Article V Indemnification

5.1 Indemnification. To the fullest extent permitted by law, each Manager and Named Officer and their respective Affiliates, directors, officers, employees, members, managers, partners, shareholders, assigns, representatives and agents (individually, an "Indemnitee") shall be indemnified, held harmless and defended by the Company from and against any and all losses, claims, damages, liabilities, whether joint or several, expenses (including legal fees and expenses), judgments, fines and other amounts paid in settlement incurred or suffered by such Indemnitee, as a party or otherwise, in connection with any threatened, pending or completed claim, demand, action, suit or proceeding, whether civil, criminal, administrative or investigative, and whether formal or informal, arising out of or in connection with the business or the operation of the Company if

5.1.1 the Indemnitee acted in good faith and in a manner he or she reasonably believed to be in or, not contrary, to the best interests of the Company, and with respect to any criminal proceeding, had no reasonable cause to believe that his or her conduct was unlawful

5.1.2 the Indemnitee's conduct did not constitute gross negligence, intentional misconduct, a material breach of the terms of this Agreement or a known violation of law and

5.1.3 the Indemnitee's conduct did not involve a transaction from which the Manager or Named Officer derived an improper personal benefit.

The termination of any action, suit or proceeding by judgment, order, settlement or upon a plea of *nolo contendere*, or its equivalent, shall not, of itself, create a presumption that the Indemnitee acted in a manner contrary to the standards specified in Sections 5.1.1, 5.1.2, or 5.1.3.

5.2 To the fullest extent permitted by law, expenses incurred by an Indemnitee in defending any claim, demand, action, suit or proceeding subject to this Section 5.1 shall, from time to time, be advanced by the Company before the final disposition of such claim, demand, action, suit or proceeding upon receipt by the Company of an undertaking by or on behalf of the Indemnitee to repay such amount unless it is determined that such Indemnitee is entitled to be indemnified therefore pursuant to this Section 5.1.

5.3 The indemnification provided by this Section 5.1 shall be in addition to any other rights to which the Indemnitee may be entitled under any other agreement, pursuant to any vote of the Managers as a matter of law or otherwise, and shall inure to the benefit of the heirs, legal representatives, successors, assigns and administrators of the Indemnitees.

5.4 Any indemnification under this Section 5.1 shall be satisfied solely out of the assets of the Company and no Indemnitee shall have any recourse against any Member with respect to such indemnification.

5.5 An Indemnitee shall not be denied indemnification in whole or in part under this Section 5.1 merely because the Indemnitee had an interest in the transaction with respect to which the indemnification applies, if the transaction was not otherwise prohibited by the terms of this Agreement and the conduct of the Indemnitee satisfied the conditions set forth in Section 5.1.

5.6 The Company may, but shall have no obligation to, purchase and maintain insurance covering any potential liability of the Indemnitees for any actions or omissions for which indemnification is permitted hereunder, including such types of insurance (including extended coverage liability and casualty workers' compensation) as would be customary for any person engaged in similar business, and may name the Indemnitees as additional insured parties thereunder.

5.7 Indemnification Procedures; Survival.

5.7.1 Promptly after receipt by an Indemnitee of notice of the commencement of any action that may result in a claim for indemnification pursuant to Section 5.1, the Indemnitee shall notify the Company in writing within 30 days thereafter; *provided, however*, that any omission so to notify the Company will not relieve it of any liability for indemnification hereunder as to the particular item for which indemnification may then be sought (except to the extent that the failure to give notice shall have been materially prejudicial to the Company) nor from any other liability that it may have to any Indemnitee.

5.7.2 An Indemnitee shall have the right to employ separate counsel in any action as to which indemnification may be sought under any provision of this Agreement and to participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of the Indemnitee unless i) the Company has agreed in writing to pay such fees and expenses, ii) the Company has failed to assume the defense thereof and employ counsel within a reasonable period of time after being given the notice required above or iii) the Indemnitee has been advised by its counsel that representation of such Indemnitee and other parties by the same counsel would be inappropriate under applicable standards of professional conduct (whether or not such representation by the same counsel has been proposed) due to actual or potential different interests between them. It is understood, however, that the Company shall, in connection with any one such action or separate but substantially similar or related actions in the same jurisdiction arising out of the same general allegation or circumstances, be liable for the reasonable fees of only one separate firm of attorneys at any time for all such Indemnitees having actual or potential differing interests with the Company, unless but only to the extent the Indemnitees have actual or potential differing interests with each other.

5.7.3 The Company shall not be liable for any settlement of any such action effected without its written consent, but if settled with such written consent, or if there is a final judgment against the Indemnitee in any such action, the Company agrees to indemnify and hold harmless

the Indemnitee to the extent provided above from and against any loss, claim, damage, liability or expense by reason of such settlement or judgment.

5.7.4 Any amendment of this Article V shall not adversely affect any right or protection of an Indemnitee who was serving at the time of such amendment or repeal, and such rights and protections shall survive such amendment or repeal with respect to events that occurred before such amendment or repeal.

5.7.5 Any indemnification provided under this Article V shall be satisfied solely out of assets of the Company, as an expense of the Company. No Member shall be subject to personal liability by reason of these indemnification provisions.

Article VII Capital

7.1 Capital Contribution. The term “Capital Contribution” means the total amount of cash or the fair market value (net of liabilities assumed or taken subject to by the Company) of any other assets contributed to (or deemed contributed to the Company under Treasury Regulations §1.704-1(b)(2)(iv)(d)) the Company by a Member.

7.2 Initial Capital Contributions. Concurrently with the execution of this Agreement, the Member shall make a Capital Contribution to the Company in the type and amount set forth in the attached Exhibit “A” (“Initial Capital Contribution”).

7.3 Additional Capital Contributions. The term “Additional Capital Contribution” means any Capital Contribution made by the Member after the Initial Capital Contribution made pursuant to Section 7.2. The Member may make an Additional Capital Contribution.

7.4. Capital Accounts. A Capital Account shall be established for each Member and maintained in accordance with the provisions of this Agreement and Treasury Regulation (“Treas. Reg.”) §1.704-1(b) or, if such regulations are amended, replaced, or superseded, in accordance with any applicable successor rules or regulations. Each Member’s Capital Account shall be increased by: i) the amount of money and the Asset Value of property contributed to the Company by each Member; ii) allocations to the Member of Net Profit and items in the nature of income or gain which are specially allocated pursuant to Article VIII hereof; and iii) the amount of any Company liabilities assumed by such Member or which are secured by any Company property distributed to such Member subject to §752 of the Code. Each Member’s Capital account shall be decreased by: i) the amount of money and the Asset Value of Company property distributed to the Member by the Company; ii) allocations of Net Loss and items in the nature of expenses or losses which are specially allocated pursuant to Article VIII hereof; and iii) the amount of any liabilities of such Member assumed by the Company or which are secured by any property contributed by such Member to the Company subject to §752 of the Code. The foregoing provisions and the other provisions of this Agreement relating to the maintenance of Capital Accounts are intended to comply with Treas. Reg. §1.704-1(b), and shall be interpreted and applied in a manner consistent with such Regulations. Except as otherwise provided in this Agreement, whenever it is necessary to determine the Capital Account of any Member, the Capital Account of such Member shall be determined after giving effect to the allocations of Net Profit, Net Loss, Capital Transaction Net Losses, Capital Transaction Net Profits, and other items realized prior or concurrently to such time (including, without limitation, any Net Profits and Net Losses attributable to adjustments to Asset Values with respect to any concurrent distribution), and all contributions and distributions made prior or concurrently to the time as of which such determination is to be made.

7.5 Return of Contributions; Interest. The Member agrees for itself and its successors, assigns and heirs that its participation in the Company is a long-term investment and that any return of Capital Contributions prior to the termination and winding up of the Company is in the sole discretion of the Company. Except as expressly provided in this Agreement, no Member shall be entitled to: i) the return of any part of its Capital Contribution; b) any interest on any

Capital Contribution; or c) the fair market value of its Membership Interest. Unrepaid Capital Contributions shall not be a liability of the Company or of any Member. No Member shall be required to contribute or lend any cash or property to the Company to enable the Company to return any Member's Capital Contribution.

7.6 Advances to the Company. No Member shall advance funds or make loans to the Company in excess of the amounts required hereunder to be contributed by such Member to the capital of the Company without unanimous consent of the Members. Any such approved advances or loans by a Member shall not result in any increase in the amount of such Member's Capital Account or entitle such member to any increase in its Percentage Interest. The amounts of such advances or loans shall be a debt of the Company to such Member and shall be payable or collectible only out of the Company's assets in accordance with terms and conditions agreed upon by the Members. Each such advance or loan will be evidenced by a promissory note acceptable in form to the Company upon terms acceptable to the Member and the Company.

7.7 Revaluation to Adjust Capital Accounts. The Asset Value of all Company assets, including goodwill and going concern value, may be revalued, as of the last day of each Fiscal Year for the purpose of adjusting the Member's Capital Accounts to reflect the fair market value thereof as of such date. The value of Company Property may also be adjusted in accordance with the provisions of Section 1.704-1(b)(2)(iv)(f) of the Regulations or under such other circumstance to prevent unintended economic consequences. The value of all assets of the Company shall be determined in good faith by the Member or, at the discretion of the Member, by an independent third-party appraiser selected by the Member. Any such valuation by the Member or the appraiser shall be based on all relevant factors, including without limitation, the current financial position and current and historical operation results, sale prices of recent public or private transactions in the industry, including transaction involving securities or over the counter market securities and such other factors as the Member or the appraiser shall deem to be relevant as of the effective time of valuation.

Article VIII

Allocations and Distributions; Tax Matters

8.1 Allocation of Net Income and Net Loss. Except as may be required by Section 704(c) of the Code and applicable Regulations, or as provided in Section 8.2, the Company's Net Profits, Net Losses, Capital Transaction Net Profits, Capital Transaction Net Losses, and other items of income, gain, loss, deduction, and credit shall be allocated to the Member.

8.2 Other Allocations. By written consent of the Member of the Company, different methods of allocations for distributive shares of tax items may be determined from time to time. If methods to specially allocate tax items are adopted, they shall be made in writing and attached to this Agreement as an Exhibit and shall be deemed a part of this Agreement. If, at any time, the Company shall suffer a loss as a result of which the Capital Account of any Member shall be a negative amount, such loss shall be carried as a charge against that Member's Capital Account, and that Member's share of subsequent profits of the Company shall be applied to erase such Capital Account deficit.

8.3 Allocations With Respect to Company Interests Transferred. If any interest in the Company is transferred during any fiscal year, the net income or net loss (and other items referred to in Section 7.1), attributable to such interest for such fiscal year, shall be allocated between the transferor and the transferee by closing the books of the Company as of the date of the transfer.

8.4 Distributions. Profits of the Company are allocated in the following manner:

8.4.1 The Company shall, as soon as practical after the close of the fiscal year, determine the net profits of the Company for the previous fiscal year. Generally Accepted Accounting Principles will be used to determine net profit.

8.4.2 The Company shall make a payment to the Member on an annual basis and is due upon the receipt by the Company of its annual audited financial statement. The payment shall be up to 75% of the net profit derived from the Company for each fiscal year. The following definitions shall be used in determining payment to the Member:

- A) The term "Net Profit" shall mean the amount remaining after deducting all "expenses of operation" from all "gross revenues" as those terms are herein defined.
- B) The term "Gross Revenues" shall consist of all revenues or income or sale of any kind, whether derived directly or indirectly from any source over which the Company has any direct or indirect responsibility.
- C) The term "Expenses of Operation" shall include any cost of sales or direct costs and overhead expenses, general expenses, other "legally obligated distributions," and other business expenses as those terms are used within generally accepted accounting principles and the Company's industry. The term "Expenses of Operation" shall also include any reserve for loan covenants, legal obligations and bonding program requirements.
- D) The term "Legally Obligated Distributions" shall mean payments the Company is contractually bound to make as a result of a contract or legal process.

8.4.3 No distribution shall be declared or made if, after giving it effect, the Company would not be able to pay its debts as they become due in the usual course of business or otherwise violation §86.343 of the Act.

8.5 Fiscal Year; Accounting. The Company's fiscal year shall begin on October 1 and end on September 30 of the following year, unless otherwise determined by the Member. The particular accounting methods and principles to be followed shall be selected by the Member and/or Managers from time to time.

8.6 Tax Treatment. The Member of the Company and the Company intend that the Company be treated as a partnership for tax purposes, and will file all necessary and appropriate documents in furtherance of that position. The Company may make all elections for federal income tax purposes consistent with and incident to this purpose.

8.7 Tax Matters Partner. The "Tax Matters Partner" of the Company, for purposes of the Code, shall be designated by the Member, or if no such person is identified, the Tax Matters Partner shall be determined by the Code and applicable Regulations. The Tax Matters Partner shall reasonably inform the Member of all significant matters that may come to its attention in its capacity as the Tax Matters Partner and shall forward to the Member copies of all material written communications it may receive in such capacity. This provision is not intended to authorize the Tax Matters Partner to take any action left to the determination of an individual Member under the Code or take any action, without approval of the Member, that may materially affect the Company.

8.8 Taxes and Reports. As soon as practicable after the end of each fiscal year, the Company shall have prepared and mail to the Member a report containing all information necessary for the Member to include its share of taxable income or loss (or items thereof) in its income tax return.

8.9 Tax Regulatory and Curative Allocations.

8.9.1 Section 704(c) of the Code. Notwithstanding the foregoing, i) in the event §704(c) of the Code or §704(c) principles applicable under Treasury Regulations promulgated 704(b) of the Code, require allocations of the Company income, gain, loss, deduction or expense (or any item thereof) in a manner different than set forth above, the provisions of §704(c) and the applicable Treasury Regulations promulgated under §704(c) of the Code shall control such allocations. Allocations pursuant to §704(c) shall be made for tax purposes only and shall not affect any Member's Capital Account. The Tax Matters Member shall select any method for making allocations under Code §704(c) as described in Treasury Regulations §1.704-3(b) or any successor regulatory provision thereto.

8.9.2 Regulatory and Curative Allocations. It is the intention of the Company that the allocations hereunder comply with the provisions of Section 704(b) of the Code and the Treasury Regulations promulgated from time to time thereunder so that the allocations made hereunder will be deemed to have "substantial economic effect" as provided therein. To the extent special allocations of Net Profit or Net Loss are required to be made to comply with the requirements thereof, and which are not otherwise provided for herein, such special allocations shall be made in the manner set forth in the Code and Regulations, as determined in good faith by the Member. To the extent any such special allocations are made, subsequent allocations of Net Profit and Net Loss shall be made to offset any economic distortion caused by such special allocations, and determined by the Member in good faith. In addition, the following shall apply:

i) Allocations of depreciation, depletion, amortization, and gain or loss, as computed for tax purposes, will be allocated to the Member applying the principles of Section 704(c) of the Code.

ii) If any allocation of Net Loss for any calendar year otherwise provided in Article 8 would (if made) cause the negative balance in the Capital Account of a Member (determined for this purpose by taking into account such Member's share of distributions

pursuant to Section 8.4 in respect of such year and all other adjustments for such year otherwise required under this Agreement) to exceed the aggregate amount of losses or deductions attributable to the non-recourse debt (within the meaning of Treasury Regulations Sections 1.752-1) of the Company allocated or allocable to such Member for such year and all prior years, the amount of Net Loss otherwise allocable to such Member shall be reduced by the minimum amount necessary to eliminate such excess. Solely for purposes of this subsection 8.9.2, the balance of a Member's Capital Account shall be increased by the amount of any obligation of such Member to contribute additional capital to the Company and by the Member's pro-rata share of any recourse indebtedness of the Company (determined under Treasury Regulations Section 1.752-2) and shall be further adjusted for the items of the Company (if any) specified in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(4), (5), and (6).

iii) In calculating book depreciation and amortization, the Company shall use the same period and method as is used for Federal income tax purposes.

8.9.3 Minimum Gain Chargeback. If at any time during the Company's fiscal year there is a net decrease in the Company's minimum gain (as determined under Treasury Regulations Section 1.704-2(b)(2)), then, prior to the allocations of any other items, items of income and gain of the Company for such fiscal year (and, if necessary, for subsequent fiscal years) shall be allocated in proportion to, and to the extent of, an amount equal to the portion of such Member's share of the net decrease in the Company's minimum gain during such fiscal year that is allocable to the disposition of Company property subject to one or more non-recourse liabilities (within the meaning of Treasury Regulations Section 1.704-2(b)(3)) of the Company. Other tax attributes of the Company shall be allocated to the Member(s) in accordance with the other applicable provision of this Agreement.

8.9.4 Qualified Income Offset. If a Member unexpectedly receives an adjustment, allocation or distribution described in Treasury Regulations Sections 1.704-1(b)(2)(ii)(d) (4), (5), or (6) which causes or increases a negative balance in such Member's Capital Account, a Member will, to the extent required by Treasury Regulations Section 1.704-1(b)(2)(ii)(d), be allocated an amount of gross income and gain in an amount and matter sufficient to eliminate such negative balance as quickly as possible.

8.9.5 Member Non-Recourse Debt. Any item of Company loss, deduction, or Section 705(a)(2)(B) expenditure that is attributable to a partner non-recourse deduction, as determined by Treasury Regulations Section 1.704-2(i)(2), shall be allocated in accordance with the provisions of Treasury Regulations Section 1.704-2(i)(1).

Article IX

Dissolution of Winding Up; Continuation of Business

9.1 Dissolution. The company shall dissolve and its affairs shall be wound up on the first to occur of the following events:

9.1.1 The time fixed in the Agreement or the Articles as the expiration of the term of the Company;

9.1.2 The Board of Managers prepares, signs and files with the Secretary of State articles of dissolution that comply with the Act.

9.2 Winding Up. Upon the dissolution of the Company, the Member holding a majority of the Percentage Interests shall wind-up the Company's affairs and satisfy the Company's liabilities. This Member shall liquidate all of the Company property and assets as quickly as possible consistent with obtaining the full fair market value of said property and assets. During this period, this Member shall continue to operate the Company property and assets and all of the provisions of this Agreement shall remain in effect. This Member shall notify all known creditors and claimants of the dissolution of the Company in accordance with the provisions of the Act. The costs of winding up and liquidation shall be borne as a Company expense.

9.3.1 Payment, or adequate provision for payment, to creditors, including, to the extent permitted by law, a Member who is a creditor, in satisfaction of the liabilities of the Company;

9.3.2 Payment to the Member in satisfaction of the Company's liabilities for distributions under §86.346;

9.3.3 Payment to the Member in the following order of priority:
(A) for the return of its contributions; and

(B) in proportion to the Member's respective rights to share in distributions from the Company before dissolution.

9.4 Distributions in Kind. In connection with the liquidation of the Company, the Member shall attempt to sell all of the Company property and assets. To the extent that property or assets are not sold, the Member will receive such distribution in kind. Any property or assets distributed in kind upon liquidation of the Company shall be valued on the basis of an independent appraisal and treated as though the property or assets were sold and the cash proceeds distributed.

9.5 Deficit Capital Account. Notwithstanding anything to the contrary contained in this Operating Agreement, and notwithstanding any custom or rule of law to the contrary, the deficit, if any, in the Capital Account of any Member upon dissolution of the Company shall not be an asset of the Company and such Member shall not be obligated to contribute to such amount to the Company to bring the balance of such Member's Capital Account to zero.

9.6 Articles of Dissolution. On completion of the distribution of Company property and assets as provided herein, the Company is terminated, and the Member (or such other person or persons as the Act may require or permit) shall file articles of dissolution with the appropriate

state agency, cancel any other filings made pursuant to the Act, and take such other actions as may be necessary to terminate the Company.
