Re: Request for Employee Recognition for: March 19, 2025

Please accept this agenda request to honor one of our employee's Ms. Helen Huff with a Special Years of Service Recognition. Helen Huff has worked tirelessly for the Oneida Nation for 30 years as a custodian, due to health reasons we were not able to have her recognized at her retirement. Helen was 81 years old when she retired, and is now 82 years young.

To quote her supervisor Chad Jordan "Helen has an excellent work ethic which people always noticed. Which has been carried on to others and me. How else do you work in one department for 30 years without a good work ethic and be liked by so many. I would even say loved by so many, she has that motherly quality about her"

Thank You Helen Huff, for your hard work and dedication, we are grateful for your commitment year after year and on behalf of the Nation. Yaw^ko!

Helen Huff

Helen retired from Custodial on July 25, 2023. She has worked in the custodial department 30 years in which a lot of us have learned something from her in that time. If anything, at least be a good person and be good to each other. It's been a joy to work with Helen over the years.

Helen has an excellent work ethic which people always' s noticed. Which has been carried on to others, and me. How else do you work in one department for 30 years without a good work ethic and be liked by so many. I would even say loved by so many, she has that motherly quality about her.

Helen although quiet could catch you by surprise with something she had to say, and you better listen and if you didn't you were in for it. I don't know what it was, but she could always sneak up on you and scare the heck out of you without even trying to scare you. I hope many of us work as well as she did and as long as she did. I mean come on work till you are 81. They truly don't make them like her anymore.

I know the custodial department was lucky to get her and there will never be another worker like her. And that's why when she retired, we felt sad because we lost a great worker and a little part of ourselves because she was always there.

I have been in custodial almost 34 years and I am overjoyed that I got to spend most of them with Helen. I even had the privilege of being Helen's supervisor for a couple of years.

Re: Resolution titled Cooperative Agreement with Bureau of Indian Affairs, Midwest Region, for Wildland Fire Management Non-Recurring Funds

Background:

Oneida Nation is a Title IV Self-Governance tribe with a compact and funding agreement with the Department of Interior's Bureau of Indian Affairs (BIA) pursuant to Title IV of the Indian Self-Determination and Education Assistance Act (P.L. 93-638).

In 2018, the Oneida Business Committee adopted BC Resolution 11-28-18-A, approving the Oneida Nation Wildland Fire Management Plan (the "plan"). The plan provides a framework for pre-fire suppression actions, fire prevention measures, and fuel modification treatment on tribal lands. This framework protects life and property, cultural resources, wildlife and fisheries, soil stability, and socio-economic conditions. The plan allows the Environmental, Land & Agriculture Division to implement prescribed fire as a tool for natural resource management in accordance with that plan, as well as the policy and guidance established by the Bureau of Indian Affairs

The Nation and the Bureau of Indian Affairs, Midwest Region, wish to enter into a Cooperative Agreement to allow the parties to cooperate in wildland fire management activities related to national, regional, and field programs, including activities occurring on trust lands.

The Cooperative Agreement will provide a mechanism for the Bureau of Indian Affairs, Midwest Region, to reimburse the Nation for non-recurring expenditures for actual costs, including one-time funds, one-year only funds, project funds or one-time expenditures for wildland fire management activities, such as the cost of fuel. The Cooperative Agreement has been reviewed by the Law Office and assigned file #2025-0003.

Recommended Action:

Motion to the adopt Resolution titled "Cooperative Agreement with Bureau of Indian Affairs, Midwest Region, for Wildland Fire Management Non-Recurring Funds."

COOPERATIVE AGREEMENT
BETWEEN
BUREAU OF INDIAN AFFAIRS, MIDWEST REGION
AND
THE ONEIDA NATION, WISCONSIN
FOR
WILDLAND FIRE MANAGEMENT - NON-RECURRING FUNDS
(Based on reimbursements)

This Cooperative Agreement (“Agreement”) is entered into by the Bureau of Indian Affairs, Midwest Region (an executive agency of the U.S. Department of the Interior, hereinafter referred to as the “BIA”) and the Oneida Nation, Wisconsin (an organized tribal government, hereinafter referred to as the “Nation”).

ARTICLE I – BACKGROUND AND OBJECTIVES

- A. Under this Agreement, the parties will cooperate in wildland fire management activities related to national, regional and field programs, including activities occurring on trust lands under the BIA’s jurisdiction for which the BIA has wildland fire management responsibilities and where approved interagency or mutual aid agreements are in place. The suppression of structural fires, vehicle fires, or hazardous-materials fires is not included in this Agreement.
- B. This Agreement will provide a mechanism to reimburse the Nation for non-recurring expenditures for actual costs. Equivalent funding terms include one-time funds, one-year only funds, project funds or one-time expenditures. For purposes of this Agreement these categories of funds will hereinafter be referred to as non-recurring funds.
- C. In order for the Nation to maintain an adequate level of readiness and capability on Indian land, tribal wildland firefighters who carry out this Agreement must meet the national qualification standards for wildland firefighting positions that appear in the current National Wildfire Coordination Group (NWCG) 310-1 Wildland Fire Qualifications System Guide.
 - 1. The Nation may agree to maintain a cadre of qualified wildland firefighters. If the availability of local training and qualifying wildfire management experience is limited, the off-reservation dispatch of Tribal wildland firefighters under approved interagency or mutual aid cooperative agreements is necessary, reasonable, and allowable for the purpose of breath of experience, depth of qualified fire staff, training, and obtaining and maintaining NWCG qualifications and standards. The Nation is not required to maintain a cadre of qualified wildland firefighters unless the Nation agrees to do so in a mutually agreed upon appendix executed by the parties.

2. Further, no single agency, including the Nation carrying out this Agreement, has sufficient resources to manage large, extended attack wildland fires. Only through cooperative, reciprocal interagency management are wildland fire management agencies able to suppress large, extended attack wildland fires or manage public safety incidents. Through this Agreement, the Nation participates in that portion of the interagency large fire, extended attack management capacity the BIA would make available to support national efforts. Without participation in interagency support agreements, the BIA cannot fulfill its commitments, and, without the support of its interagency partners and other Nations, the BIA cannot provide sufficient large-incident wildland fire management to the Nation. Therefore, the Nation may in mutually agreed upon appendix executed by the parties assume responsibility to supply qualified fire management staff, when they are not needed for local fire suppression management, for national dispatch under the direction of the BIA, when requested by the BIA or through resource orders issued by a dispatch center. Further, the Nation may in a mutually agreed upon appendix executed by the parties assume responsibility to train and qualify fire management staff to large incident NWCG skill positions, even though those positions may rarely be used for local fires.

D. The objectives of this Agreement are:

1. To participate in and administer the wildland fire management program for activities paid for by non-recurring funds;
2. To administer the fuels management program and complete projects for non-recurring funds on the reservation;
3. In the event the Nation agrees to maintain a cadre of qualified wildland firefighters, to train and maintain qualified tribal employees in order to build the depth and breadth of experience needed to develop NWCG skill positions to have a fully functional fire program managing wildland fire within BIA jurisdictional boundaries and, when available, supporting the national effort in regarding wildland fire.
4. To designate procedures to reimburse the Nation for the cost of providing wildland fire operational management (both suppression and fuels management) and other incident management services or support for non-recurring funds.

ARTICLE II - AUTHORITY

BIA enters into this Agreement pursuant to:

- A. National Indian Forest Resources Management Act, 25 U.S.C. § 3115(a)(1)(C), and 25 C.F.R. Part 163 Subpart E, *General Forestry Regulations, Cooperative Agreements*. The National Master Interagency Agreement for Wildland Fire Management, National Interagency Fire Center, BIA Agreement No.

Base or recurring funding is generally disbursed under P.L. 93-638 contracts or Title IV compacts for Nations that manage the preparedness/ hazardous fuels reduction program.
- C. - D. Specific responsibilities, duties and activities to be provided by the Nation will be documented and mutually agreed to, in written proposals and incorporated as an appendix to this Agreement (for example, the Annual Work Plan format or Task Orders may be used). Appendices will include an activity description, objectives and role of each party, operating plan, costs and reporting requirements. The operating plan will be modified by mutual consent as the scope of activities increases or decreases.
- E. BIA Obligations – Federal Assistance to Nation:

Additional wildland fire management qualifications to support the Bureau's interagency incident management commitments are encouraged.

 - b. Personnel performing activities under this Agreement shall meet the requirements in the 2015 Bureau of Indian Affairs/Tribal Medical Standards Program dated Nov 26 2014 (or current direction) and work capacity test. They shall meet the minimum training requirements for NWCG-ICS positions, as prescribed by the BIA and Wildland and Prescribed Fire Qualifications Guide (PMS 310-1).
 - c. Provide supplies, equipment, facilities, and related services, when available; in order to assist and help meet incident needs.

COOPERATIVE AGREEMENT
BETWEEN
BUREAU OF INDIAN AFFAIRS, MIDWEST REGION
AND
THE ONEIDA NATION, WISCONSIN
FOR
WILDLAND FIRE MANAGEMENT - NON-RECURRING FUNDS
(Based on reimbursements)

This Cooperative Agreement (“Agreement”) is entered into by the Bureau of Indian Affairs, Midwest Region (an executive agency of the U.S. Department of the Interior, hereinafter referred to as the “BIA”) and the Oneida Nation, Wisconsin (an organized tribal government, hereinafter referred to as the “Nation”).

ARTICLE I – BACKGROUND AND OBJECTIVES

- A. Under this Agreement, the parties will cooperate in wildland fire management activities related to national, regional and field programs, including activities occurring on trust lands under the BIA’s jurisdiction for which the BIA has wildland fire management responsibilities and where approved interagency or mutual aid agreements are in place. The suppression of structural fires, vehicle fires, or hazardous-materials fires is not included in this Agreement.
- B. This Agreement will provide a mechanism to reimburse the Nation for non-recurring expenditures for actual costs. Equivalent funding terms include one-time funds, one-year only funds, project funds or one-time expenditures. For purposes of this Agreement these categories of funds will hereinafter be referred to as non-recurring funds.
- C. In order for the Nation to maintain an adequate level of readiness and capability on Indian land, tribal wildland firefighters who carry out this Agreement must meet the national qualification standards for wildland firefighting positions that appear in the current National Wildfire Coordination Group (NWCG) 310-1 Wildland Fire Qualifications System Guide.
 - 1. The Nation may agree to maintain a cadre of qualified wildland firefighters. If the availability of local training and qualifying wildfire management experience is limited, the off-reservation dispatch of Tribal wildland firefighters under approved interagency or mutual aid cooperative agreements is necessary, reasonable, and allowable for the purpose of breadth of experience, depth of qualified fire staff, training, and obtaining and maintaining NWCG qualifications and standards. The Nation is not required to maintain a cadre of qualified wildland firefighters unless the Nation agrees to do so in a mutually agreed upon appendix executed by the parties.

2. Further, no single agency, including the Nation carrying out this Agreement, has sufficient resources to manage large, extended attack wildland fires. Only through cooperative, reciprocal interagency management are wildland fire management agencies able to suppress large, extended attack wildland fires or manage public safety incidents. Through this Agreement, the Nation participates in that portion of the interagency large fire, extended attack management capacity the BIA would make available to support national efforts. Without participation in interagency support agreements, the BIA cannot fulfill its commitments, and, without the support of its interagency partners and other Nations, the BIA cannot provide sufficient large-incident wildland fire management to the Nation. Therefore, the Nation may in mutually agreed upon appendix executed by the parties assume responsibility to supply qualified fire management staff, when they are not needed for local fire suppression management, for national dispatch under the direction of the BIA, when requested by the BIA or through resource orders issued by a dispatch center. Further, the Nation may in a mutually agreed upon appendix executed by the parties assume responsibility to train and qualify fire management staff to large incident NWCG skill positions, even though those positions may rarely be used for local fires.

D. The objectives of this Agreement are:

1. To participate in and administer the wildland fire management program for activities paid for by non-recurring funds;
2. To administer the fuels management program and complete projects for non-recurring funds on the reservation;
3. In the event the Nation agrees to maintain a cadre of qualified wildland firefighters, to train and maintain qualified tribal employees in order to build the depth and breadth of experience needed to develop NWCG skill positions to have a fully functional fire program managing wildland fire within BIA jurisdictional boundaries and, when available, supporting the national effort in regarding wildland fire.
4. To designate procedures to reimburse the Nation for the cost of providing wildland fire operational management (both suppression and fuels management) and other incident management services or support for non-recurring funds.

ARTICLE II - AUTHORITY

BIA enters into this Agreement pursuant to:

- A. National Indian Forest Resources Management Act, 25 U.S.C. § 3115(a)(1)(C), and 25 C.F.R. Part 163 Subpart E, *General Forestry Regulations, Cooperative Agreements*. The National Master Interagency Agreement for Wildland Fire Management, National Interagency Fire Center, BIA Agreement No.

- D. Specific responsibilities, duties and activities to be provided by the Nation will be documented and mutually agreed to, in written proposals and incorporated as an appendix to this Agreement (for example, the Annual Work Plan format or Task Orders may be used). Appendices will include an activity description, objectives and role of each party, operating plan, costs and reporting requirements. The operating plan will be modified by mutual consent as the scope of activities increases or decreases.
- E. BIA Obligations – Federal Assistance to Nation:

 - b. Personnel performing activities under this Agreement shall meet the requirements in the 2015 Bureau of Indian Affairs/Tribal Medical Standards Program dated Nov 26 2014 (or current direction) and work capacity test. They shall meet the minimum training requirements for NWCG-ICS positions, as prescribed by the BIA and Wildland and Prescribed Fire Qualifications Guide (PMS 310-1).

MEMORANDUM

To: Oneida Business Committee
From: RaLinda Ninham Lamberies, CFO
Date: March 13, 2025
Subject: FY2026 Budget Resolution

This memo is in regard to the FY2026 Budget Calendar and Guidelines which are being presentation for adoption on the March 26th, 2025 at the Oneida Business Committee Meeting. The Nation has developed initiatives for each Business Unit to review expenses and aim to provide a more accurate spending plan and close the gap to actual spending.

The following highlight key areas.

Sustainability – The use of carryover shall be minimized.

Areas of Emphasis

1. The membership payments will be maintained:
2. The Nation will continue to save a portion of Tribal Contribution.
3. Strategize for reductions in Federal grant revenues.

Wage Plan Recommendations were received from HRD for FY2026 and agreed upon by the Business Committee on March 6th. A Winter Gift to the employees has been approved by the BC. Wage increase and the Winter Gift is subject to our financial condition at that time.

The Employment Cap

In 121.9. of the Budget and Finance Law, under 121.9-1. Employment Cap. The Treasurer and CFO shall identify a maximum number of fulltime equivalent (FTE) employees to be employed by the Nation.

- The recommended employment cap is a reduction from 1,960 to 1,860. This number does not include 100% grant funded positions or Consolidated Health positions. The FTE's for Gaming and Retail have been allocated based on consultation with

the respective GM. The FTE cap of 1860 is a recommendation to address a reduction in Federal funding.

- 100% Grant funded and Consolidated Health positions shall follow the approval process identified in the BC Resolution # XX-XX-XX FY2025 Cost Savings Tools.

General Budget Guidance

There will be no Tradeback for Cash in FY2026 to prepare for a reduction in both Federal revenues and available cash from Gaming and Retail in a waning economy.

Guidance for developing the FY2026 Budget will follow measures approved in BC Resolution # XX-XX-XX FY2025 Cost Savings Tools.

With your help, we can provide a more accurate spending plan for the Nation.

The Community Input meetings will be scheduled for each large area within the Nation's budget to provide information to the members and to gain input from the members.

Watch for specific dates for trainings and Community Input meetings to be shared in the future.

February 25, 2025

TO: RaLinda Ninham-Lamberies, Chief Financial Officer
SUBJECT: FY2026 Tribal-wide Compensation Recommendation

As I provide these compensation recommendations for FY2026, it is important to acknowledge these recommendations take into consideration the on-going financial uncertainty shaped by the executive orders and policies of the current U.S. administration and with respect to potential cost-containment measures of Oneida Nation.

HRD is recommending these preliminary compensation proposals for FY2026:

Three percent “across-the-board” salary increase for all eligible employees

This 3% increase aims to help keep up with inflation and maintain our commitment to providing fair and competitive wages. Proposed implementation for this increase is the first week of FY2026 (Either pay period beginning September 28th or October 5th).

Winter Gift

Continuation of the Annual Winter Gift program of a \$300 bonus payment in December.

Bonus payment contingent on funding available

Lastly, HRD supports fair and transparent performance-based, or merit, increases to recognize and reward individual contributions and the achievement of organizational goals. Linking compensation to performance provides clear incentives for employees to focus their individual efforts on results while collectively contributing to Oneida’s vision, mission, and values.

For this reason, the last recommendation is a one-time performance bonus for eligible employees tied to performance evaluation scores of satisfactory or above. This final recommendation would be contingent upon available funding with the amount of the bonus and timeline for distribution to be determined.

I welcome the opportunity to discuss this recommendation further and explore possible implementation of these adjustments considering our financial outlook.

Fiscal Year 2026 Budget Considerations and Calendar

Summary

This resolution provides the Fiscal Year 2026 budget calendar and line-item guidance for the approval of the Oneida Business Committee in accordance with section 121.5-4(a) of the Budget and Finances law.

Submitted by: Clorissa N. Leeman, Senior Staff Attorney, Legislative Reference Office

Date: March 13, 2025

Analysis by the Legislative Reference Office

The Budget and Finances law (“the Law”) sets forth the requirements to be followed by the Oneida Business Committee and the Oneida fund units when preparing the budget to be presented to the General Tribal Council for approval, and establishes financial policies and procedures for the Nation which:

- institutionalize best practices in financial management to guide decision makers in making informed decisions regarding the provision of services, implementation of business plans for enterprises, investments, and capital assets;
- provide a long term financial prospective and strategic intent, linking budget allocations to organizational goals, as well as providing fiscal controls and accountability for results and outcomes;
- identify and communicate to the membership of the Nation spending decisions for the government function, grant obligations, enterprises, membership mandates, capital expenditures, technology projects, and capital improvement projects;
- establish a framework for effective financial risk management; and
- encourage participation by the Nation’s membership. [1 O.C. 121.1-1].

The Nation is required to develop, adopt, and manage an annual budget. [1 O.C. 121.5-1]. All revenues and expenditures of the Nation shall be in accordance with the annual budget. *Id.* The Nation’s annual budget is required to be a balanced budget, which does not propose to spend more funds than are reasonably expected to become available to the Nation during that fiscal year. *Id.* The Budget and Finances law provides for the process and procedures to be used for the development and adoption of the Nation’s budget. [1 O.C. 121.5-4].

The Budget and Finances law requires that the Treasurer develop the necessary guidelines, including specific timelines and deadlines, to be followed by the managers that have budget responsibility in preparing and submitting proposed budgets, and that the Treasurer then submit those guidelines to the Oneida Business Committee for review and approval through the adoption of a resolution. [1 O.C. 121.5-4(a)]. The Treasurer is required to identify in the budget guidelines a percentage of an increase or decrease in a fund unit’s budget from the prior year budget that is required to be noticed to the Oneida Business Committee. [1 O.C. 121.5-4(b)(1)]. The budget

schedule and guidelines developed by the Treasurer are required to include at least one (1) opportunity for community input from the Nation's membership on what should be included in the upcoming fiscal year budget. *[1 O.C. 121.5-4(a)(1)]*. Each fund unit shall be responsible for complying with the budget schedule and guidelines to submit a proposed budget to the Treasurer. *[1 O.C. 121.5-4(a)(2)]*.

This resolution provides the Fiscal Year 2026 ("FY26") budget calendar for the approval of the Oneida Business Committee in accordance with section 121.5-4(a) of the Law. The calendar provides information on various budget development tasks that are required to be completed, the responsible parties for those responsibilities, and deadline dates. The FY26 budget calendar provides that the budget will be presented to the General Tribal Council for consideration of adoption on September 25, 29, or 30, 2025. The Oneida Business Committee is required to present the budget to the General Tribal Council with a request for adoption by resolution no later than September 30th of each year. *[1 O.C. 121.5-4(e)]*.

This resolution then provides guiding philosophy and line-item guidance for the development of the FY26 budget.

Conclusion

Adoption of this resolution complies with the requirements of the Budget and Finances law. Adoption of this resolution would not conflict with any of the Nation's laws.

Guiding Philosophy

The overall goal with the FY2026 budget will be to build a sustainable, balanced budget in alignment with the Nation’s priorities. This is accomplished when the funding sources equal the funding uses. To be sustainable, we cannot rely on prior year carryover to balance the budget, and the use of future carryover shall be minimized.

This budget process will target sufficient funding for four areas of emphasis:

1. The membership payments will be maintained:
 - a. \$1,500 to all members (GWA for 18+, per capita for minors)
 - b. \$2,000 GWA for ages 62+
2. The Nation will continue to save a portion of Tribal Contribution.
 - a. 11% to executive contingency
 - b. 3% to the Elder GWA, Higher Education, and General Welfare Trust
3. Strategize for reductions in Federal grant revenues.

Line-Item Guidance

1. Each business unit shall increase their budget by only the annual wage increase percentage.
2. The FY2026 Wage Plan will include an average of a 3% annual wage increase.
3. The fringe rate for FY2026 will be 0% from the FY2025 rates. Each business unit's fringe rate will be on the payroll spreadsheet received by March 28th, 2025.
4. The anticipated Indirect Cost (IDC) rate for FY2026 is 21.21%.
5. A Winter Gift of \$300 per employee should be included in each business unit's budget in the bonus line, however, financial conditions may impact the implementation during Fiscal Year 2026.
6. The above are budget parameters only and are dependent on funding availability, Business Committee approval, and General Tribal Council adoption of the budget.
7. The Nation shall continue to adhere to the employment cap which will be 1860 Full Time Equivalent (FTE's) for Fiscal Year 2026, down from 1960 in FY2025. Further:
 - a. Allocations to new and vacant positions are as follows.
 - i. Gaming 780.5 FTE's
 - ii. Retail 119 FTE's
 - iii. TC and IDC 960.5 FTE
 - iv. 100% Grant funded and Consolidated Health positions shall follow the approval process identified in the FY2025 Cost Savings Tools resolution BC #XX-XX-XXXX-X
 - b. Each business unit shall budget Personnel expenses into two separate categories, one for current filled positions, and one for vacant/posted positions.
 - i. The current filled positions shall be fully budgeted unless there is a significant turnover in the position. If there is historically turnover in the position budget these position at 67% of full-time. The wage for the positions will be budgeted in line XXX.XXXXXXX.XXX.502100-000 and the fringe will be budgeted in XXX.XXXXXXX.XXX.505000.000.
 - ii. Vacant/posted positions will be budgeted at 50% of full-time. The wage for the positions will be budgeted in XXX.XXXXXXX.XXX.502100.200 and the fringe will be budgeted in XXX.XXXXXXX.XXX.505000.200.
8. Gaming and Retail: External and Internal expense line items should be based on FY2026 business plans.
9. There will be no Trade back for Cash in FY2026.
10. Guidance for developing the FY2026 Budget will follow measures approved in BC Resolution # XX-XX-XXXX-X FY2025 Cost Savings Tools.

Amendment to BC Resolution # 10-12-22-C Obligation for Oneida Nation Farm Office Utilizing Tribal Contribution Savings

Summary

The resolution amends resolution BC-10-12-22-C, *Obligation for Oneida Nation Farm Office Utilizing Tribal Contribution Savings*, to extend the date in which the project needs to be completed by from April 30, 2025 to September 30, 2025.

Submitted by: Clorissa N. Leeman, Senior Staff Attorney, Legislative Reference Office
Date: March 7, 2025

Analysis by the Legislative Reference Office

The Oneida Nation received federal funds through the American Rescue Plan Act of 2021 (ARPA) funds to address matters arising out of the COVID-19 pandemic. The Oneida Business Committee has approved application of ARPA funds to lost revenue and allocation of tribal funds to the ARPA Federal Rescue Funds to investments in the “Lost Revenue” line (ARPA FRF LR) in the Investment Report. The savings from the application of these funds has resulted in tribal funds being placed in the line “Tribal Contribution Savings” in the Investment Report presented in the Treasurer’s Report”

The Oneida Business Committee determined that these funds should be used as set out in resolution BC-06-09-21-B, *Setting Goals for Application of Funding from the American Rescue Plan Act of 2021 to Direct Support to Individuals, Families, Community and the Oneida Nation*, as amended by resolution BC-06-23-21-C, *Amendment # 1 to the American Rescue Plan Act of 2021 Investment Allocation to Direct Membership Assistance*. In resolution BC-06-09-21-B, the Oneida Business Committee identified that the primary applications for the use of ARPA FRF would be to aid members and create tangible benefits related to housing, food sovereignty, education, and culture. In addition, the Oneida Business Committee directed the ARPA FRF to be spread across a three (3) year period in eight (8) specific categories to guide expenditures to meet such primary applications in an informed and transparent manner through the approval of projects by resolution.

After the adoption of resolution BC-06-09-21-B, the Oneida Business Committee received information which indicated that there was a more immediate need to address the pandemic’s twelve (12) to fifteen (15) month negative impact on the membership’s access to jobs, education, healthcare, and housing. The Oneida Business Committee then adopted resolution BC-06-23-21-C, *Amendment # 1 to the American Rescue Plan Act of 2021 Investment Allocation to Direct Membership Assistance*, which amended resolution BC-06-09-21-B to reflect its decision, which, more specifically, was to apply the 45% Direct Membership Assistance payment of three thousand dollars (\$3,000) in the current fiscal year, with any remaining funds after the payment to be allocated in Fiscal Years 2022 and 2023. Additionally, resolution BC-06-23-21-C provided clarification on the eligibility for membership assistance general welfare exclusion payments,

application period, obligation, and ability to approve projects across fiscal years; and directed that the allocations be reviewed at least each fiscal year to determine whether modifications should be made. The work sheet that was attached to resolution BC-06-09-21-B was also deleted by resolution BC-06-23-21-C and replaced with the work sheet attached thereto, entitled, *American Recovery Plan Act – FRF; Lost Revenue; ARPA FRF LR Investments – Updated June 23, 2021*.

The Oneida Business Committee was then presented with recommended amendments to the processes based on implementation of the June 2021 resolutions, application of ARPA FRF through the lost revenue formula, identification of direct use and Tribal Contribution Savings. The Oneida Business Committee reviewed the recommendations and determined that the recommended amendments offer clarification in the processes and provide reporting at intervals that will keep all parties informed on the status of approved projects. The Oneida Business Committee then adopted resolution BC-03-30-22-A, *Updating Tribal Contribution Savings Processes and Allocations*, which superseded the processes identified in Resolve #6 of resolution BC-06-09-21-B, as amended by Resolve #2 of resolution BC-06-23-21-C and adopted a new project approval process which was to be supplemented with needed Standard Operating Procedures approved by the FRF Program Office.

Resolution BC-03-30-22-A had certain responsibilities delegated to the Strategic Planner. For the 2023-2026 term the Oneida Business Committee has removed the Strategic Planner from the approved positions for the support of the Oneida Business Committee. The Oneida Business Committee has identified a need to amend the reporting process and provide the membership reporting on the status of the TC Savings projects funds. Through the adoption of resolution BC-05-22-24-A, Amending BC Resolution 03-30-22-A, *Updating Tribal Contribution Savings Processes and Allocations*, the Oneida Business Committee amends the reporting process identified in resolution BC 03-30-22-A to address reporting by the project owner and the Chief Financial Officer. This resolution also provides that the resolution BC-03-30-22-A updated Tribal Contributions Savings Allocation spreadsheet is the last approved Tribal Contribution Savings Allocation spreadsheet and is attached to this amended BC resolution.

The Oneida Business Committee adopted resolution BC-10-12-22-C, *Obligation for Oneida Nation Farm Office Utilizing Tribal Contribution Savings*, which approved the obligation of funds for the building of a new farm office space in the amount of one million eight hundred forty-six thousand dollars (\$1,846,000) from the Tribal Contribution Savings – Food and Agriculture; with Vanessa Miller, Food and Agriculture Area Manager assigned as Project Owner. This project was to be concluded by April 30, 2025. Resolution BC-10-12-22-C was exempt from the statement of effect requirement in accordance with resolution BC-07-28-21-L, *Amending Requirement for a Statement of Effect to Exclude Resolutions Obligor ARPA FRF LR Funds for Projects Approved Through the FRF Office*.

This resolution amends resolution BC-10-12-22-C to extend the date in which the project needs to be completed by from April 30, 2025 to September 30, 2025, and also adds in references CIP number #21-113.

Conclusion

Adoption of this resolution would not conflict with any of the Nation's laws.

Re: EDDCD Request for Electric Vehicle Grant of \$507,366

Background

The ELA department has applied for the Economic Development, Diversification, and Community Development (EDDCD) Fund, and the Oneida Nation was notified of the award \$507,366 under the Wisconsin Electric Vehicle Infrastructure Grant (WEVI) Round 1, on May 15, 2024. The award consists of an 80% Federal Share or \$405,892.80, and a 20% Nation's Share or \$101,473. It is a reimbursable grant, based on paid receipts for the expended amount during the project performance period that are submitted to the state for reimbursement. Pending the release of funding from the state, we anticipate the project to be completed by December 2025, if not sooner.

Current Request

Request the use of EDDCD funds in the amount of \$507,366 and once completed to reimburse the EDDCD fund of \$405,892.80.

Findings after review

The request supplied the presentation and these 4 charging ports that could earn \$75,686-\$100,915 per year, along with having patrons staying longer at our sites.

The Guiding Document utilized to determine the use of the EDDCD funds include the OBC Broad Goals and Economic Development Plan which have the following economic related items:

- **Marketing and Image**—Raise the Oneida Nation’s profile through marketing efforts aimed at internal and external audiences.
- **Revenue Generation** – We want to gain financial security by leveraging our assets and strengths, such as agriculture, tourism, entertainment, and the ability to create our own corporate and tax laws to provide financial independence from Gaming and from the federal government to provide a strong economy where the Nation and community members can succeed and have individual independence and self-reliance.

In Closing

The requested \$507,366 payment and the return of \$405,892.20 of the Economic Development, Diversity, and Community Development fund and this is appropriate use of these funds.

Detailed Description (Please attach any supporting documents to form and dollar amounts needed):

The Oneida Nation, was notified of the award \$507,366 under the Wisconsin Electric Vehicle Infrastructure Grant (WEVI) Round 1, on May 15, 2024. The award consists of an 80% Federal Share or \$405,892.80, and a 20% Nation's Share or \$101,473. It is a reimbursable grant, based on paid receipts for the expended amount during the project performance period that are submitted to the state for reimbursement. Pending the release of funding from the state, we anticipate the project to be completed by December 2025, if not sooner.

We are requesting EDDCDF funding for the entire amount, of \$507,366 with up to \$405,892.80 being returned to the fund after reimbursement from the state. The remaining EDDCDF up to \$101,473 will cover the Nation's share. Requests for reimbursement will be made monthly, based on paid receipts. Currently reimbursement has been approximately 3 weeks from request to payment.

It is for the installation of a Level 3 DC Fast Charger (DCFC) that will have 4 charging ports at 160 kW per port and capable of charging 4 vehicles simultaneously. It will provide opportunities to promote the Oneida Nation brand, events, retail offerings and other customer capture opportunities for Nation owned entities.

Market Analysis & Revenue Potential - Average DC fast chargers operate at a 15–20% utilization rate, equating to 216–288minutes of daily use. The recommended charge rate for Green Bay's DC fast charging stations is \$0.32 per kWh, with comparable stations within a 100-mile radius charging between \$0.28 and \$0.38 per kWh. According to the U.S. Department of Energy, the average Level 3 charging session lasts 42 minutes and consumes 22 kWh, generating \$7.04 per customer. Factoring in a typical 6% tax, customers generally spend \$10–\$15 per charge minute; for this market. This translates to an average of 3 kWh per minute and daily revenue ranges from \$207.36 to \$276.48, or annual revenue of \$75,686–\$100,915.

*For more information please refer to the 2014 Comprehensive Plan, Land Use Plan, Neighborhood Development Plan, Live, Sustain, Grow Plan, and the Economic Development Plan.

Oneida West Mason Casino EV Charging Station Investment Analysis

Charging Rate and Market Comparison

The recommended charge rate for Green Bay's DC fast charging stations is \$0.32 per kWh, with comparable stations within a 100-mile radius charging between \$0.28 and \$0.38 per kWh.

Customer Charging Patterns and Revenue Estimates

- According to the U.S. Department of Energy, the average Level 3 charging session lasts 42 minutes and consumes 22 kWh, generating \$7.04 per customer at the suggested rate.
- Factoring in a typical 6% tax, customers generally spend \$10–\$15 per charge.

Station Utilization and Revenue Potential

- Average DC fast chargers operate at a 15–20% utilization rate, equating to 216–288 minutes of daily use.
- Charging stations typically deliver 0.5–5 kWh per minute; for the Green Bay market, we estimate an average of 3 kWh per minute.
- Based on this rate, projected daily revenue ranges from \$207.36 to \$276.48, translating to an annual revenue of \$75,686–\$100,915. (High utilization areas will make roughly \$800/day)

Seasonal Impact on Utilization

- Utilization is expected to peak between April and October due to increased travel and favorable weather conditions.
- During winter months, utilization may drop by 50%, particularly at the West Mason Casino site.

Ancillary Business Impact

- Studies indicate that 30–50% of gasoline customers also make in-store purchases.
- While the West Mason Casino differs from a traditional convenience store, we anticipate:
 - A high percentage of customers enter for restroom use and complimentary refreshments.
 - Some patrons will engage in casino activities, sports betting, slot machines, or food purchases.
 - Others will remain in their vehicles or visit neighboring businesses, which studies suggest could see a 1.5–3% revenue increase due to charger installation.

Return on Investment (ROI) Projections

- Accounting for operation and maintenance costs, we anticipate an ROI within three years, with the potential for a one-year return under optimal conditions.
- Tracking systems can be implemented to analyze on-site spending beyond charging fees.
- Without the WEVI grant, the ROI period would extend to approximately 4–7 years.

Strong Business Opportunity

The Oneida West Mason Casino EV charging station presents a strong investment opportunity, both in direct revenue from charging and indirect benefits from increased foot traffic. While seasonal fluctuations will impact utilization, the station is expected to generate a reliable revenue stream and enhance customer engagement with the casino and nearby businesses.

Level 2 & DCFC Comparison

Level 2

- **Voltage:** 240V (requires dedicated circuit)
- **Charging Speed:** Approximately 10-30 miles of range per hour.
- **Best For:** Home charging, workplace charging, and some public stations.
- **How It Works:**
 - Installed by an electrician; requires a dedicated 240V circuit.
 - Uses a higher voltage to provide faster AC charging compared to Level 1.
 - Compatible with most EVs using standard connectors like J1772.
- **Benefits:** Balances installation cost and speed; ideal for daily use.

DCFC (Level 3)

- **Voltage:** 400-900V DC (Direct Current)
- **Charging Speed:** Adds approximately 60-100+ miles of range in 20 minutes.
- **Best For:** Public charging stations for long-distance travel or quick top-ups.
- **How It Works:**
 - Converts AC power to DC within the charging station itself.
 - Directly supplies DC power to the EV battery, bypassing the onboard charger.
 - Uses specialized connectors like CCS or CHAdeMO.
- **Considerations:**
 - Expensive to install and maintain.
 - Not all EVs are compatible with fast charging.
- **Applications:** Ideal for highway corridors and urban fast-charge hubs.

Statement of Effect

Approval of Use of EDDCD to Fund the WEVI Grant of \$507,366.00 for Electric Vehicle Charging Stations

Summary

The resolution approves an allocation of five hundred and seven thousand three hundred sixty-six dollars (\$507,366) from the Economic Development, Diversification and Community Development Fund for the purpose of funding the WEVI Grant for electric charging stations with assignment number ED25-003.

*Submitted by: Clorissa N. Leeman, Senior Staff Attorney, Legislative Reference Office
Date: March 7, 2025*

Analysis by the Legislative Reference Office

The Oneida Business Committee has adopted resolutions which set aside funds disbursed from corporations to the Nation in an Economic Development, Diversification and Community Development fund (“the Fund”) and describes the process for accessing those funds. [Resolutions BC-09-28-16-B, BC-07-12-17-A, BC-12-12-18-B, BC-01-23-19-C, BC-01-23-19-D, and BC-05-26-21-B]. When a request to utilize monies from the Fund is received, the Review Team, comprised of the Strategic Planner, Business Analyst, and the Budget Analyst, review the request for use of the Fund and determines if the proposed use is consistent with the Fund. The Review Team is then required to provide a written recommendation to the Oneida Business Committee regarding whether to authorize the allocation from the Fund to a specific project identified by a contract number, CIP number, economic development opportunity number or other easily trackable number or designation. The Oneida Business Committee is then responsible for authorizing use of the Fund by a resolution clearly identifying the amount of funds authorized and purpose of the funds, which may be identified by a contract number, CIP number, economic development opportunity number or other easily trackable number or designation, and the employee responsible for authorizing expenditures of the authorized amount.

Through the adoption of this resolution the Oneida Business Committee would be approving an allocation of five hundred and seven thousand three hundred sixty-six dollars (\$507,366) from the Fund for the purpose of funding the WEVI Grant for electric charging stations with assignment number ED-25-003. This resolution provides that the five hundred and seven thousand three hundred sixty-six dollars (\$507,366) from the Fund is not intended to be used for any other expenses, and any unspent funds will be returned to the Fund.

This resolution does not specifically state how utilizing the Fund for this purpose is aligned with the Oneida Business Committee Broad Goals or the approved Economic Development Plan Elements, but one may assume this threshold was met if the resolution is ultimately being recommended. Victoria Flowers, Environmental Compliance Coordinator, is identified as the responsible employee for this allocation of funding.

Conclusion

Adoption of this resolution would not conflict with any of the Nation's laws.

FY2025 Cost Savings Tools

Through the adoption of this resolution the Oneida Business Committee finds that failure to implement cost savings tools may put the Nation in a detrimental financial position including cash availability and in accordance with section 121.10-2 of the Budget and Finances law, this resolution then approves a variety of actions to serve as cost saving tools such as actions to address capital improvement projects, a hiring freeze, restriction of discretionary spending, restriction of capital expenditures, the purchasing process. Adoption of this resolution does not comply with the Budget and Finances law and resolution BC-09-13-17-A, *Adoption of Budget Contingency Plan in Conformance with the Budget Control and Management and Control Law*.

Submitted by: Clorissa N. Leeman, Senior Staff Attorney, Legislative Reference Office

Date: March 18, 2025

Analysis by the Legislative Reference Office

The Budget and Finances law (“the Law”) sets forth the requirements to be followed by the Oneida Business Committee and the Oneida fund units when preparing the budget to be presented to the General Tribal Council for approval, and establishes financial policies and procedures for the Nation which:

- institutionalize best practices in financial management to guide decision makers in making informed decisions regarding the provision of services, implementation of business plans for enterprises, investments, and capital assets;
- provide a long term financial prospective and strategic intent, linking budget allocations to organizational goals, as well as providing fiscal controls and accountability for results and outcomes;
- identify and communicate to the membership of the Nation spending decisions for the government function, grant obligations, enterprises, membership mandates, capital expenditures, technology projects, and capital improvement projects;
- establish a framework for effective financial risk management; and
- encourage participation by the Nation’s membership. [1 O.C. 121.1-1].

The Nation is required to develop, adopt, and manage an annual budget. [1 O.C. 121.5-1]. All revenues and expenditures of the Nation shall be in accordance with the annual budget. *Id.* The Nation’s annual budget is required to be a balanced budget, which does not propose to spend more funds than are reasonably expected to become available to the Nation during that fiscal year. *Id.* The Budget and Finances law provides for the process and procedures to be used for the development and adoption of the Nation’s budget. [1 O.C. 121.5-4].

The Law addresses budget contingency planning. The Law requires that the Oneida Business Committee work with the Chief Financial Officer, Executive Managers, and managers to create a budget contingency plan which provides a strategy for the Nation to respond to extreme financial

distress that could negatively impact the Nation. [1 O.C. 121.10-1]. Extreme financial distress includes, but is not limited to, natural or human-made disasters, United States Government shutdown, emergency proclamations, and economic downturns. [1 O.C. 121.10-1(a)]. The Oneida Business Committee is required to approve the budget contingency plan, and any amendments thereto, through the adoption of a resolution. [1 O.C. 121.10-1(b)]. As part of the budget contingency plan, the Oneida Business Committee may require the use of cost saving tools, provided that the use of such cost saving tools complies with all laws of the Nation. [1 O.C. 121.10-2]. Cost saving tools may include, but are not limited to, the use of stabilization funds, reductions of expenditures, furloughs; and layoffs. [1 O.C. 121.10-2(a)-(d)]. When the Oneida Business Committee determines that the Nation is under extreme financial distress, the Oneida Business Committee is responsible for implementing the budget contingency plan. [1 O.C. 121.10-3].

The last budget contingency plan adopted by the Oneida Business Committee occurred through resolution BC-09-13-17-A, *Adoption of Budget Contingency Plan in Conformance with the Budget Control and Management and Control Law*. This resolution required that:

Tribal operations develop contingency plans for their respective areas, and update them by the first (1st) of March on an annual basis. Contingency plans shall be developed by Tribal operations and by each subsection of the operations supervised by the direct report or appropriate Chairperson of Tribal Boards, Committees, and Commissions. Each direct report or appropriate Chairperson shall be responsible for receiving, reviewing, approving, and maintaining the contingency plans for each subsection of the operations supervised by the direct report or appropriate Chairperson. Direct reports or appropriate Chairperson shall submit their high-level contingency plans to the officers of the Oneida Business Committee.

Through the adoption of resolution BC-09-13-17-A, the Oneida Business Committee also adopted the attached Budget Contingency Plan for the Nation. The Budget Contingency Plan provides that the Oneida Business Committee, with the advice from the Chief Financial Officer's office is responsible for preparing the recommended action plan whereas the Oneida Business Committee is responsible for creating necessary action by formal resolution and each separate level of decline shall require a new resolution. The Budget Contingency Plan provides the following levels of decline and definitions of reductions:

Level of Decline	Definitions of Reductions
Tier I	1% - Delaying expenses, deferment
Tier II	2% - Cost containments
Tier III	3 % - Tribal Operations & OBC identify and preserve specific core services
Tier IV	4% - Tribal Operations & OBC identify and preserve specific core services
Tier V	5% - The OBC identify mandatory cuts across the Nation

Examples of Oneida Business Committee action by formal resolution in accordance with the Budget Contingency Plan include resolution BC-03-17-20-A, *Adoption of Tier IV Budget*

Contingency Plan for the Remainder of Fiscal Year 2020 as a Result of Potential COVID-19 Pandemic Financial Impacts, and resolution BC-04-08-20-C, Tier V Budget Contingency Declared for Remainder of Fiscal Year 2020.

In May of 2022, when the Oneida Business Committee took action to adopt the most recent permanent amendments to what is now the Budget and Finances law, through the adoption of resolution BC-05-11-22-B, *Amendments to the Budget Management and Control Law*, the Oneida Business Committee directed that guidelines for the contents of the budget contingency plan be issued by Finance by November 1, 2022, with the final budget contingency to be brought forward to the Oneida Business Committee for consideration by April 1, 2023. It does not appear that this directive was met, as no budget contingency plan has been adopted by the Oneida Business Committee since the adoption of resolution BC-09-13-17-A.

This resolution provides that due to the current political environment, there are unresolved legal issues regarding a federal funding freeze, and a partial government shutdown may take effect as soon as March 14, 2025¹. The resolution provides that it is necessary for our financial sustainability to proactively plan for a potential reduction in Federal grant funds through adjusting our spending activities to ensure that sources and uses of funding continue to balance within the Fiscal Year 2025 budget.

Through the adoption of this resolution the Oneida Business Committee finds that failure to implement cost savings tools may put the Nation in a detrimental financial position including cash availability and in accordance with section 121.10-2 of the Budget and Finances law. This resolution then approves a variety of actions to serve as cost saving tools such as actions to address capital improvement projects, a hiring freeze, restriction of discretionary spending, restriction of capital expenditures, the purchasing process. The Oneida Business Committee is then given an active role in determining if additional measures are needed or if the requirements of this resolution should be rescinded at the recommendation of the CFO during the monthly Treasurer's report or as needed per the request of the Chief Financial Officer. This resolution directs that unless the future of Federal funding is solidified, these cost savings tools will also serve as guidance for developing the Fiscal Year 2026 budget. In compliance with the Budget and Finances law section 121.10. *Budget Contingency Planning*, this resolution directs Finance to bring forward a Budget Contingency Plan for approval prior to Fiscal Year 2026, and directs that the plan be reviewed annually to ensure accuracy and effectiveness with the current situation and considering future lessons learned. The actions directed by this resolution will be effective as of March 30, 2025, and will remain in effect until official action is taken by the Oneida Business Committee to amend or rescind this resolution or Fiscal Year 2025 budget and any potential continuing resolution is concluded.

The proposed resolution appears to be invoking the use of cost savings tools without the implementation of a budget contingency plan. The Budget and Finances law allows cost savings tools to be used **as part of** a budget contingency plan. [1 O.C. 121.10-2]. The Oneida Business Committee is required to take action to implement a budget contingency plan when the Oneida

¹ A United States federal government shutdown did not occur on March 14, 2025 – on March 14, 2025, the Senate passed a continuing resolution that will fund the federal government at fiscal year 2024 levels, with a few exceptions, until September 30, 2025. President Donald Trump signed the legislation into law on March 15, 2025.

Business Committee determines that the Nation is under extreme financial distress. [1 O.C. 121.10-3]. Although this resolution identifies the potential for extreme financial distress, the Oneida Business Committee has not taken any action to implement a budget contingency plan. Additionally, the last budget contingency plan for the Nation as adopted through resolution BC-09-13-17-A, provides that the Oneida Business Committee, with the advice from the Chief Financial Officer's office is responsible for preparing the recommended action plan whereas the Oneida Business Committee is responsible for creating necessary action by formal resolution and each separate level of decline shall require a new resolution. The Oneida Business Committee has not taken any action to implement a budget contingency plan by adopting via resolution an action plan in accordance with an appropriate level of decline as required by resolution BC-09-13-17-A. The Budget and Finances law does not permit the use of cost savings tools in the absence of a budget contingency plan.

Therefore, adoption of this resolution would not comply with the Budget and Finances law and resolution BC-09-13-17-A, *Adoption of Budget Contingency Plan in Conformance with the Budget Control and Management and Control Law*.

Conclusion

Adoption of this resolution does not comply with the Budget and Finances law and resolution BC-09-13-17-A, *Adoption of Budget Contingency Plan in Conformance with the Budget Control and Management and Control Law*.

- The proposed resolution appears to be invoking the use of cost savings tools without the implementation of a budget contingency plan. The Budget and Finances law allows cost savings tools to be used *as part of* a budget contingency plan. [1 O.C. 121.10-2]. The Oneida Business Committee is required to take action to implement a budget contingency plan when the Oneida Business Committee determines that the Nation is under extreme financial distress. [1 O.C. 121.10-3]. Although this resolution provides that the Nation may experience extreme financial distress, the Oneida Business Committee has not invoked a budget contingency plan, and therefore cannot utilize the cost savings tools prescribed in section 121.10-2 of the Budget and Finances law.
- Additionally, the last budget contingency plan for the Nation as adopted through resolution BC-09-13-17-A, *Adoption of Budget Contingency Plan in Conformance with the Budget Control and Management and Control Law*, provides that the Oneida Business Committee, with the advice from the Chief Financial Officer's office is responsible for preparing the recommended action plan whereas the Oneida Business Committee is responsible for creating necessary action by formal resolution and each separate level of decline shall require a new resolution. The Oneida Business Committee has not taken any action to implement a budget contingency plan by adopting via resolution an action plan in accordance with an appropriate level of decline as required by resolution BC-09-13-17-A.

Re: memo to support resolution to participate in the Midwest Tribal Energy Resources Association (MTERA) Tribal Energy Capacity Building Program

Community Change Grant

The Midwest Tribal Energy Resources Association (MTERA) has been awarded the Community Change Grant by the Environmental Protection Agency. This funding will provide \$164,706 per year for three years to each of the thirty-five Midwest Tribes in Wisconsin, Minnesota, and Michigan. This grant is intended to support energy capacity Tribal energy goals.

MTERA background

In 2014, Oneida Nation co-founded the Midwest Tribal Energy Resources Association (MTERA). MTERA's mission is to ***empower Tribes to manage Tribal energy resources through collective action***. They are a collaborator to support Tribal interests in energy sovereignty planning and deployment. The MTERA currently has thirty-one member-Tribes from Wisconsin, Minnesota, and Michigan. Each member-Tribe appoints a representative to sit on the MTERA Board. An Executive Committee comprised of four member-Tribe appointees serve as officers.

MTERA has been very effective providing technical assistance to member-Tribes. They have also been very successful procuring funding from various agencies and foundations. Most notably is the Community Change Grant and the Solar for All program, both administered by the Environmental Protection Agency (EPA).

Federal Funding Status

Executive Orders have created a lot of confusion regarding available federal funding. Productive communication with federal agencies has been non-existent since January. However, MTERA

staff remain confident that the federal government will keep its commitment. Timing has been a key driver. Most of the application materials were submitted in 2024, and many of the awards were received by January 2025. However, delayed funding will likely delay program implementation. Other funding sources are being investigated to support energy initiatives.

Memorandum

From: Brandon Wisneski, Self-Governance Manager

Re: Adoption of Amendment to BC Resolution #08-14-24-B Submission of ISDEAA Section 105(l) Lease Proposals to the Department of Interior

Background:

Presented for the Business Committee's consideration is an Amendment to BC Resolution 08-14-24-B Submission of ISDEAA Section 105(l) Lease Proposals to the Department of the Interior. The purpose of the amendment is to secure additional federal funding for the Nation by expanding the scope of our initial funding request to include Calendar Year 2023 and subsequent years.

The prior resolution authorized the submission of ISDEAA 105(l) Lease proposals for the Department of Interior for Fiscal Year 2024 and subsequent years. The Office of Self-Governance has been submitting required materials to Department of the Interior to negotiate 105(l) leases and funding for the Nation's eligible facilities.

Since that time, the Department of the Interior and Office of Self-Governance identified that the Nation is also eligible for 105(l) funding retroactive to 2023. In addition, the Office of Self-Governance is proposing lease agreements based on Calendar Year rather than Fiscal Year, in order to match the Nation's DOI Self-Governance Compact and Funding Agreement, which also operates on a Calendar Year.

In order to process the Nation's 105(l) lease request to retroactively include funding for 2023, the Department of the Interior has requested that the Nation provide an updated Tribal Resolution to include Calendar Year 2023. The proposed amendment to the resolution makes this change.

105(l) Lease General Information

Under Section 105(l) of the Indian Self Determination and Education Assistance Act (ISDEAA) Public Law 93-638, the Secretary of Interior is required to enter into a lease with a tribe, upon the tribe's request, for a facility the tribe uses to carry out the tribe's responsibilities under a contract or compact, commonly referred to as a "105(l) lease."

The 105 (l) leases are not traditional leases. They are facility cost agreements that compensate Tribes for facility operational expenses associated with using a facility to administer ISDEAA

contracted/compacted services. 105(l) leases do not grant right of entry to the Department of Interior.

Once negotiated, 105(l) leases are renewable annually so long as the Nation continues to use the facility to deliver compacted programs, services, functions or activities (PSFAs). The 105(l) leases will provide a new, annual source of federal funding from to support the Nation's facility expenses and delivery of the Nation's programs to our community.

Oneida Nation is a Title IV Self-Governance tribe with a compact and funding agreement with the Department of Interior under the ISDEAA. The Nation may submit 105(l) lease proposals for any of the Nation's facilities (or portion of facilities) that meet the following requirements:

- The Nation holds title to, a leasehold interest in, or a trust interest in a specific facility;
- The Nation is using the facility to administer and deliver services under an approved ISDEAA 638 compact or contract or 297 grant;
- The Programs, Functions, Services, and Activities (PFSAs) that the Tribe is conducting in the facility must be in an approved Self-Governance or Self-Determination contract/compact or 297 grant.

The Nation has had 105(l) leases in place with the Indian Health Service for its healthcare facilities since FY2019. Pursuing 105(l) leases through Department of Interior for the Nation's BIA-compacted programs will bring in an additional source of federal funding that the Nation is entitled to under federal law.

The Office of Self-Governance is working with the Nation's departments to identify eligible facilities, gather required documentation, and submit lease proposal packages to the Department of Interior. One of the required documents the Nation must submit with its lease proposals is a tribal resolution.

Once the terms and compensation for each lease proposal have been negotiated between the Nation and Department of Interior, the 105(l) leases for each facility will be presented to the Oneida Business Committee for consideration and approval.

Business Committee Agenda Request - Memo

Project No.: 16-011 **Project Title:** Recreation Complex

Purpose:

The project team is responding to the Business Committee action requesting options for the project development based upon discussion at the General Tribal Council meetings.

Background:

Previous Business Committee actions:

- Approval of project's Concept Paper: January 9, 2019.
- Approval of project's CDC Approval Package and activation of FY2023 CIP funds (\$250,000): September 13, 2023.
- Request report on project's budget due in March 2025: December 11, 2024.

The motion from the December 11, 2024 meeting reads: *"Motion by Jennifer Webster to accept the draft November 18, 2024, special General Tribal Council meeting minutes; to direct CIP # 16-011 to be revised to focus on current Recreation needs with options for future growth; to direct CIP # 16-011 Project Team to present a proposed budget estimate to the Oneida Business Committee at the first meeting in March 2025; to direct the Treasurer to assign appropriate personnel to be assigned to the Project Team for CIP # 16-011 to provide financial guidance, seconded by Jonas Hill. Motion carried."*

Based upon the motion on the project:

- The Treasurer assigned the Chief Financial Officer (CFO) to the project team.
- The project team met, and the CFO noted the Nation could only afford a project budget of approximately \$20,000,000.
- The project team reviewed the Space Needs Summary and focused on Recreation, removing spaces allocated for Aquatics and Fitness.

- The project team reduced the sizes of various spaces and removed others from the program.
- The other largest impact to building size was the gymnasium/basketball court quantity. The project team adjusted the court count and defined options for various building sizes.

The attached Project Option Summary denotes the previous options and includes new options for reducing the building size and associated project budget estimate.

Attachments:

- 16-011 Project Option Summary.
- 16-011 Space Needs Summary - Options 3 thru 5.
- 16-011 Project Budget Estimate - Options 3 thru 5

Action Requested:

1. Support to present the project options to General Tribal Council for approval.

DEPARTMENT OF HEALTH & HUMAN SERVICES

Office of the Secretary

Washington, D.C. 20201

January 17, 2025

Dear Tribal Leader:

I write to invite you to the 27th U.S. Department of Health and Human Services (HHS) Annual Tribal Budget Consultation (ATBC), which will take place in-person on April 22 - 23, 2025, at the Hubert H. Humphrey Building at 200 Independence Avenue, SW, Washington, DC. Tribes are once again invited to register for one-on-one consultations in conjunction with the ATBC.

The ATBC will provide a forum for tribes to collectively share their views and priorities with HHS officials on national health and human services funding priorities and make recommendations for the Department's FY 2027 budget request. We hope the consultation will provide a venue for a two-way conversation between tribal leaders and HHS officials on program issues and concerns that will lead to recommendations for action. The components of this year's consultation are as follows:

Virtual ATBC Planning Sessions with Tribal Leaders
March 5 and 19, 2025

As in previous years, HHS will continue to work with you to improve the consultation process. The Department understands the importance of hearing from tribes on national and regional issues, as well as tribal-specific concerns. HHS will host two planning sessions to prepare for the consultation. These will take place on:

- Wednesday, March 5 from 3:00 – 4:00pm ET 2-3pm
- Wednesday, March 19 from 3:00 – 4:00pm ET 2-3pm

Please register to attend one or both of the consultation planning calls at the following link: <https://hhsgov.zoomgov.com/meeting/register/HcAOZncSE-vffQpNMhqMA>. More information about the agendas for these sessions is forthcoming.

27th HHS Annual Tribal Budget Consultation in Washington, DC
April 22-23, 2025

The Annual Tribal Budget Consultation provides a forum for HHS leadership and financial officers to consult with Tribal leaders on funding and policy priorities for the Department's budget. This year's consultation will focus on identifying Tribal funding and policy priorities for the FY 2027 budget. HHS will identify specific issues for consultation in collaboration with tribes during the planning calls scheduled for March. These issues will then be sent to tribal leaders prior to the ATBC so that you can prepare your thoughts, ideas, and recommendations.
