

ENG# 24-105—Oneida Nation Elementary School Playground ADA Accessibility

Project Description:

The project involves the removal of the existing playground areas at the Oneida Nation Elementary School and replacement with all new equipment, as well as new turf surfacing. The new equipment will include options for each of the different age groups at the School as well as an outdoor classroom, and the new turf surfacing will be ADA accessible.

Current Status:

Lee Recreation, LLC is currently under contract to perform the upgrades. Site preparation work began in August with new equipment installation set to begin in September.

Schedule:

Approvals - complete.

Design - complete.

Bidding - complete.

Construction - Began in August 2024

Substantial Completion - Fall 2024

Project Partners:

Oneida Nation Elementary School, Engineering
