From the Kali

Shekóli Swakwe•kú. This issue of Kalihwisaks is close for me. Not just because I work here, but as an Oneida Nation High School alumnus from the class of 2019 and a lifelong lacrosse player. Both the sport and the school have shaped me in deep lasting ways. That's why I'm proud to spotlight them in this edition.

At the heart of our center spread, we honor lacrosse, not just as a game, but as a medicine, a tradition, and a gift passed down through generations. It's more than competition. It's a spiritual practice that continues to connect us to our ancestors and to each other. From youth teams to seasoned players, it's powerful to see how this tradition lives on and continues to grow across our community.

We also celebrate a new group of Oneida Nation High School

graduates, stepping into their next chapters with strength and spirit. As someone who once walked those same hallways, I know the pride and potential that comes with the diploma. To the graduates: your journey is just beginning, and your Nation stands behind you.

I hope this issue inspires you to reflect on how tradition, education, and community plays a role in shaping who we are. Yawλ?kó for reading.

Oneida Nation Councilwoman

Shekóli, in the spirit of gratitude to our community and as a 3rd Generation Council Member, I reflect on the legacy of my family. My grandpa, Lee McLester, served as Vice Chair from 1963-1965, and my father, Lee "Gordon" McLester, served as a Council Member and Tribal Secretary from 1969-1987. I learned early on the importance of community and the reverence we hold for the path laid out by our elders. Our leadership has supported celebrating and honoring our past leaders with Lifetime Achievements. To date, we have honored Lois Powless, Wendell McLester, Julie Barton, Alma Webster, Kathy Hughes, and Sandra Brehmer. We have more planned to recognize those who have laid the foundation for our Nation's success.

Our roots are deeply embedded in this land, and with enrollments at 17,737 plus, we are thankful for the resilience, determination, and perseverance of our community.

On a federal level, Oneida is reviewing various Executive Orders from the White House for their impact on Indian Country. I am involved in several federal committees, including the HHS Secretary's Tribal Advisory Committee, Administration for Children & Families, and the IHS Tribal Self-Governance Advisory Committee. We cannot ignore federal policy and issues; we must be present to fight for our rights as Indigenous peoples. We are committed to protecting our sovereignty and supporting our people by influencing federal legislation and actions that impact the Nation and Indian Country.

As a woman, daughter, mother, grandmother, and elected leader, things that touch my heart are combating the violence that affects our Indigenous communities. Thank you to everyone who joined the recent MMIW Walk. I am also very proud of the work Oneida Reads is doing; reading at grade level is crucial for our children's future. *Our children-Our future-Teach Them Well.* (a quote I found years ago).

The BC gets one opportunity per year to write a column updating you on our activities. This isn't campaigning; it's sharing what we've been doing. *Here is a brief list of what I've been working on this past year:*

- Federal Policy-Progress Act
- IHS Funding: Discretionary to Mandatory
- Contract Support Cost
- LOC work in creating laws
- Child Support Regulations
- And more...
- Self-Governance

In closing, I want to congratulate everyone graduating, from Head Start to master's degrees. Remember, you have a purpose on this earth and a responsibility to fulfill. WE ALL have a responsibility, not only to care for this land but to make sure our children and grandchildren know what it is to be Indigenous.

Yawλ'kó,

Lee "Gordon" McLester, served as a Council Member and Tribal Secretary from 1969-1987

Chairman's Corner

July 25, 2002

Dear General Tribal Council, It has been a privilege to serve. As I reflect on the past three years, I am overwhelmed by the critical challenges that face the Oneida Nation. Much progress has been made in the services available to the Oneida membership to help raise the quality of life in and around the community. However, there is always more that can be done as we prepare the Nation for the next seven generations.

Through the success of our gaming operations, we have been able to provide jobs to over 3,000 people, assist the membership in obtaining a higher education as well as helping the Oneida families buy new or improved homes. The list could go on and on, from public transportation, snow plowing, home repair/replacement, social- services, emergency services ... We have so much to be thankful for.

The opening of a new health care facility scheduled for October 2002, the recent expansion of the Radisson Inn & Convention Center, and the opening of the Mason Street Casino are proof of the dedication to the next seven generations and our goal of economic self-sufficiency.

While I cannot accept the credit for these benefits, I can say that I am very proud of the hard work by dedicated Oneida people that make our quality of life better.

I would like to congratulate the newly elected Oneida Business Committee members. I have a deep respect and appreciation for these individuals as they take on the challenges of moving the Oneida into the future in a progressive manner.

I would like to express my sincere appreciation for the opportunity to have served as Chairman of the Oneida

Nation. To the Oneida people, it has been an honor and a privilege that I will always hold in the highest regard.

New Beginning for E&EE Oneida One Stop

Ribbon Cutting Officially Opens New Location to Public

by Garth Webster

On a very warm Tuesday morning, June 17, 2025, the Oneida Retail team invited the community and staff that took the new E&EE Oneida One Stop from a vision to reality for a ribbon-cutting ceremony to officially open the convenience store to the public.

Located directly across from the old location, the new location features three fueling stations and a modern floor plan with walk-in cooler. As the team prepared for the ribbon-cutting, Chairman Tehassi Hill was first on the agenda with an opening thanksgiving address, followed shortly by opening remarks from Retail Administration General Manager, Debra Powless as well as presenting Sam Vandenheuvel with a Pendleton blanket for his project coordination.

Along with Powless, new CEO James Petijean acknowledged the effort of the entire team: Michele Doxtator for her vision and idea of a new store in 2019, Patricia Thomas, Taylor Oudenhoven, Phil Wisneski, Raelene Lemieux, Jacob Gerhardt, Lewis Cottrell, Kimberly Schuyler, Brian Smith, frontline staff and store manager, Stacey Buckley.

Oneida Nation Treasurer, Larry Barton, reaffirmed Petijean's words of appreciation, "Congratulations Retail. We appreciate the front line, management, and new leadership. This store is one of several in the future from a strategic planning standpoint. I appreciate all of you attending today and for being a part of our business success."

In the end, Petijean addressed the community, which he says is the primary focus of their endeavors, "This is great. The part I like about all of this is serving the community. This is what this store is all about... Serving the community."

New Look for Site One Ball Diamonds

By Leon Webster

Tucked away behind Holy Apostles Church, the Mission Park Ball Fields, commonly known as the Site One Ball Diamonds (SOBD), are currently undergoing long awaited renovations. A new scorer's box will overlook the small field. New dugouts will be added to each field for both home and away teams. Finally, each field will also be leveled, providing flat playing surfaces.

The current renovations are a follow up to 2024's noticeable improvements including new asphalt parking, updated fencing, and field drainage.

SOBD was originally built in the early 1960's by Danforth Construction. It has been home to teams of all ages,

including the Oneida Braves men's baseball team and several generations of Oneida Little Leaguers. Teams like the Hawks, Soaring Eagles, Renegades, Commandos, Rangers, Wildcats, Warriors, Vans Valley, and Chicago Corners have all faced off over the years. In addition to baseball, men's, women's, and coed softball teams also called SOBD home. To this day, car horns can still be heard after a homerun hit by one of your local legends.

Estimated time of completion is set for late July in hopes of hosting games later this summer. Expect new memories to be made, along with old traditions kept alive.

Rejuvenating Tribal Communities Conference Renews Itself

First RTC Conference Held Since 2020

Kathy Tupper, front center with her RTC Team, including directly behind, former Oneida Economic Support Director (ESD), Dalia Smith and front right, Jessica Vandekamp, current Oneida ESD.

By Garth Webster

The Rejuvenating Tribal Communities (RTC) conference took place Tuesday and Wednesday, May 13-15, 2025 at the Oneida Hotel.

About 350 people attended the conference, historically held in Milwaukee, WI and hosted by the Forest County Potawatomi (FCP). The event gained momentum, being held three consecutive years until 2020 when it was sidelined due to the pandemic, which is why Kathy Tupper, FCP member, was so excited to see the RTC restart this year in Oneida.

“We want everyone to come together and learn all the great things that are happening at other tribes so they can bring this news back to their communities. Everyone can feel good and be rejuvenated.”

Tupper goes on to explain that renewal of the RTC was made possible by the collaboration of six Tribes: FCP, Menominee, Sokaogon Chippewa, Lad De Flambeau Band of Lake Superior Chippewa, Bad River Band of Lake Superior Chippewa, and Oneida.

Each Tribe’s Economic Support team comes together to evaluate the current situation in their respective territories to theme each event. For instance, 2020’s RTC strived to bring awareness to the opioid epidemic. This year’s conference was themed to improve mental health, which Oneida’s Economic Support Director and RTC Committee Member, Jessica Vandekamp, added her insight after attending one of the many breakout sessions.

“This is my first experience at this event. On the first day, they told their stories, many of which were very traumatic. Hearing their stories gave me a new sense of the power of resiliency. They’re going back to traditional ways to heal and rejuvenate.”

Transformative Power of Mentorship

Dan Doyen Graduates from Protégé program

By Garth Webster

On Wednesday, May 14, 2025, President/CEO of the Green Bay Packers, Mark Murphy, addressed the crowd on the fourth level atrium of historic Lambeau Field to congratulate the participants of the Green Bay Packers Mentor-Protégé Program (GBPMP), including CEO of D&T Construction, LLC, Dan Doyen (Oneida).

Since 2010, the program’s slogan, Coaching Small Business Champions, has been living up to this motto by matching mentors and protégés to build economic development by focusing on small businesses owned by minorities, women, veterans, service-disabled veterans, or disabled persons.

“The Mentorship Protégé program has been a tremendous way for the Packers organization to support the local community in a business development manner and to further the economic development of the whole community,” says Murphy. “Over 14 years, the program has created 430 jobs and \$170 million in revenue for the participants.”

The Packers’ primary partnership in the creation of the GBPMP is AFF Research, LLC (AFFR). AFFR’s President/CEO took the stage after Murphy to express the program’s approach.

“From the beginning, Mark has understood that the history of our team (Packers) has been about the underdog. Success became possible because we all came together. We supported each other. Together, we became something bigger than the sum of our parts. Mark supported the GPPMP because he saw how it reflected those values. He believes the underdog can achieve great things with the right coaching and the right opportunity.”

Doyen proudly accepted his graduation certificate, along with the Come Back Business of the Year recognition from the GBPMP. Doyen strives to hire young Oneida men for his business to mentor, encourage, and uplift them. In this regard, the memo he received from the GBPMP perfectly reflected the impact Doyen and the GBPMP is having on the community, “As a respected business leader, ironman triathlete, and advocate for Native entrepreneurship and workforce development, your graduation from GBPMP marks a continued legacy of empowerment, innovation, and community upliftment.”

Environmental Stewardship is Everyone's Responsibility Staying Vigilant to Protect our Natural Resources

By Garth Webster

Earlier this summer, the Conservation Department and Land Management released the following statement regarding illegal dumping activity:

We received reports of unlawful activity at the County Rd U. entrance of Oneida Lake. The dedicated staff promptly followed up and alerted the Oneida Police Department, confirming the identities of those responsible for the illegal activity. Corrective measures were swiftly implemented, resulting in the suspected individuals cleaning up and removing all illegally discarded items. A heartfelt thank you to everyone who played a role in this timely response. Together, let's cherish and

protect our beautiful Mother Earth!

I followed up with Shad Webster, Oneida Conservation Department Director of Natural Resources. He expressed the pride he and his team have of maintaining our environment, "Our Department/Division would like to convey that Oneida Lake was established for the Oneida Members and community to bring back a fishing opportunity that was lost from the pollution & contaminants that deemed Duck Creek unsuitable for fishing and gathering activities. This lake location is not just yours. It's all of ours. It requires our best protection and enhancement efforts to keep it an ideal outdoor rec-

reational area. In an effort to "Invite People Back to the Land," there needs to be a consistent effort to keep the land, water, and grounds clean. Utilize the "Pack It In, Pack It Out" mind set. You are responsible for cleaning up after yourself, it is NOT anyone else's responsibility. Show appreciation for what has been established for the loss of the use of Duck Creek and teach, show, and educate the youth to remind them what this means."

A Fond Farewell Provided by the Oneida Business Committee

By Garth Webster

Isabell Parker was honored by the Oneida Business Committee on Wednesday, June 11, 2025 with a Pendleton Blanket to celebrate her distinguished service and retirement.

Oneida's Ongoing Opioid Settlement Plans

Gavriella Van Boxtel

General Manager of Programs, Mark W. Powless, presented on the Opioid Settlement Funds to community members at the Norbert Hill Center Cafeteria on Thursday, November 21, 2024.

By Gavriella Van Boxtel

Communications Specialist Post Graduate · GM Administration

Oneida Nation has big plans for the utilization of the Opioid Settlement funds. With an estimated \$6.5 million expected by 2037, the Nation has identified uses that will help aid in the healing of the community. The focus for expenditure is recovery.

A team comprised of various members of Oneida Leadership has been meeting since November 2023.

On April 14, 2025, the Oneida Business Committee approved three major initiatives for utilizing these funds: the new construction of a 14-bed transitional living facility, a Healing to Wellness Program within

the Human Services division, and a youth driven multimedia campaign. The communication plan regarding the utilization of these funds, prepared by Communication Specialist Gavriella Van Boxtel, emphasizes community healing through transparency and collaboration. Outreach efforts are to include community meetings, social media updates, and town halls.

The team has highlighted that there is still room for improvement. They will continue to meet to find more ways to address the opioid epidemic to help address the needs of the community.

Approved Ideas

1. New Construction – 14-Bed Transitional Living Facility

This new facility will provide a safe place for individuals in recovery. With an estimated cost of \$2.46-3.68M, this facility would offer services such as mental health counseling and employment services.

2. Healing to Wellness Program

Geared towards individuals not facing incarceration, unlike the existing Healing to Wellness Court. Individuals returning from residential treatment would be enrolled in the 17-month program. The estimated cost is \$1.8M over three years.

3. Youth Driven Multimedia Plan

Students within the Oneida Nation School System would develop an anti-opioid use campaign geared towards the youth within our community. The estimated cost is \$15,000.

Class of 2025 Walks the Stage in Style

ONHS Graduation 2025

By Mia Charnon

The Oneida Nation High School Class of 2025 proudly walked the stage at the Oneida Casino Hotel on Thursday, June 5, 2025, marking a significant milestone in their academic journey. The ceremony was filled with heartfelt moments, cultural pride, and a strong sense of accomplishment shared by students, families, and community members.

The event featured inspiring remarks from several distinguished speakers, including ONHS Principal Dr. Artley Skenandore, Oneida Nation Chairman Tehassi Tasi Hill, and Councilman Marlon Skenandore. The ceremony also highlighted the voices of the graduating class, with Co-Valedictorians Jaylyn Caldwell and Jonas Johnson delivering powerful speeches that reflected on their shared experiences and hopes for the future. Other speakers also contributed to the celebration, offering wisdom and well-wishes to the Class of 2025.

Special thanks go to IMoore Collective and Tuscarora Woodworks for their beautiful craftsmanship in creating the graduate stoles. The Class of 2025 stoles, adorned with the Hiawatha Belt, were crafted by Tuscarora Woodworks, while the Valedictorian stoles featuring the Six Nations belt were made by IMoore Collective. These meaningful designs served as a visual reminder of the graduates' cultural heritage and the strength of the Haudenosaunee Confederacy.

*Congratulations to our 2025 Co-Valedictorians,
Jaylyn Caldwell and Jonas Johnson, for their outstanding achievements!*

Oneida Lacrosse

A Living Tradition for All Generations

For the Oneida Nation, lacrosse is more than a sport. It's a sacred tradition known as the "Creator's Game." Played by people of all ages, it connects us to our ancestors, strengthens our identity, and keeps our cultural teachings alive.

Whether on a youth team, in community games, or at cultural gatherings, lacrosse brings people together. It teaches discipline, respect, and leadership, while also offering a powerful way to stay active and grounded in who we are.

Lacrosse is a celebration of heritage. Every pass, every goal, and every cheer from the sidelines is a reminder of our shared history and the values we carry forward. It is a game that unites generations—youth, adults, and Elders—through movement, spirit, and purpose.

Beyond the field, lacrosse inspires academic success, personal growth, and community pride. Coaches, mentors, and families all play a role in lifting each other up and guiding the next generation.

*Through lacrosse, we honor the past, live our culture,
and build a stronger future together.*

Landon House Qualifies with Personal Best

ONHS Senior Landon House competed in the 400-meter race at the 2025 WIAA Track & Field State Finals, held at the Veterans Memorial Stadium Complex in La Crosse, WI, on Friday, June 6, 2025. This year, he achieved a personal record (PR) of 51.70 seconds and secured 4th place at the D3 Sectional at Marathon High School on May 30, 2025, which qualified him for the state finals. At the State Finals, Landon finished in 15th place in preliminaries for the Boys 400 Meter Dash - Division 3 with a time of 52.51 seconds.

"This kid's determination is inspiring! Though I don't coach Landon directly, being able to see his growth and his drive to get to this stage over the last 3 years is remarkable. He always has a great attitude, likes to joke around, but is always ready to do the work. Couldn't be happier for this young man!"

Celebrating Indigenous Athletic Excellence

Annual NAIAHF Banquet Held to Welcome 2025 Inductees

By Garth Webster

The North American Indigenous Athletics Hall of Fame (NAIAHF), presented by Empowered Youth Development Initiatives, held its 3rd annual banquet Saturday, June 7, 2025 at Oneida Casino Hotel to acknowledge existing members and welcome the new 2025 NAIAHF inductees.

The event, developed and coordinated by Dr. Dan and Susan Ninham, as described on their website is to honor and celebrate the empowered journey of these individuals and teams in the hope that their stories may inspire future generations to follow their dreams in athletics.

As customary, the day's activities began with a Sunrise Smudge Burning Ceremony by Dr. Artley Skenandore.

Doors opened to the banquet at 12:30pm for attendees to mingle, followed shortly after with a welcoming honor song by the Buffalo Creek Singers. Before Susan Ninham addressed the audience, a moment of silence ensued to acknowledge a death in the community (See page 6 for more information on the late Gerald "Jerry" Danforth).

As the banquet continued, Anishinaabe singer/songwriter, Keith Secola, provided some soothing musical entertainment as the audience enjoyed a great meal prepared by Oneida Casino Hotel.

During the introduction of the 2025 NAIAHF Inductees (See list below), several dignitary invitees address the athletes and audience including Oneida Nation Chairman, Tehassi Hill,

Indian Gaming Association Chairman, Ernie Steven, Jr., and Vin Baker, former player and current Asst. Coach for the Milwaukee Bucks. Baker, a partner with RiseAbove, is an organization that uses sports to educate and help Native youth learn and grow. Other presenters included Ogimaa Tim Ominika from the Wikwemikong Unceded Indian Reserve in Ontario, Canada, Julius Poitra from White Shield School, ND/Mandan, Hidatsa, Arikara Nation, as well as an honor song by Chief Philip Whiteman, Jr.

To conclude the day's activities, the Oneida Nation Smoke Dancers dazzled the crowd and got them out of their chairs with song and dance.

GENEVIEVE GOLLNICK**May 9, 1950 - June 6, 2025**

Genevieve Kah'tiyo (Good Earth) Webster Gollnick, 75, died peacefully surrounded by family on June 6, 2025. She was born on May 9, 1950, to Levi Parker and Servilla Dell (Skenandore) Webster in Green Bay, WI. Genny graduated from West High

school and started her college career at UWM before returning to complete her undergraduate study at UWGB. She loved to

learn, and she wanted to know as much as she could about her language and culture. She became involved with the Oneida Language Program in its infancy. Genny traveled to New York and Canada for many years to attend ceremonies and learn about her culture and heritage. She attended Harvard University where she earned a master's degree in teaching, Curriculum and Learning Environments. Genny's greatest joy was her children, grandchildren and great-grandchildren. She was proud to have never lost touch with her inner child and her ability to connect with children. Her passion drove her to a career in education, working in the roles of teacher, curriculum director and administrator of on*yo?tea.ka tsi? tsi? thuwatihunyanit, the Oneida Tribal School. While she was a teacher, she was invited to study at the Newberry Library in Chicago where she researched Haudenosaunee genealogy and history. Genny enjoyed Math, Science, Social Studies and Geography. She became involved with AISES (American Indian Science Engineering Society), which led her to participating in numerous science events across Indian Country. She also served on the Oneida Personnel Commission hearing cases and writing decisions for a number of years after leaving the education field.

Genny had deep faith and spent her life as a prayer warrior, praying for family, friends and the world, if she learned of a need she went to prayer. She spent a great deal of her life trying to find the right path for her and those she loved to get to Heaven. She believed she found that in the Catholic Faith. She made many pilgrimages around the U.S. and to Medjugorje.

Genny was a living room cheerleader for the Green Bay Packers. She loved shouting "Go Pack Go" and dressing appropriately for game day. She enjoyed getting in the crowd around Lambeau on game days, too. She loved being in nature and being near the water. Pamperin Park and Door County were dear to her heart because of childhood memories of visiting those places with her parents, whom she lost at a very young age. She loved all things fall and Halloween (but not the blood and gore), and The Peanuts cartoons.

Genny is survived by three sisters Charlotte Walschinski, Mary Prescott, and Catherine Webster, sister-in-law Jackie Webster, and one Brother Kenneth Webster. Her three children Cassandra (Cory) Trepanier, Kowa Gollnick, James (Marie) Gollnick, her grandchildren Nix (Matt), Parker, George and Elton, her great grandchildren Hunter, Isaac, Xavier and Athena. She is further survived by a zillion nieces and nephews.

Genny was preceded in death by her parents, brothers Thomas, Cletus, Lavern, Adam, Gerald and Vincent, Sisters Connie Delgado, Alice Smith, Teyulelu Cornelius along with too many nieces and nephews.

Friends may call at Ryan Funeral Home 305 N. Tenth Street, De Pere from 4:00PM - 7:00PM Thursday, June 12, 2025. Visitation will continue Friday morning at St. John the Baptist Catholic Church, 2597 Glendale Ave., (The entrance is directly across from BP gas station on Glendale Ave.) from 10:00AM. Mass of Christian Burial will be celebrated at 11:00AM.

The family would like to extend big thank you to the County Rescue Squad, St. Vincent's Hospital Staff, Unity Hospice and Ryan Funeral Home for showing so much kindness, compassion and support for our mom and family. We would also like to thank all of those who have taken care of the fire, brought wood, food and supplies, taken time to be with our family and shared beautiful memories of Genny. We know that she continues to smile down on us and sending us all love.

HOLY APOSTLES

Bicentennial

1825-2025

Sunday, August 17, 2025

Although many Oneida were practicing Christianity upon settlement, they didn't have a church structure until 1825, when a little log church was built on top of a hill that is now the cemetery. The Oneidas wanted their new church to bear the name of their "Father," Bishop Hobart, and they received permission to call it the Hobart Church.

The Oneida Episcopal Church Vestry invites the community to celebrate 200 years since the church began.

Support Safe Place Parking

By Wise Women Gather Place (WWGP)

WWGP's Safe Place Parking Program offers a secure overnight parking location for people sleeping in their vehicles. The lot accommodates up to 46 cars nightly and has hosted up to 41 vehicles in one night, providing shelter for over 65 people. Since local homeless shelters closed on April 30, the number of vehicles has increased by over 10, with more than 20 additional people seeking a safe place to sleep.

Program Features

Safe Place Parking offers more than just a parking space.

With community partner support, the site provides:

- Evening and morning support staff
- Portable sanitation and refuse removal
- Power access and loaned battery packs for devices and medical equipment
- Meal donations, hygiene supplies, and community resource navigation
- Operational Costs

The program costs \$12,500 per month to operate. The Oneida Nation donates the lot, while partners and volunteers provide services and supplies. The \$50,000 fundraiser will cover the remaining costs for the final 7 months of 2025, ensuring the lot remains open through the year and into the coldest months.

Fundraiser Launch

WWGP has initiated a \$50,000 community fundraiser to support this essential program. With local shelters at capacity or closed, Safe Place Parking is a crucial lifeline for many community members, including elders, families, and individuals fleeing domestic violence.

How to Help

WWGP invites individuals, organizations, businesses, and congregations to:

- Make a one-time or monthly gift at wisewomengp.org/give/safe-place-parking-fundraiser
- Share the fundraiser with their networks
- Host or sponsor fundraising events
- Connect WWGP with employer match programs and grant opportunities

Carter King Once Again Weaves His Magic

Boarding School Collection to be Revealed Soon

By Garth Webster

In the April 2025 edition, Oneida Tourism Director, Michelle Danforth-Anderson revealed details of her partnership with Carter King to recreate four sets of boarding school uniforms for the Salt Park Avenue Log Home exhibits at the Amelia Cornelius Culture Park.

Since then, King has once again produced outstanding results, delivering the nearly-complete uniforms this past May 2025.

Carter is shown here, along with vintage photos of seamstresses in the background, with one piece from this collection, a typical day-to-day uniform worn by young ladies.

The rest of the collection includes a young man, one adult lady, and one adult male.

As King works on final preparations, consider this is a sneak peek. Watch for details coming soon when Danforth-Anderson and King release information to reveal all four pieces.
