Re: Extend Deadline for Use of TCS to Support Learning Recovery—Early Childhood Supplemental Programming (aka Oneida Reads)

Digitally signed by
Jacqueline Smith

-06'00'

The Education & Training Area requests an extension to the current deadline for the Early Childhood Supplemental Programming (TCS) funds.

To date the area has successfully spent down approximately \$500,000 of the original \$2.5 M requested. There are several reasons for the slower pace in spending funds including, most notable, the lack of available third-party consultants to provide intensive tutoring supports in-person. In addition, based on discussion with Oneida DTS, there has been an extended timeline for the data dashboard and other digital projects. A major portion of the funds were to be spent on consulting fees to provide services in the early childhood programs and provide upgrades in access to digital technology resources.

The activities accomplished includes the following:

- E&T Area and School partners Strategic Planning with CESA-7 to prioritize focus and resources to address early education learning setbacks and challenges caused by the pandemic.
- Oneida Reads Launch and associated systems change work initiated with local school districts, early childhood education partners, literacy, and business partners, including the Green Bay Packer Organization.
- Consultants for Oneida early childhood programs to assist in providing additional educational resources in both managerial roles and teaching positions.

- Training for E&T Area Staff in early childhood literacy to meet changes in recent state mandated instructional requirements based on Act 20 (LTRS training provided for Youth Enrichment Services, Childcare, and Head Start staff).
- Oneida Reads family nights and Oneida Reads presentations within the community.
- Reach Out and Read Sponsorship for materials and books for the Oneida Comprehensive Health Division

We have updated the goals along with a new projected budget for early childhood TCS. We are proposing a five (5) year extension to the timeline to spend down the approximate \$2M remaining in the fund.

In addition to providing educational resources and supports for children ages zero (0) to eight (8) years, we are expanding the audience to reach and include school aged children from 4th grade to 12th grade. In our work this past year, we have discovered students in elementary, middle, and high school grades would benefit from additional educational literacy supports to improve “on grade level reading” success.

The planned programming and estimated five (5) year budget include the following:

- **Early Childhood Supportive Educational Services (~\$550,000)**
 - Waterford Family Academy External Consultant
 - Early Literacy (i.e., AIMSweb) Screener to evaluate literacy performance at Head Start
 - Update early childhood software applications and applicable system and equipment upgrades.
 - Early Childhood Consultants for academic and behavioral management programmatic support
- **Early Childhood & School Aged Student Literacy Supports (~\$750,000)**

Extend Deadline for Use of Tribal Contribution Savings to Support Learning Recovery – Oneida Early Childhood Supplemental Programming

Summary

The resolution extends the deadline to conclude the Learning Recovery programming provided for by resolution BC-03-23-22-C for an additional five (5) years.

*Submitted by: Clorissa N. Leeman, Senior Staff Attorney, Legislative Reference Office
 Date: January 13, 2025*

Analysis by the Legislative Reference Office

The Oneida Nation received federal funds through the American Rescue Plan Act of 2021 (ARPA) funds to address matters arising out of the COVID-19 pandemic. The Oneida Business Committee has approved application of ARPA funds to lost revenue and allocation of tribal funds to the ARPA Federal Rescue Funds to investments in the “Lost Revenue” line (ARPA FRF LR) in the Investment Report. The savings from the application of these funds has resulted in tribal funds being placed in the line “Tribal Contribution Savings” in the Investment Report presented in the Treasurer’s Report”

The Oneida Business Committee determined that these funds should be used as set out in resolution BC-06-09-21-B, *Setting Goals for Application of Funding from the American Rescue Plan Act of 2021 to Direct Support to Individuals, Families, Community and the Oneida Nation*, as amended by resolution BC-06-23-21-C, *Amendment # 1 to the American Rescue Plan Act of 2021 Investment Allocation to Direct Membership Assistance*. In resolution BC-06-09-21-B, the Oneida Business Committee identified that the primary applications for the use of ARPA FRF would be to aid members and create tangible benefits related to housing, food sovereignty, education, and culture. In addition, the Oneida Business Committee directed the ARPA FRF to be spread across a three (3) year period in eight (8) specific categories to guide expenditures to meet such primary applications in an informed and transparent manner through the approval of projects by resolution.

After the adoption of resolution BC-06-09-21-B, the Oneida Business Committee received information which indicated that there was a more immediate need to address the pandemic’s twelve (12) to fifteen (15) month negative impact on the membership’s access to jobs, education, healthcare, and housing. The Oneida Business Committee then adopted resolution BC-06-23-21-C, *Amendment # 1 to the American Rescue Plan Act of 2021 Investment Allocation to Direct Membership Assistance*, which amended resolution BC-06-09-21-B to reflect its decision, which, more specifically, was to apply the 45% Direct Membership Assistance payment of three thousand dollars (\$3,000) in the current fiscal year, with any remaining funds after the payment to be allocated in Fiscal Years 2022 and 2023. Additionally, resolution BC-06-23-21-C provided clarification on the eligibility for membership assistance general welfare exclusion payments, application period, obligation, and ability to approve projects across fiscal years; and directed that

the allocations be reviewed at least each fiscal year to determine whether modifications should be made. The work sheet that was attached to resolution BC-06-09-21-B was also deleted by resolution BC-06-23-21-C and replaced with the work sheet attached thereto, entitled, *American Recovery Plan Act – FRF; Lost Revenue; ARPA FRF LR Investments – Updated June 23, 2021*.

The Oneida Business Committee was then presented with recommended amendments to the processes based on implementation of the June 2021 resolutions, application of ARPA FRF through the lost revenue formula, identification of direct use and Tribal Contribution Savings. The Oneida Business Committee reviewed the recommendations and determined that the recommended amendments offer clarification in the processes and provide reporting at intervals that will keep all parties informed on the status of approved projects. The Oneida Business Committee then adopted resolution BC-03-30-22-A, *Updating Tribal Contribution Savings Processes and Allocations*, which superseded the processes identified in Resolve #6 of resolution BC-06-09-21-B, as amended by Resolve #2 of resolution BC-06-23-21-C and adopted a new project approval process which was to be supplemented with needed Standard Operating Procedures approved by the FRF Program Office.

Resolution BC-03-30-22-A had certain responsibilities delegated to the Strategic Planner. For the 2023-2026 term the Oneida Business Committee has removed the Strategic Planner from the approved positions for the support of the Oneida Business Committee. The Oneida Business Committee has identified a need to amend the reporting process and provide the membership reporting on the status of the TC Savings projects funds. Through the adoption of resolution BC-05-22-24-A, Amending BC Resolution 03-30-22-A, *Updating Tribal Contribution Savings Processes and Allocations*, the Oneida Business Committee amends the reporting process identified in resolution BC 03-30-22-A to address reporting by the project owner and the Chief Financial Officer. This resolution also provides that the resolution BC-03-30-22-A updated Tribal Contributions Savings Allocation spreadsheet is the last approved Tribal Contribution Savings Allocation spreadsheet and is attached to this amended BC resolution.

The Oneida Business Committee adopted resolution BC-03-23-22-C, *Obligation to Support Oneida Early Childhood Programs Utilizing Tribal Contribution Savings*, which approved the obligation of funds in the amount of \$2,500,000 from the Tribal Contribution Savings (Education) for the Learning Recovery – Oneida Early Childhood Supplemental Programming, with Jacqueline Smith, Area Manager - Education and Training, assigned as Project Owner. This project was to be concluded by March 31, 2025. Resolution BC-04-26-23-G was exempt from the statement of effect requirement in accordance with resolution BC-07-28-21-L, *Amending Requirement for a Statement of Effect to Exclude Resolutions Obligating ARPA FRF LR Funds for Projects Approved Through the FRF Office*.

This resolution extends the deadline to conclude the Learning Recovery programming provided for by resolution BC-03-23-22-C for an additional five (5) years, and that any funds remaining from the Learning Recovery programming on March 31, 2030, be returned to the Tribal Contribution Savings or its successor.

Conclusion

Adoption of this resolution would not conflict with any of the Nation's laws.

SECTION 2. LEGISLATIVE DEVELOPMENT

- 1
- 2 **A. Background.** The Oneida Life Insurance Plan law was adopted by the Oneida Business Committee in
- 3 August of 2023 through resolution BC-08-23-23-G. The purpose of the Oneida Life Insurance Plan law
- 4 is to the purpose of providing a death benefit through the Oneida Life Insurance Plan for all eligible
- 5 enrolled Oneida Nation members, pursuant to the Oneida General Welfare law. *[10 O.C. 1004.1-1]*. It
- 6 is the policy of the Nation to care for its members and their families even after their death. *[10 O.C.*
- 7 *1004.1-2]*. The Nation seeks to internalize the Oneida Life Insurance Plan process to ensure equitable
- 8 and expedient distribution to designated beneficiaries. *Id.* The General Tribal Council, through
- 9 resolution GTC-01-17-09-B, approved the concept of the Oneida Life Insurance Plan Plus to replace
- 10 the Oneida Burial Fund. *[10 O.C. 1004.1-1(a)]*. The General Tribal Council directed implementation
- 11 of a benefit that pays fifteen thousand dollars (\$15,000) to the designated beneficiary or beneficiaries
- 12 of the deceased Oneida Nation member. *Id.* The payment of death benefits through OLIPP to designated
- 13 beneficiaries of a deceased Oneida Nation member is an exercise of self-governance crucial to the
- 14 Oneida Nation’s sovereignty, and health and welfare of the community. *Id.*
- 15 **B. Request for Amendments.** This item added to the Active Files List on June 5, 2024, at the request of
- 16 the Chief Financial Officer (CFO), Ralinda Ninham-Lamberies. The CFO requested the Legislative
- 17 Operating Committee consider an emergency amendment to the Law to remove section 1004.5-3 which

18 provides that “*the Oneida Trust Enrollment Department shall be notified within one (1) year of the*
 19 *member of the Nation’s death in order to distribute the Oneida Life Insurance Plan benefits to the*
 20 *beneficiary. Oneida Life Insurance Plan claims made beyond the first anniversary of the decedent’s*
 21 *death shall not be processed for distribution.*” Finance provided that recently a member of the Nation
 22 missed the deadline by four (4) days, and there would not be an increase in liability is this provision is
 23 removed due to limited staff availability. The Legislative Operating Committee determined this request
 24 did not meet the standard for emergency legislation provided for in section 109.9-5 of the Legislative
 25 Procedures Act, but decided to add this item to the Active Files List anyways due to the August 20,
 26 2023 Oneida Business Committee motion which directed the Legislative Operating Committee to bring
 27 this Law back for a one (1) year review of its adoption and implementation.

28 **C. One Year Review.** When the Oneida Life Insurance Plan law was adopted in August of 2023, the
 29 Oneida Business Committee also directed that the Oneida Life Insurance Plan law be brought back to
 30 the Legislative Operating Committee in one (1) year for review. On August 26, 2024, the Legislative
 31 Operating Committee meet with the Trust Enrollments Department, Finance, and the Oneida Law
 32 Office to discuss the status of implementation of the Oneida Life Insurance Plan law during its first
 33 year, and to begin discussions on whether any amendments to the law are necessary at this time. The
 34 Legislative Operating Committee accepted the memorandum entitled, *One (1) Year Review of the*
 35 *Oneida Life Insurance Plan Law*, on September 4, 2024. Overall, the Trust Enrollments Department,
 36 Finance, and the Oneida Law Office provided that the implementation of the Oneida Life Insurance
 37 Plan law has been smooth and the law is operating as it was intended. Although the Oneida Life
 38 Insurance Plan law is working as intended, the Legislative Operating Committee was asked by Finance
 39 to consider two (2) areas where amendments to the Oneida Life Insurance Plan law could potentially
 40 result in improvements in how the law is administered: (1) Section 1004.5-2(d) and 1004.6-3: regarding
 41 the requirement that funeral expenses be paid directly to the funeral home first before any remaining
 42 funds are paid to beneficiary; and (2) Section 1004.5-3: regarding the notice of death requirement of
 43 one (1) year. Ultimately, the Legislative Operating Committee decided to pursue amendments to the
 44 Oneida Life Insurance Plan law to address the length of time for the notice of death requirement. In the
 45 one (1) year review the Oneida Trust Enrollment Department provided the following statistics that were
 46 current as of August 29, 2024, to provide some perspective on how the Oneida Life Insurance Plan has
 47 been administered during its first year:

94 **B.** At the time this legislative analysis was developed the following work meetings had been held
95 regarding the development of the amendments to this Law:

96 ■ August 26, 2024: LOC work session with the Oneida Law Office, Finance Administration, Oneida
97 Trust Enrollments Department, and Central Accounting.

98 ■ August 29, 2024: LOC work session.

99 ■ December 4, 2024: LOC work session.

100

101 **SECTION 5. CONTENTS OF THE LEGISLATION**

102 **A. Appeals.** The proposed amendments to the Law add in a new section that addresses appeals. The Law
103 now provides that an individual designated as the beneficiary of a decedent who believes they were
104 wrongfully denied benefits from the Oneida Life Insurance Plan by the Oneida Trust Enrollment
105 Department may appeal the denial of benefits to the Oneida Trust Enrollment Committee, and
106 subsequently any decision made by the Oneida Trust Enrollment Committee regarding the validity of
107 the denial of benefits is final. [10 O.C. 1004.9-1].

108 ■ *Effect.* Although the Legislative Operating Committee is confident in the Oneida Trust Enrollment
109 Department's ability to oversee and manage the Oneida Life Insurance Plan in accordance with this
110 law, they wanted to ensure individuals who believe they were wrongfully denied benefits have a
111 mechanism to have that decision reviewed.

112

113 **SECTION 6. EXISTING LEGISLATION**

114 **A. Related Legislation.** The following laws of the Nation are related to this Law:

115 ■ *Oneida General Welfare Law.* The Oneida General Welfare Law governs how the Nation provides
116 assistance to eligible members on a non-taxable basis, pursuant to the principles of the General
117 Welfare Exclusion to Indian Tribal governmental programs that provide benefits to Tribal
118 members. [10 O.C. 1001.1-1].

119 ■ The Oneida Life Insurance Plan is hereby established as an approved program of the Nation in
120 accordance with the Oneida General Welfare Law. [10 O.C. 1003.4-1]. The Oneida Life
121 Insurance Plan meets the requirements of the General Test as defined in the Oneida General
122 Welfare Law. [10 O.C. 1003.4-2].

123 ■ *Administrative Rulemaking Law.* The Administrative Rulemaking law provides an efficient,
124 effective, and democratic process for enacting and revising administrative rules, to ensure that
125 authorized agencies act in a responsible and consistent manner when enacting and revising
126 administrative rules. [1 O.C. 106.1-2].

127 ■ The Oneida Life Insurance Plan law delegates rulemaking authority to the Oneida Trust
128 Enrollment Department to promulgate rules to govern the administration of the Oneida Life
129 Insurance Plan. [10 O.C. 1004.8-1].

130 ■ Any rules promulgated by the Oneida Trust Enrollment Department must be done in accordance
131 with the process and procedures of the Administrative Rulemaking law.

132

133 **SECTION 7. OTHER CONSIDERATIONS**

134 A. *Fiscal Impact.* Under the Legislative Procedures Act, a fiscal impact statement is required for all
135 legislation except emergency legislation [1 O.C. 109.6-1]. Oneida Business Committee resolution BC-
136 10-28-20-A titled, “*Further Interpretation of ‘Fiscal Impact Statement’ in the Legislative Procedures*
137 *Act,*” provides further clarification on who the Legislative Operating Committee may direct complete
138 a fiscal impact statement at various stages of the legislative process, as well as timeframes for
139 completing the fiscal impact statement.

140 ■ *Conclusion.* On December 27, 2024, the Finance Administration provided the Legislative
141 Operating Committee with a fiscal impact statement.

Implementing Agency	Oneida Trust Enrollment Department	
Estimated time to comply	10 days, in compliance with the Legislative Procedures Act	
Estimated Impact	Current Fiscal Year	10 Year Estimate
Total Estimated Fiscal Impact	No Fiscal Impact	No Fiscal Impact

II. Background

This Law was originally adopted by the Oneida Business Committee on August 23rd of 2023 through resolution BC-08-23-23-G. The purpose of the law is to provide a death to all eligible enrolled Oneida Nation members. It is the policy of the Nation to care for its members and their families even after their death.

According to the Legislative Reference Office (LRO), the proposed amendments to the law are based on the one-year review and include the following.

- Include an appeal section.

III. Methodology and Assumptions

A “Fiscal Impact Statement” means an estimate of the total identifiable fiscal year financial effects associated with legislation and includes startup costs, personnel, office, documentation costs, as well as an estimate of the amount of time necessary for an agency to comply with the Law after implementation.

Finance does NOT identify the source of funding for the estimated cost or allocate any funds to the legislation.

The analysis was completed based on the information provided as of the date of this memo.

IV. Findings

The OLIP process was internalized in 2023. There are no added start-up costs, no increases in personnel are needed, and no increases in office or documentation costs. The law can be implemented in 10 days, in compliance with the Legislative Procedures Act

V. Financial Impact

There is no additional fiscal impact of implementing this legislation.

VI. Recommendation

Finance does not make a recommendation about a course of action in this matter. Rather, it is the purpose of this analysis to disclose the potential fiscal impact of this legislation, so that the Oneida Business Committee and General Tribal Council has the information with which to render a decision.

National Indian Child Care Association

LEADERSHIP INSTITUTE

Hyatt Regency Dulles, Herndon, Virginia

March 11 – 13, 2025

Overview

During the Leadership Institute, Tribal leaders and their child care administrators will be exploring a vision for their early learning services. Together, they will be looking at the expansive opportunities available to create comprehensive supports for their children and families. This early care and education systems building focus will be useful in developing your Tribal CCDF Plans that are due in July of 2025 and this session will provide you with dedicated time with your Tribal leader to strengthen and grow your programs and services. The Institute will be facilitated by experts who are at the forefront of operating their own Tribal child care program.

During some sessions of the Institute, leaders in attendance will also be able to network and engage with their state counterparts in government and advocacy – their own state child care administrators and advocates from their states. These sessions will be held in conjunction with the Administrators-Advocates Convening that is hosted by the Center for Law and Social Policy (CLASP) and the National Women's Law Center (NWLC). These sessions are indicated by joint session in the agenda below.

Additionally, NICCA is gaging interest in scheduling advocacy visits to Capitol Hill. If there is widespread interest, NICCA will schedule these sessions, provide you with our policy agenda, and organize transport to Capitol Hill from Herndon. Site visits will be scheduled for Day Three (after session ends), depending on availability and interest.

This workshop is intended to be guided by you – our experts can work with you directly in any area in which you need to focus.

Re: Travel Request – Teen Summit – WI Dells – Feb 26-28, 2025

Shekóli,

I submitted a proposal to be a presenter for the Teen Summit in Wisconsin Dells February 26-28, 2025. The proposal was approved by the Teen Summit Committee. This is part of the initiative and goal of implementing a youth council at this level. I developed a small team to submit a presentation called “The Oneida Nation Immersive Experience.” This team will consist of Miss Oneida, Jr. Miss Oneida and one young male. I will be the chaperone for two of the individuals.

I am currently co-leading the Youth Council initiative with Vice-Chairman Brandon Yellowbird-Stevens. With this opportunity and experience will bring value to our community of implementing our own Youth Summit here in Oneida. With your support with intent to represent our nation to attend the summit.

Most travel expenses will be covered by the Teen Summit Committee.

Re: Workshop Proposal

Greetings,

I would like to introduce myself. My name is Marlon Skenandore, Oneida Nation Councilman. One of my initiatives is, youth programming and initiatives. I advocate for cultural and community engagement of building leadership skills through and for our youth.

I am proposing a presentation that would give an Oneida Nation Immersive Experience. With the presentation to include:

I. Introduction – 5 min

A. Welcome and land acknowledgement

II. History to Current – 30 min

B. An overview of my government role. One of nine Business Committee members. This is my first term. Each term is a three-year term.

C. How Oneida Nation came about to the state of WI. Describe Oneida Nation is originally from New York. Oneida Nation is one of six nations that make up the Haudenosaunee - Iroquois Confederacy.

D. The game of lacrosse known as the Creator's Game originated from the Haudenosaunee and the importance it is to our community.

E. An overview of breaking down stereotypes of what reservations look like. What to expect when visiting Oneida Nation. Ex. community infrastructure and housing.

F. Food – Restoring traditional ways of food sovereignty. Implementing traditional food practices into the community.

G. Learning about the 3 Clans of Oneida Nation. Wolf, Bear and Turtle make up the 3 clans of the Oneida Nation. Each clan has a role with the community. Wolf – Represent the path finders. Their responsibility is to guide the people in living their lives in the way the Creator intended. Bear – The medicine people, the healers. Turtle – Keepers of the land. With the creation story, earth was created on the back of a turtle.

H. Roles - In alignment with this year's teen summit theme "rEVOLutionary ACTS" the Oneida youth would like to present on how we are aligning our community back to our roots of traditional/ cultural practices that encourage and promote healthy relationships which further go on to foster the relationships we have within ourselves and others as we grow. As young children the relationships we are exposed to become a standard of how our future relationships will turn out. The Oneida Nation has been reimplementing the "rites of passage" ceremonial practice with our youth where they learn about themselves their roles as up and coming men, women, and two spirits of the nation respectfully.

I. Regalia – We will have the youth presenters dressed in full regalia and be able to describe what they are wearing and meaning.

III. Social Dance Earth Songs – 30 min

J. We will also be performing a topic related performance demonstrating a few songs and dance from our culture and encourage the audience to join.

IV. Q & A – 10 min

In conclusion, by understanding our history of presenting the Oneida Nation immersive experience, we learn more and continue to nurture our youths' identities. We increase our ancestral healing process, we heal ourselves and break any traumatic cycles for our next 7 generations, to promote healthier relationships and reduce physical and sexual violence between all roles. Thank you for your time and consideration.

Sincerely,

Marlon Skenandore, Councilman
Oneida Nation

Subject: E-POLL REQUEST: Approve the travel request - Vice-Chairman Brandon Yellowbird-Stevens - Packers Super Bowl Invite - New Orleans, LA - February 7-10, 2025

E-POLL REQUEST

Summary:

Vice-Chairman Stevens has been graciously extended an invite by the Packers to the Super Bowl (Feb 7-10) with all expenses paid for by the Packers. This is a formal request to the Oneida Business Committee for your support of this all expense paid travel. The acceptance of this invite comes with great opportunities to engage directly with the new President and CEO, Ed Policy and more introductions to NFL upper brass. I have some goals for this trip that include, discussing more community engagement and career opportunities for members and youth from the Packers overall. Ensuring we are a priority for the 2025 NFL Draft. Vice-Chairman Stevens has agreed to attend on behalf of the Nation pending official approval.

Justification for E-Poll:

Travel arrangements and acceptance of the invite are time sensitive.

Purpose

Business Committee (BC) action is needed to change the schedule adopted by resolution # BC-11-13-24-K.

If the BC decides to cancel the meeting, correspondence will go out to the organization with notification and instructions for items that need immediate attention due to the canceled meeting. Further correspondence will go to the General Manager regarding the change in the Operational Reports due date.

Requested Action

Approve an exception to resolution # BC-11-13-24-K and cancel the April 23, 2025, regular BC meeting, and move the Operational Reports to the [insert selected meeting date] regular BC meeting.

Town of Oneida

December 12, 2024

Cooperative Governance Agreement Group with Oneida Nation,

On December 11, 2024, the Town of Oneida Board Members discussed the required equipment of air packs and compressor need for the Town of Oneida Volunteer Fire Department at the monthly meeting. Air packs are a self-contained breathing apparatus that the firefighters wear that provide breathable compressed air. It is a critical piece of equipment within the fire department and are crucial to our firefighter's safety and the fire protection they provide to our community. The air packs will not pass the next inspection. The Town Board understands this is not a choice. The Board approved the Fire Chief to go ahead with the purchase of the air packs and compressor as this is required to be compliant and provide fire protection for the Town of Oneida residents. It is disheartening that Oneida Nation has not yet stepped up and proudly provided their support to the Volunteer Fire Department with funding for this required equipment that is needed.

The volunteer fire department is annually funded by the fire department picnic and donations along with a portion of the town budget and service agreement with Oneida Nation. These funds maintain the trucks, equipment and building. The Town of Oneida Volunteer Fire Department provides fire protection at no charge to the residents. Most fire departments have service fees to help fund their department. The required equipment expense of the air packs/compressor goes beyond the annual budgeted amount and yearly expenses.

Town of Oneida, Volunteer Fire Department and Oneida Nation all have applied for various grants the past few years for the air packs/compressor and have been denied. Waiting for grant funding is no longer an option.

The Volunteer Fire department provides fire protection for all of Town of Oneida residents as well as Oneida Nation Schools, library, business and facilities. This is a service that directly impacts all residents in this community and ensures the safety of our firefighters. It is very disappointing for our community that Oneida Nation isn't guaranteeing their funding support. Please recognize the importance of the collaboration of efforts that is needed in order to provide fire protection.

Sincerely,

Town chairman

Scott Schaumburg, Chairman
Town of Oneida
N6593 County Highway H
Oneida, WI 54155

Dear Chairman Schaumburg,

Oneida Nation has received your letter dated December 12, 2024, expressing your disappointment of the Nation's lack of financial commitment to provide funding for the Town of Oneida's Fire Department equipment needs. However, a review of our records identifies that the Nation did not receive an official written request from the Town Board. Had we received a written request for additional funding, it would have been timely presented to the Oneida Business Committee for consideration and discussion of reallocating possible funding sources within our current budget constraints of Oneida Nation.

Under the Nation's Cooperative Governance Agreement with the Town of Oneida, we continue to recognize the importance of the fire department, but we also recognize that the Town collects taxes to ensure that services such as fire services is provided to all Town residents. At the onset of the 2017 Cooperative Governance agreement, the Nation assessed the valuation of our trust land and the taxes that would have been collected by the Town, and it was noted that the agreement payment was approximately double the value of the taxes collected on our trust properties. At this time, based on our Cooperative Governance Agreement, the Nation contributed to the Town's financial need to provide services such as fire protection and road reconstruction. Further, we have exceeded this expectation over the years not only with the agreement payments but also in specific donations for fire related services. At this point, we believe the Town should have been accruing for this expense for several years to avoid this last-minute need, even with the inability to obtain grants to cover these costs.

The Oneida Business Committee acknowledges that provision of fire safety services is an important function of the Town not only to our members, but to everyone living within the Town boundaries. We will consider your December 12, 2024, correspondence as a request for assistance and present it at our January 22, 2025 Business Committee meeting and invite the Town Board to be present.

The Business Committee meeting begins at 8:30 a.m. at the Nobert Hill Center – Business Committee Conference Room located at N7210 Seminary Road Oneida, WI. If you prefer a set time, we would likely be able to accommodate that request. Please contact my assistant Danelle Wilson at dwilson@oneidanation.org or by calling (920) 869-4389. I would also welcome any additional information you would like to provide, such as a revised letter of

request, copy of the quote, fire response statistics, etc. Please note, this discussion will be in open session of our meeting, which much like the Town Board meetings, are open to the public.

The Nation's leadership looks forward to this discussion.

With a Good Mind, a Good Heart, and a Strong Fire,

Tehassi tasi Hill

Town of Oneida

December 12, 2024

Cooperative Governance Agreement Group with Oneida Nation,

On December 11, 2024, the Town of Oneida Board Members discussed the required equipment of air packs and compressor need for the Town of Oneida Volunteer Fire Department at the monthly meeting. Air packs are a self-contained breathing apparatus that the firefighters wear that provide breathable compressed air. It is a critical piece of equipment within the fire department and are crucial to our firefighter's safety and the fire protection they provide to our community. The air packs will not pass the next inspection. The Town Board understands this is not a choice. The Board approved the Fire Chief to go ahead with the purchase of the air packs and compressor as this is required to be compliant and provide fire protection for the Town of Oneida residents. It is disheartening that Oneida Nation has not yet stepped up and proudly provided their support to the Volunteer Fire Department with funding for this required equipment that is needed.

The volunteer fire department is annually funded by the fire department picnic and donations along with a portion of the town budget and service agreement with Oneida Nation. These funds maintain the trucks, equipment and building. The Town of Oneida Volunteer Fire Department provides fire protection at no charge to the residents. Most fire departments have service fees to help fund their department. The required equipment expense of the air packs/compressor goes beyond the annual budgeted amount and yearly expenses.

Town of Oneida, Volunteer Fire Department and Oneida Nation all have applied for various grants the past few years for the air packs/compressor and have been denied. Waiting for grant funding is no longer an option.

The Volunteer Fire department provides fire protection for all of Town of Oneida residents as well as Oneida Nation Schools, library, business and facilities. This is a service that directly impacts all residents in this community and ensures the safety of our firefighters. It is very disappointing for our community that Oneida Nation isn't guaranteeing their funding support. Please recognize the importance of the collaboration of efforts that is needed in order to provide fire protection.

Sincerely,

Town chairman

Scott Schaumburg, Chairman
Town of Oneida
N6593 County Highway H
Oneida, WI 54155

Dear Chairman Schaumburg,

Oneida Nation has received your letter dated December 12, 2024, expressing your disappointment of the Nation's lack of financial commitment to provide funding for the Town of Oneida's Fire Department equipment needs. However, a review of our records identifies that the Nation did not receive an official written request from the Town Board. Had we received a written request for additional funding, it would have been timely presented to the Oneida Business Committee for consideration and discussion of reallocating possible funding sources within our current budget constraints of Oneida Nation.

Under the Nation's Cooperative Governance Agreement with the Town of Oneida, we continue to recognize the importance of the fire department, but we also recognize that the Town collects taxes to ensure that services such as fire services is provided to all Town residents. At the onset of the 2017 Cooperative Governance agreement, the Nation assessed the valuation of our trust land and the taxes that would have been collected by the Town, and it was noted that the agreement payment was approximately double the value of the taxes collected on our trust properties. At this time, based on our Cooperative Governance Agreement, the Nation contributed to the Town's financial need to provide services such as fire protection and road reconstruction. Further, we have exceeded this expectation over the years not only with the agreement payments but also in specific donations for fire related services. At this point, we believe the Town should have been accruing for this expense for several years to avoid this last-minute need, even with the inability to obtain grants to cover these costs.

The Oneida Business Committee acknowledges that provision of fire safety services is an important function of the Town not only to our members, but to everyone living within the Town boundaries. We will consider your December 12, 2024, correspondence as a request for assistance and present it at our January 22, 2025 Business Committee meeting and invite the Town Board to be present.

The Business Committee meeting begins at 8:30 a.m. at the Nobert Hill Center – Business Committee Conference Room located at N7210 Seminary Road Oneida, WI. If you prefer a set time, we would likely be able to accommodate that request. Please contact my assistant Danelle Wilson at dwilson@oneidanation.org or by calling (920) 869-4389. I would also welcome any additional information you would like to provide, such as a revised letter of

request, copy of the quote, fire response statistics, etc. Please note, this discussion will be in open session of our meeting, which much like the Town Board meetings, are open to the public.

The Nation's leadership looks forward to this discussion.

With a Good Mind, a Good Heart, and a Strong Fire,

Tehassi tasi Hill

3. **TOWN OF ONEIDA FIRE DEPARTMENT AND FIRST RESPONDERS.** The Nation recognizes and supports the Town’s commitment to ensure the safety of the entire community through the operation of the Town Fire Department and First Responder program. The Nation and the Town agree the Fire Department and First Responders engage at emergencies involving properties owned by the Nation or tribal members.

In order to assist the Fire Department to be prepared to respond to fire emergencies on commercial properties and apartment complexes and other multi-family units owned and controlled by the Nation and located within the Town, the Nation shall:

FY-2025 1st quarter report

COMPREHENSIVE HOUSING DIVISION

Status report of Outcomes/Goals

1. Which outcome/goal(s) does the Division wish to report on?
2. What metric is being used to measure the outcome/goal?
3. What are the accomplishments (i.e. positives, things for which the Division is proud, brags) have occurred over the reporting period that reflect the Division's progress for reaching the outcome/goal?
4. What can the community expect to see in the future (i.e. 6 months; next year; 18 months) from the Division related to the outcome/ goal?

Outcome/Goal # 1

Improving the quality of and maximizing the most efficient use of current rental stock by:

MEASUREMENT: Re-investment in both federal and general rental units with an emphasis on health & safety. Continued progress on completing a complete scope of work and annual inspection on all 447 units. Implementing Inventory Module system for enhanced tracking, better monitoring of supplies and materials for increased project planning

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

During the first quarter Maintenance and Rehab hired a Sr. Maintenance Tech and another Maintenance Tech at the warehouse. The help from both positions will have an immediate impact on the scope of work provided by CHD. To improve the quality and maximize the most efficient use of current rental stock, it's important that CHD finds the right individuals that want to take initiative into the organization for full potential growth. Continued efforts to implement the Inventory Module for CHD and warehouse staff are priority. We continue to get closer to completion of the process for the Inventory Module and feel within the next two quarters, CHD should have it finalized and in place. The following inspections, work orders and service calls have been completed in the first quarter.

- 10 Annual Inspections
- 17 Electrical service calls completed.
- 615 Work Orders
- 38 HVAC service calls completed.
- 69 Plumbing service calls completed.

Health and Safety continue to be top priority for CHD moving into 2025 as they address home inspections and work orders. This means that when a work order or home inspection is completed, issues surrounding those that affect the health and safety of tenants will be addressed first, leaving other work to be scheduled later. Conducting home inspections again this past fiscal year has created a backlog of work needing to be completed.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

The Maintenance and Rehab area will continue to put an emphasis on the re-investment of both federal and general rental units. Home Inspections for all units will continue to be a priority so that the backlog of work needing to be performed in units can be worked on and addressed. When the Inventory Module reaches completion, CHD will have a more efficient process for maximizing materials leading to more project completions.

Outcome/Goal # 2

Working to provide an appropriate mix of all affordable housing types to tribal members as defined through a Housing Needs Assessment by:

MEASUREMENT: Creating a 3–5-year Development Plan. Researching, evaluating, and applying when needed for appropriate funding opportunities to coincide with Housing Needs Assessment. Collaborating with various areas such as Finance, Land Commission & GTC to identify solutions to the national housing crisis that affect our Nation.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

CHD is in the final stages of completion working with St. Norbert College on the Housing Needs Assessment. Over the past two months CHD and St. Norbert College have been creating a list of “right” questions for the assessment to capture enough information for us to finalize the assessment. This assessment will make it easier to make strategic decisions and a 3-5 year Development plan. It will also assist CHD to gain a better understanding of the different housing needs and situations of our people. Once CHD retrieves and dissects the data provided by the community, CHD will then be able to target areas that might be neglected.

CHD is also working with Kane PR firm to help develop strategies to better reach our community members. With so much disinformation surrounding housing and its perception, we outsourced with an already established tribal partnership Kane Communications Group, to help CHD collect data and use it for marketing purposes. CHD aims to form and shape a new perception of Comprehensive Housing with the PR help of Kane Communications Group.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

CHD will continue to keep working with internal and external entities to grow the everlasting impression and viewpoint of CHD.

Outcome/Goal # 3

Empower tenants, lessees & tribal members to live healthier more sustainable lives by:

MEASUREMENT: Providing assistance through education & creating awareness surrounding living conditions. Creating training programs that allow tribal members the opportunity to grow. Being a socially responsible landlord by holding tribal members accountable in scenarios that are inhibiting the health and safety of not only themselves but their community.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

Through efforts made by Resident Services Specialists, Tenant Support Specialist and Maintenance & Rehab tutorial videos, information and resources are shared with rental tenants with the intention of guiding them toward healthier, more sustainable household environments, and lifestyles in general. Tools like Good Things to Know informational sheets, informational/tutorial videos, CHD Facebook page posts, and the recent launch of the CHD Rental Tenant Handbook, provide tenants with valuable information to promote healthier and safer living. Within FY 2025, in combination with the onboarding of new staff and the recent launch of the CHD Tenant Rental Handbook, we will also will be launching handbook roundtable discussions, focusing on the topics within the handbook and allowing ample time for questions and answers related to the topics. These efforts are enhanced with the continued community outreach from Community Involvement Coordinators at CHD's Flying Leaf and Three Sisters community buildings.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

CHD will continue to collaborate with other divisions to enhance training opportunities. Community Outreach continues to plan activities with Alexis Woelfel on community events.

FY-2025 1st quarter report

DPW (DEPARTMENT OF PUBLIC WORKS)

Status report of Outcomes/Goals

1. Which outcome/goal(s) does the Division wish to report on?
2. What metric is being used to measure the outcome/goal?
3. What are the accomplishments (i.e. positives, things for which the Division is proud, brags) have occurred over the reporting period that reflect the Division's progress for reaching the outcome/goal?
4. What can the community expect to see in the future (i.e. 6 months; next year; 18 months) from the Division related to the outcome/ goal?

Outcome/Goal # 1

UPDATING & EXPANDING TECHNOLOGY:

Technology will be brought current, systems will be connected/ data shared, technology will align with functional need.

MEASUREMENT:

1. Adoption rate of staff – By implementing better technology we expect an efficiency benefit to staff as well as improved data capture which should encourage technology adoption.
2. Improved data outputs – An increase in the available reports and more accurate data.
3. Reduced administration – Incorporating automation and artificial intelligence to assist with tasks such as scheduling, and communication should significantly reduce administration.
4. Improved attraction and retention – Using the right tools will attract younger employees that expect to use modern technology in their work. Efficient and easy systems will encourage retention as well.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

Public Works hired Daniel Habeck in November to assist with identifying and implementing technology needs. His initial major focus is the assessment of the current facilities management tool, Archibus. Dan has been working with Peter Skenandore in DTS gathering and assessing user needs for this tool.

Several challenges exist with this project. This tool is unique in that it is used by many areas across the organization and needs to fit us all. The project will require significant effort to coordinate as well, which could affect the timeline. While Peter will advocate for the project, it will be up to the Project Management Office (PMO) in DTS to determine the availability of their resources. Public Works is hopeful we will be able to produce a request for proposal and choose a product and vendor for the project in FY25 and implementation in FY26.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

1. Identify current technology needs and outcomes.
2. Coordinate with DTS and stakeholders to validate needs and establish phases and timelines to implement needed technologies.
3. Establish implementation plan.
4. Measure outcomes for the various technology changes.

Outcome/Goal # 2

ANALYZING, ENGAGING, AND COMMUNICATING DIVISION BRAND IDENTITY

MEASUREMENT:

1. Customers Relations Improved – The number of customer complaints will be reduced as customer have a better understanding of services we provide. Metric - Customer response.
2. More efficient operation – Internal and external customers will work with us as partners as we increase trust and transparency. Metric – Engagement.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

During the first quarter, Public Works held a community meeting about our parks and had several articles published in the Kalihwisaks. Some items featured included:

- An introduction to Public Works with FAQs
- Reopening Three Sister's Park
- New lighting on the Oneida Bridge
- A donated mobile emergency weather siren from Outagamie

Public Works updated all its pages on the Nation's website. Internally, Public Works management have ongoing discussions about creating ownership and partnership and what those ideas mean.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

1. Create an inventory of services and customers of the services.
2. Communicate the services using appropriate communication channels and methods.
3. Provide consistent services and quality of service to all customers.
4. Promote partnership and teamwork as core values of Public Works.

Outcome/Goal # 3

ESTABLISHING A WORKFORCE PLAN AND DEVELOPING EMPLOYEES

MEASUREMENT:

1. Positions are filled. Metric: Number of filled vs unfilled positions.
2. Staff are qualified and can support vacancies. Metric: Development plans are in place.
3. Departments will be able to address future needs due to changes and retirements. Metric: Strategic Plans and Succession Plans are in place.
4. Staff are engaged and committed to their personal development. Metric: Tie employee development to their compensation.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

Public Works is a dynamic area to be in. Many of the people in this division have been here 20 to 30 years. The aging workforce has created an interesting situation because for the first time in as many years managers are trying to attract young talent and teach the young people all the past knowledge. They also must teach new ways using new technologies. This is a learning experience for our managers.

Another challenge is we have a lot of talent in Public Works. The challenge with high talent is everyone wants the people on their team. Retention can be challenging. This quarter we lost our Operations Analyst to the OBC. While I am glad, he will be making a stronger contribution to the Nation, DPW will miss the work he was doing. On a more positive note, our Executive Assistant has completed her first 90 days, and our new technology position person completed their 6-week evaluation. To top off the good news, we have finally found a new person for our Safety Coordinator position.

In January, we will be sitting down to create some development goals for some positions. We hope to tie these goals compensation. The compensation will be based upon achieving predefined milestones that include experience (time), performance (skills and abilities demonstrated), and education requirements (completed degrees, training, and certifications).

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

1. Continue to look at our vision of the future for each area and how Public Works will prepare for that future.
2. Provide position specific development opportunities including development for future advancement opportunities.
3. Provide soft skills and leadership development opportunities for all employees that promote the Oneida Core values and positive work culture.
4. Provide technical training for new technologies as they are implemented.

Outcome/Goal # 1

Early Childhood Goal: Support kindergarten readiness through curricula focused on cognitive, social-emotional, and physical domains.

Programs Working on Outcome:

- Child Care
- Head Start/Early Head Start

MEASUREMENT:

Child Care

- ASQ results from parents
- Re-introduction of Teaching Strategies Gold (Ready Rosy)

Head Start/Early Head Start

All Head Start/Early Head Start (HS/EHS) children's progress are tracked in an early education teaching database. Classrooms use Teaching Strategies Gold and Childplus software to track classroom and parental interactions. The below scores are being tracked for students to measure progress through the school year.

First quarter scores for Head Start Kindergarten Readiness skills. We see above average for “meets Expectations: with Social-Emotional, Physical, Language and Cognitive skills across the board. Literacy and Mathematics are the two areas all the students could increase at, as we see a lot of students early into the school year at “Below Expectations.”

Attendance is a factor of focus this school year as we work to have an average daily attendance of Head Start and Early Head Start student over the target goal of 90% adequately. We started off strong in the school year with an average of 94% and moving slightly down to 87%.

EHS had 5 total student and 3 out of 5 students had good attendance for the first quarter.

EHS had 5 total students and 3 out of 5 students had good attendance for the first quarter.

EHS home visiting program delivered 189 home visits during the first quarter to 29 student and families and provided 24 group socialization experiences.

86 children were served through the first quarter in 5 Head Start Classrooms and 1 Early Head Start classroom. There were 10,173 meals served to HS/EHS students.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

Child Care

ASQ access documents were distributed to parents via physical copies.

Head Start/Early Head Start

An average of 61% of students meet expectations for kindergarten readiness across all domains. Focus will be placed on increasing scores in Literacy and Math as an average of 38% of students Meet Expectation but 62% of these students are Below Expectation to being eh school year. Our goal for second quarter will be to increase by 10% in Math and Literacy scores.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

Child Care

A new director was hired in October 2024 for the Oneida Airport Road childcare program upon Joanne King's retirement. Joshua Cornelius, Oneida Childcare Director is attending training in Teaching Strategies Gold, the current software application used by the program. Childcare continues to develop online ASQ resources with the local Help Me Grow Navigator.

Head Start/Early Head Start

HS/EHS will work with our Education T&TA Specialist to continue training in Literacy, Math and Cognitive domains. Collaboration with Oneida Behavioral Health will continue for the Social-Emotional domain and Campfire Coaching began in late October the HS staff. Student attendance will be monitored as there is a high correlation between student performance in meeting expectations and regular school attendance.

Outcome/Goal # 2

Implement Individual Education Plans (IEP's) for children with educational disabilities.

Programs Working on Outcome:

- Early Intervention
- Head Start/Early Head Start

MEASUREMENT:

Early Intervention

90% of preschoolers who complete Head Start & FACE make successful IEP transitions to Tribal or Public Special Education Programs.

Head Start/Early Head Start

At the start of the 2024-2025 school year, Oneida Head Start had several referrals submitted for services. Early Intervention conducted the assessments. At this time, the number of Individual Education Plans (IEP) are sixteen (16) students in Head Start, fourteen (14) at Early Intervention, one (1) with Seymour School District, one (1) with Green Bay School District and nine (9) students with referrals.

For the first quarter, Early Head Start (EHS) had two (2) children with an Individual Family Service Plan (IFSP) with Brown County Birth to 3; one (1) child IFSP working with Brown County Birth to 3 and Early Intervention, and two (2) children in the evaluation process.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

Early Intervention

The children who entered kindergarten this year had all their files sent out to public or tribal school as requested. Early Intervention has also accepted three (3) students from other school districts: Seymour, Pulaski, and Green Bay. These student's IEPs were accepted and the children are currently receiving services from Early Intervention (OEI) staff.

All 1st quarter progress reports have gone out for the students. OEI staff continue to screen, evaluate, and provide services to disabled children at Head Start, FACE, Childcare and the Early Intervention Cottage.

Head Start/Early Head Start

HS/EHS continue to work collaboratively with Early Intervention to refer children with suspected education delays/disabilities for evaluation. One (1) student in Early Head Start was referred to Early Intervention in the first quarter for further evaluation.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

Early Intervention

Continue to provide quality preschool services for our tribal population so that pre-school children can make a smooth transition to Tribal or Public Special Education School programs.

Early Intervention started Triple P Parenting in October 2024. The program continues to collaborate with the Oneida Library and Health Center for Child Find Events. The program provides books for Oneida programs and events with two hundred (200) books donated to Oneida Retail for their employee Christmas bags.

Head Start/Early Head Start

Oneida Early Intervention provides speech, occupational and physical therapy services to enrolled HS/EHS students with delays/disabilities or the program refers students to the local school districts if the needs of the child exceed what OEI can offer. Continued identification and assessment of children suspected of having delays or disabilities is ongoing. HS/EHS staff will individualize lesson planning for students on an IEP/IFSP.

Status report of Outcomes/Goals

1. Which outcome/goal(s) does the Division wish to report on?
2. What metric is being used to measure the outcome/goal?
3. What are the accomplishments (i.e. positives, things for which the Division is proud, brags) have occurred over the reporting period that reflect the Division's progress for reaching the outcome/goal?
4. What can the community expect to see in the future (i.e. 6 months; next year; 18 months) from the Division related to the outcome/ goal?

Outcome/Goal # 1

Continuous review and improvement of current programming while also creating new programming based on community demand, to provide services to more of the community.

Promoting Positive Community Relations

MEASUREMENT:

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

- Radio interview with WORT (Madison radio station) about the Oneida Bird Survey.
- Hosted an Elder Birding event.
- Provided information to the community about pet licensing requirements.
- ONF and the Cannery completed their participation in the 2024 Feeding Tribal Elder Food Box program. The Cannery sourced almost 14,000 units of various products (canned goods, tea kits, etc), for a total of almost \$125,000 in revenue. The Oneida Nation Farm sourced over 12,000 pounds of meat to the program with a total of almost

\$95,000 in revenue. The program coordinated with the WPP program to provide food box demonstrations that were a hit. The feedback received from the participants were quite incredible.

- WPP completed it's last elder food box cooking demo on September 20, providing a total of 6 cooking demos (to 50 adults and 2 children) in Oneida throughout the summer. At the request of SEOTS, WPP also provided elder food box cooking demos to 14 elders at the SEOTS location. Data was collected throughout the program, via survey and observation. As a result of TEFB cooking demos,

- 100% reported they felt more confident to cook items in their food box as a result of the cooking demos.

- Facebook Comment: "it's amazing that you have this service. I've attended a few of your classes and have learned more than I expected. Your knowledge of food was astonishing and gave everyone so much information. It shows that you really care about helping people nourish themselves! Like you've said "FOOD IS MEDICINE. Thank you for caring so much."

- Orchard-Processed 107 hens this winter with 20 hens being housed over winter to be adopted by community members that completed a "raising chickens 101" course this fall. The hens were processed at certified organic processing facility with a USDA inspector on site. Over 340 pounds of toxin free, highly nutrient dense protein went to the Oneida Pantry and for sale in the retail house.

- Tsyunhehkwa successfully held the White Corn Harvest & Husking Bee, Education Days, and White Corn Volunteer Harvest Days.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

- Apply for a grant to continue the Elder Birding Event to secure an UTV to assist with mobility.

- Continue to offer food handling and safety certifications to support community development. Develop a community outreach plan for the assessment, reuse and redevelopment of recently purchased properties with environmental concerns.

- As a result of program eval, we have been able to see more into the unique needs of our community when it comes to food, connectedness, and general wellness needs.

- On October 12th, WPP in partnership with Skenandore Farm LLC, provided a 'Raising Chickens 101' workshop. The event had a total of 8 tribal participants. As a result of the workshop, all 8 participants now plan on raising their own chickens. Plans are currently underway to provide a follow-up workshop in the Spring where participants will assemble a chicken coop. The following are examples of feedback following the event:

- "This was such an excellent experience. Our tribe should actually do more events like this."

- "I know what will be in my chickens, such as chemicals, etc. I'll be able to grow my own food and be able to share with family and friends."

- "We as Oneidas have the ability to raise our own food, feed ourselves and others,

and continue to sustain our traditional practices for future generations coming."

- "Food sovereignty in my opinion is be able to provide, raise and sustain a food supply to provide for" "your family & community. And to be able to teach others and the younger generations."

- On October 24, WPP provided a presentation to Oneida Behavioral Health (as an in-service staff development activity) titled 'Mending the Disconnect with Food'. 25 staff members attended in person with around 10 people attending virtually. Following the presentation, participants were asked to complete a survey. Here is what we found:

- All 100% reported they would like to see "food as medicine" initiatives (prescriptive food boxes, herbal remedies, etc.) incorporated into the services at Oneida Behavioral Health.

- In November, 9th grade students from Oneida High School had a chance to participate in programming offered collaboratively by WPP and Oneida WIC nutritionist, Brianna. Students learned about history of indigenous diet, food safety, food preparation methods, knife skills, healthy cooking techniques. Students ended the week by preparing a healthy meal. At the completion of the week, students completed surveys with one student answering the following: If there was one thing I could change about dinner time, it would be: to eat together as a family. Data continues to reveal how important it is for connection. Keeping in mind we had small sample size, 40% reported that most meals are eaten at the table but no one's talking. 20% of meals are eaten in front of TV, 20% reported most of the meals are on the go or out to eat, and 40% reported that most of the meals are eaten separately.

- In general, from our community wide eval, we are finding a real need to increase small scale community led projects to address the need of connecting with family, community, and culture via our food pathways. We expect and are finalizing the 2025 programming schedule to fit these needs, offering educational workshops, community gardens, take home agriculture opportunities, etc. that address these needs specifically.

- Tsyunhehkwa plans to continue to lead in Agriculture and Regenerative activities to better health for our membership and environment.

FY-2025 1st quarter report

GRANTS OFFICE

GENERAL MANAGER

Status report of Outcomes/Goals

Outcome/Goal # 1

Enhance tribal services/programs with external grant funding of at least \$5 million per year.

MEASUREMENT: Metric used to measure is our excel spreadsheet of funded, denied, and pending grants which shows we are far exceeding our goal of \$5 million per the year, as we are almost triple that goal already in this first quarter!

TOTAL: 2024	\$16,392,933.00	\$11,433,968.00	\$36,106,167.00
	FUNDED	DENIED	PENDING
TOTAL: 2025	\$14,305,557.00	\$150,000.00	\$25,300,428.00
TOTAL: 2026			
TOTAL: 2027			

2025	\$14,305,557.00
2026	\$0.00
2027	\$0.00
2028	\$0.00
2029	\$0.00
5 Year TOTAL:	\$14,305,557.00

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

Of this amount above, over \$10 million was new funding not received last year.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

The community has benefits from a wide array of new and/or expanded programming or services throughout the Nation. With the hiring of another Grants Specialist, the Grants Office will continue to do our jobs to the best of our abilities with the utmost integrity. We have proven to be greatly beneficial to the Oneida Nation for many years. The Grants Office hails over 77 years of experience with only the current 4 staff - Cheryl/34years; Marsha/29 years; Don/12 years' Anna/3 years.

Outcome/Goal # 2

To increase Oneida Nation staff knowledge by providing grants training to programs/departments in need.

MEASUREMENT: The measurement for this goal will be seasoned and new program staff having the knowledge to research, plan, and develop narratives and budgets with assistance from the Grants Office staff.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

The Grants Office is currently working on our on-line training modules/documents. We continue to work with HRD on our Succession Plan that will provide for a plan to fill our positions as we retire within the next few years.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

We will develop on-line training modules or presentations that focus on the on-line grant applications, submissions, and reporting to assist programs in their grant writing activities. Multiple on-line systems are used and are continually being updated. These systems can be confusing, and we are training new program staff, therefore with only 4 staff (one in training) this has been pushed back.

Outcome/Goal # 3

Provide administrative services to programs as they work through their grant programs, including modification, extensions, and progress report.

MEASUREMENT: We will look at what needs to be developed to track grant reporting and administrative activities throughout the grant process from start to finish.

ACCOMPLISHMENTS RELATED TO THE OUTCOME/GOAL:

Federal agencies have asked that we limit our access to our online systems to a few people to avoid technical difficulties occurring with multiple staff having access. The Grants Office will be the only program to oversee online granting systems. A full process, flow chart, and SOPs are currently being worked on to be sent out to Supervisors soon.

EXPECTATIONS/FUTURE PLANS REGARDING THE OUTCOME/GOAL:

Working with programs on the administrative part of a grant can take a large part of our worktime, however these activities are connected with online systems in which the Grants Office may have the only access to. We work closely with grant programs to assure our grants stay in compliance along with our regular workloads.

Statement of Effect

Petition: S. Benton -Move ONAP under Tourism or Community Development

Summary

This petition requests the General Tribal Council to consider moving the Oneida Nation Arts Program along with its budget, assets, and infrastructure from the Human Services Division to either the Tourism or Community Development.

Submitted by: Clorissa N. Leeman, Senior Staff Attorney, Legislative Reference Office

Date: January 15, 2025

Analysis by the Legislative Reference Office

On November 22, 2024, the Petition: S. Benton – Move Oneida Nation Art Program under Tourism or Community Development (“the Petition”) was submitted to the Government Administrative Office by Sherrole Benton and has since been verified by the Oneida Trust Enrollment Department on November 25, 2024. On December 11, 2024, the Oneida Business Committee acknowledged receipt of the Petition and directed the Legislative Reference Offices to complete a statement of effect with status updates to be submitted for the January 22, 2025, regular Business Committee meeting agenda and the first Business Committee meeting of the month thereafter or until the final documents are submitted. On December 18, 2024, the Legislative Operating Committee added the Petition to the Active Files List to be worked on by the Legislative Reference Office.

The purpose of this Petition is to call a special meeting of the General Tribal Council to consider the following:

Move the Oneida Nation Arts Program (ONAP) along with its budget, assets, and infrastructure from the Human Services Division to either the Tourism or Community Development. ONAP isn't as social service program. By integrating ONAP into the Community Development or Tourism Division, we can create a more vibrant, economically robust, and attractive region for both residents and visitors. Currently, ONAP is understaffed. By moving ONAP into a different division, there would be better administrative support, shared resources, sand partnerships, so ONAP could operate more efficiently and cost-effectively. ONAP has the potential to develop professional artists, improve quality of life, boost our local tourism economy, and establish our region as a cultural destination for tourists and in turn boost our tourism economy. ONAP also has the potential to spearhead the

development of an “arts district” that would feature public spaces for the arts such as exhibition and gallery spaces, performance venues, and public art installations like murals, sculptures, and arts related special events.

All applicable laws and policies of the Nation were reviewed in developing this statement of effect for the Petition.

The Petition’s directive that the Oneida Nation Arts Program’s placement within the Nation’s organization be moved would not have any impacts on legislation of the Nation. There are no laws of the Nation that govern how the Nation organizes its various programs. The Oneida Nation Arts Program – Dollar for Arts Project Policies does reference the Oneida Nation Arts Program, but only in regard to its responsibilities for the Dollars for Arts Project Awards and Fellowships, and not in regard to its placement within the Nation’s organizational structure. [1 O.C. 128].

Conclusion

After a review of all applicable laws and policies of the Nation, it has been determined that the adoption of the S. Benton – Move Oneida Nation Art Program under Tourism or Community Development would not result in a legislative impact.

Requested Action
