Did you know?

- ◆ Unintentional injury is the leading cause of death in children.
- ◆ 90% of these injuries can be prevented.
- ◆ Does your 4- to 6-year-old know the rules that will keep him/her safe?
- ◆ Are those rules followed?

Not all children know the answers. But now they can when you register them in the FREE Oneida Safety Town program. Children will learn safety awareness and prevention in a fun and creative way. This is done under the guidance of certified teachers and trained safety professionals. Children are taught to evaluate “safe from unsafe” and learn how to react safely when confronted with dangerous situations. This program offers a classroom segment and hands on experience in a child sized Safety Town.

“When you’re riding in the car buckle up. Hear your safety belt go snap, across your shoulder and your lap.”
