

CDC# 21-105 - Orchard Buildings

Project Description:

The purpose of this project is to construct an updated, new retail store for the Orchard Enterprise that can adequately house the various produce and retail operations for the community. The Retail facility is proposed to be developed on a new property, adjacent to the south-eastern side of the Orchard. In addition, this project will look to replace existing storage buildings with an updated machine warehouse and office space to house the facility equipment. The storage building will be constructed on the current site.

Current Status:

The CDC Approval Package is complete:

- ◇ EHS&A Division Director has approved the package.
- ◇ OBC has approved the project..

Engineering is awaiting a Design proposal from Mission Support Services, LLC (MS2). The objective is to execute a Design-Build agreement following completion of various internal approvals.
