

CDC# 09-011 - OCHD Integrated Campus

Project Description:

Expansion of the existing Oneida Comprehensive Health Division (OCHD) site plays a critical role in the plan to maintain and improve patient health care for the Oneida Community. Space confinement has created complex issues in providing patient care services, illustrating a need to expand the current Health Center footprint. The OCHD is currently faced with many challenges in continuing to meet the demands of the growing Oneida community in to the future. The intent of this project is to create an integrated Comprehensive Health Campus which encompasses an expanded Oneida Community Health Center, and bringing Employee Health Nursing, Health Promotion, Oneida Behavioral Health Services, and AJRCCC and possibly Oneida Family Fitness to this campus. This will enhance our ability to provide the highest quality, holistic health care to ensure the wellness of our Oneida Community.

The Oneida Nation has contracted with the following firms for the noted services:

- ◆ Wipfli, LLP - Business Plan
- ◆ Seven Generations Architecture + Engineering - Programming & Preliminary Design Services

Current Status:

Through a recent design charrette exercise, the Seven Generation Architecture + Engineering (7GENAE) team recently prepared a massing/ blocking masterplan of the proposed project. The Consultant is currently preparing the Opinion of Probable Cost and remaining project deliverables. Once all deliverables are executed, Wipfli, LLC can finalize their Business Plan.

Schedule:
