.S. Staff has ensured that a number of the Y.E.S. youth participate/participated in the following activities to encourage post-secondary education and career exploration:

Bellin College of Nursing Information Session

Oneida Higher Education College Fair

Oneida Community Health Center Health Career Fair

St. Norbert College Native Day

UW Oshkosh Native Preview Day

UW Madison Information Technology Academy (*ITA*) Tribal Technology Institute (*TTI*) (*ITA* requires continued academic and social support for the students who have been accepted into this multi-year program. There are currently two cohorts of Oneida youth participating in the ITA Program.)

The majority of the Y.E.S. youth participate in a group or groups that promote/enhance positive self-esteem and identity. Groups are held at various times of the day, depending on the needs of the youth and the school schedules. There is a morning program at King Elementary School, which is operated with the assistance of the TRAILS and the Green Bay Title VII Program. Lunch periods may include presentations on various topics, Oneida Language or Culture presentations, or lunch bunch groups to get to catch up with the youth. Homework help and beading circles may be held after school. Two staff members also assist with after-school homework help at the County H Building on Mondays and Wednesdays. The TRAILS program was also requested to provide programming at Seymour's Rock Ledge Primary and Intermediate schools to help address some behavior concerns.

The Green Bay Y.E.S. Staff collaborated with Experiential and Adventures to host a transition/leadership development program to assist the children transitioning from King Elementary to Lombardi Middle School and from Lombardi Middle School to Southwest High School. Participation in this program was voluntary.

The Y.E.S. Staff will continue to work on assisting the youth with improving their GPAs to meet the >2.5 GPA targets. They will also continue monitoring and working with the high school seniors to meet the graduation rate initiative. The social development of the youth is on-going through one-on-one meetings/support as well as continuing with groups. Some of the reports have or will be reformatted to streamline reporting.

There is a new Y.E.S. Specialist at Seymour Rock Ledge. The Specialist began working on client development plans, getting to know the children, and tutoring after the start of the new year. The Specialist's emphasis will be on working with the K – 3rd grade youth who are struggling academically. Summer school help was also be provided.

Challenges

Lack of appropriate staffing (staff/client ratios) and a vacant position continue to be a challenge in providing services to the youth. An additional Advocate also transferred to another area at the beginning of June, so there are two vacant Advocate positions. We hope to have both of those positions filled by the end of August. The Y.E.S. Staff is addressing more social concerns with the youth than in past years. In the past the Advocates have spent a lot of time working with about ¼ of their client base on social issues, this year that number has moved to about 1/3 of the youth.

Concerns about the academic progress and school readiness for the kindergarten youth continues. The meeting with the Oneida Head Start staff did not lead to any ideas for improvement, as Head Start is also seeing the lack of readiness of the children entering Head Start. Early Intervention has offered to work together to help provide some parenting programming in the next school.

A couple of discussions have taken place to see how we can better meet the needs of the youth. Ideas have included changing the Y.E.S. Advocate job descriptions and/or hiring a social worker(s). The job

FY 16

descriptions may be changed to emphasize social work/case management. A related concern in changing the qualifications of the Advocate would be a potential budgetary impact in consideration of a change in qualifications or adding a social worker.

The Y.E.S. Staff have received additional training to help with addressing some of the social issues the youth are experiencing. Many have received Trauma Informed Care Training and Youth Mental Health First Aid training since the beginning of the school year.

New initiative: Vocational and Technical Education Program. Education & Training is developing new opportunities for students to explore different careers with area businesses to benefit from a pipeline of skilled workers. The goal is to train our successors. You do not find a career by accident anymore- students need to be more intentional. We try to provide opportunities so they can realize their dreams, but, also have a method to the madness.

Rather than re-create the wheel, Education & Training decided to partner with the Greater Green Bay Chamber's Youth Apprentice Program. There may be too much emphasis on students with a 4-year baccalaureate degree. People can earn a very good living wage with a career in the trades-nursing, welding, carpentry or auto mechanics- so the apprentice program brings back the vocational education programs. It also provides development opportunities for students to explore different careers.

In the 2016/2017 school year, eight Oneida Students will be part of the Youth Apprenticeship Program. These high school juniors or seniors will be working in hospitality, engineering, journalism, public relations, pharmacy or nursing.

Our best recruitment is going to be students that are satisfied and like the program. This is the first time we are participating in the program, and while we are late to the game, we are hooking on to a moving train.

We encourage all school-age children to participate in 60 minutes of physical activity daily (the recommended amount according to the President's Council on Fitness). Emotional Development Needs: School-age children begin to form longer lasting friendships with the same-sex peers as they become more interested in identifying with the likes and dislikes of a group. They are self-conscious about their abilities and need to be acknowledged and encouraged by adults. Our Social Recreation area focuses on the emotional needs of our youth. Girls and Guys Groups provide opportunities for school-age youth to interact with peers and learn new skills. Character Club provides this age group with opportunities to build their character and get involved in the community. For example, Character Club participants made Christmas cards for the Elders, homemade birdseed ornaments to hang in outside trees and went Christmas caroling. These activities allow the youth to practice the character traits they learn about all year long during Character Club.

Cognitive Development Needs: Children this age have longer attention spans and are interested in discovering things for themselves. They like intellectual challenges and reading about things they like. The Learning Centers at each facility are filled with books to read on various subjects. The youth are encouraged to build their reading skills daily. Before youth are allowed to use the computer or gaming systems in the rooms, they are required to read for 15 minutes. Activities such as Brain Food also encourage youth to complete their daily homework assignments and read for enjoyment. When the youth have completed their assignments, they are rewarded with a healthy meal prepared by the staff. The Art Rooms also provide school-age youth with opportunities to explore new and exciting ways to express themselves creatively. Youth at the Clifford E. Webster Building enjoy art journaling, upcycled craft projects, music and pottery. Youth at the Civic Center enjoy drawing, photography and completing native American art projects such as beading and music.

The elder adult stage is no longer considered "old age." There are some who have to suffer the illness and discomfort of growing older, but the majority of elders are healthy and active. Retirement is a time for people to pursue the interests that they did not have time to before. It is important to stay active and involved after retirement; many find this involvement in community, social, political and personal activities and projects. Although, this stage is a time for preparing for death, it is also a time to enjoy life and do many exciting, worthwhile things.

Plans for FY 2016 4th quarter is to continue to provide quality programs and services for the Oneida Community and Employees and use the feedback and usage to increase engagement in our services and increase outreach programming.

Some of the challenge we see that prohibits our membership to be more engaged is:

- No evening day care
- Lack of space to provide programs
- Staff retention

We have had excellent attendance for our RAS & Diabetic noon and evening classes, with attendance being at or exceeding capacity. Tribal members and employees are looking for ways to improve their mental and physical health. **Our mission is to reduce stress! We create outlets and opportunities to reduce the stress experienced by those who are living with diabetes, or helping to avoid diabetes, by providing recreational, experiential group activities and outlets.** Our RAS programs have been an excellent way to expose employees to positive ways to improve their health. By offering RAS points it gives the incentive for the employee to try new activities that changes their mindset on living a healthy lifestyle. Through these new discoveries we have had many participants share that they are partaking in these activities with their families as well. This creates healthier individuals and healthier family units, by having them spend quality time connecting to the outdoors and to each other.

The Experiential department collaborates with the Health Center to provide more than bi-weekly programing targeting diabetic prevention and reduction, these programs are offered at noon, in the evening, and on the weekends to meet the client's needs. The staff has done an amazing job, covering the duties and programs of this position but this is not sustainable. I have been cross training employees from other departments and people from outside the tribe in efforts to mitigate this deficit, this is only a temporary fix. These people have a primary function or role that is their priority when a wage line in the budget should be adjusted to hire a fulltime seasonal position along with sub-relief staff that is scheduled when program demands reflect the need. This would allow more programming options that would enable our department to serve more clients, larger groups, continue convenient hours, and increase program venues. The department does an excellent job offering programming options during evenings, weekends and the need is the greatest.

Continued programming for the above programs with a customer satisfaction rating of 96% or better. Provide three week long youth camps that focus on character development by utilizing the Climbing, Paddling and Adventure venues to teach the youth lifelong social and interpersonal skills.

Operations forecast based upon customer information

Planning for the future of caregiving for those living at home in Wisconsin, it's estimated that about 120,000 people have Alzheimer's disease or another form of dementia. Those numbers could triple by 2050 because of the aging Baby Boomer population.

Move to keep older people in their own homes as long as possible has meant more demand for home health care workers -- a job that is not only tough, but that can be low-paying as well and very limited. (Aging Network)

According to the Enrollments statistics, Baby Boomers equal 4,164 or 24.3% of the membership. In 1999 elder membership was 1,897. Statistics reported for 2015 was 3,998. In ten years, those Boomers will be retired which will increase the demand for services. Without additional funding, services will decline.

2. Detailed narrative summary explaining or clarifying the above statistics

Activities dropped in May from 270 in April to 116 in May: There are two holidays in May which lowers the count and we promote activities around Older Americans month i.e. dance and those numbers aren't recorded.

Home Repair huge variance from April 9, May 5 to June at 54: Home Repair position was vacant until mid-June

FY 16

Elder Abuse No counts for May: No calls came in for Elder Abuse

Benefit Specialist No report for April and May: Leave of absence of position 5/9/16 – 7/15/16

Home Chore April 84, May 149 and June 146 The variance from April to May: No snow removal and minimal lawn care for April. Lawn care season starts primarily in May

4. Performance targets the program achieved at the end of the quarter.

- Keeping current the State Mandated SAMS Program Reports, the primary information system for states to report on the Older Americans Act programs of supportive services, nutrition, caregiver support, etc. which we provide and keep updated on a monthly basis. Document the huge variances in counts.
- SAMS includes information about who the participants are, what services they receive, and what funding is expended for this program, Tribal and non-tribal. Service Program Reports (SPR) reports also serve as a critical data source for measures of the performance of the Title III and Title VI programs. Any variance is flagged and justification required by the granting agency.

5. Performance targets for each program for the next quarter.

- Make it easier for older people to access an integrated array of health and social supports
- Help older people stay active and healthy
- Support families in their efforts to care for their loved ones at home and in the community through Supportive Services and Evidence Based Health Promotion programs.
- Ensure the rights of older people and prevent their abuse, neglect and exploitation
- Promote effective and responsive response to service request.

Two area surveys are completed each month.

Demand for services:

The demand for service is high. Some areas have started waiting list for those 55-69 age bracket. We strive to meet the priority age bracket of 70 +.

How many customers:

Grand Total: Elders served is 423 and we provided 13,444 various services.

Our SAMS data system tracks unduplicated and unduplicated counts.

The trends and forecast for services

- Our most obvious trend is our ever growing elder population. Limited funding, staffing and/or reliable equipment.
Forecast: Possible means testing for services that are supported by TC funds, scaling back to core services and/or raising the age requirement for services.
- We're seeing that there is a trend where the older parent just wants their own space, and not so much to be in a big household with their kids or their grandkids. They turn to us for research on housing needs.
- High demand requests for Native American Family Care Giver Outreach for shopping/appointments. With the growing aging population, this will increase.
- Supervisors will need to be more creative in order to fill the need. Like adjusting how much time we spend with each elder so we can serve more. We will not fulfill the need for all; however we can fill the need of more elders. Making available services more effective or more accessible.
- With the Baby Boomers aging and moving back to the reservation for better Health Care benefits, there will always be a need for more housing needs. Benefits are better if you live within the reservation boundaries.

FY 16

- Elders that come to the meal site in need of Home Delivered Meals (HDM) as they age, causing an increase in HDM. Forecast is a higher increase in HDM verses Congregate meals, which is currently happening.

Are you achieving the intended development outcomes of your service/s toward intended improvement in your customer?

We are meeting the intended development outcomes, based on the request coming in. We do the best we can to the best of our ability along with follow up calls on customer satisfaction. We may have a handful of complaints or request for services that we do not do.

We are starting waiting list and some of those list include the age 70 plus. Even though we set a priority of serving those with higher need and most frail, the aging population is growing and the demand is high. The funding agencies are cutting on the Federal side, which will decrease services.

Customer Service improvements are being worked on through clarifying SOP's, HRD training attendance and staff meeting communication.

Meals – Home Delivered Meals, we had hired a third driver to meet the growing clientele need.

The congregate meals we have the Nutrition Advisory Council assist with the menu change and volunteer assistance with the trays for the handicap so they can still get a meal and stay independent.

Because of the client population growing, there will always be a constant need for services to help clients maintain independent and in their own homes. To make this happen we need to do some kind of means testing and service the ones that are eligible because right now grant funds have been depleting faster, and not all clients can be served if grant funds are spent out.

Apartments- Maintained full capacity, no vacancies. Apartment Manager attending meetings with the Project Manager, Director and ONCOA for the Apartment Garages CIP Project development. Apartment garages are a huge improvement for Health and safety of Apartment Elders.

Major Homes: Project transferred from Assistant Director to Apartment Manager in April. Re-phased process of collecting documented information needed for Elder home.

Phase I- Collect personal information

Phase 2- Start the bidding process

Phase 3 –Repairs started

Phase 4- Inspection and payment

Processing forms into phases to work with elders for their better understanding of the process and responsibility of getting their home fixed has improved service. We do offer assistance when needed.

Food Distribution

1. Scorecard Statistics
 - a. Base number of customers: (A) 355, (M) 357, (J) 360, Avg = **357**
 - b. Customer utilization number: (A) 731, (M) 739, (J) 755, Avg = **742**
 - c. **Identify 3rd quarter initiatives to achieve customer outcomes: WELLNESS OUTCOME**. Increased utilization of the fresh fruits and vegetables portion of our Programs offerings which indicates that, I believe, a better perspective on the value of healthy eating habits for the short and long term that benefits themselves and their family members. We will continue to provide meaningful information thru pamphlets, brochures, DVD's, and hands-on menu preparation (taste tests) utilizing our USDA food products.
 - d. Customer Trends: There appears to be an apparent increase in the number of applicants formerly on SNAP, (Food Stamps) now utilizing our services for their basic food needs. This could be attributed to the complete and nutritious food package we offer from USDA, and to some extent to the lower monthly assistance levels currently allowed under SNAP. Whatever the reason we will continue to provide the best in available foods to our Native communities.
 - e. Operations forecast for Program based upon customer information: Continuation with USDA to provide healthy/nutritional values in our food products that provide our clients with a food package that meets or exceeds the USDA requirements in the national food pyramid matrix.
2. Program Narrative Summary: Our partnership with USDA thru established Grant contracts continues to provide the needed resources in the form of various food products, both fresh, frozen, and canned, that sustain our Native community by providing sustenance and a balanced approach to healthy eating habits, both for the individual as well as an entire family. The numbers that are generated reflect a continuing effort to meet the food necessities required by the populace

FY 16

we serve, and to ensure that future generations get the provisions that make for a healthy/vibrant Nation.

3. Identify Program challenges/efforts to overcome them: In order to provide the continuing services and benefits of our Program, it is essential to maintain the close support/funding provided by the contract agreements with USDA, that allow our community to receive the nutritional goods /provisions so necessary in being a vibrant and healthy Nation for our current and future generations. SOLUTION: Allowing budget measures that provide for the continued growth and future goals of the Program while pursuing necessary funding from USDA that assists in meeting those endeavors.
4. Identify Program performance targets achieved in 3rd quarter. Delivery services for the 3rd quarter indicate a lower but consistent useage in the number of customers utilizing our delivery service as a direct benefit. (A) = 53, (M) = 56, (J) = 62. Avg. = 57 VS. 75 of last quarter statistics. This could be attributable to the warmer weather of early spring/summer where personal transportation is less of a factor in getting to our facility to pick-up their food supplies.
5. Identify performance target(s) for 3rd quarter achievement: To apply our greatest efforts in meeting the sustained base/utilization numbers that reflect our customers dependence upon our Program, and continuing to provide the needed resources being available for their benefit and overall welfare.
6. Identify customer satisfaction score: (A) = 97.7%, (M) = 98.7%, (J) = 95.2% Avg. = **97.2%** An overall excellent rating IAW rating scale utilized.

Southeastern Oneida Tribal Services

- 1) **Base Number of Customers:** 612
Customer Utilization Number: 1703
Operation Initiatives: SEOTS focused on providing education and awareness around Historical Trauma, offered traditional healing for the Trauma, and hosted a Resiliency Celebration. We also kicked off our Summer Youth Programs in June.
Operations Forecast: In 2015, SEOTS completed the first half of an overall wellness survey targeting the Oneida population of southeast Wisconsin. In September of 2016 we will complete that second half of that survey.
- 2) During January, February, and March, 612 different people visited SEOTS for various activities and services. Many of the customers visited more than once, resulting in a total of 1,703 visits during the three month period. The most utilized services during that time frame were medication distribution and Elder activities.
- 3) Challenges during Quarter 2 include the ability to engage Tribal membership in dialogue around health and to establish high levels of participation in activities that improve overall wellness. There were some challenges with Oneida Accounting because they changed their procedures, but did not communicate those changes, resulting in missing checks for time sensitive payments.
- 4) SEOTS performance targets revolve around client interactions, which not only includes utilization rates, but also includes phone calls received. The phone vendor is currently having difficulty pulling the data report for calls received. We are continuing to work on the problem. Utilization

rates are up over previous data, signaling we are in line with increasing interactions at the desired rate.

- 5) The performance target for Quarter 4 is to continue to increase client interactions at a rate of approximately 3%.
- 6) Average Customer Satisfaction Score: 92%

FY 16

Veterans

The Oneida Nation Veterans Service Officer is a retired Air Force Veteran and is employed full time by the Oneida Nation of Wis. He is supported by a full time Benefit Specialist.

The bulk of our workload is VA Compensation claims with a few pension claims. Our outreach to the community includes house/nursing home visits for our disabled and elderly veterans, which includes help in transportation if needed. Our Veteran Dept. is dedicated to Maintain, Protect, and Improve our Veterans standard of living. This office responds to the needs and concerns of our veterans, and advocate to improve their quality of life.

The Oneida Veteran Dept. did provide a presence at the Great Lakes Inter-Tribal Councils State of the Tribes address in the State Assembly Chambers as a color guard participant.

We continue to provide gas vouchers in support of those veterans that are job hunting, appointments and other urgent needs. The dept. also scheduled outreach in the form of 2 veteran awareness meetings for our community veterans. 1 which included our Tribal Bank President on our Veteran Home loan Program, our Housing Area Manager on Veteran Tribal housing opportunities, and the introducing of our Behavioral Health staff who facilitate our weekly men's PTSD group meetings. Our 2nd outreach meeting was informing our Veterans of the tribe's award of the HUD/VASH Program which is an initiative for homeless veterans thru a Voucher system, and of our new Tribal Flag Policy currently being developed thru our Oneida Nation Veteran Advisory Committee and our Law office.

Our greatest goal/accomplishment is that the Oneida Nation Veteran Dept. is 100% accredited as representatives of the Dept. of Veterans Affairs to legally represent veterans claims with the Wis. Dept. of Veteran Affairs, Military Order of the Purple Heart and the National Association of County Veteran Service Officers Association. We are members of the Wis. CVSO Association as full voting members.

Our 2nd goal/accomplishment is in the award of the VA's Contract Nursing Home program, it became Official the 1st of September. The process took us 2 years. The CNH for VA purposes enables certain disabled veterans to stay at the AJJRCC and the Federal Gov't will pay for their stay, and our veterans get to keep all of their assets.

The Oneida Nation Veteran Dept. does continue to attend National, State, and local training conferences and regional meetings.

General Overview:

The Oneida Tribe of Indians of Wisconsin created the Office of the Ombudsman (OoO) via a directive of General Tribal Council (GTC) on July 11, 2005. The directive specifically stated that an Ombudsman was to be created to “listen to the concerns of the employees of the health center and tribal community members.” The OoO seeks to promote fairness and equity by functioning as a designated neutral advocating for “fair process” and positive resolution at the lowest level possible. In this capacity the OoO does not represent any party or entity, the OoO is a designated neutral working in the pursuit of just, fair, and equitable administration of process and delivery of services for all.

As an informal and confidential party, the OoO does not participate in formal actions and holds the highest level of confidentiality possible for those with whom it has contact. The OoO also does not demand actions but rather assists in the identification of concerns, potential resolutions, and offers services and recommendations to reach resolution and positive improvement.

Vision:

To ensure the consistent application of utilizing equality, fairness, respect, value, and objectivity for all in the development of systematic processes and the provision of services across the Oneida Nation.

Mission:

To provide a confidential, neutral, and informal route for individuals or groups to bring forward questions, concerns, complaints, or suggestions for the purpose of preventing or resolving problems in a fair and equitable manner. The Oneida Ombudsman addresses issues in an impartial and objective manner to assist with the development of options and suggestions to resolve problems, develop processes, and ensure services are provided in a fair and equitable manner.

Actions and activities:

The OoO works on initiatives and activities which fall within the four strategic directions of the Oneida Nation as identified by the Oneida Business Committee.  - This has included the potential long range collaboration of the OoO and coordinated service provision via GSD in terms of improving administration of cross-functional services within the community

- Examination and exploration of possible increased collaboration between areas of the Oneida Tribal Organization and UW-Green Bay with respect to potential internships

3. Promote improvement in organizational administrative processes

- Increasing attendance and participation with LOC open meetings to provide prospective input on the development of legislative process and action
- Continuing work with a specific service provider within the Oneida Organization to review and assess current process, policy and procedure for potential improvement and maximization of the fair and equitable administration of service to all its consumers
- Ongoing review of service provision within a specific department to continue to identify service gaps, improve communication of requirements for receiving service, and identifying potential means to stream line work to promote consistency and equitable provision of services.

Identified actions going forward:

- Drafting of an overall complaint management process to be utilized by Oneida as an Organization that works to bring about a philosophy of welcoming concerns, complaints, and feedback as a means of enabling the organization to make continuous improvements. This is looking to be a complaint management process that can be adopted and implemented at the level of leadership on down to aid in bringing about consistency in how concerns on the service side of Oneida as an organization are handled and addressed. This is a recommendation for a streamlined process that could be used by the organization to assist in increasing concerns being addressed and resolved at the lowest level possible.

My quarterly report for the months of April to June will come due at a time when I'm out of the country, August 10th, for my daughter's wedding.

ONCOA Meetings April, May, June 2016		
April 11 April 26	May 9 May 24	June 14 June 28

PROJECTS/TRAINING/EDUCATION**Tribal Budget Planning – FY2017, FY2018, FY2019**

- Monthly meetings have been held to gain understanding of guiding strategies: Vision, Mission, Core Values, Four Strategic Directions, Seven Practical Visions and Value Based Budgeting.
- In May the ONCOA FY2015 Budget packet (Proposed Budget, Program Alignment Summary, Budget Narratives) was submitted to the Assistant CFO.
- The first budget roll-up meeting occurred in June with the goal to reach a balance budget for FY2017.

Elder Village – Cottage Neighborhood

- Affordable and accessible housing for our elders is a priority need in our community. To address this need, ONCOA played a major role in identifying the Elder Village Concept as a neighborhood that would enhance "Quality of Life" principles for elders. The cottages are unique with materials, varied layout, and are in a park-like setting with ample green space surrounding the homes. There is a trail connection to other Oneida areas like Site I, Turtle School, and eventually Site II. The Elder Village homes will meet the minimum ADA standards.

ONCOA QUARTER 3 REPORT TO OBC

AUGUST 2016

Period: April, May, June 2016

- Collaborative efforts continue with OHA, Oneida Planning, ONCOA and others throughout the various phases of development. ONCOA and Project Team Status meetings are held monthly to stay informed on the progress at various stages of development. Project Team Meetings are held at the Elder Services Conference Room and OBC members are invited to attend any of the meetings.
- **Current Status:** The renting of the units is near completion by the Oneida Housing Authority. The Project Team is meeting to design the next 8-10 cottages. It is expected that the cottage plans will be ready to bid out in February 2017.

Adult Day Services

- ONCOA has identified the need for Adult Day Services and garages for the Tribal Elder Apartments. The Adult Day Service was deleted from the original ORCCC project and slated for a future development CIP. These projects are related to the development of the Lee McLester II Complex. ONCOA will be working with Elder Services to support moving these projects forward.
- ONCOA will start researching adult day care programs.
- **Current Status Adult Day Services:** ONCOA and Elder Services continue to work with Leanne Doxtator, Planning Office, to prepare a concept paper and CIP. We took a tour of Curative Connections to learn about the various levels of adult day services they run. They volunteered to continue to be a resource to us as we develop our plans.

Tribal Elder Apartment Garages

- In **February 2005** Elder Services started the plans for a capital improvement project request for garages for tenants occupying the Elder Service apartments. Project justification continues to be for health and safety issues. Because the existing building is located on top of a hill, it can be extremely windy with harsh weather conditions. Elders are especially susceptible to health problems caused by these conditions and it can be very difficult for elders to get to and from their vehicles in inclement weather.

Current Status Apartment Garages: The CIP package (#05-013/May 31, 2007) for the Elder Services Apartment Garages was deleted from the CIP list but it was reinstated on the CIP list for FY2015. This is now an active CIP for these garages and there have been several meetings held to move this project forward.

Solar Deployment in Oneida Community

- ONCOA has been identified as a project champion of solar deployment in Oneida and to serve as a conduit for getting out the message and generating grassroots support.
- The Oneida Nation is taking advantage of federal grants and incentives, as well as private financing, to install solar panel on nine tribal buildings at no up-front cost to the tribe. These projects will protect and preserve the environment for future generations.
- In the near future Elder Independent Apartments, Turtle School, IMAC, Gaming Warehouse, Oneida Health Center will be fitted with solar panels.

ONCOA QUARTER 3 REPORT TO OBC

AUGUST 2016

Period: April, May, June 2016

- Solar Energy Planners will be featured in the August 26, 2016 Fourth Annual Elder Expo at the Radisson.

Alzheimer's Awareness and Research Initiative

- In **December 2014**, ONCOA connected with the Wisconsin Alzheimer's Disease Research Center after meeting representatives at the Annual Wisconsin Alzheimer's conference. The UW-Madison's Alzheimer Disease Research Center is one of the Nation's leading research centers providing scientific research, resources, and expertise in Alzheimer's disease and related illnesses. ONCOA supports Oneida tribal members to expand their awareness of Alzheimer's disease and other dementias and to participate in the national effort to end Alzheimer's.
- In **May 2015**, Dr. Dorothy Farrar-Edwards, Dr. Carey Gleason, Fabu Carter and Carol Hutchinson from the University of Wisconsin School of Medicine and Public Health Alzheimer's disease Research Center (ADRC) met with Oneida elders and others at the mealsite to provide Alzheimer's Disease information.
- ONCOA held a meeting with Dr. Dorothy Edwards and Dr. Carey Gleason to discuss the potential collaboration between Oneida and UW-Madison's Alzheimer's Disease Research Center. Potential areas of collaboration are: Training Dementia Care Specialist; Community Education; Promoting Timely Recognition of Memory Disorders; Connecting to Oneida Health Center and Anna John RCCC. The Green Bay area has a large Native population and would be ideal for a satellite center for a UW-Madison Alzheimer's Resource Center.
- In April a memory screening date was held at the AJRCCC Mealsite. The AD8 screening tool was administered to attendees at the event. The AD8 is a simple tool utilized to help discover very early dementias. This was not a diagnostic tool. At another April date the Madison Research group was available to administer a full memory test. Medical resources were provided to the volunteer after the test.
- **Alzheimer's Clinical Trials**-- ONCOA continues to work on encouraging tribal members to become participants in Alzheimer's clinic trials. There is very little information on Native Americans that would indicate how prevalent the disease is in Indian country. We can fight this disease by becoming research volunteers who provide critical data needed to move science forward. Several Oneida volunteers have already signed up and are encouraging others to participate.
- **ONCOA** members attended a one-day Alzheimer's conference in Keshena in April.

Aging and Disability Resource Specialist (ADRS)

- An Aging & Disability Resource Center (ADRS) is a one-stop shop for accurate, unbiased information on all aspects of life related to aging or living with a disability. The ADRS provides information on a broad range of programs and services; helps people understand the various Long Term Care Options available to them; helps applicants apply for programs and benefits; and serves as the access point for publically funded Long Term Care.
- The State will provide funding for the ADR-Specialist Positions (2) in the amount of \$106,000. A representative from the Long Term Group has been delegated to serve on the Brown County and the Outagamie County ADRC Governing Boards.

ONCOA QUARTER 3 REPORT TO OBC

AUGUST 2016

Period: April, May, June 2016

- **Current Status:** The ADRS program continues to grow. Mallory Patton, ADRSpecialist, has received a letter from the state acknowledging her job performance. \$38,000 has been reimbursed to Elder Services for the Medicaid related marketing and advising services through time reporting to the State.

Long Term Care Group

- A Long Term Care (LTC) group consisting of representatives from Oneida Health Center, Governmental Services, and ONCOA has been formed to develop a strategic LTC-Services and Supports plan for Oneida. Out of this large a core team has been formed.
- Lately the core team (Health Center, GSD, Elder Services, ONCOA, Law) have been meeting to deal with the **Tribal Only Waiver**. The Tribally operated Medicaid (low income) Home and Community Based Services (HCBS) waiver is an option for Wisconsin American Indian Tribes to provide long term supports for adults with long-term care needs in Wisconsin. This waiver is important because it aligns administration with the unique authorities of Tribal Governments, and assures that services will meet the unique needs of tribal members when meeting their long term care needs.
- During the past months the waiver plan was changed to Tribally Operated Waiver. It is expected that solutions will be developed to narrow the health care gap in critical risk areas experienced disproportionately among American Indians.
- The Tribal Only Waiver will allow for 100% reimbursement at the federal level directly to tribes. The State will then not have to pay a percentage of the eligible service. We have not received any notification that the Tribal Only Waiver has been approved.
- **Current Status:** The State and Tribal representatives continue to work with CMS to get the Tribal Waiver approved through CMS.

Wisconsin Aging Conference - June 7 & 8, 2016

- To support ONCOA efforts to do more with less, Marlene Summers, ONCOA Secretary was able to secure three scholarships to attend this conference.
- **Supported Decision-Making:** The number of older adults under guardianship is on the rise. Undue guardianship can negatively affect a person's quality of life. Supported decision-making, which provides the individual with decision-making assistance, is a less restrictive alternative to guardianship as the individual remains the primary decision-maker. (More research into this type of arrangement is needed.)
- **National Trends:** Baby Boomer are entering LTC arena and demand a different approach to managed care; More interest in consumer directed care; Nursing homes are not the default setting for older persons needing assistance; \$520 Billion is the economic value of unpaid caregiving.

Money Follows the Person (MFP) Tribal Initiative

- The Centers for Medicare and Medicaid Services is offering states and tribes between \$850,000 and \$1.93 million in grant funding in order to build sustainable community-based Long Term Services and supports specifically for Tribal Members. Wisconsin must have an active partnership with the participating tribes or tribal organizations in order to be eligible for the grant. Oneida submitted a letter regarding our willingness to move forward with the State in developing systems to address tribal member needs. Each tribe selects an option that is most appropriate to the tribal needs.
- The project Oneida has selected to develop is a **Tribal Personal Care Agency** along with needed infrastructure to deliver Long Term Care services to Oneida Tribal Members. Having a Personal Care Agency will allow **Elder Services and Oneida Health Center** to obtain

Third Party Billing Payments through Medicaid for In-Home Care and Home Chore Services. Currently, Oneida provides In-Home Care and Home Chore Services that are paid through Tribal Contribution. In the future, Elder Services could potentially increase these services utilizing the third party reimbursement received by the Tribe.

- **Up Date:** The Tribal Personal Care Agency application was to be submitted to the State on June 1, 2015. Unfortunately more work needed to be accomplished. Currently no revised date has been determined. The LTC Core team needs to meet to learn what is needed to be able to submit the application. ONCOA supports having a personal care agency to **help defray Tribal Contribution costs to the Elder Service budget**. The reimbursement will come from those services provided to clients who meet low income eligibility (Medicaid) and are eligible for the COP program. The COP program will be expire in December 2017 and those services will then come through managed care. We need to

Great Lakes Native American Elders Association (GLNAEA)

- GLNAEA meetings are held quarterly and membership is comprised of elders from the eleven tribes in Wisconsin. Each tribe takes a turn at sponsoring a meeting on their reservation. Tribal news and current issues in Indian country are discussed at the meetings. Social interaction between the tribes is an important aspect of the association that keeps members participating in the meetings. The March meeting was held in Lac du Flambeau.

Webinars and Training

- ONCOA attends webinars that are held monthly in the Elder Services Conference Room. These webinars pertain to services for Elders. The webinars are sponsored by GWAAR Health Promotion Team and Long-Term Care Services and Supports Technical Center. Efforts are made to seek local training offered in Oneida and in Wisconsin to keep training expenses to a minimum.
- Topics covered: ADRS Policy, Music & Memory Program, CMS Technical Assistance, and Financial Protection for Elders & Falls Prevention.

Wisconsin Tribal Aging Directors Association

- ONCOA members participate in these monthly meetings along with Elder Services Director, Florence Petri. All eleven tribes belong to this association and meet to discuss Aging Issues in Indian Country and to formulate ways to best meet the needs of our Native Elders.
- This is a collaborative relationship that ONCOA has maintained with Elders Services and the other tribes since the inception of the organization.

Elder Service Staff Meetings

- Elder Service Staff Meetings are held on the first Tuesday of each month. Updated monthly calendar of events, speakers, and staff information comprise the agenda. There is at least one ONCOA Representative in attendance to provide a status of ONCOA Activities.

Title V – Senior Community Service Employment Program (SCSEP)

- SCSEP is Elder job training funded through a grant from the U.S. Dept. of Labor.
- ONCOA has employed Title V staff for the past 8 years and we have always had great success working with the Title V program. We currently employ an elder in an
