

ENG# 20-106—CHD Parking Lot

Project Description:

The project is unitizing the vacant lot close to the Comprehensive Housing Building and turning it into a parking lot; located in the Site 1 neighborhood. The parking lot will add nine parking spaces and one handicap parking space for the employees. The parking lot is intended to provide safe employee parking and help the employee's get into the building safety. .

Current Status:

Project has currently completed the asphalt and fencing; waiting on punch list items to be completed and then start close-out process.
