

CIP# 04-022 - Public Transit Garage

Project Description:

Oneida Public Transit will construct a new facility to meet their functional and operational needs. Their current facility fails to meet their needs as it was only intended to be a temporary location. The proposed facility will consist of office space, vehicle storage and wash bay to accommodate the department's space needs.

Oneida Public Transit provides safe, reliable, and affordable public transportation that supports life-long opportunities to strengthen education, well-being, and ts?niyukwalihot^ throughout the Oneida Community.

Architect of Record: Somerville, Inc.
General Contractor: Howard Immel

Current Status:

Current activities consist of: installation of casework, office windows, lobby soffit, mop sinks, portions of epoxy/ tile floor areas, continuing with painting and framing of dumpster enclosure. Engineering is continuing with Construction Administration as necessary.
