ONEIDA NATION
GROUP HEALTH BENEFIT PLAN
SUMMARY PLAN DESCRIPTION
INTRODUCTION

The purpose of this document is to provide You and Your covered Dependents, if any, with summary information on benefits available under this Plan as well as information on a Covered Person's rights and obligations under the ONEIDA NATION Health Benefit Plan (the "Plan"). [This Health Benefit Plan \("Plan"\) is a component benefit plan of the Oneida Nation Enterprise Group Welfare Plan wraparound plan number 501 \("Plan Document"\).](#) The Plan Document of the Oneida Nation Enterprise Group Welfare Plan is available upon request as outlined in the Statement of ERISA Rights section of this booklet. This document summarizes the benefits and limitations of the Plan and is known as a Summary Plan Description ("SPD"). It is being furnished to you in accordance with ERISA. As a valued Employee of ONEIDA NATION, we are pleased to sponsor this Plan to provide benefits that can help meet Your health care needs. Please read this document carefully and contact Your Human Resources or Personnel office if You have questions.

ONEIDA NATION is named the Plan Administrator for this Plan. The Plan Administrator has retained the services of independent Third-Party Administrators to process claims and handle other duties for this self-funded Plan. The Third-Party Administrators for this Plan are UMR, Inc. (hereinafter "UMR") for medical claims, and RxBenefits for pharmacy claims. The Third-Party Administrators do not assume liability for benefits payable under this Plan, as they are solely claims paying agents for the Plan Administrator.

The employer assumes the sole responsibility for funding the Plan benefits out of [a self-funded health plan account](#); however, Employees help cover some of the costs of covered benefits through contributions, Deductibles, out-of-pocket, and Plan Participation amounts as described in the Schedule of Benefits. All claim payments and reimbursements are paid out of the [self-funded health plan account](#) of the employer and there is no separate fund that is used to pay promised benefits. The Plan is intended to comply with and be governed by the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments.

Some of the terms used in this document begin with a capital letter, even though the term normally would not be capitalized. These terms have special meaning under the Plan. Most terms will be listed in the Glossary of Terms, but some terms are defined within the provision the term is used. Becoming familiar with the terms defined in the Glossary will help to better understand the provisions of this Plan.

Individuals covered under this Plan will be receiving an identification card to present to the provider whenever services are received. On the back of this card are phone numbers to call in case of questions or problems.

This document becomes effective on June 1, 2008.

OUT-OF-POCKET EXPENSES AND MAXIMUMS

CO-PAYS

A Co-pay is the amount that the Covered Person must pay to the provider each time certain services are received. Co-pays do not apply toward satisfaction of Deductibles or out-of-network out-of-pocket maximums. The Co-pay and out-of-pocket maximum are shown on the Schedule of Benefits.

DEDUCTIBLES

Deductible refers to an amount of money paid once a Plan Year by the Covered Person before any Covered Expenses are paid by this Plan. A Deductible applies to each Covered Person up to a family Deductible limit. When a new Plan Year begins, a new Deductible must be satisfied.

Deductible amounts are shown on the Schedule of Benefits.

Pharmacy expenses do not count toward meeting the Deductible of this Plan. The Deductible amounts that the Covered Person incurs for Covered Expenses will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the applicable benefit level's total individual and family Deductible.

If You have family coverage, any combination of covered family members can help meet the maximum family Deductible, up to each person's individual Deductible amount.

PLAN PARTICIPATION

Plan Participation means that, after the Covered Person satisfies the Deductible, the Covered Person and the Plan each pay a percentage of the Covered Expenses until the Covered Person's (or family's, if applicable) annual out-of-pocket maximum is reached. The Plan Participation rate is shown on the Schedule of Benefits. The Covered Person will be responsible for paying any remaining charges due to the provider after the Plan has paid its portion of the Covered Expense, subject to the Plan's maximum fee schedule, Negotiated Rate, or Usual and Customary amounts as applicable. Once the annual out-of-pocket maximum has been satisfied, the Plan will pay 100% of the Covered Expense for the remainder of the Plan Year.

Any payment for an expense that is not covered under this Plan will be the Covered Person's responsibility.

ANNUAL OUT-OF-POCKET MAXIMUMS

The annual out-of-pocket maximum is shown on the Schedule of Benefits. Amounts the Covered Person incurs for Covered Expenses, such as the Deductible, Co-pays if applicable, and any Plan Participation expense, will be used to satisfy the Covered Person's (or family's, if applicable) annual in-network and out-of-network out-of-pocket maximum(s). Pharmacy expenses that the Covered Person incurs apply toward the out-of-pocket maximum of this Plan.

The following will not be used to meet the out-of-pocket maximums:

- Penalties, legal fees and interest charged by a provider.
- Expenses for excluded services.
- Any charges above the limits specified elsewhere in this document.
- Expenses Incurred as a result of failure to comply with prior authorization requirements.
- Any amounts over the Recognized Amount, Usual and Customary amount, Negotiated Rate, or established fee schedule that this Plan pays.

The eligible out-of-pocket expenses that the Covered Person incurs at all benefit levels (whether Incurred at an in-network or out-of-network provider) will be used to satisfy the total out-of-pocket maximum.

NO FORGIVENESS OF OUT-OF-POCKET EXPENSES

The Covered Person is required to pay the out-of-pocket expenses (including Deductibles, Co-pays or required Plan Participation) under the terms of this Plan. The requirement that You and Your Dependent(s) pay the applicable out-of-pocket expenses cannot be waived by a provider under any “fee forgiveness”, “not out-of-pocket” or similar arrangement. If a provider waives the required out-of-pocket expenses, the Covered Person’s claim may be denied, and the Covered Person will be responsible for payment of the entire claim. The claim(s) may be reconsidered if the Covered Person provides satisfactory proof that he or she paid the out-of-pocket expenses under the terms of this Plan.

ELIGIBILITY AND ENROLLMENT

ELIGIBILITY AND ENROLLMENT PROCEDURES

You are responsible for enrolling in the manner and form prescribed by Your employer. The Plan's eligibility and enrollment procedures include administrative safeguards and processes designed to ensure and verify that eligibility and enrollment determinations are made in accordance with the Plan. The Plan may request documentation from You or Your dependents in order to make these determinations. The coverage choices that will be offered to You will be the same choices offered to other similarly situated Employees.

This Plan is intended to meet all applicable requirements of ERISA and other federal regulations. In the event an unforeseen or unanticipated situation occurs, this Plan will comply with all new or emergency regulations which may be imposed by law due to the event. If that occurs, the Plan reserves the right to use Its discretion in interpreting the application of the eligibility and enrollment provisions of this Plan.

For the purposes of this Plan when stated hereafter, the terms layoff and furlough are collectively referred to as layoff.

COVERAGE APPLICATION DUE

For newly hired employees, applications for Plan coverage are due by no later than 75 days from date of hire.

Applications for coverage due to a change in status or due to a qualifying event must be received within 30 days from the change of status or qualifying event.

Applications for coverage received after 30 days are addressed elsewhere in this Plan.

WAITING PERIOD

If eligible, You must complete a Waiting Period before coverage becomes effective for You and Your Dependents. A Waiting Period is a period of time that must pass before an Employee or Dependent becomes eligible for coverage under the terms of this Plan.

You are eligible for coverage on the date listed below under the Effective Date section, upon completion of 90 calendar days of regular employment.

The start of Your Waiting Period is the first full day of employment.

If Your employment is terminated, and You were eligible for coverage or covered at the time of Your termination, and You return to employment within 13 weeks and are eligible for coverage, You will have no waiting period.

If You are in a layoff status and were eligible for coverage or covered at the time of the layoff and are called back to work within 12 months and are eligible for coverage, You will have no waiting period.

ELIGIBILITY REQUIREMENTS

An **eligible Employee** is a person who is classified by the employer on both payroll and personnel records as an Employee who regularly works full time 30 or more hours per week, but for purposes of this Plan, it does not include the following classifications of workers as determined by the employer in its sole discretion:

- Leased, [emergency temporary, part-time \(under 30 hours\), substitute relief, seasonal and retired employees](#).
- [Employees working more than one non-full-time position are not eligible for medical coverage](#).
- An Independent Contractor who signs an agreement with the employer as an Independent Contractor or other Independent Contractors as defined in this document.
- A consultant who is paid on other than a regular wage or salary by the employer.
- A member of the employer's Board of Directors, an owner, partner, or officer, unless engaged in the conduct of the business on a full-time regular basis.

For purposes of this Plan, eligibility requirements are used only to determine a person's initial eligibility for coverage under this Plan. An Employee may retain eligibility for coverage under this Plan if the Employee is temporarily absent on an approved leave of absence, which may be combined with the employer's short-term disability policy, with the expectation of returning to work following the approved leave as determined by the employer's leave policy, provided that contributions continue to be paid on a timely basis. COBRA is not applicable until short-term disability is exhausted. Employees who meet eligibility requirements during a measurement period as required by the Affordable Care Act (ACA) regulations will be deemed to have met the eligibility requirements for the corresponding coverage period as required by the ACA regulations. The employer's classification of an individual is conclusive and binding for purposes of determining eligibility under this Plan. No reclassification of a person's status, for any reason, by a third party, whether by a court, governmental agency, or otherwise, without regard to whether or not the employer agrees to such reclassification, will change a person's eligibility for benefits.

[If both spouses are employed by the Oneida Nation and are eligible for coverage, one or the other spouse may enroll in coverage and the other spouse may be a Dependent. Spouses may not enroll separately. For employees who are enrolled separately, this is effective 1/1/2022.](#)

An **eligible Dependent** includes:

- Your [legally married](#) spouse, as defined by the state in which You reside, provided he or she is not covered as an Employee under this Plan. For purposes of eligibility under this Plan, a legal spouse does not include a Common-Law Marriage spouse, even if such partnership is recognized as a legal marriage in the state in which the couple resides. [Documentation to determine Dependent eligibility will be required](#) by the Plan Administrator.
- [Primary coverage under this Plan is not available to the spouse of an eligible Employee if the spouse is eligible for health coverage through his or her own employer. If a spouse who is eligible for coverage under his/her employer plan, has declined coverage at any time under his/her employer plan, and is deemed not eligible for coverage under an employer plan until the employer's next open enrollment, a spouse is not eligible for primary coverage under the Nation's Plan. If a spouse loses primary coverage eligibility, i.e., has a qualifying event, the spouse may be eligible for primary coverage under the Nation's Plan. If a spouse owns a business, in whole or in part, which offers health insurance to its Employees, that spouse is not eligible for primary coverage under the Nation's plan. Healthcare coverage based on services rendered at specific facilities \(Ex: Veteran Affairs Facilities\) is not considered health insurance coverage for the purposes of this provision. As defined under the Affordable Care Act, Minimal Essential Coverage \(MEC\) provided through an employer is deemed Other Insurance by this Plan. A spouse who is provided MEC by his/her employer is not eligible for primary coverage under this Plan. Secondary coverage may be available to the spouse of an eligible Employee after primary coverage is provided by a spouse's employer or owned business.](#)

- A Dependent Child until the Child reaches his or her 26th birthday. The term “**Child**” includes the following Dependents:
 - A natural biological Child.
 - A stepchild.
 - A legally adopted Child or a Child legally Placed for Adoption as granted by action of a federal, state or local governmental agency responsible for adoption administration or a court of law if the Child has not attained age 26 as of the date of such placement.

For covered spouses, the Plan will, generally at least annually, direct You to respond to a request to confirm Your spouse's eligibility for coverage under the Plan. If You fail to respond to such a request for Your spouse within the time frame set by the Plan, coverage for Your spouse will be terminated at a date determined by the Plan. You will be notified of a termination of Your spouse's coverage by way of US Mail or other means, sent to the address You've provided to the Human Resources Department.

The Plan may, for two years, ask for additional proof at any time, after which the Plan can ask for proof not more than once a year. The Employee will be directly responsible to the providers and/or facilities of those services for those costs.

COBRA CONTINUATION OF COVERAGE

Important. Read this entire provision to understand a Covered Person's COBRA rights and obligations.

The following is a summary of the federal continuation requirements under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended. This summary generally explains COBRA continuation coverage, when it may become available to You and Your family, and what You and Your Dependents need to do to protect the right to receive it. When You become eligible for COBRA, You may also become eligible for other coverage options that may cost less than COBRA continuation. This summary provides a general notice of a Covered Person's rights under COBRA, but is not intended to satisfy all of the requirements of federal law. Your employer or the COBRA Administrator will provide additional information to You or Your Dependents as required.

You may have other options available to You when You lose group health coverage. For example, You may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, You may qualify for lower costs on Your monthly premiums and lower out-of-pocket costs. Additionally, You may qualify for a 30-day special enrollment period for another group health plan for which You are eligible (such as a spouse's plan), even if that plan generally does not accept Late Enrollees.

The COBRA Administrator for this Plan is: Total Administrative Services Corporation (TASC)

INTRODUCTION

Federal law gives certain persons, known as Qualified Beneficiaries (defined below), the right to continue their health care benefits beyond the date that they might otherwise terminate. The Qualified Beneficiary must pay the entire cost of the COBRA continuation coverage, plus an administrative fee. In general, a Qualified Beneficiary has the same rights and obligations under the Plan as an active participant.

A Qualified Beneficiary may elect to continue coverage under this Plan if such person's coverage would terminate because of a life event known as a Qualifying Event, outlined below. When a Qualifying Event causes (or will cause) a Loss of Coverage, then the Plan must offer COBRA continuation coverage. Loss of Coverage means more than losing coverage entirely. It means that a person ceases to be covered under the same terms and conditions that are in effect immediately before the Qualifying Event. In short, a Qualifying Event plus a Loss of Coverage allows a Qualified Beneficiary the right to elect coverage under COBRA.

Generally, You, Your covered spouse, and Your Dependent Children may be Qualified Beneficiaries and eligible to elect COBRA continuation coverage even if the person is already covered under another employer-sponsored group health plan or is enrolled in Medicare at the time of the COBRA election.

- If the Employee or Dependent are eligible for the active Plan, they are not eligible for COBRA.

COBRA CONTINUATION COVERAGE FOR QUALIFIED BENEFICIARIES

The length of COBRA continuation coverage that is offered varies based on who the Qualified Beneficiary is and what **Qualifying Event** is experienced as outlined below.

An Employee will become a Qualified Beneficiary if coverage under the Plan is lost because either one of the following Qualifying Events happens:

Qualifying Event	Length of Continuation
• Your employment ends for any reason other than Your gross misconduct	up to 18 months
• Your hours of employment are reduced	up to 18 months

(There are two ways in which this 18-month period of COBRA continuation coverage can be extended. See the section below entitled “The Right to Extend Coverage” for more information.)

The spouse of an Employee will become a Qualified Beneficiary if coverage is lost under the Plan because any of the following Qualifying Events happen:

Qualifying Event	Length of Continuation
• Your spouse dies	up to 36 months
• Your spouse's hours of employment are reduced	up to 18 months
• Your spouse's employment ends for any reason other than his or her gross misconduct	up to 18 months
• Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both)	up to 36 months
• You become divorced or legally separated from Your spouse	up to 36 months

The Dependent Children of an Employee become Qualified Beneficiaries if coverage is lost under the Plan because any of the following Qualifying Events happen:

Qualifying Event	Length of Continuation
• The parent-Employee dies	up to 36 months
• The parent-Employee's employment ends for any reason other than his or her gross misconduct	up to 18 months
• The parent-Employee's hours of employment are reduced	up to 18 months
• The parent-Employee becomes entitled to Medicare benefits (Part A, Part B, or both)	up to 36 months
• The parents become divorced or legally separated	up to 36 months
• The Child stops being eligible for coverage under the plan as a Dependent	up to 36 months

Note: A spouse or Dependent Child newly acquired (newborn or adopted) during a period of continuation coverage is eligible to be enrolled as a Dependent. The standard enrollment provision of the Plan applies to enrollees during continuation coverage. A Dependent, other than a newborn or newly adopted Child, acquired and enrolled after the original Qualifying Event, is not eligible as a Qualified Beneficiary if a subsequent Qualifying Event occurs.

COBRA NOTICE PROCEDURES

THE NOTICE(S) A COVERED PERSON MUST PROVIDE UNDER THIS SUMMARY PLAN DESCRIPTION

To be eligible to receive COBRA continuation coverage, covered Employees and their Dependents have certain obligations with respect to certain Qualifying Events (including divorce or legal separation of the Employee and spouse or a Dependent Child's loss of eligibility for coverage as a Dependent) to provide written notices to the administrator. Follow the rules described in this procedure when providing notice to the administrators, either Your employer or the COBRA Administrator.

A Qualified Beneficiary's written notice must include all of the following information: (A form to notify the COBRA Administrator is available upon request.)

- The Qualified Beneficiary's name, their current address and complete phone number,
- The group number, name of the employer that the Employee was with,
- Description of the Qualifying Event (i.e., the life event experienced), and
- The date that the Qualifying Event occurred or will occur.

Send all notices or other information required to be provided by this Summary Plan Description in writing to:

**TOTAL ADMINISTRATIVE SERVICES CORPORATION (TASC)
2302 INTERNATIONAL LANE
MADISON, WI 53704**

For purposes of the deadlines described in this Summary Plan Description, the notice must be postmarked by the deadline. In order to protect Your family's rights, the Plan Administrator should be informed of any changes in the addresses of family members. Keep a copy of any notices sent to the Plan Administrator or COBRA Administrator.

COBRA NOTICE REQUIREMENTS AND ELECTION PROCESS

EMPLOYER OBLIGATION TO PROVIDE NOTICE OF THE QUALIFYING EVENT

Your employer will give notice to the COBRA Administrator when coverage terminates due to Qualifying Events that are the Employee's termination of employment or reduction in hours, death of the Employee, or the Employee becoming entitled to Medicare benefits due to age or disability (Part A, Part B, or both). Your employer will notify the COBRA Administrator within 30 calendar days when these events occur.

EMPLOYEE OBLIGATION TO PROVIDE NOTICE OF THE QUALIFYING EVENT

The Covered Person must give notice to the Plan Administrator in the case of other Qualifying Events that are divorce or legal separation of the Employee and a spouse, a Dependent Child ceasing to be eligible for coverage under the Plan, or a second Qualifying Event. The covered Employee or Qualified Beneficiary must provide written notice to the Plan Administrator in order to ensure rights to COBRA continuation coverage. The Covered Person must provide this notice within the 60-calendar day period that begins on the latest of:

- The date of the Qualifying Event; or
- The date on which there is a Loss of Coverage (or would be a Loss of Coverage) due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of this notice requirement by receiving this Summary Plan Description or the General COBRA Notice.

The Plan Administrator will notify the COBRA Administrator within 30 calendar days from the date that notice of the Qualifying Event has been provided.

The COBRA Administrator will, in turn, provide an election notice to each Qualified Beneficiary within 14 calendar days of receiving notice of a Qualifying Event from the employer, covered Employee or the Qualified Beneficiary.

MAKING AN ELECTION TO CONTINUE GROUP HEALTH COVERAGE

Each Qualified Beneficiary has the independent right to elect COBRA continuation coverage. A Qualified Beneficiary will receive a COBRA election form that must be completed to elect to continue group health coverage under this Plan. A Qualified Beneficiary may elect COBRA coverage at any time within the 60-day election period. The election period ends 60 calendar days after the later of:

- The date Plan coverage terminates due to a Qualifying Event; or
- The date the Plan Administrator provides the Qualified Beneficiary with an election notice.

A Qualified Beneficiary must notify the COBRA Administrator of their election in writing or via the online portal, if available, to continue group health coverage and must make the required payments when due in order to remain covered. If online election is available, You will receive instructions for online election when Your election notice is provided. If the Qualified Beneficiary does not choose COBRA continuation coverage within the 60-day election period, group health coverage will end on the day of the Qualifying Event.

PAYMENT OF CLAIMS AND DATE COVERAGE BEGINS

No claims will be paid under this Plan for services the Qualified Beneficiary receives on or after the date coverage is lost due to a Qualifying Event. If, however, the Qualified Beneficiary has not completed a waiver and decides to elect COBRA continuation coverage within the 60-day election period, group health coverage will be reinstated back to the date coverage was lost, provided that the Qualified Beneficiary makes the required payment when due. Any claims that were denied during the initial COBRA election period will be reprocessed once the COBRA Administrator receives the completed COBRA election form and required payment.

If a Qualified Beneficiary previously waived COBRA coverage but revokes that waiver within the 60-day election period, coverage will not be retroactive to the date of the Qualifying Event but instead will be effective on the date the waiver is revoked.

PAYMENT FOR CONTINUATION COVERAGE

Qualified Beneficiaries are required to pay the entire cost of continuation coverage, which includes both the employer and Employee contribution. This may also include a 2% additional fee to cover administrative expenses (or in the case of the 11-month extension due to disability, a 50% additional fee). Fees are subject to change at least once a year.

The **initial payment** is due no later than 45 calendar days after the Qualified Beneficiary elects COBRA as evidenced by the postmark date on the envelope or, if online election is available, the date Your election is submitted electronically. This first payment must cover the cost of continuation coverage from the time coverage under the Plan would have otherwise terminated, up to the time the first payment is made. If the initial payment is not made within the 45-day period, then coverage will remain terminated without the possibility of reinstatement. There is no grace period for the initial payment.

The due date for **subsequent payments** is typically the first day of the month for any particular period of coverage, however the Qualified Beneficiary will receive specific payment information including due dates, when the Qualified Beneficiary becomes eligible for and elects COBRA continuation coverage.

If, for whatever reason, any Qualified Beneficiary receives any benefits under the Plan during a month for which the payment was not made on time, then the Qualified Beneficiary will be required to reimburse the Plan for the benefits received.

Note: Payment will not be considered made if a check is returned for non-sufficient funds.

A QUALIFIED BENEFICIARY'S NOTICE OBLIGATIONS WHILE ON COBRA

Always keep the COBRA Administrator informed of the current addresses of all Covered Persons who are or who may become Qualified Beneficiaries. Failure to provide this information to the COBRA Administrator may cause You or Your Dependents to lose important rights under COBRA.

In addition, after any of the following events occur, written notice to the COBRA Administrator is required within 30 calendar days of:

- The date any Qualified Beneficiary marries. Refer to the Special Enrollment section of this SPD for additional information regarding special enrollment rights.
- The date a Child is born to, adopted by, or Placed for Adoption by a Qualified Beneficiary. Refer to the Special Enrollment section of this SPD for additional information regarding special enrollment rights.
- The date of a final determination by the Social Security Administration that a disabled Qualified Beneficiary is no longer disabled.

- The date any Qualified Beneficiary becomes covered by another group health plan or enrolls in Medicare Part A or Part B.
- Additionally, if the COBRA Administrator or the Plan Administrator requests additional information from the Qualified Beneficiary, the Qualified Beneficiary must provide the requested information within 30 calendar days.

LENGTH OF CONTINUATION COVERAGE

COBRA coverage is available up to the maximum periods described below, subject to all COBRA regulations and the conditions of this Summary Plan Description:

- For Employees and Dependents. 18 months from the Qualifying Event if due to the Employee's termination of employment or reduction of work hours. (If an active Employee enrolls in Medicare before his or her termination of employment or reduction in hours, then the covered spouse and Dependent Children would be entitled to COBRA continuation coverage for up to the greater of 18 months from the Employee's termination of employment or reduction in hours, or 36 months from the earlier Medicare Enrollment Date, whether or not Medicare enrollment is a Qualifying Event.)
- For Dependents only. 36 months from the Qualifying Event if coverage is lost due to one of the following events:
 - Employee's death.
 - Employee's divorce or legal separation.
 - Former Employee becomes enrolled in Medicare.
 - A Dependent Child no longer being a Dependent as defined in the Plan.

THE RIGHT TO EXTEND THE LENGTH OF COBRA CONTINUATION COVERAGE

While on COBRA continuation coverage, certain Qualified Beneficiaries may have the right to extend continuation coverage provided that written notice to the COBRA Administrator is given as soon as possible but no later than the **required** timeframes stated below.

Social Security Disability Determination (For Employees and Dependents): A Qualified Beneficiary may be granted an 11-month extension to the initial 18-month COBRA continuation period, for a total maximum of 29 months of COBRA, in the event that the Social Security Administration determines the Qualified Beneficiary to be disabled either before becoming eligible for, or within the first 60 days of being covered by, COBRA continuation coverage. This extension will not apply if the original COBRA continuation was for 36 months.

If the Qualified Beneficiary has non-disabled family members who are also Qualifying Beneficiaries, those non-disabled family members are also entitled to the disability extension.

The Qualified Beneficiary must give the COBRA Administrator a copy of the Social Security Administration letter of disability determination before the end of the 18-month period and within 60 days of the later of:

- The date of the SSA disability determination;
- The date the Qualifying Event occurs;
- The date the Qualified Beneficiary loses (or would lose) coverage due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA Administrator of the disability by receiving this Summary Plan Description or the General COBRA Notice.

Note: Premiums may be higher after the initial 18-month period for persons exercising this disability extension provision available under COBRA.

If the Social Security Administration determines the Qualified Beneficiary is no longer disabled, the Qualified Beneficiary must notify the Plan of that fact within 30 days after the Social Security Administration's determination.

Second Qualifying Events: (Dependents Only) If Your family experiences another Qualifying Event while receiving 18 months of COBRA continuation coverage, the spouse and Dependent Children in Your family who are Qualified Beneficiaries can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second event is provided to the COBRA Administrator. This additional coverage may be available to the spouse or Dependent Children who are Qualified Beneficiaries if the Employee or former Employee dies, becomes entitled to Medicare (part A, part B or both) or is divorced or legally separated, or if the Dependent Child stops being eligible under the Plan as a Dependent. This extension is available only if the Qualified Beneficiaries were covered under the Plan prior to the original Qualifying Event or in the case of a newborn Child being added as a result of a HIPAA special enrollment right. A Dependent acquired during COBRA continuation (other than newborns and newly adopted Children) is not eligible to continue coverage as the result of a subsequent Qualifying Event. These events will only lead to the extension when the event would have caused the spouse or Dependent Child to lose coverage under the Plan had the first qualifying event not occurred.

You or Your Dependents must provide the notice of a second Qualifying Event to the COBRA Administrator within a 60-day period that begins to run on the latest of:

- The date of the second Qualifying Event; or
- The date the Qualified Beneficiary loses (or would lose) coverage due to the second Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA Administrator of the second Qualifying Event by receiving this Summary Plan Description or the General COBRA Notice.

COVERAGE OPTIONS OTHER THAN COBRA CONTINUATION COVERAGE

There may be other coverage options for You and Your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EARLY TERMINATION OF COBRA CONTINUATION

COBRA continuation coverage may terminate before the end of the above maximum coverage periods for any of the following reasons:

- The employer ceases to maintain a group health plan for any Employees. (Note that if the employer terminates the group health plan that the Qualified Beneficiary is under, but still maintains another group health plan for other similarly-situated Employees, the Qualified Beneficiary will be offered COBRA continuation coverage under the remaining group health plan, although benefits and costs may not be the same).
- The required contribution for the Qualified Beneficiary's coverage is not paid on time.
- After electing COBRA continuation coverage, the Qualified Beneficiary becomes entitled to and enrolled with Medicare.
- The Qualified Beneficiary is found not to be disabled during the disability extension. The Plan will terminate the Qualified Beneficiary's COBRA continuation coverage one month after the Social Security Administration makes a determination that the Qualified Beneficiary is no longer disabled.
- Termination for cause, such as submitting fraudulent claims.

SPECIAL NOTICE (Read This If Thinking Of Declining COBRA Continuation Coverage)

At the time of a COBRA Qualifying Event, a Qualified Beneficiary has two primary options. The first is to waive his or her right to COBRA and make an election for coverage, whether group health coverage or insurance coverage through the individual market or the exchanges, in accordance with his or her HIPAA special enrollment rights. Please refer to the Special Enrollment section for further details. The second option is to elect COBRA continuation coverage. If COBRA continuation coverage is elected, the continuation coverage must be maintained (by paying the cost of the coverage) for the duration of the COBRA continuation period. If the continuation coverage is not exhausted and maintained for the duration of the COBRA continuation period, the Qualified Beneficiary will lose his or her special enrollment rights. It is important to note that losing HIPAA special enrollment rights may have adverse effects for the Qualified Beneficiary as it will make it difficult to obtain coverage, whether group health coverage or insurance coverage through the individual market or the exchange. After COBRA continuation coverage is exhausted, the Qualified Beneficiary will have the option of electing other group health coverage or insurance coverage through the individual market or the exchange, in accordance with his or her HIPAA special enrollment rights.

DEFINITIONS

Qualified Beneficiary means a person covered by this group health Plan immediately before the Qualifying Event who is the Employee, the spouse of a covered Employee or the Dependent Child of a covered Employee. This includes a Child who is born to or Placed for Adoption with a covered Employee during the Employee's COBRA coverage period if the Child is enrolled within the Plan's Special Enrollment Provision for newborns and adopted Children. This also includes a Child who was receiving benefits under this Plan pursuant to a Qualified Medical Child Support Order (QMCSO) immediately before the Qualifying Event.

Qualifying Event means Loss of Coverage due to one of the following:

- The death of the covered Employee.
- Voluntary or involuntary termination of the covered Employee's employment (other than for gross misconduct).
- A reduction in work hours of the covered Employee.
- Divorce or legal separation of the covered Employee from the Employee's spouse. (Also, if an Employee terminates coverage for his or her spouse in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the later divorce or legal separation may be considered a Qualifying Event even though the ex-spouse lost coverage earlier. If the ex-spouse notifies the Plan or the COBRA Administrator in writing within 60 calendar days after the divorce or legal separation and can establish that the coverage was originally eliminated in anticipation of the divorce or legal separation, then COBRA coverage may be available for the period after the divorce or legal separation).
- The covered former Employee becomes enrolled in Medicare.
- A Dependent Child no longer being a Dependent as defined by the Plan.

Loss of Coverage means any change in the terms or conditions of coverage in effect immediately before the Qualifying Event. Loss of Coverage includes change in coverage terms, change in plans, termination of coverage, partial Loss of Coverage, increase in Employee cost, as well as other changes that affect terms or conditions of coverage. Loss of Coverage does not always occur immediately after the Qualifying Event, but it must always occur within the applicable 18- or 36-month coverage period. A Loss of Coverage that is not caused by a Qualifying Event may not trigger COBRA.

UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT OF 1994

INTRODUCTION

Employers are required to offer COBRA-like health care continuation coverage to persons in the armed service if the absence for military duty would result in loss of coverage as a result of active duty. Employees on leave for military service must be treated like they are on leave of absence and are entitled to any other rights and benefits accorded to similarly situated Employees on leave of absence or furlough. If an employer has different types of benefits available depending on the type of leave of absence, the most favorable comparable leave benefits must apply to Employees on military leave. Reinstatement following the military leave of absence cannot be subject to Waiting Periods.

COVERAGE

The maximum length of health care continuation coverage required under USERRA is the lesser of:

- 24 months beginning on the day that the Uniformed Service leave begins, or
- a period beginning on the day that the Service leave begins and ending on the day after the Employee fails to return to or reapply for employment within the time allowed by USERRA.

USERRA NOTICE AND ELECTION

An Employee or an appropriate officer of the uniformed service in which his or her service is to be performed must notify the employer that the Employee intends to leave the employment position to perform service in the uniformed services. An Employee should provide notice as far in advance as is reasonable under the circumstances. The Employee is excused from giving notice due to military necessity, or if it is otherwise impossible or unreasonable under all the circumstances.

Upon notice of intent to leave for uniformed services, Employees will be given the opportunity to elect USERRA continuation. Dependents do not have an independent right to elect USERRA coverage. Election, payment and termination of the USERRA extension will be governed by the same requirements set forth under the COBRA Section, to the extent these COBRA requirements do not conflict with USERRA.

PAYMENT

If the military leave orders are for a period of 30 days or less, the Employee is not required to pay more than the amount he or she would have paid as an active Employee. For periods of 31 days or longer, if an Employee elects to continue health coverage pursuant to USERRA, such Employee and covered Dependents will be required to pay up to 102% of the full premium for the coverage elected.

EXTENDED COVERAGE RUNS CONCURRENT

Employees and their Dependents may be eligible for both COBRA and USERRA at the same time. Election of either the COBRA or USERRA extension by an Employee on leave for military service will be deemed an election under both laws, and the coverage offering the most benefit to the Employee will generally be extended. Coverage under both laws will run concurrently. Dependents who choose to independently elect extended coverage will only be deemed eligible for COBRA extension because they are not eligible for a separate, independent right of election under USERRA.

PROTECTION FROM BALANCE BILLING

Covered health care services that are subject to the No Surprises Act requirements will be reimbursed according to this section. Retiree-only plans are not subject to the Protection from Balance Billing requirements.

Emergency health care services provided by an Out-of-Network provider will be reimbursed as set forth under Allowed Amounts below.

Covered health care services provided at certain network facilities by Out-of-Network Physicians, when not Emergency health care services, will be reimbursed as set forth under Allowed Amounts below. OUT-OF-NETWORK BENEFITS

When covered health care services are received from an Out-of-Network provider as described below, allowed amounts are determined as follows:

- For non-Emergency covered health care services received at certain network facilities from Out-of-Network Physicians when such services are either Ancillary Services or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the Public Service Act with respect to a visit as defined by the Secretary of Health and Human Services (including non-Ancillary Services that have satisfied the notice and consent criteria but unforeseen, urgent medical needs arise at the time the services are provided), the allowed amount is based on one of the following, in the order listed as applicable:
 - The reimbursement rate as determined by a state All Payer Model Agreement.
 - The reimbursement rate as determined by state law.
 - The initial payment made by the claims administrator, or the amount subsequently agreed to by the Out-of-Network provider and the claims administrator.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, You are not responsible, and an Out-of-Network Physician may not bill You, for amounts in excess of Your applicable Co-pay, Plan Participation, or Deductible, based on the Recognized Amount as defined in this SPD.

- For air Ambulance Transportation provided by an Out-of-Network provider, the allowed amount is based on one of the following, in the order listed as applicable:

After the Plan has issued payment for covered health care services, the Plan may be required to pay the provider an additional amount or discount to resolve and settle the provider's balance bill.

PROVIDER NETWORK

The word "**Network**" means an outside organization that has contracted with various providers to provide health care services to Covered Persons at a Negotiated Rate. Providers who participate in a Network have agreed to accept the negotiated fees as payment in full, including any portion of the fees that the Covered Person must pay due to the Deductible, Participation amounts or other out-of-pocket expenses. The allowable charges used in the calculation of the payable benefit to participating providers will be determined by the Negotiated Rates in the network contract. A provider who does not participate in a Network may bill Covered Persons for additional fees over and above what the Plan pays.

Knowing which Network a provider belongs to will help a Covered Person to determine how much he or she will need to pay for certain services. To obtain the highest level of benefits under this Plan, Covered Persons need to see an In-Network provider, however this Plan does not limit a Covered Person's right to choose his or her own provider of medical care at his or her own expense if a medical expense is not a Covered Expense under this Plan, or is subject to a limitation or exclusion.

To find out which Network a provider belongs to, please refer to the Provider Directory, or call the toll-free number that is listed on the back of the Plan's identification card. The participation status of providers may change from time to time.

- If a provider belongs to one of the following Networks, claims for Covered Expenses will normally be processed in accordance with the **In-Network** benefit levels that are listed on the Schedule of Benefits:

[UnitedHealthcare Choice Plus](#)

- For services received from any other provider, claims for Covered Expenses will normally be processed in accordance with the **Out-of-Network** benefit levels that are listed on the Schedule of Benefits. These providers charge their normal rates for services, so Covered Persons may need to pay more. The Covered Person is responsible for paying the balance of these claims after the Plan pays its portion, if any.

- **The program for transplant services at Designated Transplant Facilities is:**

OptumHealth

UnitedHealth Premium® Program

UnitedHealthcare designates network Physicians and facilities as UnitedHealth Premium® program Physicians or facilities for certain medical conditions. Physicians and facilities are evaluated on two levels - quality and efficiency of care. To be designated as a UnitedHealth Premium® program Physicians and facilities must meet program criteria. The fact that a Physician or facility is a network Physician or facility does not mean that it is a UnitedHealth Premium® program Physician or facility.

The UnitedHealth Premium Program® was designed to:

- Help you make informed decisions on where to receive care.
- Provide you with decision support resources.
- Give you access to Physicians and facilities across areas of medicine that have met UnitedHealthcare's quality and efficiency criteria.

To locate a UnitedHealth Premium® Physician or facility visit www.UMR.com and click on Find a Physician or facility.

EXCEPTIONS TO THE PROVIDER NETWORK BENEFITS

In addition to services required to be covered as specified under the Protection from Balance Billing section of this SPD, some benefits may be processed at In-Network benefit levels when provided by Out-of-Network providers. When Out-of-Network charges are covered in accordance with Network benefits, the charges may be subject to Plan limitations. The following exceptions may apply:

- Non-air Ambulance transportation services will be payable at the In-Network level of benefits when provided by an Out-of-Network provider.
- Covered Services provided by a Physician during an Inpatient stay will be payable at the In-Network level of benefits when provided at an In-Network Hospital.

Provider Directory Information

Each covered Employee, those on COBRA, and Children or guardians of Children who are considered alternate recipients under a Qualified Medical Child Support Order, will automatically be given or electronically made available, a separate document, at no cost, that lists the participating Network providers for this Plan. The Employee should share this document with other covered individuals in Your household. If a covered spouse or Dependent wants a separate provider list, they should make a written request to the Plan Administrator. The Plan Administrator may make a reasonable charge to cover the cost of furnishing complete copies to the spouse or other covered Dependents.

CONTINUITY OF CARE

You or Your Dependents have the option of requesting extended care from Your current health care provider or facility if the provider or facility is no longer working with Your health Plan and is no longer considered In-Network.

If You meet the requirements for Continuity of Care under applicable law or Network contract, the In-Network benefit level may continue for certain medical conditions and timeframes despite the fact that these expenses are no longer considered In-Network due to provider or facility termination from the Network. In order to be eligible, You or Your Dependents generally need to be under a continuing treatment plan by a provider or facility who was a member of the participating Network and:

- Undergoing a course of treatment for a serious and complex condition that is either:
 - An acute illness, meaning a condition serious enough to require specialized medical care to avoid the reasonable possibility of death or permanent harm or
 - A chronic illness or condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time;
- Undergoing Inpatient or institutional care;
- Scheduled for non-elective surgical care, including necessary postoperative care;
- Pregnant and being treated; or
- Terminally ill and receiving treatment for such illness by a provider or facility.

To obtain a Continuity of Care form that You and Your provider will need to complete for the request to be considered, call the number on the back of Your ID card or access the benefit portal.

The Plan does not provide coverage for services if medical evidence shows that treatment is not expected to resolve, improve, or stabilize the Covered Person's condition, or if a plateau has been reached in terms of improvement from such services.

A Designated Transplant Facility is a facility that must meet extensive criteria in the areas of patient outcomes to include patient and graft survival, patient satisfaction, Physician and program experience, program accreditations, and patient and caregiver education.

DEFINITIONS

The following terms are used for the purpose of the Transplant Benefits section of this SPD. Refer to the Glossary of Terms section of this SPD for additional definitions.

Designated Transplant Facility means a facility which has agreed to provide Approved Transplant Services to Covered Persons pursuant to an agreement with a transplant provider network or rental network with which the Plan has a contract.

Non-Designated Transplant Facility means a facility that does not have an agreement with the transplant provider network with whom the Plan has a contract. This may include a facility that is listed as a participating provider.

Organ and Tissue Acquisition/Procurement means the harvesting, preparation, transportation and the storage of human organ and tissue which is transplanted to a Covered Person. This includes related medical expenses of a living donor.

The medical condition must not be included on individual Plan exclusions.

COVERED EXPENSES

This includes the cost of donor testing, blood typing and evaluation to determine if the donor is a suitable match.

The Plan will provide donor services for donor related complications during the transplant period, as per the transplant contract, if the recipient is a Covered Person under this Plan.

The Plan will provide donor services at a Non-Designated Facility for initial acquisition/procurement only, up to the maximum listed on the Schedule of Benefits, if any. Complications, side effects or injuries are not covered unless the donor is a Covered Person on the Plan.

If the second facility determines, for any reason, that the Covered Person is an unacceptable candidate for the transplant procedure, benefits will not be paid for further transplant related services and supplies, even if a third Designated Transplant Facility accepts the Covered Person for the procedure.

PRESCRIPTION DRUG BENEFITS

Administered by RxBenefits

Note: UMR (the claims administrator) does not administer the benefits or services described within this provision. Please contact the benefit manager or Your employer with any questions related to this coverage or service.

Note: The Medicare Prescription Drug Improvement and Modernization Act of 2003 provides all Medicare-eligible individuals the opportunity to obtain Prescription Drug coverage through Medicare. A Medicare-eligible individual generally must pay an additional monthly premium for this coverage. In addition, electing Medicare Part D may affect Your ability to obtain Prescription coverage under this Plan. Individuals may be able to postpone enrollment in the Medicare Prescription Drug coverage if their current drug coverage is at least as good as Medicare Prescription Drug coverage. If individuals decline Medicare Prescription Drug coverage and do not have coverage at least as good as Medicare Prescription Drug coverage, they may have to pay additional monthly penalties if they change their minds and sign up later. Medicare-eligible individuals should have received notices informing them of whether or not their current Prescription Drug coverage provides benefits that are at least as good as benefits provided by the Medicare Prescription Drug coverage and explaining whether or not election of Medicare Part D will affect coverage available under this Plan. For a copy of this notice, please contact the Plan Administrator.

Covered Drugs

Your Prescription Drug benefit provides coverage for most commonly used drugs that are Federal Legend Drugs. Federal Legend Drugs are drugs that require a label stating, "Caution: Federal law prohibits dispensing without a Prescription." Your pharmacist or the prescribing Physician can verify coverage for a drug by contacting the Pharmacy Benefit Manager (PBM) at the number on Your Prescription ID card. If You are unable to access the website, Your employer will provide a copy upon request at no charge.

How to Use the Prescription Drug Card

If You are without Your prescription ID card or if You are at a non-Participating Pharmacy, You may be required to pay for the Prescription and submit a claim to the PBM. Please contact the PBM or Your employer for information on how to submit a claim.

Home Delivery Drug Service

If You are using an ongoing Prescription drug, You may purchase that drug on a home delivery basis. Most drugs covered by the PBM may be purchased through the home delivery service. The home delivery drug service is most often used to purchase drugs that treat an ongoing medical condition and are taken on a regular basis.

There may be a Copay for home delivery Prescriptions.

Home delivery Prescriptions should be sent to the PBM. Order forms may be available on the PBM's website or from Your employer. All Prescriptions will be mailed directly to Your home.

A directory of Participating Pharmacies is available on the PBM's website. You will also be automatically provided a copy of the pharmacy directory at no charge. MEDICALRX ADVISOR

Certain Specialty Pharmaceutical Products are eligible for coupons, offers, assistance programs, or discounts (Coupons) from pharmaceutical manufacturers or affiliates that may reduce the cost of Your Specialty Pharmaceutical Product. The claims administrator may help You determine whether Your Specialty Pharmaceutical Product is eligible for this reduction. ADDITIONAL PROVISIONS AND BENEFITS

- Any diagnosis change after a payment denial will not be considered for benefits unless the Plan is provided with all pertinent records along with the request for change that justifies the revised diagnosis. Such records must include the history and initial assessment and must reflect the criteria listed in the most recent American Psychiatric Association Diagnostic and Statistical Manual (DSM) for the new diagnosis, or, if in a foreign country, must meet diagnostic criteria established and commonly recognized by the medical community in that region.

SUBSTANCE USE DISORDER AND CHEMICAL DEPENDENCY BENEFITS

The Plan will pay for the following Covered Expenses for a Covered Person, subject to any Deductibles, Co-pays if applicable, Plan Participation amounts, maximums, or limits shown on the Schedule of Benefits. Benefits are based on the Protection from Balance Billing allowed amount, the Usual and Customary amount, the maximum fee schedule, or the Negotiated Rate.

COVERED BENEFITS

Inpatient Services means services provided at a Hospital or facility accredited by a recognized accrediting body or licensed by the state as an acute care psychiatric, chemical dependency, or dual-diagnosis facility for the treatment of substance use disorders and chemical dependency. If outside the United States, the Hospital or facility must be licensed or approved by the foreign government or an accreditation of the licensing body working in that foreign country.

Residential Treatment means a sub-acute facility-based program that is licensed to provide "residential" treatment and delivers 24-hour-per-day, 7-day-per-week assessment and diagnostic services, as well as active behavioral health treatment for substance-related disorders. Coverage does not include facilities or programs where therapeutic services are not the primary service being provided (e.g., therapeutic boarding schools, halfway houses, and group homes).

Day Treatment (Partial Hospitalization) means a day treatment program that offers intensive, multidisciplinary services not otherwise offered in an Outpatient setting. The treatment program is generally a minimum of 20 hours of scheduled programming extended over a minimum of five days per week. Such programs must be a less restrictive alternative to Inpatient treatment.

Outpatient Therapy Services are covered. The services must be provided by a Qualified Provider.

ADDITIONAL PROVISIONS AND BENEFITS

- Any claim re-submitted on the basis of a change in diagnosis after a benefit denial will not be considered for benefits unless the Plan is provided with all records along with the request for change. Such records must include: the history, initial assessment and all counseling or therapy notes, and must reflect the criteria listed in the most recent American Psychiatric Association Diagnostic and Statistical Manual (DSM) for the new diagnosis.

UMR CARE: CLINICAL ADVOCACY RELATIONSHIPS TO EMPOWER

UTILIZATION MANAGEMENT

Utilization Management is the process of evaluating whether services, supplies, or treatment is Medically Necessary and at the appropriate level of care. Utilization Management can determine Medical Necessity, shorten Hospital stays, improve the quality of care, and reduce costs to the Covered Person and the Plan. The Utilization Management procedures include certain Prior Authorization requirements.

PRIOR AUTHORIZATION / NOTIFICATION REQUIREMENTS

The Prior Authorization / Notification requirements detailed within this section may be deemed satisfied for certain services, providers, and/or facilities meeting specific conditions or in a situation of a confirmed cyberattack that could result in a waiver only for a specified period of time.

The benefit amounts payable under the Schedule of Benefits of this SPD may be affected if the requirements described for Utilization Management are not satisfied. In general, when the Covered Person receives services from a Managed Care UnitedHealthcare Network Provider or facility, the provider or facility is responsible for obtaining the Prior Authorization. However, the Covered Person should ensure that the provider completes all required Prior Authorizations before services are rendered. If the Covered Person is not receiving covered health care services from a Managed Care UnitedHealthcare Network Provider, the Covered Person is responsible for ensuring that any required Prior Authorizations are completed before services are received. In that case, the Covered Person is responsible for ensuring the provider calls the phone number on the back of the Plan identification card to request Prior Authorization at least two weeks prior to a scheduled procedure in order to allow for Medical Necessity review as required by the Plan. In addition to the requirement to notify and obtain Prior Authorization of a service or procedure in advance, all admissions to a facility also require a notification within 24 hours of the admission. If the stay is accessing a Managed Care UnitedHealthcare Network Provider, that facility must provide timely admission Notification (even if advance Notification was provided by the Physician and pre-service coverage approval is on file). If it is not a Managed Care UnitedHealthcare Network Provider the Covered Person is responsible for ensuring the facility completes that Notification.

Special Notes: A Covered Person who could reasonably expect that the absence of immediate, or Emergency, medical attention would jeopardize the life or long-term health of the individual is responsible for ensuring the provider contacts the Utilization Review Organization as soon as possible by phone or fax within 24 hours, or by the next business day if on a weekend or holiday, from the time coverage information is known. If notice is provided past the timeframe shown above, the extenuating circumstances must be communicated. The Utilization Review Organization will then review the services provided.

Note that if a Covered Person receives Prior Authorization for one facility, but then is transferred to another facility, Prior Authorization is also needed before going to the new facility, except in the case of an Emergency (see Special Notes above).

This Plan complies with the Newborns' and Mothers' Health Protection Act. Prior Authorization is not required for a Hospital or Birthing Center stay of 48 hours or less following a normal vaginal delivery or 96 hours or less following a Cesarean section. Prior Authorization may be required for a stay beyond 48 hours following a vaginal delivery or 96 hours following a Cesarean section.

UTILIZATION REVIEW ORGANIZATION

The Utilization Review Organization is: **UMR**

DEFINITIONS

The following terms are used for the purpose of the UMR CARE section of this SPD. Refer to the Glossary of Terms section of this SPD for additional definitions.

Managed Care UnitedHealthcare Network Providers are providers participating in any UnitedHealthcare Network product with the exception of Options PPO.

Prior Authorization / Notification is the process of determining benefit coverage prior to a service being rendered to an individual member. A determination is made based on Medical Necessity criteria for drugs, supplies, tests, procedures, and other services that are appropriate and cost-effective for the member. This member-centric review evaluates the clinical appropriateness of requested services in terms of the type, frequency, extent, and duration of stay. The Prior Authorization / Notification requirements detailed within this section may be deemed satisfied for certain services, providers, and/or facilities meeting specific conditions or in a situation of a confirmed cyberattack that could result in a waiver only for a specified period of time.

Utilization Management is the evaluation of the Medical Necessity, appropriateness, and efficiency of the use of health care services, procedures, and facilities under the provisions of the applicable health benefits Plan. This management is sometimes called “utilization review.” Such assessment may be conducted on a prospective basis (prior to treatment), concurrent basis (during treatment), or retrospective basis (following treatment).

SERVICES REQUIRING PRIOR AUTHORIZATION

Call the Utilization Review Organization at the number on the back of Your ID card or complete a Prior Authorization search at www.umar.com **before** a Covered Person receives services for the following:

- Inpatient stays in Hospitals, Extended Care Facilities, or residential treatment facilities.
- Partial hospitalizations.
- Organ and tissue transplants.
- Home Health Care.
- Durable Medical Equipment, excluding braces and orthotics, over \$1,500 or Durable Medical Equipment rentals over \$500.
- Qualifying Clinical Trials.
- Non-emergent outpatient diagnostic imaging services:
 - MRI/MRA.
 - PET.
 - CT (including CT/CTA and EBCT).
 - Nuclear cardiology.
- Chemotherapy (cancer diagnosis [only](#)).
- Dialysis.
- Medical Specialty Drug Program. To encourage safe and cost-effective medication use, prior authorization may be required for some specialty drugs. Please visit [Specialty Injectable | UMR](#) for a list of Medical Specialty Drugs that may require prior authorization, including Site of Care when applicable (including select gene therapy drugs, orphan drugs, and CAR-T drugs). To request a copy of the Medical Specialty Drug list, call the toll-free number on the back of Your member identification card and the list will be provided free of charge. Prior authorization does not guarantee benefit payment. This Plan may exclude specific drugs on this list from coverage. Refer to the General Exclusions section of this SPD for possible Medical Specialty Drug exclusions.
- X-rays performed in a chiropractic setting.

Note: If EAP recommends/writes a referral for a Covered Person for inpatient hospital, outpatient hospital or residential treatment, the Covered Person does not need to contact UMR for Prior Authorization. In addition, the services are covered at 100% Deductible and Co-pays waived for in-network providers only.

PENALTIES FOR NOT OBTAINING PRIOR AUTHORIZATION

A non-Prior Authorization penalty is the amount a Covered Person may be required to pay if an authorization has not been completed prior to receiving certain services or prior to admissions as defined in this section. A penalty of \$250 may be applied to applicable claims if a Covered Person receives services but does not obtain the required Prior Authorization.

- Non-emergent outpatient diagnostic imaging services:
 - MRI/MRA.
 - PET.
 - CT (including CT/CTA and EBCT).
 - Nuclear Cardiology.
- X-rays performed in a chiropractic setting.

The phone number to call for Prior Authorization is listed on the back of the Plan identification card.

The fact that a Covered Person receives Prior Authorization from the Utilization Review Organization does not guarantee that this Plan will pay for the medical care. The Covered Person must be eligible for coverage on the date services are provided. Coverage is also subject to all provisions described in this SPD, including additional information obtained that was not available at the time of the Prior Authorization. The Prior Authorization / Notification requirements detailed within this section may be deemed satisfied for certain services, providers, and/or facilities meeting specific conditions or in a situation of a confirmed cyberattack that could result in a waiver only for a specified period of time.

Medical Director Oversight. A UMR CARE medical director oversees the concurrent review process. Should a case have unique circumstances that raise questions for the Utilization Management specialist handling the case, the medical director will review the case to determine Medical Necessity using evidence-based clinical criteria.

Referrals. During the Prior Authorization review process, cases are analyzed for a number of criteria used to trigger case management. Opportunities are identified by using system-integrated, automated, and manual trigger lists during the Prior Authorization review process. Other trigger points include the following criteria: length of stay, level of care, readmission, and utilization, as well as employer referrals or self-referrals.

Our goal is to intervene in the process as early as possible to determine the resources necessary to deliver clinical care in the most appropriate care setting.

Retrospective Review. Retrospective review may be conducted upon request or at the Plan's discretion, and a determination will be issued within the required timeframe of the request, unless an extension is approved. Retrospective reviews are performed according to our standard Prior Authorization policies and procedures and a final determination will be made no later than 30 days after the request for review.

CARE PROVISIONS

Complex Condition CARE

Complex Condition CARE is available to Employees and their spouses or Domestic Partners enrolled in the Plan. CARE nurse managers evaluate and coordinate post-hospitalization needs for members who have a high probability of subsequent readmission within 30 days. Participants are identified based on historical claim factors and current admission information, including, but not limited to:

- unplanned readmission within the past 30 days or multiple unplanned admissions within the past 6 months.
- length of stay.
- complex diagnoses or comorbidities pertaining to, but not limited to, cancer, cardiovascular conditions, kidney failure, pulmonary conditions or infections, End Stage Renal Disease (ESRD), or liver/pancreas/gastrointestinal surgery.
- management of catastrophic and complex behavioral health and substance use disorders and support for identified members utilizing Inpatient/rehabilitation/residential facilities.

COORDINATION OF BENEFITS

Coordination of Benefits (COB) applies whenever a Covered Person has health coverage under more than one Plan, as defined below. It does not, however, apply to Prescription benefits. The purpose of coordinating benefits is to help Covered Persons pay for Covered Expenses, but not to result in total benefits that are greater than the Covered Expenses Incurred.

The order of benefit determination rules determine which plan will pay first (Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim, and will reduce the benefits it pays so that the total payment between the Primary Plan and Secondary Plan does not exceed the Covered Expenses Incurred. Up to 100% of charges Incurred may be paid between both plans.

The Plan will coordinate benefits with the following types of medical or dental plans:

- Group health plans, whether insured or self-insured.
- Foreign health care coverage.
- Medical care components of group long-term care contracts such as skilled nursing care.
- Medical benefits under group or individual automobile policies. See order of benefit determination rules (below) and General Exclusions - no-fault state for details.
- Medical benefits under homeowner's insurance policies.
- Medicare or other governmental benefits, as permitted by law. See below. This does not include Medicaid.
- This Plan does not, however, coordinate benefits with individual health or dental plans.

Each contract for coverage is considered a separate plan. If a plan has two parts and COB rules apply to only one of the two parts, each of the parts is treated as a separate plan. If a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be considered an allowable expense and a benefit paid.

When this Plan is secondary, and when not in conflict with a network contract requiring otherwise, covered charges shall not include any amount that is not payable under the primary plan as a result of a contract between the primary plan and a provider of service in which such provider agrees to accept a reduced payment and not to bill the Covered Person for the difference between the provider's contracted amount and the provider's regular billed charge.

ORDER OF BENEFIT DETERMINATION RULES

The first of the following rules that apply to a Covered Person's situation is the rule to use:

- The plan that has no coordination of benefits provision is considered primary.
- When medical payments are available under motor vehicle insurance (including no-fault policies), this Plan shall always be considered secondary regardless of the individual's election under PIP (Personal Injury Protection) coverage with the auto carrier. See General Exclusions – no-fault state in this SPD for more details.
- The plan that covers the person as an Employee, member or subscriber (that is, other than as a Dependent) is considered primary. The Primary Plan must pay benefits without regard to the possibility that another plan may cover some expenses. This Plan will deem any Employee plan beneficiary to be eligible for primary benefits from their employer's benefit plan.

- The plan that covers a person as a Dependent (or beneficiary under ERISA) is generally secondary. The plan that covers a person as a Dependent is primary only when both plans agree that COBRA or state continuation coverage should always pay secondary when the person who elected COBRA is covered by another plan as a Dependent (see continuation coverage below). (Also see the section on Medicare, below, for exceptions).
- If an individual is covered under a spouse's plan and also under their parent's plan, the Primary Plan is the plan that has covered the person for the longer period of time. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the plan of the parent or spouse whose birthday falls earlier in the calendar year is the Primary Plan. If the parents and/or spouse have the same birthday, the plan that has covered the parent or spouse for the longer period of time is the Primary Plan.
- If one or more plans cover the same person as a Dependent Child:
 - The Primary Plan is the plan of the parent whose birthday is earlier in the year if:
 - The parents are married; or
 - The parents are not separated (whether or not they have been married); or
 - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
 - If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - If the specific terms of a court decree state that one of the parents is responsible for the Child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods or plan years starting after the plan is given notice of the court decree.
 - If the parents are not married and reside separately, or are divorced or legally separated, the order of benefits is:
 - The plan of the custodial parent;
 - The plan of the spouse of the custodial parent;
 - The plan of the non-custodial parent; and then
 - The plan of the spouse of the non-custodial parent.
- Active or Inactive Employee: If an individual is covered under one plan as an active employee (or Dependent of an active employee), and is also covered under another plan as a retired or laid off employee (or Dependent of a retired or laid off employee), the plan that covers the person as an active employee (or Dependent of an active employee) will be primary.
- Continuation coverage under COBRA or state law: If a person has elected continuation of coverage under COBRA or state law and also has coverage under another plan, the continuation coverage is secondary. This is true even if the person is enrolled in another plan as a Dependent. If the two plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if one of the first four bullets above applies. (See exception in the Medicare section.)
- Longer or Shorter Length of Coverage: The plan that covered the person as an employee, member, subscriber or retiree longer is primary.
- If an active Employee is on leave due to active duty in the military in excess of 30 days, the plan that covers the person as an active Employee, member, or subscriber is considered primary.
- If the above rules do not determine the Primary Plan, the Covered Expenses can be shared equally between the plans. This Plan will not pay more than it would have paid, had it been primary.

MEDICARE

If You or Your covered spouse or Dependent is also receiving benefits under Medicare, including Medicare Prescription drug coverage, federal law may require this Plan to be primary over Medicare. When this Plan is not primary, the Plan will coordinate benefits with Medicare.

The order of benefit determination rules determine which plan will pay first (Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim, and will reduce the benefits it pays so that the total payment between the Primary Plan and Secondary Plan does not exceed the Covered Expenses Incurred. Up to 100% of charges Incurred may be paid between both plans.

ORDER OF BENEFIT DETERMINATION RULES FOR MEDICARE

This Plan complies with the Medicare Secondary Payer regulations. Examples of these regulations are as follows:

- This Plan generally pays first under the following circumstances:
 - You continue to be actively employed by the employer and You or Your covered spouse becomes eligible for and enrolls in Medicare because of age or disability.
 - You continue to be actively employed by the employer, Your covered spouse becomes eligible for and enrolls in Medicare, and is also covered under a retiree plan through Your spouse's former employer. In this case, this Plan will be primary for You and Your covered spouse, Medicare pays second, and the retiree plan would pay last.
 - For a Covered Person with End-Stage Renal Disease (ESRD), this Plan usually has primary responsibility for the claims of a Covered Person for 30 months from the date of Medicare eligibility based on ESRD. The 30-month period can also include COBRA continuation coverage or another source of coverage. At the end of the 30 months, Medicare becomes the primary payer.
- Medicare generally pays first under the following circumstances:
 - You are no longer actively employed by an employer; and
 - You or Your spouse has Medicare coverage due to age, plus You or Your spouse also have COBRA continuation coverage through the Plan; or
 - You or a covered family member has Medicare coverage based on a disability, plus You also have COBRA continuation coverage through the Plan. Medicare normally pays first, however an exception is that COBRA may pay first for Covered Persons with ESRD until the end of the 30-month period; or
 - You or Your covered spouse have retiree coverage plus Medicare coverage; or
 - Upon completion of 30 months of Medicare eligibility for an individual with ESRD, Medicare becomes the primary payer. (Note that if a person with ESRD was eligible for Medicare based on age or other disability **before** being diagnosed with ESRD and Medicare was previously paying primary, then the person can continue to receive Medicare benefits on a primary basis).
- Medicare is the secondary payer when no-fault insurance, worker's compensation, or liability insurance is available as primary payer.

Note: If a Covered Person is eligible for Medicare as the primary plan, all benefits from this Plan will be reduced by the amount Medicare would pay, regardless of whether the Covered Person is enrolled in Medicare.

TRICARE

If an eligible Employee is on active military duty, TRICARE is the only coverage available to that Employee. Benefits are not coordinated with the Employee's health insurance plan.

In all instances where an eligible Employee is also a TRICARE beneficiary, TRICARE will pay secondary to this employer-provided Plan.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Plan may obtain the information it needs from or provide such information to other organizations or persons for the purpose of applying those rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. The Plan need not tell, or obtain the consent of, any person to do this. However, if the Plan needs assistance in obtaining the necessary information, each person claiming benefits under this Plan must provide the Plan any information it needs to apply those rules and determine benefits payable.

REIMBURSEMENT TO THIRD PARTY ORGANIZATION

A payment made under another plan may include an amount which should have been paid under this Plan. If it does, the Plan may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Plan. The Plan will not have to pay that amount again.

RIGHT OF RECOVERY

If the amount of the payments made by the Plan is more than it should have paid under this COB provision, the Plan may recover the excess from one or more of the persons it paid or for whom the Plan has paid; or any other person or organization that may be responsible for the benefits or services provided for the Covered Person.

RIGHT OF SUBROGATION, REIMBURSEMENT AND OFFSET

The Plan has a right to subrogation and reimbursement. References to “You” or “Your” in this Right of Subrogation, Reimbursement, and Offset section include You, Your estate, Your heirs, Your representative(s), Your Dependents, and Your beneficiaries unless otherwise stated.

Subrogation applies when the Plan has paid benefits on Your behalf for an Illness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and will succeed to any and all legal claims that You may be entitled to pursue against any third party for the benefits that the Plan has paid that are allegedly related to the Illness or Injury for which any third party is considered responsible.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for an Illness or Injury for which You receive a settlement, judgment, or other recovery from any third party, You must use those proceeds to fully return to the Plan 100% of any benefits You receive for that Illness or Injury. The right of reimbursement will apply to any benefits received at any time until the rights are extinguished, resolved, or waived in writing.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused You to suffer an Illness, Injury, or damages, or who is legally responsible for the Illness, Injury, or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Illness, Injury, or damages.
- The Plan Sponsor in a Workers' Compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to You, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners', or otherwise), Workers' Compensation coverage, other insurance carriers, or third party administrators.
- Any person or entity against whom You may have any claim for professional and/or legal malpractice arising out of or connected to an Illness or Injury You allege or could have alleged were the responsibility of any third party.
- Any person or entity against whom You may have any claim arising out of any alleged wrongful or bad faith conduct by such person or entity.
- Any person or entity that is liable for payment to You on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting the Plan's legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - Notifying the Plan, in writing, of any potential legal claim(s) You may have against any third party for acts that caused benefits to be paid or become payable.
 - Providing any relevant information requested by the Plan.
 - Signing and/or delivering such documents as the Plan or our agents reasonably request to secure the subrogation and reimbursement claim.

- Responding to requests for information about any accident or Injuries.
- Making court appearances.
- Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
- Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate or deny future benefits, take legal action against You, and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to You or Your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against a third party before You receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts, or liens asserted by any medical providers, including, but not limited to, Hospitals or Emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to You, no matter how those proceeds are allocated, captioned, characterized, or classified, and regardless of the theory of recovery. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium, punitive, bad faith, and any other alleged damages. The Plan is not required to help You to pursue Your claim for damages or personal Injuries and no amount of associated costs, including attorneys' fees, will be deducted from our recovery without the Plan's express written consent. No so-called "fund doctrine" or "common-fund doctrine" or "attorney's fund doctrine" will defeat this right.
- Regardless of whether You have been fully compensated or made whole, the Plan may collect from You the proceeds of any full or partial recovery that You or Your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "made-whole doctrine" or "make-whole doctrine," claim of unjust enrichment, nor any other equitable limitation will limit our subrogation and reimbursement rights.
- Benefits paid by the Plan may also be considered to be benefits advanced.
- If You receive any payment from any party allegedly arising out of Illness or Injury and the Plan alleges some or all of those funds are due and owed to the Plan, You and/or Your representative will hold those funds in trust, either in a separate bank account in Your name or in Your representative's trust account.
- By participating in and accepting benefits from the Plan, You agree that:
 - Any amounts recovered by You from any third party constitute Plan assets (to the extent of the amount of Plan benefits provided on behalf of the Covered Person);
 - You and Your representative will be fiduciaries of the Plan (within the meaning of ERISA) with respect to such amounts; and
 - You will be liable for and agree to pay any costs and fees (including reasonable attorneys' fees) Incurred by the Plan to enforce its reimbursement rights.
- The Plan's rights to recovery will not be reduced due to Your own alleged negligence.
- Upon the Plan's request, You will assign to the Plan all rights of recovery against third parties, to the extent of the Covered Expenses the Plan has paid for the Illness or Injury.

- The Plan may, at its option, take necessary and appropriate action to preserve the Plan's rights under these provisions, including, but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative, or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits You receive for the Illness or Injury out of any settlement, judgment, or other recovery from any third party considered responsible; and filing suit in Your name or Your estate's name, which does not obligate the Plan in any way to pay You part of any recovery the Plan might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund benefits as required under the terms of the Plan is governed by a six-year statute of limitations.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of Your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to Your estate, the personal representative of Your estate, and Your heirs or beneficiaries. In the case of Your death, the Plan's right of reimbursement and right of subrogation will apply if a claim can be brought on behalf of You or Your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds, or any other recovery by You or any other person or party will be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to a Dependent Child who allegedly incurs an Illness or Injury caused by a third party and to the parents, guardian, or other representative of that Dependent Child. If a parent or guardian brings a claim for damages arising out of a minor's Illness or Injury, the terms of this subrogation and reimbursement clause will apply to that claim.
- If any third party causes or is alleged to have caused You to suffer an Illness or Injury while You are covered under this Plan, the provisions of this section continue to apply, even after You are no longer covered.
- In the event that You do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate benefits to You, Your Dependents, or the subscriber; deny future benefits; take legal action against You; and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to Your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect from third party recoveries held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.
- The Plan and all administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.
- In the case of occupational Illness or Injury, the Plan's recovery rights will apply to all sums recovered, regardless of whether the Illness or Injury is deemed compensable under any Workers' Compensation or other coverage. Any award or compromise Workers' Compensation settlement, including any lump-sum settlement, will be deemed to include the Plan's interest and the Plan will be reimbursed in first priority from any such award or settlement.

If a medical expense is not a covered benefit, or is subject to a limitation or exclusion, a Covered Person still has the right and privilege to receive such medical service or supply at the Covered Person's own personal expense.

CLAIMS AND APPEAL PROCEDURES

REASONABLE AND CONSISTENT CLAIMS PROCEDURES

The Plan's claims procedures are designed to ensure and verify that claim determinations are made in accordance with the Plan documents. The Plan provisions will be applied consistently with respect to similarly situated individuals.

Pre-Determination

A Pre-Determination is a determination of benefits by the Claims Administrator, on behalf of the Plan, prior to services being provided. Although not required by the Plan, a Covered Person or provider may voluntarily request a Pre-Determination. A Pre-Determination informs individuals whether, and under which circumstances, a procedure or service is generally a covered benefit under the Plan. Covered Persons or providers may wish to request a Pre-Determination before incurring medical expenses. A Pre-Determination is not a claim and therefore cannot be appealed. A Pre-Determination that a procedure or service may be covered under the Plan does not guarantee the Plan will ultimately pay the claim. All Plan terms and conditions will still be applied when determining whether a claim is payable under the Plan.

TYPE OF CLAIMS AND DEFINITIONS

- **Pre-Service Claim needing prior authorization as required by the Plan and stated in this SPD.** This is a claim for a benefit where the Covered Person or provider, when applicable, is required to obtain approval from the Plan *before* obtaining the medical care such as in the case of prior authorization of health care items or service that the Plan requires. If a Covered Person or provider calls the Plan just to find out if a claim will be covered, that is not a Pre-Service Claim, unless the Plan and this SPD specifically require the person to call for prior authorization (See Pre-Determination above). Giving prior authorization does not guarantee that the Plan will ultimately pay the claim.

Note that this Plan does not require prior authorization for urgent or Emergency care claims, however Covered Persons may be required to notify the Plan following stabilization. Please refer to the UMR CARE section of this SPD for more details. A condition is considered to be an urgent or Emergency care situation when a sudden and serious condition such that a Prudent Layperson could expect the patient's life would be jeopardized, the patient would suffer severe pain, or serious impairment of his or her bodily functions would result unless immediate medical care is rendered. Examples of an urgent or Emergency care situation may include, but are not limited to: chest pain; hemorrhaging; syncope; fever equal to or greater than 103° F; presence of a foreign body in the throat, eye, or internal cavity; or a severe allergic reaction.

- **Post-Service Claim** means a claim that involves payment for the cost of health care that has already been provided.
- **Concurrent Care Claim** means that an ongoing course of treatment to be provided over a period of time or for a specified number of treatments has been approved by the Plan.

PERSONAL REPRESENTATIVE

Personal Representative means a person (or provider) who can contact the Plan on the Covered Person's behalf to help with claims, appeals or other benefit issues. Minor Dependents must have the signature of a parent or Legal Guardian in order to appoint a third party as a Personal Representative.

If a Covered Person chooses to use a Personal Representative, the Covered Person must submit proper documentation to the Plan stating the following: The name of the Personal Representative, the date and duration of the appointment and any other pertinent information. In addition, the Covered Person must agree to grant his or her Personal Representative access to his or her Protected Health Information. The Covered Person should contact the Claim Administrator to obtain the proper forms. All forms must be signed by the Covered Person in order to be considered official.

PROCEDURES FOR SUBMITTING CLAIMS

Most providers will accept assignment and coordinate payment directly with the Plan on the Covered Person's behalf. If the provider will not accept assignment or coordinate payment directly with the Plan, then the Covered Person will need to send the claim to the Plan within the timelines discussed below in order to receive reimbursement. The address for submitting medical claims is on the back of the group health identification card.

Covered Persons who receive services in a country other than the United States are responsible for ensuring the provider is paid. If the provider will not coordinate payment directly with the Plan, the Covered Person will need to pay the claim up front and then submit the claim to the Plan for reimbursement. The Plan will reimburse Covered Persons for any covered amount in U.S. currency. The reimbursed amount will be based on the U.S. equivalency rate that is in effect on the date the Covered Person paid the claim, or on the date of service if paid date is not known.

A complete claim must be submitted in writing and should include the following information:

- Covered Person/patient ID number, name, sex, date of birth, Social Security number, address, and relationship to Employee
- Authorized signature from the Covered Person
- Diagnosis
- Date of service
- Place of service
- Procedures, services or supplies (narrative description)
- Diagnosis
- Charges for each listed service
- Number of days or units
- Patient account number (if applicable)
- Total billed charges
- Provider billing name, address, telephone number
- Provider Taxpayer Identification Number (TIN)
- Signature of provider
- Billing provider
- Any information on other insurance (if applicable)
- Whether the patient's condition is related to employment, auto accident, or other accident (if applicable)
- Assignment of benefits (if applicable)

PROOF OF LOSS

Covered Persons are responsible for ensuring that complete claims are submitted to the Third Party Administrator as soon as possible after services are received, but no later than 15 months from the date of service. A complete claim means that the Plan has all information that is necessary to process the claim. Claims received after the proof of loss period will not be allowed.

INCORRECTLY FILED CLAIMS (Applies to Pre-Service Claims only)

If a Covered Person or Personal Representative attempts to, but does not properly follow the Plan's procedures for requesting prior authorization, the Plan will notify the person to explain proper procedures within five calendar days following receipt of a Pre-Service claim request. The notice will usually be oral, unless written notice is requested by the Covered Person or Personal Representative.

HOW HEALTH BENEFITS ARE CALCULATED

When UMR receives a claim for services that have been provided to a Covered Person, it will determine if the service is a covered benefit under this group health Plan. If it is not a covered benefit, the claim will be denied and the Covered Person will be responsible for paying the provider for these costs. If it is a covered benefit, UMR will establish the allowable payment amount for that service, in accordance with the provisions of this SPD.

Claims for covered benefits are paid according to the billed charges, a Negotiated Rate, the Protection from Balance Billing allowed amount, or based on the Usual and Customary amounts, minus any Deductible, Plan Participation rate, Co-pay, or penalties that the Covered Person is responsible for paying. Refer to the Protection from Balance Billing section of this SPD for covered benefits that are payable in accordance with the Protection from Balance Billing allowed amount.

Fee Schedule: Generally, providers are paid the lesser of the billed amount or the maximum fee schedule for the particular covered service, minus any Deductible, Plan Participation rate, Co-pay or penalties that the Covered Person is responsible for paying. Where a network contract is in place, the network contract determines the Plan's Covered Expenses.

Negotiated Rate: On occasion, UMR will negotiate a payment rate with a provider for a particular covered service such as transplant services, Durable Medical Equipment, Extended Care Facility treatment or other services. The Negotiated Rate is what the Plan will pay to the provider, minus any Co-pay, Deductible, Plan Participation rate or penalties that the Covered Person is responsible for paying. Where a network contract is in place, the network contract determines the Plan's Negotiated Rate.

Modifiers or Reducing Modifiers, if Medically Necessary. These terms apply to services and procedures performed on the same day and may be applied to surgical, radiological, and other diagnostic procedures. For a provider participating with a primary or secondary network, claims will be paid according to the network contract. For a provider who is not participating with a network, where no discount is applied, the industry guidelines are to allow the Usual and Customary fee allowance for the primary procedure and a percentage of the Usual and Customary fee allowance for all secondary procedures. These allowances are then processed according to Plan provisions. A global package includes the services that are a necessary part of the procedure. For individual services that are part of a global package, it is customary for the individual services not to be billed separately. A separate charge will not be allowed under the Plan.

The specific reimbursement formula used will vary depending upon the Physician or facility providing the service(s) and the type of service(s) received.

Reimbursement for covered services received from providers, including Physicians or health care facilities, who are not part of Your network are determined based on one of the following:

- Fee(s) that are negotiated with the Physician or facility; or
- The amount that is usually accepted by health care providers in the same geographical area (or greater area, if necessary) for the same services, treatment, or materials; or
- Current publicly available data reflecting the costs for health care providers providing the same or similar services, treatment, or materials adjusted for geographical differences plus a margin factor.

When covered health services are received from a non-network provider as a result of an Emergency or as arranged by Your Plan Administrator, eligible expenses are amounts negotiated by Your claims administrator or amounts permitted by law. Refer to the Protection from Balance Billing section of this SPD for more information. Please contact Your Plan Administrator if You are billed for amounts in excess of Your applicable Plan Participation, Co-pays, or Deductibles. The Plan will not pay excessive charges or amounts You are not legally obligated to pay.

NOTIFICATION OF BENEFIT DETERMINATION

If a claim is submitted by a Covered Person or a provider on behalf of a Covered Person and the Plan does not completely cover the charges, the Covered Person will receive an Explanation of Benefits (EOB) form that will explain how much the Plan paid toward the claim, and how much of the claim is the Covered Person's responsibility due to cost-sharing obligations, non-covered benefits, penalties or other Plan provisions. Please check the information on each EOB form to make sure the services charged were actually received from the provider and that the information appears correct. For any questions or concerns about the EOB form, call the Plan at the number listed on the EOB or on the back of the group health identification card. The provider will receive a similar form on each claim that is submitted.

TIMELINES FOR INITIAL BENEFIT DETERMINATION

UMR will process claims within the following timelines, although the Covered Person may voluntarily extend these timelines:

- **Pre-Service Claim:** A decision will be made within 15 calendar days following receipt of a claim request, but the Plan can have an extra 15-day extension, when necessary for reasons beyond the control of the Plan, if written notice is given to the Covered Person within the original 15-day period.
- **Post-Service Claims:** Claims will be processed within 30 calendar days, but the Plan can have an additional 15-day extension, when necessary for reasons beyond the control of the Plan, if written notice is provided to the Covered Person within the original 30-day period.
- **Concurrent Care Claims:** If the Plan is reducing or terminating benefits before the end of the previously approved course of treatment, the Plan will notify the Covered Person prior to the coverage for the treatment ending or being reduced.
- **Emergency and/or Urgent Care Claim:** The Plan will notify a Covered Person or provider of a benefit determination (whether adverse or not) with respect to a claim involving Emergency or Urgent Care as soon as possible, taking into account the medical necessity, but not later than 72 hours after the receipt of the claim by the Plan.

A claim is considered to be filed when the claim for benefits has been submitted to UMR for formal consideration under the terms of this Plan.

CIRCUMSTANCES CAUSING LOSS OR DENIAL OF PLAN BENEFITS

Claims can be denied for any of the following reasons:

- Termination of Your employment.
- Covered Person is no longer eligible for coverage under the health Plan.
- Charges Incurred prior to the Covered Person's Effective Date or following termination of coverage.
- Covered Person reached the Maximum Benefit under this Plan.
- Amendment of group health Plan.
- Termination of the group health Plan.
- Employee, Dependent or provider did not respond to a request for additional information needed to process the claim or appeal.
- Application of Coordination of Benefits.
- Enforcement of subrogation.
- Services are not a covered benefit under this Plan.
- Services are not considered Medically Necessary.
- Failure to comply with prior authorization requirements before receiving services.
- Misuse of the Plan identification card or other fraud.
- Failure to pay premiums if required.
- Employee or Dependent is responsible for charges due to Deductible, Plan Participation obligations or penalties.

- Application of the Protection from Balance Billing allowed amount, the Usual and Customary fee limits, the fee schedule, or Negotiated Rates.
- Incomplete or inaccurate claim submission.
- Application of utilization review.
- Experimental or Investigational procedure.
- Other reasons as stated elsewhere in this SPD.

ADVERSE BENEFIT DETERMINATION (DENIED CLAIMS)

Adverse Benefit Determination means a denial, reduction or termination of a benefit, or a failure to provide or make payment, in whole or in part, for a benefit. It also includes any such denial, reduction, termination, rescission of coverage (whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at that time), or failure to provide or make payment that is based on a determination that the Covered Person is no longer eligible to participate in the Plan.

If a claim is being denied in whole or in part, and the Covered Person will owe any amount to the provider, the Covered Person will receive an initial claim denial notice, usually referred to as an Explanation of Benefits (EOB) form, within the timelines described above. The EOB form will:

- Explain the specific reasons for the denial.
- Provide a specific reference to pertinent Plan provisions on which the denial was based.
- Provide a description of any material or information that is necessary for the Covered Person to perfect the claim, along with an explanation of why such material or information is necessary, if applicable.
- Provide appropriate information as to the steps the Covered Person can take to submit the claim for appeal (review).
- If an internal rule or guideline was relied upon, or if the denial was based on Medical Necessity or Experimental treatment, the Plan will notify the Covered Person of that fact. The Covered Person has the right to request a copy of the rule/guideline or clinical criteria that was relied upon, and such information will be provided free of charge.

APPEALS PROCEDURE FOR ADVERSE BENEFIT DETERMINATIONS

If a Covered Person disagrees with the denial of a claim or a rescission of coverage determination, the Covered Person or his/her Personal Representative can request that the Plan review its initial determination by submitting a written request to the Plan as described below. An appeal filed by a provider on the Covered Person's behalf is not considered an appeal under the Plan unless the provider is a Personal Representative.

First Level of Appeal: This is a **mandatory** appeal level. The Covered Person must exhaust the following internal procedures before any outside action is taken.

- The Covered Person must file the appeal within 180 days of the date he or she received the EOB form from the Plan showing that the claim was denied. The Plan will assume the Covered Person received the EOB form seven days after the Plan mailed the EOB form.
- Covered Persons or their Personal Representative will be allowed reasonable access to review or copy pertinent documents, at no charge.
- Covered Persons may submit written comments, documents, records and other information relating to the claim to explain why they believe the denial should be overturned. This information should be submitted at the same time the written request for a review is submitted.
- Covered Persons have the right to submit evidence that their claim is due to the existence of a physical or mental medical condition or domestic violence, under applicable federal nondiscrimination rules.
- The review will take into account all comments, documents, records and other information submitted that relates to the claim. This would include comments, documents, records and other information that either were not submitted previously or were not considered in the initial benefit decision. The review will be conducted by individuals who were not involved in the original denial decision and are not under the supervision of the person who originally denied the claim.

- If the benefit denial was based in whole or in part on a medical judgment, the Plan will consult with a health care professional with training and experience in the relevant medical field. This health care professional may not have been involved in the original denial decision, nor be supervised by the health care professional who was involved. If the Plan has obtained medical or vocational experts in connection with the claim, they will be identified upon the Covered Person's request, regardless of whether the Plan relies on their advice in making any benefit determinations.
- After the claim has been reviewed, Covered Persons will receive written notification letting them know if the claim is being approved or denied. The notification will provide Covered Persons with the information outlined under the Adverse Benefit Determination section above. It will also notify them of their right to file suit under ERISA after they have completed all mandatory appeal levels described in this SPD.

Appeals should be sent within the prescribed time period as stated above to the following address(es):

In addition, if any new or additional evidence is relied upon or generated during the determination of the appeal, the Plan will provide such evidence to You free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination. If such evidence is received at a point in the process where we are unable to provide You with a reasonable opportunity to respond prior to the end of the period stated below, the time period will be tolled to allow You a reasonable opportunity to respond to the new or additional evidence.

- Pre-Service Claim: Within a reasonable period of time appropriate to the medical circumstances but no later than 30 calendar days after the Plan receives the request for review.
- Post-Service Claim: Within a reasonable period of time but no later than 60 calendar days after the Plan receives the request for review.
- Concurrent Care Claims: Before treatment ends or is reduced.

RIGHT TO EXTERNAL REVIEW

If, after exhausting Your internal appeals, You are not satisfied with the final determination, You may choose to participate in the external review program. This program applies only if the Adverse Benefit Determination involves:

- Clinical reasons;
- The exclusions for Experimental, Investigational, or Unproven services;
- Determinations related to Your entitlement to a reasonable alternative standard for a reward under a wellness program;
- Determinations related to whether the Plan has complied with non-quantitative treatment limitation provisions of Code 9812 or 54.9812 (Parity in Mental Health and Substance Use Disorder Benefits);
- Determinations related to the Plan's compliance with the following surprise billing and cost-sharing protections set forth in the No Surprises Act:
 - Whether a claim is for Emergency treatment that involves medical judgment or consideration of compliance with the cost-sharing and surprise billing protections;
 - Whether a claim for items and services was furnished by a non-network provider at a network facility;
 - Whether an individual gave informed consent to waive the protections under the No Surprises Act;
 - Whether a claim for items and services is coded correctly and is consistent with the treatment actually received;
 - Whether cost-sharing was appropriately calculated for claims for Ancillary Services provided by a non-network provider at a network facility; or
- Other requirements of applicable law.

You may request an independent review of the adverse benefit determination. Neither You nor UMR or Your employer will have an opportunity to meet with the reviewer or otherwise participate in the reviewer's decision. Your written request should include: (1) Your specific request for an external review; (2) the Employee's name, address, and member ID number; (3) Your designated representative's name and address, when applicable; (4) the service that was denied; and (5) any new, relevant information that was not provided during the internal appeal. You will be provided more information about the external review process at the time we receive Your request.

Any requests for an independent review must be made within four months of the date You receive the Adverse Benefit Determination. You or an authorized designated representative may request an independent review by contacting the toll-free number on Your ID card or by sending a written request to the address on Your ID card.

The independent review will be performed by an independent Physician, or by a Physician who is qualified to decide whether the requested service or procedure is a qualified expense under the Plan. The Independent Review Organization (IRO) has been contracted by UMR and has no material affiliation or interest with UMR or Your employer. UMR will choose the IRO based on a rotating list of approved IROs.

In certain cases, the independent review may be performed by a panel of Physicians, as deemed appropriate by the IRO.

Within applicable timeframes of UMR's receipt of a request for independent review, the request will be forwarded to the IRO, together with:

- All relevant medical records;
- All other documents relied upon by UMR and/or Your employer in making a decision on the case; and
- All other information or evidence that You or Your Physician has already submitted to UMR or Your employer.

If there is any information or evidence You or Your Physician wish to submit in support of the request that was not previously provided, You may include this information with the request for an independent review, and UMR will include it with the documents forwarded to the IRO. A decision will be made within applicable timeframes. If the reviewer needs additional information to make a decision, this time period may be extended. The independent review process will be expedited if You meet the criteria for an expedited external review as defined by applicable law.

The reviewer's decision will be in writing and will include the clinical basis for the determination. The IRO will provide You and UMR and/or Your employer with the reviewer's decision, a description of the qualifications of the reviewer and any other information deemed appropriate by the organization and/or as required by applicable law.

If the final independent decision is to approve payment or referral, the Plan will accept the decision and provide benefits for such service or procedure in accordance with the terms and conditions of the Plan. If the final independent review decision is that payment or referral will not be made, the Plan will not be obligated to provide benefits for the service or procedure.

You may contact the Claims Administrator at the toll-free number on Your ID card for more information regarding Your external appeal rights and the independent review process.

LEGAL ACTIONS FOLLOWING APPEALS

After completing all mandatory appeal levels through this Plan, Covered Persons have the right to further appeal Adverse Benefit Determinations by bringing a civil action under the Employee Retirement Income Security Act (ERISA). Please refer to the ERISA Statement of Rights section of this SPD for more details. **No such action may be filed against the Plan after three years from the date the Plan gives the Covered Person a final determination on their appeal.**

PHYSICAL EXAMINATION AND AUTOPSY

The Plan may require that a Covered Person have a physical examination, at the Plan's expense, as often as is necessary to settle a claim. In the case of death, the Plan may require an autopsy unless forbidden by law.

RIGHT TO REQUEST OVERPAYMENTS

The Plan reserves the right to recover any payments made by the Plan that were:

- Made in error; or
- Made after the date the person should have been terminated under this Plan; or
- Made to any Covered Person or any party on a Covered Person's behalf where the Plan Sponsor determines the payment to the Covered Person or any party is greater than the amount payable under this Plan.

The Plan has the right to recover against Covered Persons if the Plan has paid them or any other party on their behalf.

FRAUD

Fraud is a crime that can be prosecuted. Any Covered Person who willfully and knowingly engages in an activity intended to defraud the Plan is guilty of fraud. The Plan will utilize all means necessary to support fraud detection and investigation. It is a crime for a Covered Person to file a claim containing any false, incomplete or misleading information with intent to injure, defraud or deceive the Plan. In addition, it is a fraudulent act when a Covered Person willfully and knowingly fails to notify the Plan regarding an event that affects eligibility for a Covered Person. Notification requirements are outlined in this SPD and other Plan materials. Please read them carefully and refer to all Plan materials that you receive (i.e., COBRA notices). A few examples of events that require Plan notification would be divorce, Dependent aging out of the Plan, enrollment in other group health coverage while on COBRA, [legal separation from spouse or separation from spouse for 180 days](#) and [Dependent eligible for their employer's Plan](#) (please note that the examples listed are not all inclusive).

These actions will result in denial of the Covered Person's claim or termination from the Plan, and are subject to prosecution and punishment to the full extent under state and/or federal law [and may include repayment to the Plan](#).

Covered Persons must:

- File accurate claims. If someone else - such as Your spouse or another family member - files claims on the Covered Person's behalf, the Covered Person should review the form before signing it;
- Review the Explanation of Benefits (EOB) form. Make certain that benefits have been paid correctly based on your knowledge of the expenses Incurred and the services rendered;
- Never allow another person to seek medical treatment under your identity. If your Plan identification card is lost, report the loss to the Plan immediately; and
- Provide complete and accurate information on claim forms and any other forms. Answer all questions to the best of your knowledge.
- Notify the Plan when an event occurs that affects a Covered Person's eligibility [within 30 days \(see Eligibility section for further details\)](#).

To maintain the integrity of this Plan, Covered Persons are encouraged to notify the Plan whenever a provider:

- Bills for services or treatment that have never been received; or
- Asks a Covered Person to sign a blank claim form; or
- Asks a Covered Person to undergo tests that the Covered Person feels are not needed.

Covered Persons concerned about any of the charges that appear on a bill or EOB form, or who know of or suspect any illegal activity, should call the toll-free hotline 1-800-356-5803. All calls are strictly confidential.

OTHER FEDERAL PROVISIONS

FAMILY AND MEDICAL LEAVE ACT (FMLA)

If an Employee is on a family or medical leave of absence that meets the eligibility requirements under FMLA, Your employer will continue coverage under this Plan in accordance with state and federal FMLA regulations, provided that the following conditions are met:

- Contribution is paid; and
- The Employee has written approved leave from the employer.

Coverage will be continued for up to the greater of:

- The leave period required by the federal Family and Medical Leave Act of 1993 and any amendment; or
- The leave period required by applicable state law.

An Employee may choose not to retain group health coverage during an FMLA leave. When the Employee returns to work following the FMLA leave, the Employee's coverage will usually be restored to the level the Employee would have had if the FMLA leave had not been taken. For more information, please contact Your Human Resources or Personnel office.

The order must clearly identify all of the following:

Please contact the Plan Administrator to request a copy of the written procedures, at no charge, that the Plan uses when administering Qualified Medical Child Support Orders.

NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for a Hospital length of stay in connection with childbirth for the mother or newborn Child to less than 48 hours following a vaginal delivery, or less than 96 hours following a Cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the Plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

This group health Plan also complies with the provisions of the:

- Mental Health Parity Act.
- Women's Health and Cancer Rights Act of 1998 regarding breast reconstruction following a mastectomy.
- Pediatric Vaccines regulation, whereby an employer will not reduce its coverage for pediatric vaccines below the coverage it provided as of May 1, 1993.
- Coverage of Dependent Children in cases of adoption or Placement for Adoption as required by ERISA.
- Medicare Secondary Payer regulations, as amended.
- TRICARE Prohibition Against Incentives and Nondiscrimination Requirements amendments.
- The Genetic Information Nondiscrimination Act (GINA).

AMERICAN INDIAN / ALASKAN NATIVE PLAN PARTICIPANTS

The Oneida Nation Tribe exercises its Tribal sovereignty by establishing the Oneida Nation Tribe Group Health Plan, a Tribe-sponsored, self-funded health plan (Plan), in accordance with The Indian Self-Determination and Education Assistance Act. In sponsoring the Plan, the Tribe necessarily supplements the federal appropriation(s) defined by its contract and applies the authorities inherent in its Purchased/Referred Care (PRC) Program, formerly Contract Health Services Program, towards all Plan participants that are eligible for such services. The Tribe will exercise all available options towards managing the cost of purchasing and delivering health care services for its Plan participants. The Tribe reserves the right to define its PRC Service Delivery Area and the applicable provision and/or purchase of health services, including the reimbursement of incurred health care-related expenses (e.g., Copayments and Deductibles) for its service population. Plan participants that are part of the Tribe's service population residing within the Service Delivery Area are considered in priority of care for PRC services and, budget allowing, may be reimbursed for eligible health care expenses. All covered health benefit services necessarily meet the Plan's benefit design and/or the Plan's definition of Medical Necessity and, therefore, are covered without a PRC-issued Purchase Order.

A Plan participant's request for reimbursement must be submitted with the applicable claim(s), explanation of benefits, and paid receipt(s). Any Deductible, Copayment or Plan Participation amount that is covered under the benefits of the Plan may be included in the payment to the Provider (facility or professional) and will be eligible for reimbursement. Eligibility for this provision is solely determined by the Tribe.

Plan participants that are tribal members and/or documented as being American Indian / Alaska Native (AI/AN) hold social and/or economic ties to the Tribe and, therefore, will be eligible to receive all cost management resources otherwise reserved for Indian Health Services, Tribes or Tribal organizations, or Urban Indian Health Programs (I/T/U). These cost management options may include, but not be limited to Medicare like Rates, Purchased/Referred Care Rates, Catastrophic Health Emergency Fund and/or Exchange Sponsorship, as detailed below.

This Plan will Use a Covered Person's Protected Health Information (PHI) to the extent of and in accordance with the Uses and Disclosures permitted by the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Specifically, this Plan will Use and Disclose a Covered Person's PHI for purposes related to health care Treatment, Payment for health care and Health Care Operations. Additionally, this Plan will Use and Disclose a Covered Person's PHI as required by law and as permitted by authorization. - The Plan Sponsor will only Use and Disclose a Covered Person's PHI (including Electronic PHI) for Plan Administrative Functions, as required by law or as permitted under the HIPAA regulations. Your Plan's Notice of Privacy Practices also contains more information about permitted Uses and Disclosures of PHI under HIPAA;
- The Plan Sponsor will implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Electronic PHI that it creates, receives, maintains, or transmits on behalf of the Plan;
- The Plan Sponsor will require each of its subcontractors or agents to whom the Plan Sponsor may provide Your PHI to agree to the same restrictions and conditions imposed on the Plan Sponsor with regard to Your PHI;

This includes all copies in any form, including any compilations derived from the PHI. If return or destruction is not feasible, the Plan Sponsor agrees to restrict and limit further Uses and Disclosures to the purposes that make the return or destruction infeasible;
- The Plan Sponsor will provide that adequate separation exists between this Plan and the Plan Sponsor so that a Covered Person's PHI (including Electronic PHI) will be used only for the purpose of plan administration; and
- The Plan Sponsor will use reasonable efforts to request only the minimum necessary type and amount of a Covered Person's PHI to carry out functions for which the information is requested.

The following Employees, classes of Employees or other workforce members under the control of the Plan Sponsor may be given access to a Covered Person's PHI for Plan Administrative Functions that the Plan Sponsor performs on behalf of the Plan as set forth in this section:

- Examine, without charge, at the Plan Administrator's office and at other specified locations (such as at work sites) all documents governing the Plan, including insurance contracts, collective bargaining agreements if applicable, and a copy of the latest annual report (Form 5500 series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration. No charge will be made for examining the documents at the Plan Administrator's principal office.

The Plan Administrator may make a reasonable charge for the copies.

CONTINUE GROUP HEALTH COVERAGE

You or Your Dependents may have to pay for such coverage. Review this SPD and the documents governing the Plan on the rules governing COBRA continuation coverage rights.

PRUDENT ACTIONS BY PLAN FIDUCIARIES

In addition to creating rights for Covered Persons, ERISA imposes duties upon the people who are responsible for the operation of this Plan. The people who operate this Plan, called "Fiduciaries" of this Plan, have a duty to do so prudently and in the interest of all Plan participants.

NO DISCRIMINATION

No one may terminate Your employment or otherwise discriminate against You or Your covered Dependents in any way to prevent You or Your Dependents from obtaining a benefit or exercising rights provided to Covered Persons under ERISA.

ENFORCING COVERED PERSONS' RIGHTS

If a claim for a benefit is denied or ignored, in whole or in part, Covered Persons have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps an Employee can take to enforce the above rights. For instance, if a Covered Person requests a copy of the Plan documents or the latest annual report from the Plan and does not receive them within thirty (30) days, the Covered Person may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay the Covered Person up to \$110 a day until the materials are received, unless the materials were not sent because of reasons beyond the control of the Plan Administrator.

If a claim for benefits is denied or ignored, in whole or in part, the Covered Person may file suit in a state or federal court. In addition, if a Covered Person disagrees with the Plan's decision or lack thereof concerning the qualified status of a medical Child support order, the Covered Person may file suit in federal court. If it should happen that the Plan fiduciaries misuse the Plan's money or if a Covered Person is discriminated against for asserting his or her rights, the Covered Person may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Covered Person is successful, the court may order the person sued to pay these costs and fees. If the Covered Person loses, the court may order the Covered Person to pay these costs and fees (for example, if it finds the claim to be frivolous).

ASSISTANCE WITH QUESTIONS

If there are any questions about this Plan, contact the Plan Administrator. For any questions about this statement or about a Covered Person's rights under ERISA, or for assistance in obtaining documents from the Plan Administrator, Covered Persons should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in the telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. No person or entity has any authority to make any oral change or amendments to this Plan. No agent or representative of this Plan will have the authority to legally change the Plan terms or SPD or waive any of its provisions, either purposefully or inadvertently. If a misstatement affects the existence of coverage, the true facts will be used in determining whether coverage is in force under the terms of this Plan and in what amount. The Plan Administrator will provide written notice to Covered Persons within 60 days following the adopted formal action that makes material reduction of benefits to the Plan, or may, in the alternative, furnish such notification through communications maintained by the Plan Sponsor or Plan Administrator at regular intervals no greater than 90 days.

COVERED PERSON'S RIGHTS IF PLAN IS AMENDED OR TERMINATED
