Informative discussions about
Your Sexual Health

Our Speaker:

Stephanie Eberhardy, PA-C with 20 years of experience
working at Oneida.

Are you wondering how to take control of
YOUR reproductive health?

Stephanie will be discussing:

- The importance of testing yearly for sexually transmitted infections (STI's)
- What happens with infections that go untreated
- The role **YOU** play in your reproductive health
- The importance of de-stigmatizing STI conversations
- Different STIs that are currently circulating
